THE DECATUR DAILY REVIEW

FORTY-FIFTH YEAR—NO. 309. DECATUR, ILLINOIS, TUESDAY, NOVEMBER 4, 1924. 18 PAGES—PRICE THREE CENTS

Over 20,000,000 Cast Their Vote

Three Major Candidates Head Field of Thousands of Contestants.

Washington, Nov. 4—(AP)—The largest electorate that ever cast a vote in any nation undertook today the task of unravelling the most puzzling tangle in modern American political history.

With three major candidates in the field for president; with a full membership of the house to be chosen; with thirty-four senators and thirty-four governors to be elected, and with thousands of lesser offices to be filled, the twenty-odd million qualified voters of the nation began their march to the polls at dawn and throughout the length and breadth of the land, under generally fair weather conditions, they continued all day to record their will.

FOUR MONTHS FIGHT.

Four months of fervid oratory, charges, recriminations, accusations, claims, predictions and warnings were stored in the thoughts of the voters as they marked their decisions on their ballots.

Ringing in their ears were the final pleas of the three major aspirants for the presidency. The Republican and Democratic standard bearers, Calvin Coolidge and John W. Davis, established a precedent in campaigning by addressing an eleventh hour radio appeal last night to an audience that reached from coast to coast. Senator LaFollette, the Independent candidate, closed his case with a statement to the voters.

URGES VOTE.

President Coolidge's plea was one to urge every qualified citizen to vote today.

"We shall always have with us," he said, "an element of discontent, an element inspired with more zeal than knowledge. They are greatly in the minority. But their number is large enough to be a decisive factor in many elections unless it is offset by the sober second thought of the people who have something at stake, whether it be earnings from investment or from employment who are considering not only their own welfare, but the welfare of their children and coming generations."

DAVIS' POLICIES.

Mr. Davis again reiterated the policies to which he has devoted a fighting campaign.

"Every one of us," he said, "if we will but listen to the voice of conscience, can say what is right and what is wrong. We owe it to ourselves and to our country; we owe it to our children and those who shall come after us to vote accordingly. Will the fathers and mothers of the country be satisfied to set before their children who are to take up the burden of citizenship any lesser standard than one of common honesty?"

LA FOLLETTE'S CHALLENGE.

Senator LaFollette challenged again "this time honored threat of industrial depression" as a factor in the election and charged that President Coolidge had authorized the Republican national committee to run an "elect me or starve" campaign.

"The American people," he said, "have learned their lesson and will not be whipped into line with this stone age propaganda. Neither will they permit the hoodling of the election of a hugh slush fund."

In addition to the urgings of the presidential candidates for the citizen to go to the polls, intense effort was made by hundreds of organizations to "get out the vote." Republicans, Democrats, Independents, women's organizations, almost every variety of political group exerted itself to swell the total of ballots beyond anything ever seen in American elections.

AWAIT RETURNS.

The central figures in the contest, their arguments ended and their claims submitted, waited in their homes for the verdict.

President Coolidge passed the day in the White House silently awaiting the returns; confident, and even planning for his new tenure of office. He and Mrs. Coolidge had mailed their ballots to their Northampton, Mass. home.

Mr. Davis, declaring the Democratic ticket would be returned because it deserved to win, voted at Locust Valley, L. I. and prepared to receive the returns in his home there.

Senator LaFollette, after an intensive drive voted in Madison, Wis., his home town and he too, expressed his belief that his cause had won the favor of the voters.

VICE-PRESIDENT RACE.

The vice presidential candidates, all of whom have been under the strain of weeks of campaigning, found themselves adjacent to voting booths on election day, except Senator Wheeler, Independent candidate, who took advantage of the mail voting privilege to send his ballot to Montana. Charles G. Dawes, Republican, voted in Evanston, Ill., and Governor Charles W. Bryan, the Democratic choice for vice president, returned to Lincoln, Neb. to vote.

One of the most tangled aspects of today's balloting which will not be solved, probably for several days is the problem presented by the splitting of tickets. Even with the voting in progress there was no one able to predict with any air of confidence the trend that angle of the ballot might take.

IN THE HOUSE.

There are 435 seats in the house of which the Republicans now hold 220, counting the LaFollette group and the Democrats 206 and in the voting today in various parts of the country there are alignments, endorsements, and unusual alliances between political groups which even the most sophisticated politicians hesitate to forecast the complexion of the next house, although both Democratic and Republican managers have formally placed their claims of victory.

RAIL BROTHERHOODS.

The entry into the situation of the railroad brotherhoods and the American Federation of Labor in support of Senator LaFollette, and their action at the same time in working for the election of various members of congress favorable to labor legislation is another factor which it has been hard for the political prophet to fathom. Both the Republican and Democratic managers have scouted the idea that labor would desert the older parties. Today's results will throw an interesting light on the trend of modern American political thought.

DISCUSS DEADLOCK.

One possibility, widely discussed in the campaign, has been that of a deadlock in the electoral vote. The individual voter does not vote directly for president, but for a group of electors to represent his state and cast the state's proportionate vote for president.

The original theory of the constitution was that the electors thus chosen would follow their own inclinations in choosing a chief executive In practice, however, it has become an unbroken tradition that an elector votes for the candidate of that party to which he belongs.

HOW IT HAPPENS.

Should an insufficient number of states to choose a president give their support to any one party, and should all of the electors follow tradition and vote for the candidate of their party, the work of the entire group of electors would go for nothing. There would be a deadlock, and under the constitution the house of representatives would be called upon to choose a president and the senate a vice president.

The presidential election should it be thrown into the house, would be delayed under a constitutional provision until February.

G. O. P. STRENGTH.

The Republicans now have forty-nine seats in the senate, a bare majority of one, and that number includes the LaFollette group. The Democrats hold 43 places and the Farmer-Labor party two. Today nine solid Democratic states elect senators—Alabama, Arkansas, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Texas and Virginia. Others to be chosen are two in Colorado, two in Michigan, two in Rhode Island and one each in Delaware, Idaho, Illinois, Iowa, Kansas, Kentucky, Massachusetts, Minnesota, Montana, Nebraska, New Hampshire, New Jersey, New Mexico, Oklahoma, Oregon, South Dakota, Tennessee, West Virginia and Wyoming.

Of the thirty-four states where governors are to be elected, nineteen seats are held by the Republicans and fifteen by Democrats. States which will choose chief executives are: Arizona, Colorado, Florida, Georgia, Kansas, Nebraska, New Hampshire, New Mexico, New York, North Carolina, Ohio, Rhode Island, South Carolina, Tennessee, Texas, Connecticut, Delaware, Idaho, Illinois, Indiana, Iowa, Massachusetts, Michigan, Minnesota, Missouri, Montana, North Dakota, South Dakota, Utah, Vermont, Washington, West Virginia, Wisconsin and Wyoming.

One of the fighting issues of the campaign in many of the state contests, and one which has appeared also in the national campaign—that of the Ku Klux Klan—has played a prominent part in a number of the gubernatorial and senatorial fights. This is particularly true in Indiana, Oklahoma, Kansas and Texas, where national issues have been more or less overshadowed by the bitterness of the local feeling on the subject.

ONE KILLED IN CHICAGO POLL FIGHT

Another Probably Will Die As Labor Factions Clash.

Chicago, Nov. 4—One man was shot and killed and another was probably fatally wounded in a revolver fight near a polling place where voters were balloting.

Early police reports indicated the shooting was connected with factional troubles of a teamsters' union and the precinct election officials said they knew nothing about it.

HONEST ELECTION.

Las Vegas, N. M., Nov. 4—Despite protests of business men and citizens of Las Vegas, martial law was proclaimed in San Miguel county of which Las Vegas is the county seat, last night. The proclamation became effective at 7 p. m. and was brought here from Roswell, signed by Governor Hinkle, by Adjutant General Skipwith.

The decision to send troops here was due, it was said, to feeling that has been aroused over the suspension recently by Judge D. J. Leahy of Sheriff Delgado.

In a statement to newspaper men, Governor Hinkle said:

"There is going to be an honest election in San Miguel county," even if troops are necessary to supervise the polls. I mean to see that the people have the opportunity to vote without intimidation."

TROUBLE IN N. M.

Albuquerque, N. M., Nov. 4 — San Miguel county which was placed under martial law last night by Governor Hinkle as the result of a political controversy at Las Vegas, the county seat, remained quiet as national guardsmen held their places at the voting booths early today, according to a telephone message received here.

IOWA PREDICTING RECORD BALLOT

Des Moines, Ia., Nov. 4—With clear, cool weather reported throughout the state and wide interest in presidential fight and senatorial race between Senator Smith Brookhart and his Democratic opponent, D. F. Steck, indications as the polls opened this morning pointed toward a record vote in Iowa. Reports of heavy balloting were general from over the state during the early hours.

WATCH FOR THE MONEY

Far beneath the dredge boat shown here lies the British ship Lutine, sunk in 1799 off Holland with $15,000,000 in gold and silver. Dutch salvage engineers now hope to see that treasure come pouring up with the sand through their suction pipes.

ILLINOIS VOTERS, 2,600,000, CROWD POLLING PLACES

State Divides Interest in Election.

Chicago, Nov. 4—A record breaking vote was looked for by campaign directors today as Illinois voters under fair skies, crowded to the polls as they opened. More than 2,600,000, with 1,000,000 in Chicago, were registered.

Precautions against any disorders were taken here and in Williamson county, which voted with squads of national guardsmen on duty at polling places. A detective rifle squad was kept ready ehre for instant service and upwards of 70,000 watchers visited the polls.

Interest in the triangular presidential obntest was equalled in the gubernatorial fight between Governor Smal and Judge Norman L. Jones, Democrat, who was supported by two Chicago newspapers which advocated election of the balance of the Republican ticket.

Radio and Hard Roads Are Latest Factors in Election

BY J. C. ROYLE
(Copyright, 1924.)

NEW YORK, Nov. 4.—The weather on Tuesday in various sections of the country will probably have less effect on the election results than in any previous presidential election year. This is due to the rapid increase in the use of motor vehicles and to improvement of the highways in the country districts.

There were 9,231,941 motor vehicles in the United States at the time of the election in 1920. This number has now increased until it is estimated today by executives of some of the largest manufacturers at over 17,000,000, or one to every seven residents.

NEW HIGHWAYS.

There were 8,379 miles of new highways completed with federal aid last year alone, while the total improved roads totaled 85,047.51 miles These facts lessen the import of the weather on election results and make it probable that the largest vote ever recorded will be polled.

The results of those votes will be heard from the air by nearly as many people as own and use automobiles. In 1920, radio broadcasting had not attained popularity but sales of radio receiving sets in the last week are believed to have broken all records for a similar time. Every available man in the employ of the dealers has been pressed into service to make radio installations.

The radio interest undoubtedly will keep thousands off the streets election night but the tooting of the tin horn and the whir of the wooden rattle and the clang of the cow bell will be heard in full volume nonetheless.

ROOSEVELT SPURNS RADIO FOR FORM LETTER METHODS

BY ROBERT T. SMALL.
(Copyright, 1924)

New York, Nov. 4—Politicians of the 1924 varsity have resorted to various unusual ways, means and devices to catch the favor of the people, but it has remained for young Colonel Theodore Roosevelt to set the precedent of sending what purports to be a personal letter to virtually every registered voter in the state of New York.

The letter is typewritten on the Roosevelt letter head and dated Oyster Bay, Long Island. Each letter is personally addressed and each is signed in ink "Theodore Roosevelt" in a handwriting which not only simulates that of the young colonel but very greatly resembles the famous signature of his father.

MOST CHOOSE RADIO.

Most of the office-seekers this year have felt that the radio offered the most effective means of getting the all important message "across," but Colonel Roosevelt in the last of his fateful fight for the governorship has deserted the air and reverted to the ever-faithful postage stamp.

If, as seems apparent, the Roosevelt letter has been sent to every qualified voter in the state it represents probably the greatest undertaking in the line the politics of the commonwealth has ever known.

Ed Wurgler Parade Only Election Eve Excitement

Old Home Town Band Out Leading March; Heavy Vote Being Cast.

Down-town Decatur on election eve would have been shamefully quiet, if it had not been for the exuberance of the campaign managers of Ed Wurgler, candidate for sheriff, who paraded his virtues up and down the streets Assembling at The Review office the procession tooted its way down Main street to Lincoln Square, where the Old Home Town band played a classic repertoire leading off with 'There'll be a Hot Time in the Old Town Tonight' and ending with a snappy version of "Wait Till the Sun Shines Nellie

Encouraged by the applause of the Transfer House denizens the crusaders made another stop at the Republican headquarters in the Orlando Hotel At this point Ed Wurgler (himself) took the stump or rather the hood of his Ford to make an impassioned plea for the support of all workingmen

BLAMES SARAH PEABODY

"Aunt Sarah Peabody is trying to cheat me out of this election by having everyone send their washing to my wife on Tuesday,' he indignantly orated 'But we're going to fool them I'm going to have her deliver the washing Wednesday. They can't keep me away from the battle ground of patriotism that-a-way'

At this point the Hootstown crowd attempted a bit of dirty tactics by getting the police to ask the paraders if they had a permit Ed drew himself up to a proud height, however, and overawed the minion of the law

CONTINUE MARCH

Continuing up North Water street the Walker marching club drew cheers A committee of the Purity League however, which was picketing for Otey Walker, attempted to tear down the Wurgler banners but were repelled with the loss of two sun-bonnets

At the LaFollette headquarters Wurgler descended from his express wagon for another torried outburst He inveighed particularly against the Hootstown toughs under Boss Burkett

I have endeavored to keep this a campaign of dignity, as befits the high office to which I aspire, he shouted But if Burkett wants mud it will be mud for mud and bricks for bricks

NEAR ACCIDENT

A near-accident marred this entry for American Eloquence, when Walter Cloney, who was driving The Review Rolls Rough, set fire to his whiskers while attempting to light a campaign Camel The blaze was extinguished however without the aid of the Old Home Town bucket brigade

The hand drawn express wagon symbolic of Ed Wurgler's humble occupation—delivering his wife's washing—was officially adopted as his campaign emblem, and several of them were in line Ed's cronies from the livery barn headed by Harold Kirkwood were also in line in their full costume with artistic banners and transparencies awakening the voters to the dangers threatening the

Old Republic if Wurgler is not elected sheriff

The procession made several rounds of the white light district of the city before it was dispersed by the sounding of the curfew and Bruno not for home happy in the feeling that every dog has his day

Heavy Vote Cast for Sheriff in Old Home Town

Actual counting of the ballots—by mail—in the Old Home Town election for sheriff began at 7 o'clock Tuesday morning

Otey Walker was first to arrive on the scene He admitted that he is sure of election Aunt Sarah Peabody was right after him

It was 8 o'clock before Ed Wurgler parked his wagon in front of the livery stable It was rumored that Mrs Wurgler was out electioneering against him Monday, stating that she couldn't afford to hire a boy to deliver the wash all over town She refused Ed's suggestion that he'd assign somebody from the rockpile

TOO BAD!

Somebody mailed her ballot under a one-cent stamp Otey Walker paid the 'postage due' to Jake Hill, postmaster, but was chagrined to learn the vote was for wurgler

Ballots came by mail from Clinton, Sullivan Shelbyville, Monticello, Gibson City Forsyth, etc.

One vote for Ed Wurgler had written underneath Aunt Sarah Peabody stickes here nose to much in Politices

Betty's" vote was received

A vote for Wurgler came in an Association of Commerce envelope, with this written at the bottom "Otey is under Aunt Sarah's rule No petty-coat government for us! Aunt Sarah will keep us out of smoking tobacco"

William Schalla giving his age as 9 years wrote his vote thus For a Clean Town we want Otey Walker elected sheriff"

WURGLER A DEMOCRAT

This letter came from Sullivan, signed Matt Dedman

'Enclosed find my marked ballot in the Old Home Town election You have failed to furnish any information as to the political affiliations of Otey Walker and Ed Wurgler candidates for sheriff But I would deduct from the prosperous look of Otey's campaign uniforms torch lights and everything that he must be a Republican And as Ed seems a little pinched for funds for necessary propaganda have concluded he must be a staunch Democrat and as such I must give him my unqualified support and suggest as our slogan 'Work for Wurgler'"

Old Man Burkett, of Hootstown, the present sheriff went fishing this morning taking the keys to the jail with him He hesitated out by the dump long enough to remark in a loud voice 'I'll show them two beginners a few things before this election is over' 'Boss Burkett still thinks he's going to be elected in spite of precedent, law and everything

Both Ed Wurgler and Otey Walker have assured their friends that they will be at The Review office for the returns tonight

The vote at the Talbott-Barry Motor company resulted as follows

Ed Wurgler—27
Otey Walker—8
Burkett—1

CAUSTIC

This letter came from Arcola, signed "Mrs R G S'

'As this sheriff election is not ruled by our state laws, I am guessing my vote will not invalidate by adding to it some remarks, as I feel so desirous of telling why (woman-like) I vote as I do Wurgler has proved himself so near worthless I think the proper place for him is in politics And I know of no office as suiting a worthless man as Sheriff's Therefore I want Ed where he's best qualified So I cast my vote for Ed And let Otey spend his spare time entertaining Aunt Sarah'

PETTY OFFICER M. COOK

His Auto-Intoxication Had Nothing To Do With Volstead

Mr M Cook of 1236 Pacific Street, Brooklyn, N. Y, says: "I felt 'drunk' most of the time. My head was dizzy, I couldn't think clearly I paid no attention to it until one day I dropped a coin and when I stooped to get it, I got so dizzy I fell in the middle of the street and was almost run over I later found out that the cause of this condition was due to a sluggish liver causing FAULTY INTESTINAL ELIMINATION (constipation). This was promptly and effectively overcome by a short course of Carter's Little Liver Pills They were a life-saver in my case My appetite has doubled, my dizziness has gone, and my pep is great" Carter's Little Liver Pills have been recommended by druggists everywhere for 67 years. 25c a package.

SWEEP OLD IDEAS AWAY!

Ideas about cod-liver oil should be revised. Children are often denied its health-building benefits because of prejudice. As a rule children relish

Scott's Emulsion

It is not a fad or fancy but its merit has been proved in a million homes during the past half century. Give it to your child—take it yourself!

All children take it as easily as milk, in fact most children have a fondness for Scott's Emulsion.

FINE PROGRAM OF AMERICAN MUSIC

Costumes and Pianos Fit in with Time.

From the quaint old melodies of Colonial d[ays] with the old-fashioned spinet for accompaniment, to the modern day songs sung to the accompaniment of a big grand piano, with the Ampico, Helen Davis, soloist and Victor Young, pianist, held the delighted attention of their audience at the high school auditorium Monday night, where they appeared under the auspices of the Roosevelt Parent-Teachers association in a program entitled 'The Romance of American Music'

Costumes and stage settings added to the effect of the program each of the four periods of American music being thus represented The old spinnet of Colonial times with its sweet tones was of much interest to the modern day audience When Miss Davis appeared for the first part of the program ,the songs of Colonial days, she was dressed in complete Colonial costume, as was also Mr Young who wore a long black cape and a powdered wig Several Francis Hopkins songs were included in this part of the program

USE SQUARE PIANO

In Group 2 music of the '50s was given, a feature of interest of this period being the old square piano used by the famous singer, Jenny Lind, when she came to America Hoop skirt and poke bonnet featured the costume worn by the singer when she apeared for this group of songs

Songs presented in Group 3 were mountain songs of Kentucky, Tennessee and West Virginia These were exquisite old songs, to the collection of which Mr Young had devoted much research and care While singing the songs of this period Miss Davis wore a checked calico, representing the dress of the little mountain girl.

MODERN SONGS

Group four was made up of modern songs Miss Davis appeared in a gown of latest fashion for this group One of her songs was the 'Tea Kettle Song' a composition by Mr Young

The singer and pianist gave several encores to satisfy the demand of the enthusiastic audience The charming personality of the two artists ,as well as the marked quality of their work, added to the impression they made on the audience that heard them

AUDIENCE NOT LARGE

The audience at the recital was not as large as had been hoped for, and not as large as the worth of the program demanded

Miss Davis and Mr Young are appearing again Tuesday afternoon at a matinee recital at the high school auditorium, especially for children

Following their recitals here the old instruments used in their programs are to be on exhibition in the window of the Emerson Piano house

CANDY COMPANY SELECTS DECATUR

Mewhinney of Terre Haute Selects City Because of Central Location

Decatur has been chosen by the Mewhinney Candy Co, of Terre Haute as the location for one of its branches and Carl Kekelsen formerly of Decatur has been assigned as branch manager and in the near future four salesmen will be put to work under his direction

The Mewhinney Co is an old established concern, having been engaged in candy making in Terre Haute for the last forty years Besides the standard grades of candy that it manufacturers the company does a jobbing business in bar goods and candy novelties

The fact that Decatur is the intersection of Routes Two and Ten giving access to all parts of the state is the reason that the Mewhinney Co decided to locate its branch in Decatur, according to Mr Kekelsen

A TULIP TREE

A tulip tree has been chosen for this purpose as it is a long lived tree a very beautiful one whose large leaves make deep shade and whose blossoms are attractive It is a native of Illinois and therefore quite worthy of being a memorial representative It was stated Monday evening that a fine specimen of the tulip is to be seen near the Lincoln marker on the Art Institute grounds

The ginkgo tree a naturalized tree from Japan was discussed by Henry D Spencer He had some of the beautiful fan-like leaves with him, their shape and delicate giving the tree the name of maidenhair tree The tree belongs to the New family and brought to the United States has become almost a native Slow to fruit those that are thirty or forty years old are now fruiting and scattering their seed It is long lived but has not yet had an opportunity to show the age to which it can live in this climate although Mr Spencer tells of such a tree in Japan that 700 years ago was big enough to hide a man behind its trunk

The tree is excellent for city planting and there are a number of them in Decatur Although having somewhat the appearance of an evergreen the tree does not belong to that class but holds its leaves until after the first heavy frost when they come down all at once

NEW WHEAT NOT SUBJECT TO RUST

Winnepeg, Can., Nov. 4—(AP)—A new variety of wheat which will resist all attacks of rust, a species of Marquis which is said to yield from four to six bushels to the acre more than the ordinary variety, has been developed by Samuel Larcombe, a prominent grain grower of Birtle, Man. The new wheat has been tried out in areas in western Canada infested with rust and came through without damage, according to Larcombe.

Larcombe has been a Manitoba farmer for thirty years and in that time has won 3,000 prizes on wheat at Canadian and American expositions. He won the world's championship for wheat at the Peoria International Fair in 1917 and in 1918 the sweepstakes for the best individual farmer's exhibit as well as for wheat in the dry farming section of the International Soil Products Exposition in Kansas City.

ILLINOIS HIGH SCHOOLS GROW

Springfield, Nov. 4—Growth in high school attendance in the last few years is the most outstanding educational event in the last twenty-five years, a development so unique that no educational leader or seer in all of the history of the profession could have foretold it, Francis G. Blair, state superintendent of public instruction, said in the foreword to a set of standards for recognised high schools in the state, which he has prepared.

"Ten or twelve years ago certain critics of public education were parading the fact that the educational system broke down at the sixth grade; that children beyond the age of fourteen were running the streets or working in factories." Mr. Blair continued. "The blame for this was usually laid at the door of the course of study or the quality of the teaching.

The Affair at Flower Acres

by CAROLYN WELLS

©1924 by NEA Service Inc.

BEGIN HERE TODAY.

Douglas Raynor is found shot through the heart in the early evening on the floor of the sun room of Flower Acres, his Long Island home, standing over the dead man, pistol in hand, is Malcolm Finley, former sweetheart of Raynor's wife, Nancy, Eva Turner. Raynor's nurse, stands by the light switch. In a moment Nancy appears, white-faced and terrified. Orville Kent, Nancy's brother, comes in from the south side of the room. And then Ezra Goddard, friend of Finley; Miss Mattie, Raynor's sister, and others, enter upon the scene. Detective Dobbins heads the police investigation. An autopsy reveals that Rayner also was being systematically poisoned with arsenic. Lionel Raynor, son of Douglas Raynor by first marriage, comes to claim his father's estate. Now Nancy tells Dobbins that she believes Nurse Turner hated Douglas Raynor. "Do you think she shot him?" Nancy asks the detective.

NOW GO ON WITH THE STORY.

"No, Mrs. Raynor, I've not the slightest reason to think that. But I do think—if your story of your drug remedy is a true one—I do think it possible that she was administering the poison pellets."

"My story is true, Mr. Dobbins—oh, please, believe it! I know my husband was secretly taking drugs—I found that soon it would become an ineradicable habit. Somebody told me of the cure—it was warranted harmless so I tried it on Mr. Raynor. I reasoned that if it didn't cure him, it could do him no harm. And, too—

"THE GIRL'S NAME WAS EFFIE TALCOTT— AND IT MIGHT HAVE BEEN MISS TURNER."

I cannot tell you— I don't want to tell you, how unutterly cruel he was to me because of the drug."

"But I thought," Dobbins watched her closely, "I thought morphine made people merry and happy."

"Yes—but it was when he couldn't get the drug that he was so terrible. I had to hide it from him—and then when he couldn't find it, he— he became almost, like a maniac—he tortured me until I had to give it to him again."

"You poor woman! I don't wonder you wanted to kill him."

If this was a trap, Nan took no notice of it. She went on.

"I gave him the pellets quite regularly for a time—he not knowing it, of course. I could see no marked improvement in the matter of the drug habit, but I was alarmed at noticing symptoms that seemed to indicate that something was radically wrong. He became slightly anemic, was short of breath, and subject to intense thirst. I spoke of these things to Miss Turner, but she said I imagined them and that he was all right.

"I became more alarmed—yet I didn't like to speak to Doctor Saxton about it."

"Why?"

"I think the principal reason was, I feared he would attribute the conditions to the pellets I had been giving him— and I knew those were harmless—for I had had them analyzed by an expert chemist. So— I really don't know how I came to think of poison, but I did, and I bought a little book telling about poisons and their antidotes. As I read it, I became convinced that Mr. Raynor was regularly taking arsenic into his system. I thought first of suicide—then I began to suspect Miss Turner of knowing something about it."

"And that explains, you think, the whole matter of the arsenic poisoning?"

"Don't you think so?"

"Frankly, I do not. I still think—pardon my brutal plainness, that all this is a fabrication of your own. First, poison pellets were found hidden in a vase in your bedroom. Again it either the drug, morphine, or the patent medicine you say you were administering had been found at the autopsy, your story might carry more weight. But no traces of those substances appear in the report of the operating surgeons. If you suspected Miss Turner, why didn't you accuse her at once?"

"As I told you," Nan spoke with difficulty, "I didn't— I don't exactly suspect her—I can only say— I don't entirely trust her. I hoped, if I threw away all the morphine and all the curative pellets, it would never be known that my husband indulged in drugs at all. I am sensitive about his reputation and I don't want the matter known. His sister would be most chagrined and mortified if she knew of it."

"Well, Mrs. Raynor, I can't think this is a time for such punctilious consideration of Miss Raynor's feelings, or even of your husband's weakness. Try to remember that you are under grave suspicion yourself, of having killed your husband, by poison, or by a shot, or both. Try to remember that your explanations and excuses, so far, have no real weight as evidence in your favor, and for heaven's sake, if you know anything definite or truly prejudicial to any one else, tell it—and help your own cause."

Dobbins spoke emphatically.

"Now," he went on, "what I'm getting at is this. If you have enough real doubt of Miss Turner, say so—and I'll go straight and hunt her down and face her with the question."

"I don't know—" and Nan's worried face showed deepest doubt. "It does seem so awful to accuse a poor nurse of crime, with so little to suggest it."

"Maybe I can add a little," and as the short, sharp tones fell on their ears, Miss Mattie glided into the room.

"I've been listening," she said, seating herself. "I make no bones of going that, in any matter concerning my brother's death. I've heard all you two have said—and I must confess, Nan, I think you're pretty fine. I don't believe, now, you poisoned Douglas—I believe your story of the drugs and the cure—you see I know you better than Mr. Dobbins does. I am shocked, of course, to learn that Douglas hankered after morphine—it's disgraceful— but to my mind, it's a small matter compared with the question of who killed him. Now, I always disliked the Turner woman, and moreover, I always thought there was something between her and Douglas. I mean something that happened before she came here."

"That's what I want to get at," cried Dobbins, eagerly.

"Come to me, then," said Miss Mattie calmly. "Mrs. Raynor is young and trusting—she's really unversed in the ways of women of the world. I don't say she didn't shoot my brother — she suffered. Lord knows! and in a moment of desperation— but that's not the point at present. If, Nan didn't give Douglas poison— then Eva Turner did. My brother had a lamentable episode in his life about twenty years ago."

"With Eva Turner?" asked Dobbins, quickly.

"That I don't know. But the girl's name was Effie Talcott — and it might have been Miss Turner, under a different name."

Miss Mattie settled herself in her chair, almost as if prepared to enjoy the recital.

"It was when my brother was perhaps forty years old. He was a widower. Effie Talcott was a chorus girl, and Douglas fell madly in love with her. He had no idea of marrying her, but he lavished every attention on her.

"Well, one night they were driving out somewhere after the theater, and there was a motor accident. Miss Talcott's leg was broken and she went to the hospital. She was there nearly a year, and when she came out she did not exactly limp, but she could never dance again. Of course, this ended her stage career, and she turned to my brother for support.

"This he refused, and she brought a breach of promise suit against him. It was settled out of court, but the girl was not at all satisfied with the arrangements made for her, and she vowed she'd get even with Douglas sooner or later. My brother only laughed at this. But I heard that during her stay in the hospital she had developed an interest in nursing and had an aptitude for it. That is all I know —but, if you put two and two together—"

Miss Mattie paused.

"The Talcott girl would be about forty now, and if she has been a nurse for years, she may be a dietitian as well as any other specialist."

* * *

In consequence of this story of Mattie Raynor's, Detective Dobbins set off at once for New York City, to interview the nurse at the address she had left behind her.

He was greeted in a non-committal fashion by a middle-aged woman carelessly groomed and informally attired.

"Sit down," she said. "What's it about?"

"About Miss Turner," Dobbins replied. "Where is she?"

"Out on a case — I don't know where, exactly."

"I think you can find the address, somehow, can't you?"

"Maybe; when I know what you want her for. Is it a case?"

"Yes; it's a case," and Dobbins smiled inwardly.

"Oh, well, then, I'll give you the address."

"Look here, I want you to tell me something about her—about her early life. I'm—I'm a reporter—I'm getting statistics about the early life of nurses, and how they came to take up their profession."

IT IS ALL HE HEARS.

Nearly always the political manager says his party will win election day. Perhaps it won't do to say that is what he gets for being a fool optimist.

There is something to be said in his behalf, mistaken though he is. During the campaign in which he has been active most of the people he has met are going to vote his way.

Say that a leading candidate for the presidency comes to Decatur. He looks out over a thousand or two thousand voters, and these give signs they are pretty much for him. It is the same in every town he enters; he is permitted to meet only his own supporters, at least for the most part.

After he has been out on the road six weeks, having this experience day after day, perhaps he isn't to be blamed for thinking nearly all the voters are with him. It was the case with those he met.

It is even more so with the big political manager. When he comes to town he is received by fellow workers, and they introduce him to others in the same boat. He doesn't get an inkling that anybody takes enough interest in the other side to be working for it.

There may be opposition workers, but as he never gets an eye on them he concludes they must always be over in the next county, like Texas fever in the old days.

As he views the situation, there's only one side.

AND NOW TEN ARE DEAD.

The watchman in the tower at Chicago "had a few drinks"; and in a little while ten dead were scattered about. A freight train crashed into a loaded street car.

The conductor of the street car got off and walked to the farthest track, as the rules command he should, but he saw no freight train approaching. There is no intimation the conductor had anything to drink.

The watchman in the tower could not see the approaching freight train that was almost on the crossing; neither could the conductor see it. And yet it does not take a microscope to see a freight train.

This time the freight was backing onto the crossing. But even this is something that happens every day at that crossing, is almost the regular thing. Men who watch there should be able to tell a freight train from rear view as well as head on.

In this case there were plenty rules and precautions to make it safe for passengers in the street car, but they were not saved. It was necessary for two human equations to go wrong at the same instant, but they did it.

And the resulting story tells of ten dead and twice as many seriously wounded.

It may become advisable at that crossing for passengers to get out of the street car and let each have a look for himself.

BOB PLAYED TAG WITH BORAH.

Friday last they began to ask Senator Borah if his committee investigating campaign funds, slush and otherwise, would make a report. He was inclined to think one would be made in time for use election day.

Saturday he was not so sure about it; by Sunday he began to fear the report might not be reached. Monday he was sure a report was not to be forthcoming in time for election day.

And that is where the matter rests. The principal memory we have of that investigation is what was set forth in the daily papers from day to day, and this consisted almost entirely of questions asked in cross examination by lawyers who were hired to represent LaFollette.

One begins to suspect this investigation, even though conducted by Senator Borah as chairman, failed to make much of a contribution to the cause of good government.

Bob's crowd was in it from the start to get all the best of the disclosures, and especially the comments to be made thereon. We think they succeeded in this. In the main the investigation was a little sideshow of their own.

We had not been advised and didn't understand that the wool could be pulled over Borah's eyes in this fashion. Some of us are almost afraid that we overrated Borah. Bob, who has known him for years, seems to have sized him up more accurately.

A LITTLE NIGHT LIFE NEXT.

The Illinois Traction System out of this town is planning to treat us with more consideration, beginning Sunday next. We are glad to hear it, and we rejoice accordingly.

The System threatened to drop into the bad habit of running the day's last train out of this town a little after 8 o'clock in the evening. This might be acceptable on the C. I. & W., but we expected a lot more from the traction people.

And they are going to give us more. The new card calls for night trains out of here as late as 11 o'clock. This is more like the hours many of us wish to keep.

What is the use coming to town to see the bright lights if one must depart almost before they are turned on? And our friends outside the corporation can't go to the movies and other shows if they must catch a last train before the curtain goes up.

But all that is something now in the past and can be forgotten. There is a better program just ahead, and now our friends may come and have some promise of being able to view the whole works.

It illustrates what may of us have often said. When the program looks gloomy, stick around a little while and it will brighten up.

HOLD OUT A MEMORANDUM.

There is a request to be made of all election judges and counters tonight; it is that they be sure to make a memorandum of the result before they seal their report on the returns.

The ticket is long and in some instances the counting will not be finished until some time tomorrow forenoon. Of course it is expected to hear from the head of the ticket, state and national, long before then, but after this there will be other items of interest.

It has happened heretofore that the final count was completed too late for report that night, and then those in charge forgot to make a notation of what the count showed. Because of this it was necessary to wait for the official count, which comes several days later.

But the good voting public wants to get first flash on all returns tonight or early tomorrow morning. This can be furnished if judges and clerks will only make a notation of the count in their district and send it in at once.

And please let us hear from president and governor as early as possible; there are a lot of people who can't be happy until they have this news. Just a little helpfulness all around and then everybody will be in better humor.

FOOLISH IF THEY TRY IT.

J. C. Royle tells us there is much complaint from Americans in Europe who feel they have been held up by prices asked them in that country. Especially is there complaint from our citizens who formerly lived in foreign countries.

Many will wonder if there is real justification for the indignation reported by Mr. Royle. We have no doubt there is some complaint, for this is something we have with us always, here or abroad.

The shopkeepers in foreign countries are foolish if there is sound basis for the reported complaint. There are a great many of those fellows, and as a rule they are shrewd enough in their line. We take it that demand and supply cut a figure in the foreign shops, which means that if one shop asks too much the business is pretty sure to go to another that takes advantage of the opening.

The situation in Europe, as in other places, is there are more shops than business. This doesn't always insure lowest prices, but at least it does tend to keep them within some reasonable bounds.

For a little while those shopkeepers may have figured that the customer from America is lousy with money, but surely it could not have taken them long to discover their error.

STILL WAITING FOR THAT LIGHT.

Harold Pogue was driving to Decatur from Urbana Saturday night and got into difficulty on account of glaring headlights.

It is the story we have had for many years, and it doesn't seem to grow better. We find some mention of it almost every day in the papers; it is getting to be a regular diet.

All of which reminds us that millions are still waiting for that headlight that doesn't glare.

Now you have done it for another four years, whether you took part or didn't.

They say that Red Grange isn't a bit spoiled by all the worship; if so, it is even a bigger thing than his grand playing.

They tell us this is Apple week, but our weather eye is peeled to see who will knock the persimmon.

The news columns indicate that it is in order again in this town to remark that the driver on the right has the right of way.

Don't accuse us of window shopping if you catch us enraptured; it may be they have some splendid "Mums" on display.

Polls keep open till 5 o'clock this evening, so there may yet be time to say that little piece that no one can say for you.

Just as we wanted to bet a million on Norman L. Jones, it was our hard luck to discover the bank was closed for the day.

You are invited out to get election returns; better get them where static doesn't trouble.

The next stop will be Thanksgiving; two hours for dinner.

Fourteen who were at the Shiloh church dedication were also present for the golden jubilee—the good don't always die young.

In their advertising they neglect to tell us just what Mr. Sousa will attempt in the jazz line.

THINKERS ALL.

You can't find out what a fellow thinks
Where the slag comes up and the metal sinks
In the cupola of a foundry's gloom;
You can't get his thoughts in the crowded room
And the clang and stir of a factory grim;
Then life is too busy and swift for him
To do more than snarl at the dirt and heat;
You can't read his mind on the busy street,
You must wait till you get him somewhere alone,
Then he'll make his dreams and his fancies known.

They are merely men as they walk to work,
Mechanic and foreman and drudge and clerk,
Laughing or frowning, or sad or gay,
Merely a throng as they go their way;
But each of them's bringing a thought to bloom
Which you never will see in a factory's gloom.
Never from seven to five you'll find
The nobler side of the toiler's mind;
But somewhere away from the worlds' harsh tone
He'll tell what he thinks when he's all alone.

Out in the woods, by stream or hill,
When the stars come out and the night is still,
He will turn to you and he'll whisper low
Of the thousand things which he wants to know;
He'll utter his faith in a simple way,
He'll tell what he says when he kneels to pray,
He'll talk of eternal joys to be,—
Oh, a different sort of man you'll see
Than the toiler grim in the furnace hole
When you get him alone and he bares his soul.

Sullivan Studies Future Policies of White House

Recalls 1904 and Roosevelt's Course—Changes Bound To Appear.

BY MARK SULLIVAN.
(Copyright 1924)

Washington, D. C., Nov. 4—Assuming that the outcome of Tuesday's election is what is now generally anticipated, there will spring to the front immediately on Wednesday, four questions:

The first will be: What of Coolidge? In November, 1904, Theodore Roosevelt was in the position that Coolidge will have tomorrow. He had served a period in the White House as the beneficiary of the death of a president, he had then run for the presidency on his own account, and had been elected. Upon hearing the returns that gave him success, Roosevelt turned to Mrs. Roosevelt, according to a narrative recently published, and said, with an emphasis that marked strong determination: "Now, I am president of the United States in my own right!" Thereupon Roosevelt stepped into his full stride, accepted the responsibility of being the spokesman of majority thought, opposed the old leaders of the senate and house, beat them, dominated congress, pushed his own ideas to success in legislation, and became the accepted leader of the country.

WILL FOLLOW.

The discussion about Coolidge's future will follow lines analogous to this. Will history record a change, that there was an old Coolidge who came to the White house by the accident of his predecessor's death, and a new Coolidge who held power by direct and generous franchise from the people: Will Coolidge regard it as his duty to try to impress on congress the leadership he will be entitled to assume from the people's franchise? Will he retain all of his present cabinet? Of the present cabinet, two, Attorney General Stone and Secretary of the Navy Wilbur are Coolidge's own appointees. One more, the successor to Secretary of Agriculture Wallace, will be Coolidge's own appointment. The seven remaining are holdovers from Harding. Of these seven, at least three and perhaps more are believed to reflect Coolidge as much as if they had been his own selections. Coolidge regards himself as having, now a franchise to initiate legislation as well as veto it.

APPEAL TO PEOPLE?

Will he make appeals to the people over the heads of congress, as Roosevelt did? Will he feel encouraged to resist the disposition of the senate to encroach on the White House in the field of managing our foreign relations? Many of the old irreconcilables have gone: Brandegee, McCormick, Shields. There will be, during the coming days, much inquiry about Coolidge's temperament, his point of view, about the functions and prerogative of the White House, his principles, his program.

The second of the questions that will be widely discussed is: Has a new party been formed? Is the LaFollette movement merely an incident of 1924, as the Progressive party was of 1912? Or is the new party to be permanent.

MINUTE INQUIRY.

The answer to this will call for a searching analysis of the quantity of the new party's vote, relative to that of the two old parties; and even more, a minute inquiry into the sources, geographical and by classes, of the LaFollette party's strength.

Another question will be: What of the Democratic party? Many loyal Democrats will be jolted to see the question put so boldly; but the plain fact, not recognized by Democrats as early as they should have seen it, is that LaFollette has the direct intention of destroying the Democratic party and putting his own in its place as one of the two major parties. Some of the more far-seeing Democratic leaders are already giving thought to what should be done in what they recognize as a crisis. If the Democratic party is to maintain its present position, who is to lead it, and which wing of the party is to dominate? Will it be the leadership of the big cities of the east and north, typified by Governor Smith of New York; or the traditional leadership of the South, or the progressive leadership of the West, typified in McAdoo?

ACUTE QUESTION.

Still another, and a most acute question, is: What of the new state, and house? What will be its prevailing temper as between the extremes broadly expressed as conservative and radical? The answer will depend to some extent on an analysis of the newly acted membership. Even more it will depend on the mood of the new congress.

Will it be impressive by what everybody anticipates as the great majority to be given to Coolidge? Will it regard this vote for Coolidge as meaning that the public endorses the general body of doctrines identified with Coolidge? Will it be awed by the size of the vote for Coolidge: Will it feel itself called on to respond to a more conservative mood among the people? Or will it, on the contrary, be impressed by the size of the vote to be given LaFollette? In short, will the new congress be as insurgent as the present one and as much as disposed to follow the leadership of LaFollette; or will you be awed into conservative and regularity by the vote given to Coolidge?

THE DEADLOCK.

These are the questions that will be to the front, assuming Coolidge is elected, and especially if he is elected rather overwhelmingly. If that assumption should turn out incorrect, and the election should be thrown into congress, in that event, none of these questions will be heard of; and all the head lines and editorials for months to come will deal with the deadlock in congress.

With Voters in Illinois

Galesburg, Nov. 4—A proposal to amend the city laws to make Sunday motion pictures legal, and the proposition of creating a sanitary district that would make it possible to do away with the open sewer which runs through the city, attracted as much interest among Galesburg and Knox county voters today as state and national issues.

The "Sunday movie" question has been voted on several times in the last dozen years. Each time it has failed but by an increasingly small majority. The proposal was fought by ministers and a number of women's organizations who charged that Sunday shows would detract from church attendance and injure the morale of this college town.

The other project would create a sanitary district consisting of Galesburg, part of Galesburg township, and part of Henderson township. If passed, it would be possible to issue bonds to cover Cedar Fork, the open sewer that follows the Santa Fe railway tracks through the city, and build a filtering plant west of the city. It was endorsed by almost every civic group.

Rock Island, Nov. 4—Rock Island county will start construction of a new tuberculosis sanitarium in the near future if a proposition to levy a two mill tax for that proposed was approved in today's election. The sanitarium commission hoped to start the hospital a small scale and enlarge it as funds became available.

Rockford, Nov. 4—Four city projects were voted on in connection with the general election here today. Three bond issues approved by the city council were submitted. They provided for an expenditure of $420,000. They were as follows: new bridge across Rock river at Peach and Jefferson streets, $250,000; new fire station and municipal garage, $120,000; city yard site and equipment, $50,000.

A fourth proposition was the annexation of Welty subdivision, just outside the city limits.

Peoria, Nov. 4—Annexation of new territory to the city was the only local question to be settled today by ballot here. Residents of the proposed addition have sanctioned the move and it was up to the voters of the city to determine whether they wished the strip included in the city limits. The division is a section of Richwoods township.

Eureka, Nov. 4—Voters of Woodford county went to the polls today to decide among other things, whether to recall a tax levied several years ago for the maintenance of a county tuberculosis sanitorium.

Mt. Vernon, Nov. 4—The question of retaining a tax levied for the support of the Jefferson county tuberculosis sanitorium was the only local question on the ballot in today's election.

Murphysboro, Nov. 4—No local propositions were on the ballot here today, but voters will elect a circuit judge for this, the first circuit or the first judicial district. He will succeed the late Judge William M. Butler of Cairo. County Judge A. L. Spiller of Carbondale, Republican, was the only candidate. Judge Spillar resigned to become a candidate and his successor as county judge will be chosen today.

Macomb, Nov. 4—The question of increasing a tax levied for the support of McDonough county's tuberculosis sanitorium was up to the voters today. Those in charge of the hospital declared the present tax must be increased to make the institution efficient.

Springfield, Nov. 4—Whether trolley cars or motor busses should predominate in Springfield, was the question put to voters on the chief of the small ballots in the city. Voters were asked to decide whether the Illinois Power company should be given an exclusive 20-year franchise to operate street cars here. Those against it declared a preference for a competitive motor bus service.

Another small ballot proposed the annexation of territory southeast of Springfield.

Establishment of the Springfield drainage district to be supported by a one-third of one per cent tax levy, and the issuance of a million and a half in bonds, was proposed on two other ballots. Adoption of these proposals would result in construction of a sewage disposal plant here, and relieve the city of the necessity of using streams for that purpose, it was asserted.

FIND MAN SLAIN ON HIS HOUSEBOAT

Peoria, Ill., Nov. 4.—O. F. Radkey, 40, was found beaten to death in his houseboat anchored in a drainage ditch near East Peoria Monday. The slayers used a railroad spike to kill him and later returned and robbed the boat of a large still. The still later was found hidden in a field near the place.

BONUS CLAIMS DUPLICATIONS HINDER BOARD

But More Than 50 Million Has Been Paid to Illinois Veterans.

The work of the Service Recognition board to date has resulted in the approval of 246,368 out of a total of 280,949 claims which have been filed, according to Palmer D. Edmunds, chief clerk, Illinois Service Recognition board. The total amount expended in payment of claims to date is $50,816,333.70, this sum having been paid out since payment of claims began under legislative appropriation in July of last year. The high claim number paid is 278,999 and all claims received have been checked, and are receiving the attention of the office as they come in.

2628 DISALLOWED.

To date, 2,628 claims have been definitely disallowed. The difference between the total number of claims received and the sum of those either approved or disallowed represents the number of claims which have been held up because of questions of legal doubt as to the right of the claimant to the bonus. These latter claims to the number of thirty thousand are being made the object of concentrated attention in the board offices.

FILE IN TWO STATES.

In several thousand cases the men who filed claims with the Illinois board had previously filed with the boards of other states, and with a view to adjusting this type of claim to advantage and arriving at an understanding between the various states involved, a representative of the Service Recognition board, A. W. Blair, has spent some time at other state capitals in conference with representatives of the boards of such states. Mr. Blair has recently returned from such conferences in Ohio and Michigan, in the course of which 1,122 claims of this character were examined. The conference developed the fact that a considerable percentage of the claims which had been held up by this state because as to doubt of their having been paid elsewhere, had in fact actually been paid by these other states, and an effort was being made to defraud the state by claiming the bonus here although payment had in fact been received elsewhere.

HURRY UP!

In the states of Michigan and Ohio it seems that there is no time limit prescribed for filing claims and their work has been drawn out to a greater length than here. It should be borne in mind that the Service Recognition board cannot consider for payment any claims which are not received prior to Jan. 1, 1925, and it therefore behooves every Illinois veteran entitled to a bonus or every beneficiary of a deceased Illinois veteran so entitled to make application without delay.

LITTLE BALLOTS WORRY VOTERS

Illinois Presents Many Issues At Polls.

Springfield, Nov. 4—(AP)—Small ballots today presented a problem for some Illinois voters that took more time and thought than voting for candidates, especially those who wanted to vote "straight."

Every Illinois voter had at least five small ballots handed him today, along with the big one which contained names of nearly three hundred candidates, and ten or twelve parties. In some counties and cities, there also were several other small ballots, calling for a "yes" or "no" on some local project.

THE BIG BALLOT.

The big ballot today was larger than that of two years ago, but not so large as that of the last presidential election. From the standpoint of overhead cost, the most expensive candidate in today's election was Parke Longworth of Chicago, running for United States senator under the caption "Limit Land Manipulations and Rents.' A whole column was given over to this party and his was the only name in it. Thousands of pounds of additional paper were required to make space for this one name, as much paper, in fact, as was required for the entire Republican and Democratic tickets.

The Story of Decatur

50 YEARS AGO TODAY

(As Told By The Daily Republican)

The northeast part of the city is building up fast. New houses may be seen approaching completion in various localities in this part of the city.

—:—

A number of Decatur teamsters make a good living by hauling sand from the sand banks south of the city. Considerable sand is occasionally shipped from here.

—:—

The small addition to the buildings at the gas works is now completed, and gas pipes, fittings and fixtures have been stored therein.

—:—

The new brick culvert on East Prairie street, together with the grades, makes the road at that place much smoother and safer than before.

—:—

There was a lively scrimmage at the first ward polls yesterday between a son of "Ould Ireland" and some other fellow, growing out of some slurring remark made by "Pat" against John Carrigan. Several passes were made and a few hits were given, but bystanders interferred in time to prevent a large flow of flood.

—:—

Charles W. Aiken has been repairing his warehouse containing agricultural implements, on Broadway street.

THIRTY YEARS AGO

(As Told by The Daily Review)

Miss Frances Grimes left for Brooklyn to resume her work as assistant instructor in modeling and painting.

—:—

At the First Baptist church, Rev John Jordon of Kentucky preached morning and evening and made a good impression.

—:—

A number of citizens called up Vice President Stevenson at the residence C. A. Ewing.

TWENTY YEARS AGO

(As Told by The Daily Review)

There was evidence of much improvement in condition of the C. H. and D. railroad under the new management. The betterment of the track and roadbed were the chief marks of advancement.

—:—

Lee Merritt preferred death to working on the rockpile and he took a dose of sugar of lead.

—:—

Owing to the fact that Dr. T. C. Buxton had been going at too fast a clip in his canvass for coroner, his health suddenly failed and a political meeting at Boody was without his presence.

—:—

The railroads through Decatur had made such arrangements for coal that the strike was affecting them but little

—:—

The men of the Congregational church decided to hold a regular meeting every Sunday morning at 9:30 o'clock to talk over social ethics.

TEN YEARS AGO

(As Told by The Daily Review)

Fully 500 Masons gathered at Eldorado temple to witness the formal installation of the new Stephen Decatur lodge.

—:—

The Decatur postoffice was preparing for Christmas and had already put in an order for $50,000 worth of stamps.

—:—

Two women appeared on the street in what the reporter described as the very latest, up-to-the-minute style. They wore skirts with tunics, large black hats, white fur stocks pinned with a red rose at the throat, black patent leather shoes with cloth tops, white stockings, and their skirts were three inches above the tops of their shoes.

—:—

The city and state had prosecuted scores of local bootleggers, giving them the maximum penalty, and now the government officials were planning to prosecute them.

NO DECISION YET ON CENTRAL PARK

May Remain As Property of City.

Whether Central park may be legally deeded to the park board, or whether it must be retained as city property for a "public square," as is the specification in the old grant from Capt. Allen to the city, is the thing that is still holding up the formal turning over of the parks to the park board by the city.

Although Central park has been considered as a park for years, it is legally a city square. Attorney Lee Boland said Tuesday that although he believed that the tract could be turned over to the park board legally, he was not ready to express an opinion on it as yet until he was certain. Should it be found later that the city had no right to do this, it might be possible that this very valuable property would revert to heirs of Capt. Allen and be lost by both the city and the park board.

STAY AS PARK.

Mayor Elder said Tuesday that, laying aside all legal questions, he saw no reason why the park could not pass to the board. It has been suggested to him that this land should be retained by the city to be used in the future as the site for a new city hall, but the Mayor does not believe that this is the proper location for such a structure.

"That spot is the only one in the downtown district that can give a resting spot, a place where there is shade and benches and where shoppers may stop for a few moments rest," said the mayor. "I believe that it should be retained for that purpose."

DISTRICT NURSES IN SESSION HERE

Numbers Cut Down By State Meeting.

The meeting of District nurses, held in the Tuberculosis sanatorium, Tuesday afternoon, was cut down in attendance by the fact that the meeting was held on election day, and because many of the nurses in the district attended the State meeting held in Urbana last week. Some came in ahead of time a few hours and visited in the Decatur and Macon County hospital.

The meeting opened about 1 o'clock but some of the nurses were expected to come in later. A short business session was held and at 2 o'clock Dr. W. S. Keister talked on "Public Health."

One of the features planned for the latter part of the afternoon is a musical program by Mrs. John Hayes, and the children of the third grade at the Durfee school will have a very interesting little play "Health Windows." A social hour is to follow the meeting.

LITTLE TRADING IN LOCAL STORES

Streets Look Like Sunday Most of Time.

It looked like Sunday on the streets of Decatur Tuesday forenoon. There were few people out, really fewer than the usual Sunday crowd. Stores were open but there was little trade. "We would just as well be closed and save light bills," said one merchant. Probably by another national election the stores will follow the precedent established by the banks and close all day.

NEED ADVISERS FOR Y. W. GIRLS' CLUB

Some Clubs Not Without Leaders.

A need for four more advisers for club girls is felt at the Y. W. C. A. The association would like to have them for clubs now without such services. The duties of the advisers are to help with the programs, meet with the clubs, and to act as chaperones. They serve as the go-between for the committee and the girls.

A meeting of the advisors' training school will be held in the association building Wednesday evening. Here the policies of the Girl Reserves will be studied, the planning of programs and all that interests girls in their recreation and other activities gone over.

NEW GROUP.

A new group of girls for the Girl Reserves was organized at the Second United Brethren church Monday evening, under the general direction of Miss Jenna Birks. The group has not yet secured an advisor, but the officers are. President—Miss Esther Witts; secretary and treasurer—Miss Wilma Holt.

The ceremonial which opens the year's work for the Girl Reserves will be given at the annual meeting of the Y. W. C. A. to be held in the auditorium Thursday evening. It is to be given by candle light with all the presidents, advisers of the clubs and two other members included in the work.

TOWN CASTS ITS ENTIRE VOTE BEFORE 6:30 A. M.

The school house at New Ashford, Mass., where the townspeople go at breakfast time on election day to cast their vote. Inserts, left to right: Miss Beatrice Nichols, youngest voter; Warren Baxter, town clerk, and Miss Phoebe Jordan, a pioneer woman suffrage worker.

New Ashford, Mass., Nov. 4—Within a few minutes after 6 o'clock the complete vote of this town was cast. Through its early vote New Ashford has come to be known as the "political barometer of the country," even though it always goes Republican.

Twenty-four votes were cast, twenty for Coolidge and four for Davis.

It was the first town in the past two presidential elections to flash its vote to the waiting world. Without telephone, telegraph, postoffice, railroad or trolley, this second smallest town in Massachusetts, has given the news to California, long before its voters were wide awake.

This year for the third time The Berkshire Evening Eagle of Pittsfield, fifteen miles from New Ashford, went in the wee small hours, to the doors of lonely farmhouses high in the Berkshire hills, over rough mountain roads, ready with automobiles to carry the townspeople to the polling place in time for the opening hour of 6 a. m. Previous arrangements and a willing spirit on the part of the voters, made the plan a greater success than ever.

This year there were only thirty registered voters; four years ago the Bernard Mackey, Elmer Beach there were thirty-six.

The selectmen in this tiny town and Harry Phelps. The town clerk is Warren Baxter. The oldest voter this year is Walter Smith, seventy-six, who in 1916 could "see no good" in getting out at 6 a. m. to vote and so held up getting the complete return until 10 o'clock. Last election he was at the polls ten minutes before the opening hour. The youngest voter is the school teacher, Miss Beatrice Nichols.

The town has "gone Republican" for twenty years and the result of the present election, shows that it still sticks to its colors.

DEWITT CORN GOOD BUT STILL MOIST

"As Fine Quality As for Ten Years."

Clinton, Nov. 4—The manager of the Farmers' Elevator at Heyworth reported Tuesday that he had handled only one carload of corn thus far this season, and that while the quality was as fine as any in the last ten years, the moisture content was still very heavy. Shucking and shelling, the manager said, was going forward, though the corn is still moist.

Minor D. Hendricks was the first man to deliver his corn to the Heyworth elevator. This was on Oct. 25, and he was paid $1 a bushel on a contract price fixed some time ago. His corn was Reid's Improved Yellow Dent, planted May 24.

Several other carloads of corn have been shipped from Dewitt county to the Staley plant at Decatur.

Well upward of a million dollars will be added to the value of the corn crop by excellent weather during the month of October in the delay of frost, according to a statement issued by the Blue Valley Creamery association.

FIRE DESTROYS TAYLORVILLE HOME

Taylorville, Nov. 4— Fire believed to have started from defective wiring, burned the five-room residence of Mrs. Anna Wilson, a widow, between and 8 o'clock Monday night. The structure burned so rapidly that it was past saving when the fire department reached the scene. All the furnishing and other contents, including clothing, were destroyed. The loss is estimated at $3,000.

Lincoln, Neb., Nov. 4—(AP)—Governor and Mrs. Bryan appeared at the state capitol building at 11:30 this morning and cast their ballots in the state senate chamber, while movie cameras clicked and a crowd of state house employes looked on.

Five separate ballots were marked by the Democratic vice presidential nominee and his wife.

BLIND WOMAN VOTES.

Minneapolis, Nov. 4—Totally blind, 89 years old and an invalid for 30 years Mrs. Martha Wallace today voted for the first time in her life, aided by her brother, Judge E. L. Terrance, former commander in chief of the G. A. R.

"She said she wanted to cast one hundred percent American vote before she crossed the river" Judge Terrance said.

FORD VOTES.

Detroit, Mich., Nov. 4—Henry Ford cast his ballot about 1:30 this afternoon. He made no comment on the election, either national or state, merely greeting old friends at his voting precinct, number one, Dearborn township.

CLAIM CONSPIRACY.

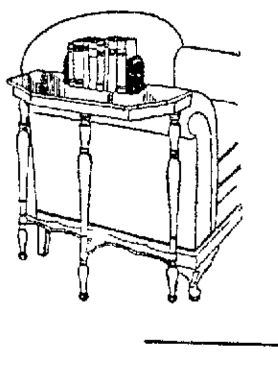

Memphis, Nov. 4—Six precincts election officials were arrested here today on warrants issued by S. E. Murray, U. S. district attorney, charging conspiracy to defeat a fair election. Four of the arrests were on complaint made by Republican "watchers" and two by an Independent ticket worker. All claimed to have been either rejected from the polls or denied permission to remain at the polling places.

DOG POUND SITE NOT LOCATED

Find One Selected Is on I. C. Ground.

After some discussion in the city council meeting Monday regarding the location of the new dog-pound which commissioner Pitner announced he was ready to construct and after the council had somewhat reluctantly agreed that the spot picked out for its location was the only one available at present, but was far from satisfactory, commissioner Pitner ran into further complications Tuesday when he discovered that the much-debated site is on the Illinois Central right of way.

He has communicated with the I. C. on the matter and was told that an engineer for the road would visit the spot Wednesday and look over the situation. It is expected that the I. C. will grant permission to build on its property, since several other structures extend onto its land at that point.

DEATHS

CLARENCE DAYHUFF.

Clarence Leonard Dayhuff died at 5:23 o'clock Monday afternoon at the home of his parents, Mr. and Mrs. Samuel N. Dayhuff, 1526 East William street. He was twenty-six years old last April. His death was caused by heart trouble and dropsy. He had been in failing health for four years and for the last eight weeks had been confined to his bed.

Mr. Dayhuff was born in Brownstown April 19, 1898. The family moved to Decatur a year ago last spring, coming from Macon after a residence there of three years.

Beside his parents he is survived by two brothers, Ernest L. and Lester F. Dayhuff, both of Decatur. He was a member of the Christian church and of Easterly camp, 1626, Modern Woodmen of America. The body was removed to the Moran & Sons undertaking establishment and prepared for burial.

MRS. ISAAC SHOEMAKER.

Mrs. Isaac Shoemaker formerly of Decatur, died at 2 o'clock Tuesday morning at her home in Parsons, Kan., according to a message received by her daughter, Mrs. Donald Weatherby. Mrs. Shoemaker had not been in good health for a long time, and when pneumonia developed a few days ago she was too weak to ward it off.

Mr. and Mrs. Shoemaker have a great many friends in Decatur, where they made their home for many years. Mr. Shoemaker was for years a clerk in the Wabash offices here. The family moved from Decatur about five years ago, going from here to St. Louis, later to Texas, and from there to Kansas, Mr. Shoemaker being engaged in railroad work all the time. Mrs. Shoemaker is survived by her husband and two children, Mrs. Donald Weatherby of Decatur and Charles Shoemaker of Parsons, Kan. She also leaves her mother, Mrs. May Brown of Chicago. There is one brother, who lives in Chicago.

The body will arrive in Decatur Wednesday afternoon and will be taken to the Dawson & Wikoff undertaking establishment and prepared for burial.

CLARENCE DAYHUFF.

The funeral of Clarence Dayhuff will be held at 2 o'clock Wednesday afternoon at the new Christian church on Seventh street. The burial will be in Graceland cemetery.

Error in Ballots in Coles County

Square Before Presidential Candidates Names.

Mattoon, Nov. 4—Great interest centers in the election in Coles county today, owing to the fact that all ballots are said to have been printed contrary to the election law, leading to possible confusion and the throwing out of many votes when they are counted by the judges and clerks.

The ballots carry a square in front of the names of the presidential and vice presidential candidates. Attention of County Clerk Elston was called to this error by the Mattoon Journal-Gazette, which offered to reprint the ballots without cost to Coles county, the contract for which had ben let to another printing company. This offer was declined by the county clerk, who said he had been advised from the attorney general's office the error would not invalidate the ballot.

LIKELY TO BE CONFUSED.

However, it is pointed out that there is likely to be great confusion in voting, as many voters are likely to put a cross in the squares in front of the candidates names, thinking they are voting their choice for president and vice president, instead of in the circle at the head of the ticket thus losing their votes. The newspaper has been printing a warning daily asking that voters steer clear of the squares in front of the presidential candidates' names.

The effect of the error on the election is awaited throughout the county with a great deal of interest.

FASHIONABLE WOMEN INVITED TO A TEMPTING MILLINERY FEAST! NOTHING LIKE IT BEFORE!

Decatur Store Consummates a Deal That Will Cause Hundreds of Women to Throw Away Their Early Hats and Buy New Ones.

Once in a great while there comes to Decatur women an opportunity so utterly amazing that its details sound almost unbelievable, no matter how conservatively they may be stated.

This is one of those occasions.

Three of America's foremost creators of ultra-fashionable millinery desired to assist, in a spectacular manner, the celebration of H. S. Gebhart Co's 28th Anniversary.

They sent to the Gebhart store hundreds of their loveliest pattern hats at prices almost too ridiculous to name.

Imagine, please, nearly eight hundred distinguished hats—things never shown in Decatur before. Hats of the very costliest velvets, hatter's plush and trimmings. Imposing ostrich [illegible]

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

SAYS INTELLIGENCE IS REQUIREMENT

Citienship Theme of Talk to Women.

There are two important things to be done as good American citizens, according to Emanuel Rosenburg, in his talk before the members of the Woman's Council Monday afternoon in the Y. W. C. A., and the first is, to get people to vote, and the second, to get them to vote intelligently. The speaker told the women that citizenship required a far more intelligent understanding today than ever before as the duties were more complicated and it is because of this complication that the interest is decreasing instead of increasing as it should.

The issues at hand and the fundamental things for which each candidate stands are demanded to be known by the intelligent voter and citizen and the slogans in old time presidential campaigns are a thing of the past, according to Mr. Rosenberg

ASK QUESTIONS

Following the talk the women asked many questions concerning the election and the various issues such as the gateway amendment, banking amendment and the road bond issue.

Mrs Dan Macknet spoke briefly of the proposed visiting day for Decatur institutions which is to precede the Community Chest drive She also urged the members to go to the Boys' Opportunity Home which is now in excellent condition since the arrival of the new superintendent.

Mrs C H Patterson, president of the council, appointed the following nominating committee Mrs James Henson, Mrs. Thomas Henebry, Mrs C. H Robbins, Mrs Ed Smith and Miss Maria Buckingham

Mrs Inez J Bender asked the financial support of the Woman's Council in providing books for the Americanization work in the night schools The members voted to give $10 to this purpose.

The King's Cook Disappears

"Oh dear, save me, save me!" cried the cook, as he sailed toward the sky on the magic dustpan.

The King of Yum Yum Land woke up where he had been dozing beside the fire (after the big dinner he had eaten 'n all) and ran out and looked up at the sky.

And the peddler, who had really caused all the trouble, squinted his eyes and looked up at the sky too.

And Nancy and Nick and Daddy Gander came out of their hiding place, and they also looked up at the sky.

"He's run off with my magic dustpan,' exclaimed Daddy Gander in dismay. 'Now what shall we do? We never, never never can find the House-That-Jack-Lost. We can't even get back to Mother Goose Land. We'll have to stay all the rest of our lives in Yum Yum Land."

'He's run off with the magic fork!' cried the king. "Here I traded my throne for it, and now I have nothing. What's more, I shall starve to death."

'Well, I'm in just as bad a fix as anybody," declared the peddler. 'Here I am with a throne and a country to rule and nobody to feed me. The cook's gone and the magic fork is gone and everything's gone. I don't want to be king any more." And he took off his crown and his velvet cloak and began to cry.

"But you have the magic teapot!" said Nancy. 'You reached in through the window and got it. It must be around somewhere."

"It's my teapot," said the king. "I traded my throne for it."

"It isn't any such a thing! It's my teapot," said the peddler drying his tears. "It was mine in the first place and now I've got it again and I'm going to keep it. It's bad enough to starve to death. But it's worse to die of thirst."

"All right," said the king. "Keep your old teapot." So he put on his crown and he put on his robe, and trudged dismally back to the palace.

"Well," said the peddler cheerfully to Nancy and Nick and Daddy Gander. "What will you have? Ice cream sodas or hot chocolate or pink lemonade?"

"Oh, I guess we'd better not have anything," said Nancy looking up at the sky where the cook was fast disappearing among the clouds. He was only a tiny speck now, and they could no longer hear him crying for someone to save him.

"May as well," said the peddler. "Tomorrow's always another day, say I. One day a king, the next a beggar, one day a feast, the next day a famine."

"Well, then," said Nick. "I'll have a vanilla ice cream soda."

"I'll have the same," said Daddy Gander.

"Guess I'll have the same myself," declared the peddler.

So he said

'Go do your best, go do your worst. Or teapot, dear, we'll die of thirst."

"Make it four vanilla ice cream sodas."

Almost instantly four glasses appeared in a neat row. And the teapot poured and poured into each one until all the glasses were full of lovely smelling frothy soda water.

And the Twins and Daddy Gander began to drink.

They drained each glass to the last drop and then something happened.

Combing Won't Rid Hair of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight and by morning, most if not all, of your dandruff will be gone and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store and it never fails to do the work.

Household Suggestions

Grease the Dish.

Before melting chocolate for a cake frosting, grease the dish with butter so that so much will not stick to the sides of the dish and be wasted.

Will Remove Stains.

Common soda or salt will often remove the stains from china.

Delicious Pudding.

Leftover cake makes very delicious puddings if milk and eggs are added, and a fruit sauce poured over.

Canned Carrots.

Small carrots are canned by the cold pack method.

Use Soapy Water.

The water in which blankets are rinsed should be soapy in order to make the blankets light and fluffy.

Put on Hangers

Always put your dresses away on hangers as soon as you take them off, and dust and clean them before putting them back in the closet.

Hang Up Utensils.

Keep as many of your kitchen utensils hung up as possible so that you do not have to look through drawers or on shelves to find what you want.

For Preserves.

The addition of a half teaspoon of glycerin to a pint of grape jelly or preserves just before the fruit is poured into the jars, will prevent the formation of acid crystals.

To Bleach Hands

Washing the hands in warm milk every night is an excellent and harmless way to bleach them and to remove traces of household toil.

For Cleaning Hats.

Corn meal is excellent for cleaning flannel and felt hats. It should be rubbed in, allowed to stand for a day or so, and then rubbed out with a clean brush.

To Prevent Curdling.

When custard sauce curdles in the making, set it in a pan of ice water and beat with an egg beater until smooth.

For Creamed Codfish

You can make delicious creamed codfish by making a dressing of milk thickened with flour and butter and the yolks of two eggs. Then just before serving fold in the stiffly beaten whites of the eggs.

KLANSMEN VISIT NOKOMIS CHURCH

Nokomis, Nov. 4—The Nokomis Methodist Episcopal church, which was the scene of a big dedication service last Sunday morning, was made the scene on Sunday evening of a visit by the Klu Klux Klan. After the congregation had listened to a sermon by Rev. D. V. Gowdy of Stonington, a former pastor of the church, and just as the regular pastor, Rev. O. E. Martin, had passed out the plates preparatory to the collection of the regular evening offering, six members of the hooded order dressed in their usual white robes, wearing the regulation masks, appeared at the church and proceeded to march through the aisle to the altar. On the arrival of the sextette of the Knights of the Fiery Cross at the front altar, they were met by Rev. Mr. Martin and upon his request the brethern knelt while prayers were offered by the pastor. At the conclusion of the prayers the visitors handed an envelope to Rev. Mr. Martin which was supposed to contain money to be used to help defray the expenses on the new church building. The pastor accepted the gift announcing the same would be taken the same as from any other society. No announcement was made of the amount of the gift.

Sure Way to Get Rid of Blackheads

There is one simple, safe and sure way that never fails to get rid of blackheads, that is to dissolve them. To do this get two ounces of calonite powder from any drug store—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear. Blackheads are a mixture of dust and dirt and secretions that form in the pores of the skin. The calonite powder and the water dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition.

Washington U. Drills For Millikin-Mizzou

Athletes Come Out of Kansas Game in Fairly Good Shape—Have Board of Strategy.

BY JOHN J. SHERIDAN.

St. Louis, Mo., Nov. 4—Apparently undismayed by their 48-to-0 defeat at the hands of Kansas University Saturday, the Washington university Pikers opened practice yesterday for their game with James Millikin university next Saturday at Francis Field. The initial workout consisted of little more than signal practice for the regulars, punting and returning punts and a light scrimmage for the reserves, who did not take part in Saturday's rout.

The only new development following Saturday's defeat is a change in the policy of coaching. Athletic Director By Wimberly will remain in charge of the squad, but he will be assisted from now on by a so-called board of strategy, consisting of Dr. Eber Simpson, "Pogo" Lewis, Dr. Al Marquard, "Puff" Martin and Walter Krause, all former Pikeway stars.

PREPARING FOR MISSOURI

This board probably was instituted primarily for the purpose of throwing the Washington university team into the best possible condition for the game with Missouri university, at Columbia, a week from next Saturday. The Millikin game, Saturday, is not likely to receive a whole lot of attention. The coaches and students are looking forward to the game with the Tigers, for a victory or tie in that game would mean that the Pikeway football schedule will be a complete success.

Last year Washington was having a despondent season. The team met one adverse after another, but, primed and principaled, it counteracted all its previous shortcomings by twisting the Tiger's tail, humiliating the exalted Columbia clan, 13-7, and thus crowned its season with unstinted glory. It was hinted after that contest at Francis Field last year that the Missourians had come to St. Louis minus their regular coach, who was supposed to be scouting the Kansas game, and several players whom the coaches did not deem necessary to use for victory.

WILL EXPERIMENT.

Doubtless the Pikers will be in equally as good shape when they meet the Tigers this year. If they are not, it will not be the fault of the coaches, who, with the Millikin game ahead, will have not only a chance to experiment in practice all week, but in Saturday's contest as well.

There were no serious injuries resulting from the Kansas game last Saturday. A few of the players were buffeted around enough to keep them resting for the greater part of this week, but even these will be able to face James Millikin Saturday if the occasion requires, it was announced yesterday.

IMPROVEMENT EXPECTED

The Pikers, with the knowledge they are expected to derive from the board of strategy elected yesterday, are expected to be at least 25 per cent stronger when they invade the lair of the Tiger two weeks hence. Each and every member of the special quartet engaged to whip the Wimberlymen into fit shape to cope with the formidable Bengals has been a football star in his day and should be of great aid to the Red and Green machine for its most important struggle of the season.

Although Coach Wimberly will direct most of this week's instructions toward the game with "Ole Mizzou," he does not intend to forget completely Saturday's clash with Millikin, which is reported to be strong and naturally eager to defeat a Missouri Valley Conference team. Don White, an assistant coach at Washington, scouted Millikin's game last week and he gave that team's plays to the Red and Green freshmen yesterday so that they might use them in light scrimmage against the varsity this week.

Tuesday Coach Wimberly plans to stage a scrimmage with the freshmen but it will be of a very light nature. The same will hold forth tomorrow while Thursday and Friday will be devoted more or less to the lighter forms of practice.

JUDGE LANDIS IS QUESTIONED

By Attorney Cannon Before Milwaukee Court.

Milwaukee, Nov. 4—(AP)—There was but one reason why the players of the Chicago club of the American League mentioned in the world series "scandal of 1919," did not receive any of the second place money of the 1920 pennant race, and that was because they had been definitely declared ineligible and were permanently barred from baseball, according to the testimony of Kenesaw Mountain Landis in a hearing here before Court Commissioner Max W. Nohl, under discovery statutes.

The hearing arose out of a case brought against Judge Landis, as commissioner of organized baseball, by Oscar ("Happy") Felsch and Joe ("Shoeless") Jackson for $685 each as their share in such second place money.

Judge Landis declared he was the final judge of the ineligibility of a player and from his decision there was no appeal, that he was convinced that Felsch and Jackson, among others mentioned in the "scandal," were so implicated that there was no other course than to declare them ineligible, which he did.

$4,800 IS HELD UP.

There is in the hands of the executive council of organized baseball an undistributed fund of approximately $4,800, which had been held up from the White Sox players declared ineligible, as shares in second place money, the witness testified. What disposition would be made of this money he was unable to state, but his "guess" was that it would go to the sixteen clubs in the major leagues.

After his entry into his executive capacity in organized baseball, Judge Landis testified, he wrote to President B. B. Johnson of the American League and to President John Heydler of the National League, who made up the executive council, with him, and asked what was their desire in reference to the disposition of the $4,800.

JOHNSON'S IDEA.

To this inquiry Johnson replied the money should be distributed among the players according to the original plan. President Heydler's reply was that the money should go into the regular operating fund of the commission because of expense incurred in investigating the "scandal."

Upon receipt of the replies, Judge Landis sided with Heydler because "his own action was in harmony with Heydler's action," according to the testimony.

Attorney Ray Cannon, representing Felsch and Jackson, tried to bring out from the witness, that he was unfriendly toward Mr. Johnson, but was unsuccessful.

TELLS OF POWER

So far as distribution of money is concerned, the witness said his only powers in that respect were discretionary as to expenses, as governed by the rules. He intimated that he might have authority to withhold from ineligible players money set aside in cases of the kind in question, but he stated he had not exercised this implied authority, but left it to the decision of the executive council and the club owners. At a meeting of the club owners in December, 1922, final action in reference to the players and the money was taken, Judge Landis testified.

"There is no question about the Chicago club of the American League being eligible to share in the final distribution of the fund," the witness said, after an attempt was made by Attorney Cannon to get the witness to say that part of the money "would go back into the pockets of Comiskey."

"Any kind of putting form is good," says Jock Hutchison. "Develop confidence and stick to it."

On College Gridirons

ILLINOIS.

Urbana, Ill., Nov. 4—"Dummy scrimmage" against the seconds garbed in red jerseys comprised the stint of the Illini Monday. Harold Grange worked briefly and apparently will be as good as new with no bad luck this week. Harry Hall was not in a suit and it is going to take several days for him to recover. Realization that Stagg has been pointing his team for Illinois ever since the season started and the fact that the game between the two teams is always tough has cooled off the confident and while the fans think they can win, they do not underestimate the fight that it will take.

NOTRE DAME.

Notre Dame, Ind., Nov. 4—Substitutes, who played the greater portion of the Georgia Tech game, replaced the varsity players on the regular Monday crippled list in the Notre Dame football team. With several of the regulars and the substitutes badly battered, it is imperative that Rockne spend the greater part of the week conditioning his squad for Wisconsin. With the exception of Stuhldreher, no player is injured seriously enough to prevent his playing in the Wisconsin tilt but the majority of the men are in a condition that prohibits the best possible exhibition of football. Rockne expects to have them in good condition before Saturday. Light work was in order, signals and calisthenics forming the nucleus of the drill.

OHIO STATE.

Columbus, O., Nov. 3—A light offensive workout was given the varsity Monday in preparation for the Indiana game. New plays were tried. The stadium field was used instead of the practice gridiron. Schulist, Mackey and Harrison are being groomed for Nichols' place at tackle, the latter being out of the game for the rest of the season owing to a fractured ankle. Mackey played his position Monday. Karow was in uniform for the first time in a week.

INDIANA.

Bloomington, Ind., Nov. 4—While the Indiana freshmen rehearsed Ohio State formations on their own field, the varsity practically loafed Monday. The youngsters will engage the regulars in scrimmage Tuesday, Wednesday and Thursday, and on Friday, the varsity will entrain for the Buckeye camp. A special train carrying 1,500 Hoosier rooters and the 100-piece band will depart Saturday morning for Columbus. Today the regulars limbered up by running through signals for an hour, after which they were excused.

IOWA.

Iowa City, Ia., Nov. 4—With Saturday's disaster a thing of the past and three hard games yet to come Coach Burt Ingwersen began the task of reassembling his Iowa machine Monday evening. A check-up showed that McIntyre, reserve guard, was done. His ankle was broken. Otherwise the squad is in good shape. The loss of McIntyre, added to the much more serious loss of Fleckenstein, in the Minnesota game, inflames a coaching problem which has been irritating throughout the season. At no time has Iowa had anything like enough reserve line strength and now Ingwersen has games against Butler, Wisconsin and Michigan with but two reserves for his line. Either Raffensperger or Daniels will succeed to the ill-fated guard position left vacant by Fleckenstein and McIntyre, leaving the other to serve as Iowa's sole substitute guard.

PURDUE.

Lafayette, Ind., Nov. 4—The Purdue players who took part in the game at Chicago were given a rest Monday afternoon while the reserve players and the freshman varsity elevens held regular practice.

Capt. Ralph Claypool, center, and Harold Harmeson, halfback, who were hurt in the annual scrap with the Maroons, will be out of uniform for a day or so with injuries.

These two star performers were unable to enter the second half of the Purdue-Chicago game. Purdue's next game is with De Pauw here Saturday, the game to be a part of a Dads' Day program.

Disappointed but not broken in spirit by the defeat at the hands of Coach Stagg's eleven; the Boilermakers are already making preparations for the annual contest with Indiana, November 22, which will be the game at which dedication exercises for the new Ross-Ade stadium at Purdue will be held. Purdue hopes to beat the Crimson eleven and gain a .500 standing in the Big Ten Conference for 1924.

WISCONSIN.

Madison, Wis., Nov. 4—Hoarse voices from members of the coaching staff sent the Badgers through a slashing practice session Monday, in preparation for the battle with Notre Dame next Saturday. Captain Harris furnished the "meat" for Line Coaches Below and Traynor. The doughty leader, who is being broken in as a tackle, plunged through lines of substitutes, and promises to fit in well at the next position. Chances of Harris starting at left tackle were increased by the announcement that Austin Straubel is out for the season with an infection. Assistant Coach Lowman worked the ends repeatedly on blocking and tackling prior to drill on getting down under punts. He remained with Long and Burruss, who were used at left end throughout the drill and scrimmage, giving personal directions on each play. Polaski has right end cinched. Coach Ryan drove the team through a grilling scrimmage against the freshmen.

MINNESOTA.

Minneapolis, Nov. 4—Bill Spaulding indicated Monday when his Gophers returned to practice that a number of regulars will be on the side lines when the team plays a non-conference game next Saturday against Ames. He tried Gordon Fisher at right end Monday and kept Herb Swanbeck at center throughout a long signal drill. Other changes are promised if the backfield doesn't get over the fumbling shown so prominently last Saturday against Michigan. The varsity spent much time Monday falling on the ball and working with the tackling dummy. The team showed bad tackling and a failure to follow the ball in the Michigan tilt. The Gophers intend to spend much time on a defense for Ames' vaunted aerial attack this week.

PIGSKIN PRIMER

When the ball goes out of bounds how is it customary to put it into play

It is customary to put the ball in play at a point 15 yards from the sidelines at right angles with the spot where the ball was carried out.

How is the ball put in play after a touchback?

The side making the touchback shall put the ball in play by a scrimmage from first down anywhere on its own 20-yard line.

How is the ball put in play after a safety?

The side making the safety shall put the ball in play by scrimmage from first down anywhere on its own 30-yard line.

What happens when a player interferes with another player who has signaled for a fair catch?

If a player is interfered with as he is about to make a fair catch, his side retains possession of the ball whether he completes the catch or not. Incidentally the side interfering is penalized 15 yards.

Nokomis Wins Again.

Nokomis, Ill., Nov. 4—The Nokomis Colts baseball club had rather easy sailing in its game with the Montgomery White Stars, winning 11 to 6. It was the closing game of the season for the locals.

Hard For Rockne.

South Bend, Ind., Nov. 4—Knute Rockne, Notre Dame athletic coach, motored about South Bend Monday in a new automobile which was the gift of the St. Joseph's Valley Notre Dame Alumni Association. The car, which has a limousine body, is equipped with numerous accessories. It was presented to Rockne prior to the Georgia Tech. game Saturday.

WATCH OUT FOR STAGG'S ELEVEN

Scribes Say Maroons Have Little Chance.

Chicago, Ill., Nov. 4—Two opposing schools of thought have arisen on the Midway concerning the impending football game between Chicago and Illinois on Saturday. The majority, after prayerful consideration, have arrived at the conclusion that the affair will be nothing short of a landslide for Illinois. A small minority are predicting defeat with honor— by something like two or three touchdowns. Coach Stagg and his gang, who have given the matter much thought, are not stopping to debate, but they are not in a panic as yet.

The chief reason why most people are afraid of a big score is the Chicago ends. The fear is that the devastating Grange will gallop around the ends for a lot of yardage and quite a few touchdowns. "But," say the optimists, "Henderson and Gowdy will stop that." It is a cinch, however, that Stagg would be a lot easier in his mind about this game if he were more sure about his ends.

DEVELOP SPIRIT.

With Purdue out of the way there is no excuse now for not thinking about the Illini with whole-hearted concentration. Stagg, who has been thinking plenty on the subject for some weeks, also is permitting the players to think about the game, and the process of "keying" is under way. The Maroon team will put more spirit into this game than in any it has played so far this year.

Stagg had the linemen off in a corner where no one could bother him and the session lasted until the lights were on. He is basing most of his hope of coping with Illinois on the performance of his line. The way in which Grange, Gallivan and Green ripped through the Iowa line added a new worry to the host that the "Old Man" was already toting around about this game. He won't stand for Zuppke stealing his stuff that way and he started out Monday night to prevent that kind of ground gaining.

No longer is the football guard a big husky athlete more or less stationary. In the five and six-man interference now so widely used he becomes an extra halfback, a very essential player.

Ellsworth Augustus of Cleveland is one of the longest drivers in the game, amateur or professional.

ILLINOIS LEADS CHICAGO 6 TO 4

Since Zuppke Took Up Work At State School.

Urbana, Nov. 4—The Zuppke-Stagg duel of thirteen years. Illinois victories under Zup, 6; Chicago victories under Stagg, 4. Games tied, 1.

There's the history of Illinois-Chicago games since 1913 when Bob Zuppke took the helm here.

The first meeting of the two coaches occurred in 1913, Zuppke's first season at the Illini helm. Stagg's men won but "Bob" got back at him the next year when his Big Ten champions defeated the Maroons, 21 to 7. Potsy Clark and Harold Pogue enlivened this encounter with long dashes. Illini won again in 1915, 10 to 0 and tied with Minnesota for the flag. Stagg turned the tables in 1916 and the next game was a scoreless tie. The Illini led the conference again in 1918, and beat Chicago, 29 to 0.

The 1920 set-to ended with Illinois on the long end of a 3 to 0 count, placed there by Ralph Fletcher's talented toe. Chicago triumphed for the first time since 1916 in 1921 when his team won 14 to 6 and again the next year, 9 to 0. But last year "Red" Grange broke loose at the start of the second half to score the only pointy of the game which ended 7 to 0.

The Illini will not be seen in action in the Memorial Stadium again until the Ohio State encounter Nov. 22. They travel to Minneapolis to take on the Gophers Nov. 15.

Bement Cage Chart.

Bement, Nov. 4 — The local high school athletic association has announced the basketball schedule as follows:

Dec. 12—Bement at Tuscola.
Dec. 19—Open.
Jan. 3—Bement at Atwood.
Jan. 9—Clinton at Bement.
Jan. 16—Sullivan at Bement.
Jan. 23—Tuscola at Bement.
Jan. 30—Bement at Monticello.
Feb. 6—Monticello at Bement.
Feb. 13—Clinton at Clinton
Feb. 20—Atwood at Bement.

Ed Garvey, for four years tackle on Knute Rockne's great Notre Dame elevens, has decided to turn professional boxer. He was a ring star in his college days.

Herb Pennock of the Yankees is easily the most consistent twirler among the American League's long list of southpaws.

HARRY HALL IS REAL GENERAL

Illinois Quarterback Is Important Cog in Machine.

BY L. M. TOBIN.

Champaign, Ill., Nov. 4—Back in 1911, a cleancut, yellow-haired quarterback called the signals for Illinois against Minnesota in the closing game of the season. The Illini, crippled and concededly inferior in ability, faced the strong Gophers, who had only to beat them to have a clean title to the conference championship. Illinois on paper did not have the slightest kind of a chance.

This isn't the kind of story in which the underdog wins. Minnesota triumphed, but only by a hair.

CHEER LOSERS.

The Illinois rooters carried their players off the field on their shoulders, and they cheered no player more than the blond quarterback, for it was his cool-headed generalship his kicking and his all-round work which had helped to bring victory so near.

On the Illinois stands, a nine-year-old boy, with tears in his eyes, said to his father:

DREAM COMES TRUE

"I'm going to play quarterback on Illinois some day, just like brother 'Al.'"

"Brother 'Al,'" the quarterback in that 1911 game, was "Swede" Hall in those days. Now he is Attorney Albert L. Hall of Waukegan, Ill.

Childish dreams seldom come true. But today another cleancut, yellow-haired quarterback is calling the signals as the fighting Illini gather in their famous "huddle." His name is Harry Hall and he is the same nine-year-old boy of 1911.

HIGH SCHOOL PLAYER.

Harry Hall was a pretty good player in high school but he created no especial furore on the Illinois freshman team, where he was tried at fullback. His weight was only 155 pounds. Everybody regarded him as just an average player—that is, everybody but Bob Zuppke.

IMPRESSED ZUPPKE.

"Zup" busy as he was with his varsity, out of the corner of his eye saw Hall's possibilities, but not as full or halfback. He made a mental note that this lad was an intelligent player. "Zupp" is deep. When the Illini fans doped out the varsity of 1923, no one mentioned Harry as a possibility for quarterback. But when Illinois opened its stadium in 1923, "Al" Hall, the quarterback of 1911, sat in the great memorial and saw his brother pilot Illinois to victory over Chicago.

And when Illinois overwhelmed Michigan this year, Hall's defensive and all-around playing was declared by more than one critic to be a feature that was only dwarfed by the amazing exploits of Grange.

COACH ZUPPKE'S PRAISE

"Hall is the kind of player who plays far better in a game than in practice," explains Zuppke. "He is a good quarterback because he is intelligent and cool. He is calm and quiet and this has the effect of steadying the team. He is a great defensive player and unerring in interference. He can carry the ball if I'd let him—not a great back, but good enough to worry 'em. He can pass and kick as well as most players. But these are not his jobs."

Harry Hall has never made the headlines because in the Zuppke scheme he seldom carries the ball. But since the Michigan game, the middle west is talking about him. There is no more valuable quarterback in the Big Ten.

But it took a Zuppke to pry him out of obscurity and develop him into the quarterback of one championship ... and of another team which is making a strong bid for honors ... Zuppke, plus the dream of a nine-year-old kid.

D. H. S. Letter Men to Banquet Friday Night

Old Red and White Stars Will Mingle With Those of Present Day—Stage Homecoming.

BY HOWARD V. MILLARD.

Old "D" winners of former days will again mingle with the present day athletes again this year. Announcement of a "D" club banquet for Friday evening at the high school has been made by Red and White officials and while the call has only been out since Monday acceptances are coming in at such a rate that the success of the affair is assured.

With Coach Crook's warriors to make the final 1924 appearance at home this Saturday in the contest with University high the game is to be in the nature of a homecoming.

The Red and White grid team has had a successful season to date and victories over Bloomington and Peoria have put a good taste in the mouths of the old grads and a big crowd is expected to witness the U. high game.

ALL ARE INVITED.

While it may be impossible to reach every winner of the "D" the "D" club is anxious to have as many letter men present as possible and besides the invitations sent out is taking this means of issuing a blanket invitation.

The banquet will be at the school library at 6:30 o'clock Friday evening and will be served by the girls of the domestic science department so that it is to be strictly a school affair. Reservations are seventy-five cents each.

EXPECTS GOOD GAME

Coach Crooks is working his men hard this week in anticipation of a tough struggle from the University high eleven. After this contest but two games remain, the Champaign and Springfield tilts to be staged on foreign soil.

Since Champaign is rated as one of the strongest prep teams in the state and that Springfield has a victory over Urbana it appears that Crooks and his men have work cut out for them in the remaining games of the season.

Decatur high has been coming to front in athletics under the Crooks regeme and the old grads will have a chance to sit in with some winners Friday evening.

The clash will be one of the most important of the early games this winter.

STAUNTON WILL FOLLOW J. M. U.

Little Illinois Town Plans Trip to St. Louis.

Millikin's undefeated I. I. A. C. grid team will not lack support Saturday when Captain Maxwell and his Blue team trots out on Francis Field to face Washington university.

Staunton the little mining town in Macoupin county has four of its former stars on the Millikin team this season and fully 300 fans are planning to make the trip into St. Louis for the Millikin-Washington U game.

The two Hastings boys, Jess and Glenn, George Oehler and Clifford Steigelmer are former stars of the Staunton High and the fans are anxious to watch them perform on a college team.

HAVE MADE GOOD.

All of the Staunton boys have made good in their first year of college football and it is a very good bet that all will see service in the Washington game.

Coach Johnson expects to take his squad to the Mound City on Friday leaving here in the morning if possible to secure a field to work out on Friday afternoon.

Dan Savage the coach of St. Louis U has been appealed to but with the Michigan Aggies being carded for a game with St. Louis Saturday there is nothing certain about the locals securing that field for a session.

EXCURSION RATES.

The Wabash has announced a $1.50 round trip rate to St. Louis Saturday and a number of Millikin students, alumni and supporters are expecting to make the trip for the Washington game.

Both Washington and Millikin have big games to point for the following week but the contest between one of the best in the I. I. A. C. and a Missouri Valley representative is bound to furnish some good football.

Director Johnson stated this morning that the men were all in good shape and that the work this week will not be as stiff as the early season drill. Johnson must watch his men for after the Washington game comes Knox and then five days later, the big Bradley battle at Peoria.

BAIT — FOR — BUGS

Football had another bad week end Saturday when only 406,000 fans witnessed 14 college contests. Army and Yale led the country with 80,000 at their struggle in the Bowl.

Army vs. Yale	80,000
Penn vs. Lafayette	56,000
Illinois vs. Iowa	45,000
Michigan vs. Minnesota	45,000

Penn State vs. Navy	15,000
Gettysburg vs. Dickinson	12,000

The writer had the pleasure of officiating in a game that provided a great demonstration of self control on the part of the members of a team going down to defeat.

The game in question was the Marquette-Creighton battle at Milwaukee, won by Creighton 21 to 7.

Despite the fact the two schools are great rivals there was no one iota of poor sportsmanship displayed by a single player of either team. It was the hardest blow Marquette men were forced to face in four years. The Milwaukee team had not tasted defeat since 1921 while only a few weeks before they had handed the Navy eleven a 21 to 3 defeat. It was Homecoming at Marquette and the eleven was performing in the wonderful new stadium.

When it was evident that Creighton was sure to win did the Marquette men rough up the contest as has often happened. It was a hard blow but the Murray athletes showed the same sportsmanship as they had at the start of the game.

And some people will say athletics are not worth while.

While it is much easier to be good sports when one is winning the fact remains that the Creighton men under A. A. Schabinger and Chet Wynn also showed wonderful sportsmanship.

We recall on one occasion when one of the star linemen on the Marquette team was out with a twisted ankle that needed taping. The job was not completed when the two minutes were up but the horn had no more than sounded until the Creighton captain rushed up to suggest that the injured player be given the time needed without being charged an additional time out.

When the injured man took his place in the line it was several Creighton men who gave him a pat on the back with the words "Stick it out old fellow, thats the spirit."

It isn't any wonder that both Marquette and Creighton are fast gaining places on the schedules of many of the better class of schools in the country. From the observation of the writer in working athletic events of the two schools the last three years they are entitled to the place they have gained.

It all goes back to the type of men in charge of athletics. If real sportsmen are at the head of college athletic teams you will find real sportsmen on the field and floor. There are exceptions of course but they are rare.

Sure feel sorry for Kyle MacWherter. His Bethany College football team was forced to take a 71 to 6 defeat Saturday at the hands of the West Virginia U eleven. Doc Spears former Kewanee citizen coaches the Mountainers.

Did you ever hear of Upsala College or Cooper Union. Well they staged a game at Newark N. J. last Saturday and Wpsala won.

Sure hope Bro. Weir doesn't include one of those on the weekly dope sheet

How many old time Illini men have forgotten the name of Jimmy Cook. Not many. Jimmy is still interested in football and coaches the Soldan High eleven of St. Louis.

It seems like ages ago that the former Illini grid and diamond star was coaching the Peoria Socials.

In those days the big battle at Peoria was the one with the Pekin White Sox on Turkey Day. Such well known Illini as Van Hook, Burroughs, Butzer and others appeared with the Pekin team but the Socials were generally too strong for the Pekin representatives.

The Lincoln High school football team is without a contest for Friday Nov. 14 and is willing to meet any team in the state. Pana, Staunton or Greenfield is most desired, according to Lincoln officials.

What is said to be a world's record for drop kicking goals was established by Peters of the Montana U freshmen Saturday when he booted 17 between the posts against the Billings Poly eleven. The only odd feature is that the score was given out as 64 to 0. Try and figure out 17 drop kicks with such a score.

The boys of New Brunswick N. J. have clean faces at least four or five times a season. The Rutgers College officials admit every boy in the town to the game. His ticket is a pair of clean hands and a clean face.

The fees will certainly have to go up for the grid officials. One was slugged into a hospital at Durant, Okla. last Friday while on Sunday one was killed in Pennsylvania. The official's decision was disputed by the players and the fans took it up. Fearing a riot a policeman arrested the official and when he broke away was shot in the back by the officer.

PERSIANS, TURKS DISPUTE BORDER

Teheran, Persia, Nov. 4—Agitation in Turkey, as expressed in the official press of that country, for the annexation of the Persian portion of Azerbaijan is causing an outcry here.

Russia is taking advantage of the differences between these two Mohammedan countries, each with views so different that it considers the other unorthodox, to further its own ends. Russia fears that were Turkey to get possession of Persian Azerbaijan its own interests in the Azerbaijan republic, which is under its control, would be endangered. And Azerbaijan has some of the richest oil fields in the Caucasus.

Consequently Russia is leaning towards Persia, expecting thereby to get Persia's support in combatting Turkish influence. And Persia realizes that it would be powerless against the aspirations of Turkey without Russian support. The present friction may easily cause serious trouble in the near east.

MIDDLE WEST HAS THE BEST

Illinois and Notre Dame Without Superior.

BY LAWRENCE PERRY

(Copyright 1924)

New York, Nov. 4—Illinois and Notre Dame have improved their positions as the two strongest teams in the country at the present time. California, victor on Saturday over Southern California, might dispute this. But the writer is advised by an easterner who has been scouting in the middle and far west that while California is improving steadily she is not at this date warranted to a place in Illinois' class.

Were Illinois and Notre Dame to play next Saturday what would happen? No one ever can tell what will happen in any football game; breaks and all sorts of things are to prone to occur. This, the writer thinks, however, may be said—it would be a scoring game. Illini would find Layden, Crowley, Miller and Struhldreher very difficult to stop when the opportunity for score was in sight, but the chances are that Grange, McIlwain, Hall and Britton would receive more help from their linemen and thus would score oftener.

ILLINOIS LINE.

In other words the writer who has seen both elevens believes that the forwards of Illinois in their blocking and interference would play a more definite role in helping their backs than would the South Bend linemen who nevertheless are very good at this themselves.

There is too much of a tendency to give all credit to the backfield of a winning eleven and little if any to the line. But more and more in this modern game of football backs, however good, are not doing a great deal of consistent gaining without the material assistance of their forwards.

Nebraska's backfield has been receiving a great deal of credit for stopping Grange. What stopped Grange in that game more than anything else was a big, powerful, well coached set of forwards. They refused to be put out of the way. Of course Illini's line work then had not developed to its present efficiency but just the same those Nebraska forwards and of course, the men back of the line, should be credited with turning in a masterly piece of work that early October Saturday.

Mrs. Poe's Death "From Automobile Accident."

Shelbyville, Nov. 4— The coroner's jury that inquired into the manner of death of Mrs. W. H. Poe, who was killed Sunday evening in an automobile collision eight miles east of this city, returned an open verdict of "death from an automobile accident." The members of the jury, which was impaneled by Coroner Sam Whiles, were John Smith, Harry Hartsell, Ralph Jackson, E. L. Templeton, Ted Winson and Bruce Garvin.

The funeral of Mrs Poe was set for Tuesday afternoon at the family home in Windsor, with burial in the Windsor cemetery.

FIRE DAMAGE.

The home of Mr. and Mrs George F. Rhoads on South First street was slightly damaged by fire about 8 o'clock Monday morning. A small blaze was noticed on the roof by Dr. W. L. White as he was passing. This was reported at once, and Mr. White and Mr. Rhoads succeeded in extinguishing the fire with a small garden hose. The fire department was called but the fire was subdued before it arrived.

The fire department was again called late Sunday evening to the Miller building to pour water on some timber that was still burning. The fire was not serious, only from the damage that might have come from flying sparks

TOOLE-HUGHES.

Leo M. Toole of Mattoon and Miss Geneva Lee Hughes of Herrick were united in marriage at the Catholic church in this city at 5:30 o'clock Saturday evening by the local pastor, Rev. L. H. Winking. Frances M. Tripp and Miss Virginia Fogel of Herrick were witnesses to the ceremony.

Mr. Toole is a son of Mr. and Mrs. Timothy Toole of Mattoon His bride is a daughter of Mr. and Mrs. Jistin Lee Hughes of Herrick. The couple went to St. Louis for a short honeymoon. They will make their home in Mattoon where Mr. Toole is employed as a machinist.

MIDDLETON-BANNING.

Virgil Middleton, Charleston, and Mabel Banning, Cowden were granted a marriage license at Sullivan on Wednesday, Oct. 29.

During the month of October twenty-one marriage licenses were issued by the county clerk's office of Shelbyville. Only eighteen were issued during the same month last year.

Dr. W. T. Moffett of Shelbyville has just been appointed captain in the Medical Section of the Officers Reserve Corps of the army. Dr. Moffett is a World war veteran, having served in the Medical corps as a first lieutenant during the late war.

JOHN D. HASN'T ENOUGH GAS TO GET TO HEAVEN

Tarrytown, N. Y., Nov. 4—Nobody enjoys a joke better than John D. Rockefeller and he doesn't mind telling one on himself. This is the latest he is telling to his friends:

"I was up in the central part of the State this Summer to visit some of the spots where I spent my childhood. My car had stopped and I was looking around when an old farmer came up to the car and started to talk to me.

"He didn't know who I was. We chatted together for about five minutes and then he asked me where I was going.

"I'm going to Heaven," I replied with a smile.

"Get out." he said, 'you aint got enough gas.'"

Scouting Is Hurting Present Day Football

Well Known Baseball Authority Has Few Words On Great College Sport.

BY JOHN B. FOSTER.

(Copyright 1924.)

New York, Nov. 4—Unless the system of intensive scouting is discontinued soon, the game of football will resolve itself into one so monotonous, so devoid of spirit, so stripped of the element of chance that it will lose its grip on its followers and turn them into indifferent partisans of the sport.

It is the system of scouting, now so prevalent, which is rapidly tending to transform football into what the late Percy Haughton, in his last talk with the writer, so aptly designated "the game of one play." The scouting method has gone far beyond its original intent, changing football from a pastime of give and take on the first meeting of two teams, to one of pre-understood arrangement and formations which the two teams are attempting to recognize as quickly as possible, and for which they have arranged their defense.

PLAYS ARE KNOWN.

It no longer is a pastime in which two elevens trot on the field ignorant of each other's plans, and try to discover the other's weaknesses and then win. The result is lack of personal initiative—more and more machine-like precision. The coach dominates the eleven more and more, by drilling into it what it must do under every anticipated set of circumstances.

In two games that have been played in the east this year, both of which temporarily had their import[illegible] in that they might establish a certain rating of the elevens, there is no doubt that effective scouting and thoroughly penetrated the attack of the defeated elevens and that the teams which won knew practically every play they had to cope with.

Had the players obtained that information by experience during the game and then won, that would have been sport. But they didn't. They had received it from "scouts" who had studied the opposition in advance and given them the information.

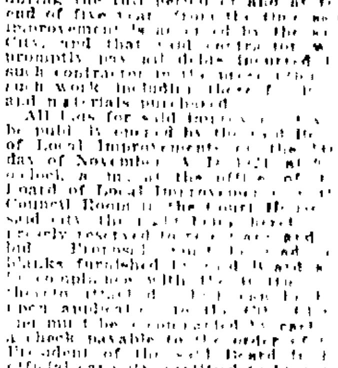

MUST KEEP FACE.

The fact that scouting is as fair for one team as for another has nothing to do with it. The trouble is that over-scouting is putting a blanket on football that is deadening it—and no one was quicker to recognize it than Percy Haughton, although he too, like all the rest, was obliged to use scouts in self-defense.

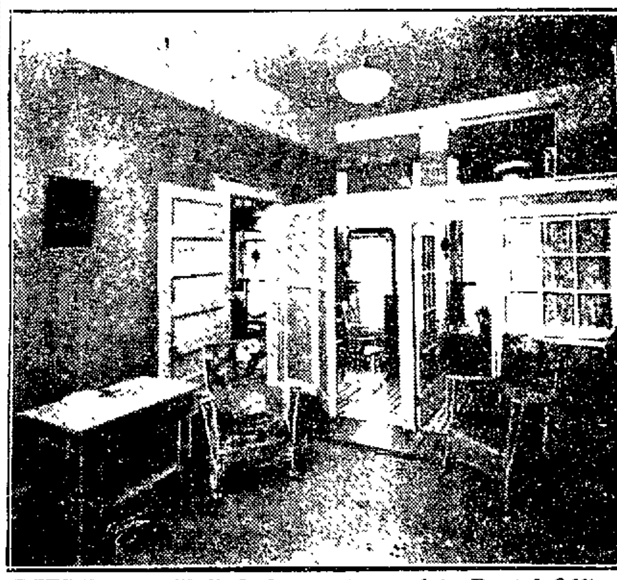

The head coach of one of the most important western colleges once told the writer that he had a book of information which detailed every play and every move of every individual on all the teams his eleven was to play. He seemed surprised when asked if that was regarded as high class, spontaneous sport and replied: "They'd do it against you."

That is the big trouble—every coach has to send out his scouts to keep step with his rivals who in turn send out scouts to keep step with him. And in the meantime football is suffering. There is no [illegible] in that sort of thing. It's plain [illegible]ness, [illegible] nothing more nor less.

KU KLUX KLAN BIG ISSUE IN KANSAS

Topeka, Kan., Nov. 4.—Animosity aroused over the Ku Klux Klan issue, combined with fair weather and good roads were expected to bring out a heavy vote in Kansas today.

The windup of the campaign added new fuel to the klan controversy with eleventh hour charges by Fred Robertson, Democratic state chairman, that two Democratic campaigners had been suspended from the klan for working against U. S. Senator Capper, Republican candidate for re-election and B. S. Paulen, Republican nominee for governor, countered by a denial from the grand dragon of the Kansas realm.

MICHIGAN'S MILLION VOTERS TO POLLS

Detroit, Nov. 4.—Michigan's more than a million voters had a perfect day for voting today. Two constitutional amendments—one aimed at parochial and private schools, the other to impose a state income tax divided interest with the state and national ticket.

SOUTH IS SEEING TRADE REVIVAL

Atlanta, Nov. 4.—The bank clearings in this city in the last month reflect a tremendous impetus given retail and wholesale trade and manufacture by the largest and most profitable crop grown in the southeast in the last four years. Ginnings in Georgia alone have passed the 700,000 bale mark or 100,000 more than the 1923 total.

State Agricultural Commissioner Brown is negotiating for the establishment of a large calcium arsenate plant on the Georgia seaboard. Consumption of the boll weevil poison increased 500 percent in 1924. Holiday goods are being bought freely by retailers. The cane grinding season is now on in full blast. The crop was hindered by a long drought.

FARMERS BUYING FEW LUXURIES

Chicago, Nov. 4—Farmers are buying few luxuries, and are not expending a great amount of money on necessities, seventy letters from as many farmers in Illinois show. The letters were from "radio reporters," who furnish the information of the Illinois Agricultural association with material for radio programs.

Information obtained from the reporters indicates that the farmers are buying no luxuries, a few autos, practically no silos, a very few homes and barns, and some fencing.

Other information contained in the letters indicates that farmers get the most enjoyment out of radio features that make them think; they prefer "snappy music;" they want radio market reports on time and they prefer their weather reports while they eat dinner; they want "less static and less complaint from politicians of the derilictions of other politicians.

COOLIDGE'S FATHER CASTS HIS VOTE

Plymouth, Vt., Nov. 4—Colonel John Coolidge, father of the president, was the first to cast his vote when the polls opened in this town, the president's birthplace.

Colonel Coolidge refused offers by several persons to drive him in an automobile over the mile of hilly road that separated the Coolidge home from the polling place in Frank H. Moore hall at Plymouth union. He hitched up his horse and buggy and drove to the hall accompanied by his housekeeper, Aurora Pierce. There the two ballots were deposited in boxes improvised from butter pails. It has become a tradition in Plymouth that Colonel Coolidge will cast the first ballot on election day.

Neighbors of the president's father said today that one man had announced his intention of voting for Davis in order that Plymouth might not go solidly for Coolidge.

There are 214 registered voters in the town of whom one-half are women.

TUSCOLA STORE IS BURGLARIZED

Thieves Take $500 Worth of Clothing.

Tuscola, Nov. 3—Leon Reinheimer's clothing store was burglarized Friday night and merchandise amounting in value to about $500 was carried away by the burglars, who left no clue. The store was entered through a rear window, from which part of a pane of glass was broken and a couple of iron bars "jimmied." The aperture was not more than twelve inches square, which would have made it impossible for a large person to have entered that way, and was so high that the first person who entered must have been boosted up by others. The "jimmy" was found in the store.

The loot taken included seven or eight complete suits of clothing, two pairs of men's shoes, two overcoats, a dozen shirts and other articles of clothing. The burglars left by the front door, which was found standing partly open, and there were indications that the thieves changed their clothing at the rear of the Farmers State Bank, where there is a secluded corner almost entirely enclosed by buildings.

QUIETLY MARRIED.

Word leaked out here the last of the week, of the marriage on Thursday in Champaign of Mrs. Effie Belles of this place to J. H. Trogden of near Paris. Both are people of a little past middle age and both have been married before. Mrs. Belles has lived in Tuscola for several years, while here children have attend the Tuscola schools. During the last summer, while her oldest son, Byron was farming a part of their estate, she leased her home in town and went to keep house for Byron on the farm. She is well known here as an estimable woman. Mr. Trogden is not well known here, but comes from a fine family and is reported to be a man of excellent reputation in his community. He owns a fine farm near Paris. While the couple have not made their plans known to the public, it is understood that owing to the fact that Mr. Trogden's farm is rented for the present, they will for a time at least make their home on the land of the Belles estate, southeast of Tuscola.

LARGE CONGREGATIONS.

Good-sized congregations were the rule in the Tuscola churches Sunday, and there were the regular Sunday services in all of them so far as could be learned, except at the North Side Christian. Their pastor is engaged in a revival service at Arthur, and they had no preaching. Their missionary women will meet Friday afternoon with Mrs. Charles Burmeister. On next Sunday at that church they will observe "Birthday Sunday."

"TERIAS" GALORE.

At the Presbyterian church, the Ladies Aid will meet with Mrs. Bierfeldt Friday afternoon. The men's club of the church will serve a supper at the Chamber of Commerce room Thursday evening, beginning at 5:30, as a benefit for their fund. The general public is invited. The affair has been designated as a "Cafeteria," "Pigeteria" and "Goateteria," a calf, pig and goat having been donated by members of the church.

At the South Side Christian church, in addition to the regular program for the week, the missionary women will meet Thursday afternoon at the home of Mrs. James Murphey. Mrs. Ida Timm will be the leader of the lesson study.

At the Baptist church, the regular monthly business meeting will be held Wednesday evening in connection with the mid-week service. The work of remodeling their church building is practically complete, and Sunday, Nov. 16 has been set as the day for the re-dedication.

At the Methodist church, the Young Woman's Home Missionary society will meet Monday evening with Miss Cecil Smith. Sunday school class No. 20 will serve hamburgers and coffee at the C. A. Vest store Tuesday evening. The Junior Missionary Society will hold a pot luck dinner at the home of Mrs. Walter C. Hacket at 1 o'clock Friday afternoon. The dinner will be followed by the regular meeting of the organization at which time Mrs. L. O. Hackett will be the leader of the lesson study. Next Sunday will be observed as "Old Folks Day," when a special effort will be made to have all of the elderly people in attendance.

BIBLE TRAINING.

A Bible training class has been organized in the town, made up from people of all the churches. The first meeting will be held Monday evening at 7:15 in the Methodist church. All of the meetings for the month of November will be held there. All are invited to join the class. A Miss Daniels, who is a returned worker in the Near East Relief, was here Sunday and made short talks in the various churches in the interest of that work.

WEDDING INVITATIONS OUT.

Mr. and Mrs. Wilmer L. Murphey of this place have issued invitations to the wedding of their daughter Florence, to John Deering Cannon of Chicago. The wedding will take place Saturday evening, Nov. 15, in the South Side Christian church. Joseph Cannon of Chicago, the father of the bridegroom-to-be, in company with Mr. Genung of Urbana, who is his nephew, were callers at the Murphey home Sunday, after having visited the Dad's Day football game in Champaign Saturday.

MANY AT CLUB.

There was a fine attendance at the general meeting of the Tuscola Woman's Club Saturday afternoon, when Mrs. L. Belle Goodman of Champaign was the speaker of the afternoon. Mrs. Goodman's address was on the matter of voting, and instructions on voting at the general election on Tuesday. Music for the meeting was furnished by Mrs. Gladys Rasor who gave piano selections. The members were urged not to forget "Hospital Donation Day" and "Doughnut Sale Day," to be held in connection with the bargain sale day of the merchants Wednesday, Nov. 5. The president suggested that each lady bring a basket filled with articles for the hospital to the Chamber of Commerce rooms, and then take the basket home with them filled with doughnuts. New members taken into the club were Mrs. Ruth Fuller, Mrs. Ella Dearduff, Misses Frances Wilson, Blanche Monger and Edna Silver. The latter three will enter the Business Women's department.

FROM THE HOSPITAL.

The Waddington invalid coach was called into service on Saturday evening to take Mrs. George Coley from the local hospital to her home. Mrs. Coley is suffering from dropsical trouble and has been in the hospital for a few days for observation and treatment. Walter Schaffer, Jr., of this place who recently underwent an operation for relief from appendix trouble, was also taken to his home on Sunday morning.

JOHN T. STIFF BURIED MONDAY

Services At Baptist Church in Hndsboro.

Hindsboro, Nov. 4—The funeral services for John Stiff, whose dead body was found Sunday evening after eleven months' disappearance, were held at 2 o'clock Monday afternoon at the First Baptist church in Hindsboro. Rev. J. A. Modelin officiated. Burial was made in the Van Voorhis cemetery west of the Stiff home, and a short distance north of Hindsboro.

John T. Stiff, son of Wilson S. and Arabella Stiff, both deceased, was born in Morgan township, in Coles county, Ill., on May 1, 1883. He resided in that county and in Sargent township in Douglas county practically all his life. On Dec. 24, 1902, he was united in marriage to Miss Minnie Frantz, at her home near Bushton. Three children, all of whom survive, were born. They are Miss Irma Stiff and Lloyd and Orville Stiff, at home. Three brothers, W. Shan Stiff of Charleston, Frank Stiff of Charleston, and W. R. Stiff, of Webster City, Minn., and three sisters, Mrs. R. N. Rankin of Bushton, Mrs. T. Harrell of Greenup, and Mrs. Linnie McGregor of Merkle, Ind., also survive. His mother, Mrs. Arabelle Stiff, passed away on November 23, 1923, just a few weeks previous to the time he was drowned. His father died about twenty years ago.

NEARLY DROWNED AS BABY.

Mr. Stiff, when but two years of age, came near losing his life by drowning, when playing with a bucket and rope at a well on the farm on which they then resided, which was near Bushton. He held to the rope, and in some manner the bucket fell into the deep well, taking him down. His mother, hearing his scream, ran to the well, and with the rope she let herself down to the surface of the water, where she held him safely until assistance arrived. For many days Mrs. Stiff was unable to use her hands because of the severe burns she received in letting herself down the well.

Y. W. C. A. SPURNS EDUCATION WEEK

Says Legion and Militarists in Charge.

New York, Nov. 4—Coincident with publication of communications which Commissioner of Education J. J. Tigert, in which it was charged among other things that the promotion of national education week Nov. 17 to 23 had been "turned over to a military organization" (the American Legion) the American Civil Liberties Union announced last night that the national board of the Young Women's Christian association had "declined to participate in the movement."

The announcement was made by Roger N. Baldwin, director of the Union who said the information was conveyed to him in a letter from Mabel Cratty, general secretary of the Y. W. C. A. He said that Miss Cratty wrote him the decision was made "because of certain elements in the announced program inconsistent with the position of the organization's national board in regard to world peace and international co-operation."

"ZR-3" HERO PUTS ONE OVER ON FOLKS

Hinckley, Ill., Nov. 4—Major F. M. Kennedy, only Illinoisan of the three American officers who made the trans-Atlantic flight in the ZR-3 stole a march on the "homefolks" here last night.

Over a thousand of his fellow townsmen and neighbors were at the railroad depot last night to meet the train on which he was expected to arrive from Chicago. It arrived without him and the disappointed crowd began breaking up when he was discovered waiting in an automobile. He had come home unannounced last Saturday and quietly remained at his father's home until last night.

Later at the banquet in his honor, Major Kennedy briefly described the trans-oceanic flight.

Says He Can Do More Good Outside.

Oregon, Ill., Nov. 4—(AP)— Frank O. Lowden, former governor of Illinois, Monday in replying to farm organizations seeking to recommend him to President Coolidge for the post of secretary of agriculture, stated that because he felt he could be of more help to farmers outside the department than at its head, he should, if the position were tendered him, feel it his duty to decline.

The former governor, who declined to be the Republican nominee for fice president even after it was voted him by the Republican national convention last June, telegraphed his reply to organizations who requested his permission to indorse him to succeed the late Henry O. Wallace.

All for Satisfaction—and Satisfaction for All

Don't think of The Review's A-B-C Classified Section as a medium of benefit to but one group of people.

It satisfies everybody!

With its well-regulated columns brought to the very last degree of scientific and systematic efficiency—it benefits, in equal measure, the working man, the professional man, the business executive, the housekeeper—and so on.

And classified service also is equally beneficial to both the advertiser and the answerer.

It is simplicity itself to understand why this is so. You have something I want—and I have something you want. We swap. We both profit.

We're both satisfied.

And that's what classified advertising service is—all for satisfaction and satisfaction for all.

Expect Record Vote In Macon County

Lines Form Early In Some City Precincts, While Others Get Slow Start.

A steady stream of voters at practically every precinct in Decatur gave indications early Tuesday that a record vote would be cast in Decatur and Macon county.

It was clear and cool and interest was intense. The apparent closeness of the Small-Jones race for governor was one of the main discussions.

Scratch ballots were freely discussed and predictions were that judges would have a lengthy time counting.

LINES FORM EARLY.

In several precincts a large crowd was on hand early to vote, and long lines were formed. In others, there was no one waiting. Women were not especially numerous; it was expected that most of them would vote in the afternoon.

A heavy vote for Jones was reported in the west end, but the east end appeared to be strong for Small.

SWEARING IN VOTERS.

In some precincts many voters were being sworn in who had not registered. The procedure varied with the individual election judges. Some wrote names of such voters in the registration books without question, if known to them as being residents of the precinct. On the other hand, J. L. McNulty, judge of election in the thirty-fourth precinct, was requiring all unregistered voters to be sworn in with a testimonial by a property owner living in the precinct, and requiring the election judges to sign the declaration. This is the strict interpretation of the law.

There were few challenges of non-registered voters by party workers.

PRECINCT REPORTS.

Reports of voting follow:

Fourteenth precinct, down-town, 389 voted by noon, out of 1100 registered.

Twenty-fourth precinct, Fairview Park, big vote out; 200 by 10 a. m., out of 850 registered.

Twenty-fifth precinct, west end, heavy vote; 425 voted by 10:30, out of 1200 registered.

Fifteenth precinct, west end, had 100 voters by 8 a. m., out of 720 registered. The polls were crowded early. It took one man thirty-five minutes to vote.

Twenty-ninth precinct, east end, 205 voters out of 1560 registered, by 10 a. m., but voters were coming fast. At that time there was a line waiting, fifty feet long. Many men from the shops were driving up in cars.

Twenty-seventh precinct, east end. Vote not large; 230 out of 1030, at 10:30 a. m.

Thirty-second precinct, southeast, fairly heavy vote; 327 out of 1229, at 11 a. m.

Thirty-third precinct, south east, heavy vote; 425 out of 1800, at 11 a. m. They were voting fast, and a line was formed.

Thirty-fourth precinct, south east, light vote; 276 voted by 11:30 a. m., out of registration of 1070. Many were being sworn in.

Election Notes.

They were voting early and fast at the thirty-third, 206 South Broadway, with 424 ballots cast at 10:45. The registration in this precinct totals around 1800. Twenty-five or thirty were in line when the polls opened, and by 8:30, 140 had been voted. As many women as men were voting.

—:—

One hundred and twenty were voted at a stretch, at the opening of the polls in the twenty-seventh precinct, Dain's store, 900 North Lewber. Then there was slower business, with only 200 voted at 10:30.

—:—

With a registration around 700, 117 had voted in the thirtieth at 10:40.

—:—

Forty-seven were voted immediately after 7 o'clock at the twenty-eighth, the Decatur Pie Company's place, 1050 East Condit. Lots of shop-men went to the polls before going to work. By 10 o'clock 123 had been voted. The judges hoped to get the bulk of the voting done by noon.

—:—

Thirty or forty were waiting at the ninth precinct voting place, 1579 North Water. A total of 191 had voted by 10 o'clock.

—:—

At 10:20, 210 had voted in the twenty-sixth, the No. 4 Garage of the Sinclair Oil company. At that hour five women and children were waiting in line and all the booths filled. More than 1,000 are registered in the twenty-sixth.

—:—

One third of the votes in the seventh were being cast by women. The first hour was mighty busy, 144 casting their votes, and 177 had voted at 9:45.

—:—

There was a long line waiting for the polls to open at the fifth, 604 East Condit, and by 8 o'clock 99 had voted.

—:—

Mrs. E. T. Evans cast the first vote in the nineteenth precinct, Morris' garage.

—:—

No waiting line was reported when the third precinct polls opened, but 74 had voted soon after 9 o'clock.

—:—

A dozen people were waiting for the beginning of business in the second precinct and at 9 o'clock 76 had voted.

Paper badges bearing the inscription "Vote 'Yes' for Good Roads Issue" were being worn by many voters.

—:—

At 10:30, 151 votes had been cast in the thirty-first precinct, 626 West Wood[illegible]th about 375 registered voters [illegible] heard from.

—:—

When the officials down in fourteenth precinct voting place, 331 North Main street, heard that 424 ballots had been cast in the thirty-third, Bernard Bradley said "We must do better next time. More voters in the good old fourteenth."

Judge S. T. Keeler voted in the eighth precinct. He was looking pretty feeble and admitted that he didn't feel very fit. But he couldn't break his record of voting in every election since he's been of age.

—:—

The officials were busy until 9:30 with a constant stream of voters in the tenth, and at 10 o'clock 159 had cast their votes.

—:—

They were handling them in cafeteria style at the eighth precinct voting place, Buckles' garage, 1700 North Union. It is easy to get around there. Three a minute voted in the first hour. During the first forty minutes, 129 votes were cast. This would seem to indicate straight tickets. Mrs. Lillie White and Mrs. Gertrude Cain were having their first experience as clerks and up to noon were enjoying the experience. Some of the old-timers wondered how they would enjoy it after supper.

—:—

The fourth precinct voters found themselves shunted over to Campbell's Sheet Metal Works at 1036 North Water, instead of Cooksey's barber shop, 1033 North Wtaer, where it had been announced the polling place would be. The new place is bigger, and 109 votes had been cast at 9:20 o'clock.

—:—

Lots of husbands and wives came together to the sixth, N. E. Davis' garage, 1444 North Water, but they paid no attention to each other after they got inside. Mrs. Mary L. Scott is having her firts experience as a clerk. Mrs. Leona Lilly and Miss Lillian Pollard have had previous experience. Mrs. Ethel Davis is tallying. Making quite a galaxy of fair ladies for the reception of the voters. Up to 9:30, 162 had voted. The small ballots were being voted, not destroyed, as was reported in some precincts.

—:—

Somebody called up Myrna Sharlow, who has been a friend of Mr. and Mrs. Charles G. Dawes for many years. The question was: "Is either Mr. or Mrs. Dawes a Catholic?" The answer was: "Neither. They are Protestants and Mrs. Dawes is a strong worker in her church at Evanston."

—:—

Placards bearing prints of cuts of Jesse L. Deck were on posts rights at the dead-line at each election precinct.

—:—

Voting had been good up to noon in the sixteenth, Downey's monument works on Greenwood avenue, with 165 ballots cast. The registration list calls for 450 votes.

—:—

There was surprisingly little electioneering going on near the polls Tuesday morning.

Few scratched ballots had been cast up to noon in the northeast part of town. This opinion was borned out by the speed with which the balloting was being done. It doesn't take more than a minute to put a cross in a circle.

MOTOR CLUBS TO JOIN THE A. A. A.

No Other Alternative Is Left.

Most downstate motor clubs in Illinois will sever their connections with the Illinois state association and join the A. A. A. There is nothing else to do, no other alternative. The A. A. A. and the N. M. A. have merged or rather the A. A. A. has swallowed the N. M. A., but it has barred motor clubs affiliated with the N. M. A. or affiliated with associations that were connected with the N. M. A. Such was the Illinois state association.

MUST QUIT STATE ASSOC'N.

The Decatur Motor Club has stayed out of it through loyalty to the state association. The state association has stayed out of it through loyalty to the component clubs. Now they have reached the parting of the ways. If the individual clubs would become members of a national association they must quit the state association. This will destroy the association, but there is no other way out of it.

The Decatur club has appointed a committee with authority to act in this matter. They have thirty days in which to make up their minds. However, they have only one thing to make up their minds to do and that is to sever their connection with the state association and join the national association.

ALL G. O. P. JUDGES IN 27TH PRECINCT

Democrats Say Treatment Unfair.

CAUSES MUCH FEELING

One Judge Absent Causes Appointment.

A dispute over the Democratic judge of election in the twenty-seventh precinct, on the northeast side, was causing much bitter feeling between Republicans and Democrats Tuesday morning. Charges of unfairness were made against August Pickus, Republican judge of election in the precinct, who, it is alleged, named a Republican to represent the Democrats as the third judge.

The trouble started over the fact that Charles Yobski, who was named by the Democratic central committee before the county clerk to be the Democratic judge in the twenty-seventh precinct, in accordance with the law, was later stated to be a Republican. At any rate, he did not report to the precinct Tuesday morning.

PICK JUDGE.

In the absence of a judge for the Democrats, minority party, the choice depends on the other two judges, Republicans, who are required by law to name a person of the opposing party. August Pickus and Louis Fuhs, the Republican judges, therefore proceeded to name William Besalski, 1613 East Locust street, as the Democratic judge. The latter, in turn, picked his clerk, Herman Bessell, 975 North Jordan street, to represent the Democrats.

SAY THEY ARE G. O. P.

But these two men, Democrats state, are not Democrats. They have never been known to vote the Democratic ticket. V. B. Hoffman, Democratic committeeman for the twenty-seventh precinct, swears that the two men picked by Judge Pickus are Republicans, and not Democrats. This statement is also made by J. E. Reasor, 1331 East Condit street, and Oscar Mier, who lives in the Gebhart addition. They say that Besalski and Bessell never were Democrats.

When it was known that Yobski would not serve as judge, Reasor and Mier were given credentials by the Democratic committee to act as judge and clerk at the precinct. When they appeared at the polling place at 6:00 a. m. Tuesday, however, Pickus refused to recognize them, and appointed Besalski and Bessell instead.

CALL IT INJUSTICE.

"This is a case of absolute injustice," stated J. M. Allen, Democratic county chairman, Tuesday morning. "Mr. Pickus knows that his two men are not Democrats, but he refuses to allow us a Democratic judge and clerk as provided by law.

"Under the law, we have no recourse. When a vacancy occurs as in this case, we have to depend upon the fairness of the two Republican judges to name a man for our judge who is actually a Democrat."

The contention of the Democrats is supported also by the fact that E. Strahle, a La Follette challenger in the twenty-seventh precinct, states that Besalski and Bessell are not and never have been Democrats.

Many Protests On Big Precincts

1800 Registered in 33rd, Enough for Three.

Plenty of protests were heard in the big precincts where from 1,000 to 1,800 voters are registered against the stupendous task of counting the ballots.

"We'll be working until tomorrow night," said one clerk in the thirty-third. "It's a shame to have a precinct with 1,800 registered voters. I wish the fellows who put this up to us had to count the ballots."

It was agreed by the officials that 800 votes of the wall-paper-roll variety are enough for one group to count in any election.

Truck Crashes Into Residence

Tries to Avoid Collision with Ford.

A house, a fire plug, a Ford roadster and a Buick sedan were damaged Tuesday morning in a mix-up on the corner of East William and Illinois streets. In trying to avoid the collision with the Buick, the driver of the Ford hit a fire plug, standing about four feet high, on the southeast corner of William and Illinois. In trying to avoid a collision with the Ford, J. M. Coon, 1075 East Eldorado street, ran up over the curbing, over the walk leading to the house and into the front of the house, which is occupied by Mrs. Lottie Ryder, 1103 East William street.

CARS UNABLE TO STOP.

According to a neighbor who saw the accident, both cars were going too fast to be approaching the corner. Coon was driving south on Illinois, and the Ford, property of the Standard Oil company was going east on William. Both men applied the brakes but were unable to stop. The cars came together just before they came to the curbing and the Ford was pushed into the first plug and a tree which stands a few feet from the plug. The iron casing around the lower part of the plug was broken. The Buick went on up over the curbing, just missing a tree standing in the yard and knocking the top off the stoop on one side of the steps and then into the front of the house, breaking two of the weather boards completely and cracking several others.

The Ford received considerable damage and had to be hauled away, but the Buick received only a broken bumper and a bent fender.

None of the men in the cars were injured. J. L. Doolittle was riding with Mr. Coon.

MRS. O'NEIL IS STRUCK BY CAR

Evidently Joyriders Took Parked Auto.

Mrs. Jackliena O'Neil, 2145 North Water street, was struck and injured at the corner of Broadway and East North streets about 7:30 o'clock Monday evening by an automobile said to bear the license number issued to Mrs. Jane Rau, 1030 West North street. In case this was the correct car, then the car was evidently being driven by joyriders at the time.

FOUND CAR IN DIFFERENT PLACE

R. C. Rau took the car about 7 o'clock and parked it along the east side of Water street, just west of the Standard Life Building. He neglected to take the key out of the car. He went from there a block away to buy some cigars and then returned to the office of Attorney H. W. McDavid in the Millikin building. At 8 p. m., he found his car parked over on the west side of Water street, across from where he had left it. It was a Ford sedan.

The car that struck Mrs. O'Neil went on without stopping. People in another car nearby picked up the injured woman and removed her to the Decatur and Macon County hospital, where examination showed her injuries were not of a real serious nature.

Hallowe'en Social.

The Intermediate League of the Grace Methodist church will have a Hallowe'en social in the church parlors Tuesday evening at 7:30. All members are invited. Special Hallowe'en games will be played and refreshments will be served.

KIWANIS CLUB FOR ED WURGLER

M. C. Nelson Makes Masterful Plea.

It looks as if the country will be saved, after all. The Kiwanis club is for Ed Wurgler for sheriff. At the conclusion of a stirring speech in his behalf by M. C. Nelson, at the meeting of the club Tuesday noon, a vote was taken, which showed an overwhelming majority for the popular washing delivery-man. Not a man stood up for Otey Walker.

The event was a successful hoax on the Kiwanians. When President W. H. Wiley announced that Mr. Nelson had something to say on one of the matters being voted on Tuesday, the members sat back back to await a plea for the good roads bond issue, in consideration of his known casual interest in highways.

SOME DIRTY WORK.

"Some dirty work is being done by people in this election," began Mr. Nelson, "that should be repudiated by every good citizen. One of the most important questions is to be decided on today by the people of this country.

"I am going to ask you to vote right, and elect my friend Ed Wurgler. A vote for Otey Walker means that petticoats, and Aunt Peabody will be in power. A vote for Wurgler means the end of such domination. Do your duty."

ARTISTS ENTERTAIN.

When the excitement over this critical affair had diminished somewhat, the Kiwanians were entertained by Victor Young and Helen Davis (Mrs. Victor Young) in a delightful musical program. Helen Davis sang three songs to the accompaniment of Mr Young at the piano: "The Tea Kettle," "Caterpillar," and "Billy Goat."

Mr. Young made a brief plea for music, recalling the many men in this country, who though busy with afafirs, were lovers of good music. Among them were George Washington, who was a good flute player; Thomas Jefferson, one of the best violinists of his day; and Benjamin Franklin, who was a keen critic of music and invented two musical instruments. In the present day, Mr. Young mentioned Woodrow Wilson, General Dawes, and Thomas A. Edison as lovers of music.

"Edison concentrates on music as much as on his other interests," said Mr. Young. "Once I played for him six hours without stopping."

Mr. Young concluded the program with a piano medley of old songs, relections on the Ampico, and two folk songs written by him.

EVANSTON WOMAN AT MACON CO. HOSPITAL

Miss Rammel is doing some laboratory work in the hospital and then will go to the office of Drs. Smith and Parsons, as their assistant.

Membership and attendance—Mrs. C. Anderson.

Music—Mrs. Eva Lowe.

School beautiful and decorations—Mrs. Ida Stubblefield.

Social—Mrs. E. Pennington.

Each chairman is to name her own committee.

BOOKS FOR SANATORIUM.

The league will start collecting books for the patients in the very near future and all persons having books which would be of interest are asked to save them for the sanatorium.

The fifty new big freight engines purchased by the Wabash from the American Locomotive company for delivery begining next January, are going to be a bigger and heavier engine than the last batch of 2200s that were purchased and which are known as the K-3 type. In fact the new ones will not be so far behind the big 2500s.

These new engines will be known as the K-4 and K-5 type. They will be sixteen inches longer than the K-3s which will provide for future conversion into three cylinder engines. Five of the fifty will come with three cylinders but the other forty-five will be the regulation two-cylinder kind.

The new ones will carry 200 pounds of steam which will give them more tractive effort than the K-3 type. The five new three-cylinder engines will have a tractive power of 66,000 pounds which is almost as great as that of the 2500 or L-1 type and 5,000 pounds greater than the K-3. The new ones will also weigh 250,000 pounds on their drivers which is about 10,000 pounds heavier than the K-3 type on the drivers.

Through a misunderstanding it was printed in The Review Sunday that these engines were to be built by the Lima Locomotive works but they will be built by the American Locomotive Works, probably at the Schenectady plant.

No Pay For Time Off.

The announcement in the political columns Monday that Wabash employes would be allowed two hours off "with pay" for the election caused all kinds of business Tuesday morning for Wabash foremen and officials answering questions. Employes may take time off to vote but they are not allowed pay for the time off.

This has been the case for several years and it is said that the law which provided employes should be paid for time off, has been held unconstitutional. If it has, then whoever is responsible for having printed the regular official instructions for voting places, should revise these instructions. Sheet No. 2 of the printed official instructions still prints a portion of that law which says employes shall be paid for time off.

The death of S. H. Overholt, an old-time Wabash emloye, in St. Louis Sunday night after a short illness, was announced in a letter just received Monday at Wabash offices from G. B. Wabash trains between Decatur and Knights southwest of town, were using but one of the main line tracks Tuesday on account of the Decatur Railway and Light company putting in a new crossing at West Main street.

Wabash engines Nos. 507-599-429 and 2501 have just come from the Decatur locomotive shops after an overhauling.

Monday's business on the Decatur division of the Wabash amounted to 2306 loads and 987 empties in sixty-two trains.

Lawrence H. Glenns, former Wabash clerk, has taken a temporary clerical job in the I. C. freight house office at Decatur. It was necessary to put on this extra clerk for a time at least, owing to heavy business at the freight house.

The performance of Richard Strauss' "Don Juan" is especially commented upon as being an astonishment to orchestra followers.

SOLOISTS PRAISED

The soloists, Nora Fauchald, the soprano, and John Dolan, cornetist, come in for their share of praise. Their solo work is up to the standard of the band music, and adds much to the concert program.

WOMEN VOTED LIKE VETERANS

They Knew Who They Were For and Why

Did the women of Decatur need any help in voting in this election?

They did not. Women were instructed in any number of ways and women had been studying the sample ballots since they first were off the press. They studied not only that ballot and how to mark it but they have been studying every man on it for weeks. The League of Women Voters, the Woman's club, and other organizations have carried on an intensive campaign of instruction.

Women voted at all hours of the day. They began when they went to work in the morning and they were voting at noon, while they continued to vote until the polls closed. They came with their husbands, they came with their fathers, brothers and sons and they came alone.

NO HESITANCY.

There wasn't any hesitancy about this voting business when they reached the polls, and the only delay was caused by the unwieldiness of the ballot in the small booths. The women simply left any companion they might have and walked up to the table for their ballot. Receiving it they promptly went to the booth as an old hand and marked the ballot.

BETTER PREPARED.

"Women are as well prepared to vote as the men," said one woman recently.

"No, they are better prepared," was the answer she received.

Long ago the old statement that women would be voting as their husbands told them to was laid away with lavender and tender old memories, for the women are adhering to the parties in which their dads voted but they know all about scratching their tickets, entirely too much to please the "vote 'er straight" politician. Many of those ballots over which judges worked the hardest were scratched by the women.

LOCAL ELECTION WAS UNEXCITED

Not So Many Voted As Had Been Expected.

Aside from a dispute as to judges of election in the twenty-seventh precinct, on the northeast side, the election in Decatur passed without unusual incident or any sign of disorder. All was quiet and in order at all points in the city.

The vote was not as heavy as expected, although it was large. In spite of the good weather and the efforts of all parties to get out a large vote, there were many who did not make the trip to the polls. By noon about one-third of the registered voters had cast their ballots, and by the closing of the polls at 5:00 p. m., a large percentage had not voted. In general, about seventy per cent of the maximum possible vote was cast.

Women took a prominent part in the election, acting as party workers. Many drove cars all day, taking voters to the polls.

AS TO NUMBERS.

Some indication of the number who voted is given by the twenty-fifth precinct, on the southwest side, which reported 900 voters at 4 00 p. m., out of a total of 1200 registered. In the fourteenth precinct, 690 out of 1100 had voted one-half hour before the polls closed.

Early in the day and at noon time there was considerable congestion at the voting places. Many stood in line from a half hour to an hour before getting to vote.

NEED RE-DISTRICTING.

In commenting on this situation, John W. Evans, Republican county chairman, said, "The vote of today shows that there must be a re-districting of Decatur township. Also we must get away from operating under the general election laws and adopt an election commission. It has reached the point in this city where can have satisfactory elections only by compulsory registration.

"In many precincts today, seventy-five to 100 people were in line waiting one hour before being able to vote. This is due to the fact that hundreds of voters had not registered, and had to be sworn in. This delayed the vote and took the time of the election officials. The only relief is in compulsoary registration under an election commission."

The condition described by Mr. Evans was not general, however.

WROTE THEM IN.

In many precincts voters who had not registered were not required to be sworn in, but had their names written in the registraton books without formality by the elecion judges.

From all appearances, Judge Jones was getting enormous support in the west end, where hundreds of Republicans, i naddition to Democrats, were voting for him. But on the east side Small seemed to be the favorite.

"It is lucky for Small that he received the LaFollette endorsement," said a Democrat Tuesday afternoon. "He would not have had any chance at all, otherwise."

SMALL LEADS IN THE FIRST RETURNS

Chicago.—Governor Small was leading his Democratic rival, Norman L. Jones by approximately 1600 votes when 13 precincts out of 5,989 in the state unofficially had reported. The vote was Small, 3,600; Jones, 2,074.

Chicago.—Returns from 78 out of 5,989 precincts in Illinois on president give Coolidge 19,603; Davis 6,641; LaFollette, 5,643.

Chicago—The first Cook county precinct to report on Governor gave Small 124, and Jones 352.

Chicago—Judge Jones had a lead over Gov. Small in Winnebago county when two precincts unofficially reported Small 337 and Jones 493.

Chicago—Returns two precincts Kane county for governor: Small 480; Jones, 287.

Returns from three precincts in Peoria county for governor give Small 536; Jones 320.

Chicago.—Winnebago county also was the first to report on the gubernatorial race. One precinct gave Governor Small 149 and Jones, 137.

Chicago.—Returns from one precinct, McLean county, for governor: Small, 115, Jones, 85.

Chicago.—Returns from one precinct in Grundy county for governor: Small, 99; Jones, 14.

Chicago—Returns from one precinct in Stephenson county for governor: Small, 147, Jones, 91.

ALL IN LINE GOT TO VOTE

Judges at the various polling places in Decatur were instructed shortly before the polls closed that a ruling of Attorney General Brundage allowed all voters in line awaiting their turns at the voting places were entitled to vote.

Hundreds caught outside the polling places benefited by this order.

WURGLER LOSES TO WALKER

Extree! Extree!

The Wurgler victory is all wrong. He never will assume the honors of the office of sheriff of the Old Home Town.

Early returns indicated that Ed Wurgler was elected over Otey Walker by a vote of 1,023 to 736.

ED WAS PLEASED.

On the basis of this, Ed counted all his chickens, put on a white tie, and strolled down to the corner grocery to thank his constituents for their loyal support. Ed was all puffed up.

Later, while passing The Review office, he was saddened by a bulletin announcing THE ELECTION OF OTEY WALKER!

FROM ST JOHANNES.

This is how it was brought about: Just as the polls were closing, a ballot box was brought in from the St. Johannes School. When it was opened, it was found to contain 893 ballots, ALL FOR OTEY WALKER. This made the final vote 1,128 to 1,023 in favor of Walker

STUFFED

"It's a fraud!" was Ed's statement. "That ballot box was stuffed. There can't be so many people voting for that loafer, Otey Walker. I have always done my duty running the express wagon for my wife. I have obtained one of the best jobs in town for her, and deserve the support of the people."

After consultation with his party managers, Ed Wurgler stated that he would contest the election.

AUNT SARAH'S VICTORY.

Aunt Sarah Peabody, however, was enthusiastic over the victory for good government.

"This is a great day for the forces of law and order," she said to a Review reporter. "I want to thank the women especially for their support of the candidate of the Purity League."

Jed Hankins, who has trouble getting Bruno home every evening, was despondent.

"It means four years rule by a petticoat government," he said. "Things are bad enough as it is, but I suppose now all of us have got to go to work. It is a great blow to all good citizens."

OTEY IS FOUND

Otey Walker was found by a reporter in the cellar of his home, where he had gone for consolation when the first returns indicated his defeat. When apprised of his good fortune, he blurted out his confused thanks.

"With the help of the women and school children, one can do anything" was his statement. "Please thank them all for their kindness, I wish I could go out and do so myself personally, but I feel that a man's place is in the home—the lower part of it especially. I know that they will understand."

HOT WIND-UP.

The Old Home Town was all agog over the coup d'etat. Little groups of excited people stood about Steve's garage and the old livery barn, until the late hour of 9:00 p. m. It was the hottest campaign in years in these parts

Ed Wurgler Parade Only Election Eve Excitement

Old Home Town Band Out Leading March; Heavy Vote Being Cast.

Down-town Decatur on election eve would have been shamefully quiet, if it had not been for the exuberance of the campaign managers of Ed Wurgler, candidate for sheriff, who paraded his virtues up and down the streets. Assembling at The Review office, the procession tooted its way down Main street to Lincoln Square, where the Old Home Town band played a classic repertoire, leading off with "There'll be a Hot Time in the Old Town Tonight," and ending with a snappy version of "Wait Till the Sun Shines, Nellie."

Encouraged by the applause of the Transfer House denizens, the crusaders made another stop at the Republican headquarters in the Orlando Hotel. At this point Ed Wurgler (himself) took the stump, or rather the hood of his Ford, to make an impassioned plea for the support of all workingmen.

BLAMES SARAH PEABODY.

"Aunt Sarah Peabody is trying to cheat me out of this election by having everyone send their washing to my wife on Tuesday," he indignantly orated. "But we're going to fool them. I'm going to have her deliver the washing Wednesday. They can't keep me away from the battle ground of patriotism that-a-way."

At this point the Hootstown crowd attempted a bit of dirty tactics by getting the police to ask the paraders if they had a permit. Ed drew himself up to a proud height, however, and overawed the minion of the law.

CONTINUE MARCH.

Continuing up North Water street the Walker marching club drew cheers. A committee of the Purity League, however, which was picketing for Otey Walker, attempted to tear down the Wurgler banners, but were repelled with the loss of two sun-bonnets.

At the LaFollette headquarters Wurgler descended from his express wagon for another torrid outburst. He inveighed particularly against the Hootstown toughs under Boss Burkett.

"I have endeavored to keep this a campaign of dignity, as befits the high office to which I aspire," he shouted. "But if Burkett wants mud, it will be mud for mud and bricks for bricks."

NEAR-ACCIDENT.

A near-accident marred this entry for American Eloquence, when Walter Cloney, who was driving The Review Rolls Rough, set fire to his whiskers while attempting to light a campaign Camel. The blaze was extinguished, however, without the aid of the Old Home Town bucket brigade.

The hand-drawn express wagon, symbol of Ed Wurgler's humble occupation—delivering his wife's washing—was officially adopted as his campaign emblem, and several of them were in line. Ed's cronies from the livery barn, headed by Harold Kirkwood, were also in line in their full costume, with artistic banners and transparencies awakening the voters to the dangers threatening the Great Republic if Wurgler is not elected sheriff.

The procession made several rounds of the white light district of the city before it was dispersed by the sounding of the curfew, and Bruno 'got' for home, happy in the feeling that every dog has his day.

Heavy Vote Cast for Sheriff in Old Home Town

Actual counting of the ballots—by mail—in the Old Home Town election for sheriff began at 7 o'clock Tuesday morning.

Otey Walker was first to arrive on the scene. He admitted that he is sure of election. Aunt Sarah Peabody was right after him.

It was 8 o'clock before Ed Wurgler parked his wagon in front of the livery stable. It was rumored that Mrs. Wurgler was out electioneering against him Monday, stating that she couldn't afford to hire a boy to deliver the wash all over town. She refused Ed's suggestion that he'd assign somebody from the rockpile.

TOO BAD!

Somebody mailed her ballot under a one-cent stamp. Otey Walker paid the "postage due" to Jake Hill, postmaster, but was chagrined to learn the vote was for wurgler.

Ballots came by mail from Clinton, Sullivan, Shelbyville, Monticello, Gibson City, Forsyth, etc.

One vote for Ed Wurgler had written underneath "Aunt Sarah Peabody stickes here nose to much in Polltices."

"Betty's" vote was received.

A vote for Wurgler came in an Association of Commerce envelope, with this written at the bottom: "Otey is under Aunt Sarah's rule! No petty-coat government for us! Aunt Sarah will keep us out of smoking tobacco!"

William Schalla, giving his age as 9 years, wrote his vote thus: "For a Clean Town we want Otey Walker elected sheriff."

WURGLER A DEMOCRAT.

This letter came from Sullivan, signed Matt Dedman:

"Enclosed find my marked ballot in the Old Home Town election. You have failed to furnish any information as to the political affiliations of Otey Walker and Ed Wurgler, candidates for sheriff. But I would deduct from the prosperous look of Otey's campaign uniforms, torch lights and everything that he must be a Republican. And as Ed seems a little pinched for funds for necessary propaganda have concluded he must be a staunch Democrat, and as such I must give him my unqualified support, and suggest as our slogan "Work for Wurgler."

Old Man Burkett, of Hootstown, the present sheriff, went fishing this morning, taking the keys to the jail with him. He hesitated out by the dump long enough to remark in a loud voice, "I'll show them two beginners a few things before this election is over." "Boss" Burkett still thinks he's going to be elected in spite of precedent, law, and everything.

Both Ed Wurgler and Otey Walker have asured their friends that they will be at The Review office for the returns tonight.

The vote at the Talbott-Barly Motor company resulted as follows:

Ed Wurgler—27
Otey Walker—8.
Burkett—1.

CAUSTIC.

This letter came from Arcola, signed "Mrs. R. G. S.":

"As this sheriff election is not ruled by our state laws, I am guessing my vote will not invalidate by adding to it some remarks, as I feel so desirous of telling why (womanlike) I vote as I do. Wurgler has proved himself so near worthless I think the proper place for him is in politics. And I know of no office as suiting a worthless man as Sheriff's. Therefore I want Ed where he's best qualified. So I cast my vote for Ed. And let Otey spend his spare time entertaining Aunt Sarah."

POLICE NOTES.

Alonzo Monroe, 660½ East Eldorado street, was arrested Monday for possessing and transporting liquor. He was fined $36.30 by Justice Dickinson.

Dan Davis, aged seventy-six, of room 37, Gebhart block, was arrested on complaint of Florence Stuckins, who charged him with disorderly conduct. He is said to have acted ungentlemanly toward her.

Frank Deibert, 320 North Jackson street, was arrested Monday and taken to Springfield. He is said to be implicated with Murl Wood in the theft of an automobile in that city.

A new Chevrolet car stolen from Walter Hines Monday night was found Tuesday morning at Leafland avenue and Pine street.

The Chevrolet car stolen Sunday night from James Gregg of Cerro Gordo while visiting in Decatur, was found Monday night. Joy riders had taken it. They brought it to the intersection of Water and Division street Monday night and abandoned it there.

FINE PROGRAM OF AMERICAN MUSIC

Costumes and Pianos Fit in with Time.

From the quaint old melodies of Colonial days, with the old-fashioned spinet for accompaniment, to the modern day songs sung to the accompaniment of a big grand piano, with the Ampico, Helen Davis, soloist, and Victor Young, pianist, held the delighted attention of their audience at the high school auditorium Monday night, where they appeared under the auspices of the Roosevelt Parent-Teachers association in a program entitled "The Romance of American Music."

Costumes and stage settings added to the effect of the program, each of the four periods of American music being thus represented. The old spinnet of Colonial times with its sweet tones was of much interest to the modern day audience. When Miss Davis appeared for the first part of the program, the songs of Colonial days, she was dressed in complete Colonial costume, as was also Mr. Young, who wore a long black cape and a powdered wig. Several Francis Hopkins songs were included in this part of the program.

USE SQUARE PIANO.

In Group 2 music of the '50s was given, a feature of interest of this period being the old square piano used by the famous singer, Jenny Lind, when she came to America. Hoop skirt and poke bonnet featured the costume worn by the singer when she apeared for this group of songs.

Songs presented in Group 3 were mountain songs of Kentucky, Tennessee and West Virginia. These were exquisite old songs, to the collection of which Mr. Young had devoted much research and care. While singing the songs of this period Miss Davis wore a checked calico, representing the dress of the little mountain girl.

MODERN SONGS.

Group four was made up of modern songs. Miss Davis appeared in a gown of latest fashion for this group. One of her songs was the "Tea Kettle Song" a composition by Mr. Young.

The singer and pianist gave several encores to satisfy the demand of the enthusiastic audience. The charming personality of the two artists, as well as the marked quality of their work, added to the impression they made on the audience that heard them.

AUDIENCE NOT LARGE.

The audience at the recital was not as large as had been hoped for, and not as large as the worth of the program demanded.

Miss Davis and Mr. Young are appearing again Tuesday afternoon at a matinee recital at the high school auditorium, especially for children.

Following their recitals here, the old instruments used in their programs are to be on exhibition in the window o fthe Tmarson Piano house.

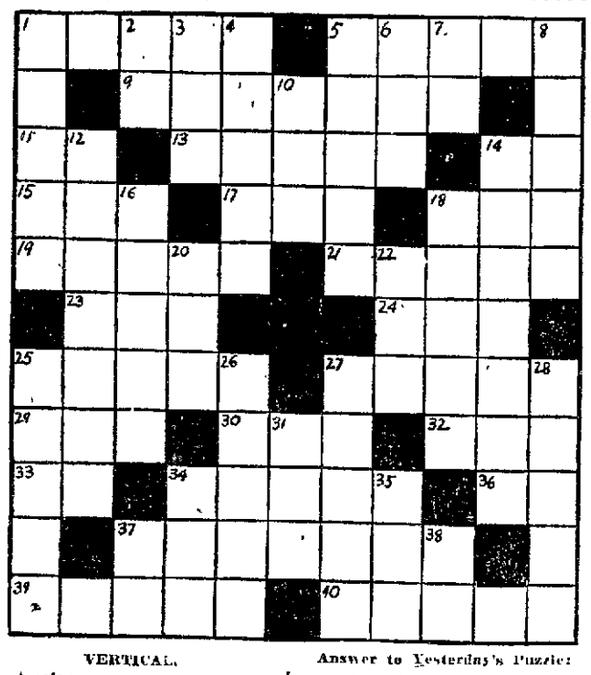

LEGION HAS 200 FLAGS TO SELL

Have Disposed of 800 to Earn Big Drum Corps.

But 200 remain of the 1,000 American flags that are being disposed of by Castle Williams post, American Legion to raise funds with which to equip a drum corps. Workers in Decatur and nearby towns have received a good response to their solicitations and indications are that the entire 1,000 and perhaps more will be sold, assuring the drum corps equipment.

Much interest has been aroused in Decatur over the plans for a drum corps that will be the largest in the United States and it has been indicated from several sources that there will be financial assistance given the project. It takes $15 to equip one man for the corps and it is expected that there will be several contributions from individuals or firms to help out.

CANDY COMPANY SELECTS DECATUR

Mewhinney of Terre Haute Selects City Because of Central Location.

Decatur has been chosen by the Mewhinney Candy Co., of Terre Haute as the location for one of its branches and Carl Kekelsen, formerly of Decatur has been assigned as branch manager and in the near future four salesmen will be put to work under his direction.

The Mewhinney Co. is an old established concern, having been engaged in candy making in Terre Haute for the last forty years. Besides the standard grades of candy that it manufacturers, the company does a jobbing business in bar goods and candy novelties.

The fact that Decatur is the intersection of Routes Two and Ten, giving access to all parts of the state, is the reason that the Mewhinney Co decided to locate its branch in Decatur, according to Mr. Kekelsen.

CURRENT TOPICS FEATURES TOPEKA

I. P. and L. Magazine Issues Another Rotogravure Section.

The November issue of "Current Topics," the I. P. & L. official magazine is out carrying articles of interest concerning the various cities and divisions in which the company operates. In this issue Topeka, Kan., carries the rotogravure section similar to the one that featured Decatur in the last issue. Other features are the account of the annual meeting of Missouri stockholders, the Danville division picnic and news and pictures from all divisions.

Miss Wysong's Will Filed.

The will of Miss Gertrude Wysong, admitted to probate Monday afternoon, leaves her entire estate to her sister, Miss Grace Wysong, who is also made executrix with bond in the sum of $5,000. The estate consists of an equity in some real estate and personal property valued at $2,500.

WILL PLANT TREE HONORING OGLESBY

Bird and Tree Club Sponsor of Memorial.

The Oglesby school grounds will have a memorial tree in the near future which the Bird and Tree club will place there in memory of Governor Richard Oglesby. The club is doing all possible to foster the plan of planting memorial trees that Decatur and Illinois may have quantity and variety. This tree will be planted in co-operation, it is hoped, with the Fathers and Mothers' clubs of the school.

The exact date has not been chosen but it is to be in a short time, probably about two weeks, and Attorney C. C. LeForgee is to be invited to make the address in memory of the former governor. Details have been left to a committee composed of Henry D. Spencer, W. F. Hardy, John W. Sanner, Mrs. G. J. Turney and Miss Charline Wood. The public will be invited to the ceremony.

A TULIP TREE

A tulip tree has been chosen for this purpose as it is a long lived tree a very beautiful one whose large leaves make deep shade and whose blossoms are attractive. It is a native of Illinois and therefore quite worthy of being a memorial representative. It was stated Monday evening that a fine specimen of the tulip is to be seen near the Lincoln marker on the Art Institute grounds.

The ginkgo tree a naturalized tree from Japan was discussed by Henry D Spencer. He had some of the beautiful fan-like leaves with him, their shape and delicacy giving the tree the name of maidenhair tree. The tree belongs to the Yew family and brought to the United States has become almost a native. Slow to fruit: those that are thirty or forty years old are now fruiting and scattering their seed. It is long lived but has not yet had an opportunity to show the age to which it can live in this climate although Mr. Spencer tells of such a tree in Japan that 700 years ago was big enough to hide a man behind its trunk.

The tree is excellent for city planting and there are a number of them in Decatur. Although having somewhat the appearance of an evergreen the tree does not belong to that class but holds its leaves until after the first heavy frost when they come down all at once.

TALKS ON BIRDS.

Jim Pettee talked on the subject of bird destruction and listed the enemies of the feathered tribe. It was brought out that the average domestic cat will have 240 birds to her discredit during the year and that crows are especially bad in that they eat the eggs and young birds, one crow's nest being found with as many as 3,000 shells beneath it.

WOMAN SLASHES RIVAL WITH RAZOR

Harriet Ragland In Jail, Mrs. Louise Cook In Hospital.

Harriet Ragland, 1021 East Cerro Gordo street, is in the county jail charged with assaulting Mrs. Louise Cook with a razor, with intent to kill. Mrs. Cook is in the Decatur and Macon County hospital, suffering from cuts that may prove serious.

About 6 o'clock Monday afternoon some one called police headquarters and said that one colored woman had almost cut another colored woman in two with a razor, at the corner of Hickory street and Railroad avenue. Mrs. Cook had been cut in various places about the face and arms and it was said that one gash extended almost across her chest. Moran & Sons ambulance was called and the injured woman was hurried to the hospital.

INQUIRED FOR MAN

According to the story told the police the women quarreled over Pete Winston. Mrs. Cook had been doing Winston's washing. Mrs. Ragland called on Mrs. Cook late Monday afternoon and demanded to see Pete. Mrs. Cook replied that Pete was not there. Mrs. Ragland insisted that he was or that Mrs. Cook knew where he was and they got into a quarrel that resulted in the cutting. The assault was witnessed by Mrs. Cook's fifteen-year-old daughter.

Besides the cuts on her face and arm, Mrs. Cook received two or three bad gashes in her body, one on the right side was about four inches long and three inches deep. It is thought that she will get well.

Seek Mrs. W. A. Neer.

Mrs. W. A. Neer, or Near, is wanted in Kansas City, Mo. Her son is seriously ill there. A message to that effect was received by the police Monday evening from Mrs. Neer's daughter in Kansas City, asking them to try and locate her mother and deliver the message.

PETTY OFFICER M. COOK

His Auto-Intoxication Had Nothing To Do With Volstead

Mr. M. Cook of 1236 Pacific Street, Brooklyn, N. Y., says: "I felt 'drunk' most of the time. My head was dizzy, I couldn't think clearly. I paid no attention to it until one day I dropped a coin and when I stooped to get it, I got so dizzy I fell in the middle of the street and was almost run over. I later found out that the cause of this condition was due to a sluggish liver causing FAULTY INTESTINAL ELIMINATION (constipation). This was promptly and effectively overcome by a short course of Carter's Little Liver Pills. They were a life-saver in my case. My appetite has doubled, my dizziness has gone, and my pep is great." Carter's Little Liver Pills have been recommended by druggists everywhere for 67 years. 25c a package.

NEW WHEAT NOT SUBJECT TO RUST

Winnepeg, Can., Nov. 4—(AP)—A new variety of wheat which will resist all attacks of rust, a species of Marquis which is said to yield from four to six bushels to the acre more than the ordinary variety, has been developed by Samuel Larcombe, a prominent grain grower of Birtle, Man. The new wheat has been tried out in areas in western Canada infested with rust and came through without damage, according to Larcombe.

Larcombe has been a Manitoba farmer for thirty years and in that time has won 2,000 prizes on wheat at Canadian and American expositions. He won the world's championship for wheat at the Peoria International Fair in 1917 and in 1918 the sweepstakes for the best individual farmer's exhibit as well as for wheat in the dry farming section of the International Soil Products Exposition in Kansas City

ILLINOIS HIGH SCHOOLS GROW

Springfield, Nov. 4—Growth in high school attendance in the last four years is the most outstanding educational event in the last twenty-five years, a development so unique that no educational leader or seer in all of the history of the profession could have foretold it, Francis G. Blair, state superintendent of public instruction said in the foreword to a set of standards for recognized high schools in the state, which he has prepared.

"Ten or twelve years ago certain critics of public education were parading the fact that the educational system broke down at the sixth grade, that children beyond the age of fourteen were running the streets or working in factories" Mr. Blair continued "The blame for this was usually laid at the door of the course of study or the quality of the teaching.

The Affair at Flower Acres

by CAROLYN WELLS

©1924 by NEA Service Inc.

BEGIN HERE TODAY.

Douglas Raynor is found shot through the heart in the early evening on the floor of the sun room of Flower Acres, his Long Island home. Standing over the dead man, pistol in hand, is Malcolm Finley, former sweetheart of Raynor's wife, Nancy, Eva Turner, Raynor's nurse, stands by the light switch. In a moment Nancy appears, white-faced and terrified. Orville Kent, Nancy's brother, comes in from the south side of the room. And then Ezra Goddard, friend of Finley; Miss Mattie, Raynor's sister, and others, enter upon the scene. Detective Dobbins heads the police investigation. An autopsy reveals that Raynor also was being systematically poisoned with arsenic. Lionel Raynor, son of Douglas Raynor by first marriage, comes to claim his father's estate. Now Nancy tells Dobbins that she believes Nurse Turner hated Douglas Raynor. "Do you think she shot him?" Nancy asks the detective.

NOW GO ON WITH THE STORY.

"No, Mrs. Raynor, I've not the slightest reason to think that. But I do think—if your story of your drug remedy is a true one—I do think it possible that she was administering the poison pellets."

"My story is true, Mr. Dobbins—oh, please, believe it! I knew my husband was secretly taking drugs—I found that soon it would become an ineradicable habit. Somebody told me of the cure—it was warranted harmless so I tried it on Mr Raynor. I reasoned that if it didn't cure him, it could do him no harm. And, too—

"THE GIRL'S NAME WAS EFFIE TALCOTT— AND IT MIGHT HAVE BEEN MISS TURNER."

I cannot tell you— I don't want to tell you, how unutterly cruel he was to me because of the drug."

"But I thought," Dobbins watched her closely, "I thought morphine made people merry and happy."

"Yes—but it was when he couldn't get the drug that he was so terrible. I had to hide it from him—and then when he couldn't find it, he— he became almost, like a maniac—he tortured me until I had to give it to him again."

"You poor woman' I don't wonder you wanted to kill him."

If this was a trap, Nan took no notice of it. She went on.

"I gave him the pellets quite regularly for a time—he not knowing it, of course. I could see no marked improvement in the matter of the drug habit, but I was alarmed at noticing symptoms that seemed to indicate that something was radically wrong. He became slightly anemic, was short of breath, and subject to intense thirst. I spoke of these things to Miss Turner, but she said I imagined them and that he was all right.

"I became more alarmed—yet I didn't like to speak to Doctor Saxton about it."

"Why?"

"I think the principal reason was, I feared he would attribute the conditions to the pellets I had been giving him— and I knew those were harmless—for I had had them analyzed by an expert chemist. So— I really don't know how I came to think of poison, but I did, and I bought a little, book telling about poisons and their antidotes. As I read it, I became convinced that Mr. Raynor was regularly taking arsenic into his system. I thought first of suicide—then I began to suspect Miss Turner of knowing something about it."

"And that explains, you think, the whole matter of the arsenic poisoning?"

"Don't you think so?"

"Frankly, I do not. I still think—pardon my brutal plainness, that all this is a fabrication of your own. First, poison pellets were found hidden in a vase in your bedroom. Again it either the drug, morphine, or the patent medicine you say you were administering had been found at the autopsy, your story might carry more weight. But no traces of those substances appear in the report of the operating surgeons. If you suspected Miss Turner, why didn't you accuse her at once?"

"As I told you," Nan spoke with difficulty, "I didn't— I don't exactly suspect her—I can only say— I don't entirely trust her. I hoped, if I threw away all the morphine and all the curative pellets, it would never be known that my husband indulged in drugs at all. I am sensitive about his reputation and I don't want the matter known. His sister would be most chagrined and mortified if she knew of it."

"Well, Mrs. Raynor, I can't think this is a time for such punctilious consideration of Miss Raynor's feelings, or even of your husband's weakness. Try to remember that you are under grave suspicion yourself, of having killed your husband, by poison, or by a shot, or both. Try to remember that your explanations and excuses, so far, have no real weight as evidence in your favor, and for heaven's sake, if you know anything definite or truly prejudicial to any one else, tell it—and help your own cause'"

Dobbins spoke emphatically.

"Now," he went on, "what I'm getting at is this If you have enough real doubt of Miss Turner, say so—and I'll go straight and hunt her down and face her with the question."

"I don't know—" and Nan's worried face showed deepest doubt. "It does seem so awful to accuse a poor nurse of crime, with so little to suggest it."

"Maybe I can add a little," and as the short, sharp tones fell on their ears, Miss Mattie glided into the room.

"I've been listening," she said, seating herself. "I make no bones of doing that, in any matter concerning my brother's death. I've heard all you two have said—and I must confess, Nan, I think you're pretty fine. I don't believe, now, you poisoned Douglas—I believe your story of the drugs and the cure—you see I know you better than Mr. Dobbins does. I am shocked, of course, to learn that Douglas hankered after morphine—it's disgraceful— but to my mind, it's a small matter compared with the question of who killed him. Now, I always disliked the Turner woman, and moreover, I always thought there was something between her and Douglas. I mean something that happened before she came here"

"That's what I want to get at," cried Dobbins, eagerly.

"Come to me, then," said Miss Mattie, calmly. "Mrs. Raynor is young and trusting—she's really unversed in the ways of women of the world. I don't say she didn't shoot my brother — she suffered. Lord knows! and in a moment of desperation— but that's not the point at present. If Nan didn't give Douglas poison— then Eva Turner did. My brother had a lamentable episode in his life about twenty years ago."

"With Eva Turner?" asked Dobbins, quickly.

"That I don't know. But the girl's name was Effie Talcott — and it might have been Miss Turner, under a different name."

Miss Mattie settled herself in her chair, almost as if prepared to enjoy the recital.

"It was when my brother was perhaps forty years old. He was a widower. Effie Talcott was a chorus girl, and Douglas fell madly in love with her. He had no idea of marrying her, but he lavished every attention on her.

"Well, one night they were driving out somewhere after the theater, and there was a motor accident. Miss Talcott's leg was broken and she went to the hospital. She was there nearly a year, and when she came out she did not exactly limp, but she could never dance again. Of course, this ended her stage career, and she turned to my brother for support.

"This he refused, and she brought a breach of promise suit against him. It was settled out of court, but the girl was not at all satisfied with the arrangements made for her, and she vowed she'd get even with Douglas sooner or later. My brother only laughed at this. But I heard that during her stay in the hospital she had developed an interest in nursing and had an aptitude for it. That is all I know —but, if you put two and two together—"

Miss Mattie paused.

"The Talcott girl would be about forty now, and if she has been a nurse for years, she may be a dietitian as well as any other specialist."

* * *

In consequence of this story of Mattie Raynor's, Detective Dobbins set off at once for New York City, to interview the nurse at the address she had left behind her.

He was greeted in a non-committal fashion by a middle-aged woman carelessly groomed and informally attired.

"Sit down," she said. "What's it about?"

"About Miss Turner," Dobbins replied. "Where is she?"

"Out on a case — I don't know where, exactly,"

"I think you can find the address, somehow, can't you?"

"Maybe; when I know what you want her for. Is it a case?"

"Yes; it's a case," and Dobbins smiled inwardly.

"Oh, well, then, I'll give you the address"

"Look here, I want you to tell me something about her—about her early life. I'm—I'm a reporter—I'm getting statistics about the early life of nurses, and how they came to take up their profession"

IT IS ALL HE HEARS.

Nearly always the political manager says his party will win election day. Perhaps it won't do to say that is what he gets for being a fool optimist.

There is something to be said in his behalf, mistaken though he is. During the campaign in which he has been active most of the people he has met are going to vote his way.

Say that a leading candidate for the presidency comes to Decatur. He looks out over a thousand or two thousand voters, and these give signs they are pretty much for him. It is the same in every town he enters; he is permitted to meet only his own supporters, at least for the most part.

After he has been out on the road six weeks, having this experience day after day, perhaps he isn't to be blamed for thinking nearly all the voters are with him. It was the case with those he met.

It is even more so with the big political manager. When he comes to town he is received by fellow workers, and they introduce him to others in the same boat. He doesn't get an inkling that anybody takes enough interest in the other side to be working for it.

There may be opposition workers, but as he never gets an eye on them he concludes they must always be over in the next county, like Texas fever in the old days.

As he views the situation, there's only one side.

AND NOW TEN ARE DEAD.

The watchman in the tower at Chicago "had a few drinks"; and in a little while ten dead were scattered about. A freight train crashed into a loaded street car.

The conductor of the street car got off and walked to the farthest track, as the rules command he should, but he saw no freight train approaching. There is no intimation the conductor had anything to drink.

The watchman in the tower could not see the approaching freight train that was almost on the crossing; neither could the conductor see it. And yet it does not take a microscope to see a freight train.

This time the freight was backing onto the crossing. But even this is something that happens every day at that crossing, is almost the regular thing. Men who watch there should be able to tell a freight train from rear view as well as head on.

In this case there were plenty rules and precautions to make it safe for passengers in the street car, but they were not saved. It was necessary for two human equations to go wrong at the same instant, but they did it.

And the resulting story tells of ten dead and twice as many seriously wounded.

It may become advisable at that crossing for passengers to get out of the street car and let each have a look for himself.

BOB PLAYED TAG WITH BORAH.

Friday last they began to ask Senator Borah if his committee investigating campaign funds, slush and otherwise, would make a report. He was inclined to think one would be made in time for use election day.

Saturday he was not so sure about it; by Sunday he began to fear the report might not be reached. Monday he was sure a report was not to be forthcoming in time for election day.

And that is where the matter rests. The principal memory we have of that investigation is what was set forth in the daily papers from day to day, and this consisted almost entirely of questions asked in cross examination by lawyers who were hired to represent LaFollette.

One begins to suspect this investigation, even though conducted by Senator Borah as chairman, failed to make much of a contribution to the cause of good government.

Bob's crowd was in it from the start to get all the best of the disclosures, and especially the comments to be made thereon. We think they succeeded in this. In the main the investigation was a little sideshow of their own.

We had not been advised and didn't understand that the wool could be pulled over Borah's eyes in this fashion. Some of us are almost afraid that we overrated Borah. Bob, who has known him for years, seems to have sized him up more accurately.

A LITTLE NIGHT LIFE NEXT.

The Illinois Traction System out of this town is planning to treat us with more consideration, beginning Sunday next. We are glad to hear it, and we rejoice accordingly.

The System threatened to drop into the bad habit of running the day's last train out of this town a little after 8 o'clock in the evening. This might be acceptable on the C. I. & W., but we expected a lot more from the traction people.

And they are going to give us more. The new card calls for night trains out of here as late as 11 o'clock. This is more like the hours many of us wish to keep.

What is the use coming to town to see the bright lights if one must depart almost before they are turned on? And our friends outside the corporation can't go to the movies and other shows if they must catch a last train before the curtain goes up.

But all that is something now in the past and can be forgotten. There is a better program just ahead, and now our friends may come and have some promise of being able to view the whole works.

It illustrates what may of us have often said. When the program looks gloomy, stick around a little while and it will brighten up.

HOLD OUT A MEMORANDUM.

There is a request to be made of all election judges and counters tonight; it is that they be sure to make a memorandum of the result before they seal their report on the returns.

The ticket is long and in some instances the counting will not be finished until some time tomorrow forenoon. Of course it is expected to hear from the head of the ticket, state and national, long before then, but after this there will be other items of interest.

It has happened heretofore that the final count was completed too late for report that night, and then those in charge forgot to make a notation of what the count showed. Because of this it was necessary to wait for the official count, which comes several days later.

But the good voting public wants to get first flash on all returns tonight or early tomorrow morning. This can be furnished if judges and clerks will only make a notation of the count in their district and send it in at once.

And please let us hear from president and governor as early as possible; there are a lot of people who can't be happy until they have this news. Just a little helpfulness all around and then everybody will be in better humor.

FOOLISH IF THEY TRY IT.

J. C. Royle tells us there is much complaint from Americans in Europe who feel they have been held up by prices asked them in that country. Especially is there complaint from our citizens who formerly lived in foreign countries.

Many will wonder if there is real justification for the indignation reported by Mr. Royle. We have no doubt there is some complaint, for this is something we have with us always, here or abroad.

The shopkeepers in foreign countries are foolish if there is sound basis for the reported complaint. There are a great many of those fellows, and as a rule they are shrewd enough in their line. We take it that demand and supply cut a figure in the foreign shops, which means that if one shop asks too much the business is pretty sure to go to another that takes advantage of the opening.

The situation in Europe, as in other places, is there are more shops than business. This doesn't always insure lowest prices, but at least it does tend to keep them within some reasonable bounds.

For a little while those shopkeepers may have figured that the customer from America is lousy with money, but surely it could not have taken them long to discover their error.

STILL WAITING FOR THAT LIGHT.

Harold Pogue was driving to Decatur from Urbana Saturday night and got into difficulty on account of glaring headlights.

It is the story we have had for many years, and it doesn't seem to grow better. We find some mention of it almost every day in the papers; it is getting to be a regular diet.

All of which reminds us that millions are still waiting for that headlight that doesn't glare.

Now you have done it for another four years, whether you took part or didn't.

They say that Red Grange isn't a bit spoiled by all the worship; if so, it is even a bigger thing than his grand playing.

They tell us this is Apple week, but our weather eye is peeled to see who will knock the persimmon.

The news columns indicate that it is in order again in this town to remark that the driver on the right has the right of way.

Don't accuse us of window shopping if you catch us enraptured; it may be they have some splendid "Mums" on display.

Polls keep open till 5 o'clock this evening, so there may yet be time to say that little piece that no one can say for you.

Just as we wanted to bet a million on Norman L. Jones, it was our hard luck to discover the bank was closed for the day.

You are invited out to get election returns; better get them where static doesn't trouble.

The next stop will be Thanksgiving; two hours for dinner.

Fourteen who were at the Shiloh church dedication were also present for the golden jubilee—the good don't always die young.

In their advertising they neglect to tell us just what Mr. Sousa will attempt in the jazz line.

THINKERS ALL.

You can't find out what a fellow thinks
Where the slag comes up and the metal sinks
In the cupola of a foundry's gloom:
You can't get his thoughts in the crowded room
And the clang and stir of a factory grim;
Then life is too busy and swift for him
To do more than snarl at the dirt and heat;
You can't read his mind on the busy street,
You must wait till you get him somewhere alone,
Then he'll make his dreams and his fancies known.

They are merely men as they walk to work,
Mechanic and foreman and drudge and clerk,
Laughing or frowning, or sad or gay,
Merely a throng as they go their way;
But each of them's bringing a thought to bloom
Which you never will see in a factory's gloom.
Never from seven to five you'll find
The nobler side of the toiler's mind;
But somewhere away from the worlds' harsh tone
He'll tell what he thinks when he's all alone.

Out in the woods, by stream or hill,
When the stars come out and the night is still,
He will turn to you and he'll whisper low
Of the thousand things which he wants to know;
He'll utter his faith in a simple way,
He'll tell what he says when he kneels to pray,
He'll talk of eternal joys to be,—
Oh, a different sort of man you'll see
Than the toiler grim in the furnace hole
When you get him alone and he bares his soul.

Sullivan Studies Future Policies of White House

Recalls 1904 and Roosevelt's Course—Changes Bound To Appear.

BY MARK SULLIVAN.

(Copyright 1924)

Washington, D. C., Nov. 4—Assuming that the outcome of Tuesday's election is what is now generally anticipated, there will spring to the front immediately on Wednesday, four questions:

The first will be: What of Coolidge? In November, 1904, Theodore Roosevelt was in the position that Coolidge will have tomorrow. He had served a period in the White House as the beneficiary of the death of a president, he had then run for the presidency on his own account, and had been elected. Upon hearing the returns that gave him success, Roosevelt turned to Mrs Roosevelt, according to a narrative recently published, and said, with an emphasis that marked strong determination: "Now I am president of the United States in my own right!" Thereupon Roosevelt stepped into his full stride, accepted the responsibility of being the spokesman of majority thought, opposed the old leaders of the senate and house, beat them, dominated congress, pushed his own ideas to success in legislation, and became the accepted leader of the country.

WILL FOLLOW.

The discussion about Coolidge's future will follow lines analogous to this. Will history record a change, that there was an old Coolidge who came to the White house by the accident of his predecessor's death, and a new Coolidge who held power by direct and generous franchise from the people: Will Coolidge regard it as his duty to try to impress on congress the leadership he will be entitled to assume from the people's franchise? Will he retain all of his present cabinet? Of the present cabinet, two, Attorney General Stone and Secretary of the Navy Wilbur are Coolidge's own appointees. One more, the successor to Secretary of Agriculture Wallace, will be Coolidge's own appointment. The seven remaining are holdovers from Harding. Of these seven, at least three and perhaps more are believed to reflect Coolidge as much as if they had been his own selections. Coolidge regards himself as having now a franchise to initiate legislation as well as veto it.

APPEAL TO PEOPLE?

Will he make appeals to the people over the heads of congress, as Roosevelt did? Will he feel encouraged to resist the disposition of the senate to encroach on the White House in the field of managing our foreign relations? Many of the old irreconcilables have gone: Brandegee, McCormick, Shields. There will be, during the coming days, much inquiry about Coolidge's temperament, his point of view about the functions and prerogative of the White House, his principles, his program.

The second of the questions that will be widely discussed is: Has a new party been formed? Is the LaFollette movement merely an incident of 1924, as the Progressive party was of 1912? Or is the new party to be permanent.

MINUTE INQUIRY.

The answer to this will call for a searching analysis of the quantity of the new party's vote, relative to that of the two old parties; and even more, a minute inquiry into the sources, geographical and by classes, of the LaFollette party's strength.

Another question will be: What of the Democratic party? Many loyal Democrats will be jolted to see the question put so boldly; but the plain fact, not recognized by Democrats as early as they should have seen it, is that LaFollette has the direct intention of destroying the Democratic party and putting his own in its place as one of the two major parties. Some of the more far-seeing Democratic leaders are already giving thought to what should be done in what they recognize as a crisis. If the Democratic party is to maintain its present position, who is to lead it, and which wing of the party is to dominate? Will it be the leadership of the big cities of the east and north, typified by Governor Smith of New York; or the traditional leadership of the South, or the progressive leadership of the West, typified in McAdoo?

ACUTE QUESTION.

Still another, and a most acute question, is: What of the new state, and house? What will be its prevailing temper as between the extremes broadly expressed as conservative and radical? The answer will depend to some extent on an analysis of the newly acted membership Even more it will depend on the mood of the new congress.

Will it be impressive by what everybody anticipates as the great majority to be given to Coolidge? Will it regard this vote for Coolidge as meaning that the public endorses the general body of doctrines identified with Coolidge? Will it be awed by the size of the vote for Coolidge: Will it feel itself called on to respond to a more conservative mood among the people? Or will it, on the contrary, be impressed by the size of the vote to be given LaFollette? In short, will the new congress be as insurgent as the present one and as much as disposed to follow the leadership of LaFollette; or will you be awed into conservative and regularity by the vote given to Coolidge?

THE DEADLOCK.

These are the questions that will be to the front, assuming Coolidge is elected, and especially if he is elected rather overwhelmingly. If that assumption should turn out incorrect, and the election should be thrown into congress, in that event, none of these questions will be heard of; and all the head lines and editorials for months to come will deal with the deadlock in congress.

With Voters in Illinois

Galesburg, Nov. 4—A proposal to amend the city laws to make Sunday motion pictures legal, and the proposition of creating a sanitary district that would make it possible to do away with the open sewer which runs through the city, attracted as much interest among Galesburg and Knox county voters today as state and national issues.

The "Sunday movie" question has been voted on several times in the last dozen years. Each time it has failed but by an increasingly small majority. The proposal was fought by ministers and a number of women's organizations who charged that Sunday shows would detract from church attendance and injure the morale of this college town.

The other project would create a sanitary district consisting of Galesburg, part of Galesburg township, and part of Henderson township. If passed, it would be possible to issue bonds to cover Cedar Fork, the open sewer that follows the Santa Fe railway tracks through the city, and build a filtering plant west of the city. It was endorsed by almost every civic group.

Rock Island, Nov. 4—Rock Island county will start construction of a new tuberculosis sanitarium in the near future if a proposition to levy a two mill tax for that proposed was approved in today's election. The sanitarium commission hoped to start the hospital a small scale and enlarge it as funds became available.

Rockford, Nov. 4—Four city projects were voted on in connection with the general election here today. Three bond issues approved by the city council were submitted. They provided for an expenditure of $420,000. They were as follows: new bridge across Rock river at Peach and Jefferson streets, $250,000; new fire station and municipal garage, $120,000; city yard site and equipment, $50,000.

A fourth proposition was the annexation of Welty subdivision, just outside the city limits.

Peoria, Nov. 4—Annexation of new territory to the city was the only local question to be settled today by ballot here. Residents of the proposed addition have sanctioned the move and it was up to the voters of the city to determine whether they wished the strip included in the city limits. The division is a section of Richwoods township.

Eureka, Nov. 4—Voters of Woodford county went to the polls today to decide among other things, whether to recall a tax levied several years ago for the maintenance of a county tuberculosis sanitorium.

Mt. Vernon, Nov. 4—The question of retaining a tax levied for the support of the Jefferson county tuberculosis sanitorium was the only local question on the ballot in today's election.

Murphysboro, Nov. 4—No local propositions were on the ballot here today, but voters will elect a circuit judge for this, the first circuit of the first judicial district. He will succeed the late Judge William M. Butler of Cairo. County Judge A. L. Spiller of Carbondale, Republican, was the only candidate. Judge Spillar resigned to become a candidate and his successor as county judge will be chosen today.

Macomb, Nov. 4—The question of increasing a tax levied for the support of McDonough county's tuberculosis sanitorium was up to the voters today. Those in charge of the hospital declared the present tax must be increased to make the institution efficient.

Springfield, Nov. 4—Whether trolley cars or motor busses should predominate in Springfield, was the question put to voters on the chief of the small ballots in the city. Voters were asked to decide whether the Illinois Power company should be given an exclusive 20-year franchise to operate street cars here. Those against it declared a preference for a competitive motor bus service.

Another small ballot proposed the annexation of territory southeast of Springfield.

Establishment of the Springfield drainage district to be supported by a one-third of one per cent tax levy, and the issuance of a million and a half in bonds, was proposed on two other ballots. Adoption of these proposals would result in construction of a sewage disposal plant here, and relieve the city of the necessity of using streams for that purpose, it was asserted.

FIND MAN SLAIN ON HIS HOUSEBOAT

Peoria, Ill., Nov. 4.—O. F. Radkey, 40, was found beaten to death in his houseboat anchored in a drainage ditch near East Peoria Monday. The slayers used a railroad spike to kill him and later returned and robbed the boat of a large still. The still later was found hidden in a field near the place.

BONUS CLAIMS DUPLICATIONS HINDER BOARD

But More Than 50 Million Has Been Paid to Illinois Veterans.

The work of the Service Recognition board to date has resulted in the approval of 246,368 out of a total of 280,949 claims which have been filed, according to Palmer D. Edmunds, chief clerk, Illinois Service Recognition board. The total amount expended in payment of claims to date is $50,816,333.70, this sum having been paid out since payment of claims began under legislative appropriation in July of last year. The high claim number paid is 278,999 and all claims received have been checked, and are receiving the attention of the office as they come in.

2628 DISALLOWED.

To date, 2,628 claims have been definitely disallowed. The difference between the total number of claims received and the sum of those either approved or disallowed represents the number of claims which have been held up because of questions of legal doubt as to the right of the claimant to the bonus. These latter claims to the number of thirty thousand are being made the object of concentrated attention in the board offices.

FILE IN TWO STATES.

In several thousand cases the men who filed claims with the Illinois board had previously filed with the boards of other states, and with a view to adjusting this type of claim to advantage and arriving at an understanding between the various states involved, a representative of the Service Recognition board, A. W. Blair, has spent some time at other state capitals in conference with representatives of the boards of such states. Mr. Blair has recently returned from such conferences in Ohio and Michigan, in the course of which 1,122 claims of this character were examined. The conference developed the fact that a considerable percentage of the claims which had been held up by this state because as to doubt of their having been paid elsewhere, had in fact actually been paid by these other states, and an effort was being made to defraud the state by claiming the bonus here although payment had in fact been received elsewhere.

HURRY UP!

In the states of Michigan and Ohio it seems that there is no time limit prescribed for filing claims and their work has been drawn out to a greater length than here. It should be borne in mind that the Service Recognition board cannot consider for payment any claims which are not received prior to Jan. 1, 1925, and it therefore behooves every Illinois veteran entitled to a bonus or every beneficiary of a deceased Illinois veteran so entitled to make application without delay.

LITTLE BALLOTS WORRY VOTERS

Illinois Presents Many Issues At Polls.

Springfield, Nov. 4—(AP)—Small ballots today presented a problem for some Illinois voters that took more time and thought than voting for candidates, especially those who wanted to vote "straight."

Every Illinois voter had at least five small ballots handed him today, along with the big one which contained names of nearly three hundred candidates, and ten or twelve parties. In some counties and cities, there also were several other small ballots, calling for a "yes" or "no" on some local project.

THE BIG BALLOT.

The big ballot today was larger than that of two years ago, but not so large as that of the last presidential election. From the standpoint of overhead cost, the most expensive candidate in today's election was Parke Longworth of Chicago, running for United States senator under the caption "Limit Land Manipulations and Rents." A whole column was given over to this party and his was the only name in it. Thousands of pounds of additional paper were required to make space for this one name, as much paper, in fact, as was required for the entire Republican and Democratic tickets.

NO DECISION YET ON CENTRAL PARK

May Remain As Property of City.

Whether Central park may be legally deeded to the park board, or whether it must be retained as city property for a "public square," as is the specification in the old grant from Capt. Allen to the city, is the thing that is still holding up the formal turning over of the parks to the park board by the city.

Although Central park has been considered as a park for years, it is legally a city square. Attorney Lee Boland said Tuesday that although he believed that the tract could be turned over to the park board legally, he was not ready to express an opinion on it as yet until he was certain. Should it be found later that the city had no right to do this, it might be possible that this very valuable property would revert to heirs of Capt. Allen and be lost by both the city and the park board.

STAY AS PARK.

Mayor Elder said Tuesday that, laying aside all legal questions, he saw no reason why the park could not pass to the board. It has been suggested to him that this land should be retained by the city to be used in the future as the site for a new city hall, but the Mayor does not believe that this is the proper location for such a structure.

"That spot is the only one in the downtown district that can give a resting spot, a place where there is shade and benches and where shoppers may stop for a few moments rest," said the mayor. "I believe that it should be retained for that purpose."

DISTRICT NURSES IN SESSION HERE

Numbers Cut Down By State Meeting.

The meeting of District nurses, held in the Tuberculosis sanatorium, Tuesday afternoon, was cut down in attendance by the fact that the meeting was held on election day, and because many of the nurses in the district attended the State meeting held in Urbana last week. Some came in ahead of time a few hours and visited in the Decatur and Macon County hospital.

The meeting opened about 1 o'clock but some of the nurses were expected to come in later. A short business session was held and at 2 o'clock Dr. W. S. Keister talked on "Public Health."

One of the features planned for the latter part of the afternoon is a musical program by Mrs. John Hayes, and the children of the third grade at the Durfee school will have a very interesting little play "Health Windows" A social hour is to follow the meeting.

LITTLE TRADING IN LOCAL STORES

Streets Look Like Sunday Most of Time.

It looked like Sunday on the streets of Decatur Tuesday forenoon. There were few people out, really fewer than the usual Sunday crowd. Stores were open but there was little trade. We would just as well be closed and save light bills," said one merchant. Probably by another national election the stores will follow the precedent established by the banks and close all day.

NEED ADVISERS FOR Y. W. GIRLS' CLUB

Some Clubs Not Without Leaders.

A need for four more advisers for club girls is felt at the Y. W. C. A. The association would like to have them for clubs now without such services. The duties of the advisers are to help with the programs, meet with the clubs, and to act as chaperones. They serve as the go-between for the committee and the girls.

A meeting of the advisors' training school will be held in the association building Wednesday evening. Here the policies of the Girl Reserves will be studied, the planning of programs and all that interests girls in their recreation and other activities gone over.

NEW GROUP.

A new group of girls for the Girl Reserves was organized at the Second United Brethren church Monday evening, under the general direction of Miss Jenna Birks. The group has not yet secured an advisor, but the officers are: President—Miss Esther Witts; secretary and treasurer—Miss Wilma Holl.

The ceremonial which opens the year's work for the Girl Reserves will be given at the annual meeting of the Y. W. C. A. to be held in the auditorium Thursday evening. It is to be given by candle light with all the presidents, advisers of the clubs and two other members included in the work.

TOWN CASTS ITS ENTIRE VOTE BEFORE 6:30 A. M.

The school house at New Ashford, Mass., where the townspeople go at breakfast time on election day to cast their vote. Inserts, left to right: Miss Beatrice Nichols, youngest voter; Warren Baxter, town clerk, and Miss Phoebe Jordan, a pioneer woman suffrage worker.

New Ashford, Mass., Nov. 4—Within a few minutes after 6 o'clock the complete vote of this town was cast. Through its early vote New Ashford has come to be known as the "political barometer of the country," even though it always goes Republican.

Twenty-four votes were cast, twenty for Coolidge and four for Davis.

It was the first town in the past two presidential elections to flash its vote to the waiting world. Without telephone, telegraph, postoffice, railroad or trolley, this second smallest town in Massachusetts, has given the news to California, long before its voters were wide awake

This year for the third time. The Berkshire Evening Eagle, of Pittsfield, fifteen miles from New Ashford, went in the wee small hours, to the doors of lonely farmhouses, high in the Berkshire hills, over rough mountain roads, ready with automobiles to carry the townspeople to the polling place in time for the opening hour of 6 a. m. Previous arrangements and a willing spirit on the part of the voters, made the plan a greater success than ever.

This year there were only thirty registered voters; four years ago there were thirty-six.

The selectmen in this tiny town are Bernard Mackey, Elmer Beach and Harry Phelps. The town clerk is Warren Baxter. The oldest voter this year is Walter Smith, seventy-six, who in 1916 could "see no good" in getting out at 6 a. m. to vote and so held up getting the complete return until 10 o'clock. Last election he was at the polls ten minutes before the opening hour. The youngest voter is the school teacher, Miss Beatrice Nichols.

The town has "gone Republican" for twenty years and the result of the present election, shows that it still sticks to its colors.

DEWITT CORN GOOD BUT STILL MOIST

"As Fine Quality As for Ten Years."

Clinton, Nov. 4—The manager of the Farmers' Elevator at Heyworth reported Tuesday that he had handled only one carload of corn thus far this season, and that while the quality was as fine as any in the last ten years, the moisture content was still very heavy. Shucking and shelling, the manager said, was going forward, though the corn is still moist.

Minor D. Hendricks was the first man to deliver his corn to the Heyworth elevator. This was on Oct 25, and he was paid $1 a bushel on a contract price fixed some time ago. His corn was Reid's Improved Yellow Dent, planted, May 21.

Several other carloads of corn have been shipped from Dewitt county to the Staley plant at Decatur

Well upward of a million dollars will be added to the value of the corn crop by excellent weather during the month of October in the delay of frost, according to a statement issued by the Blue Valley Creamery association.

FIRE DESTROYS TAYLORVILLE HOME

Taylorville, Nov. 4— Fire believed to have started from defective wiring, burned the five-room residence of Mrs. Anna Wilson, a widow, between and 8 o'clock Monday night. The structure burned so rapidly that it was past saving when the fire department reached the scene. All the furnishing and other contents, including clothing, were destroyed. The loss is estimated at $3,000.

GOVERNOR AND MRS. BRYAN CAST VOTE

Lincoln, Neb, Nov. 4—(AP)—Governor and Mrs. Bryan appeared at the state capitol building at 11 30 this morning and cast their ballots in the state senate chamber, while movie cameras clicked and a crowd of state house employes looked on.

Five separate ballots were marked by the Democratic vice presidential nominee and his wife.

BLIND WOMAN VOTES.

Minneapolis, Nov. 4—Totally blind, 89 years old and an invalid for 30 years Mrs. Martha Wallace today voted for the first time in her life, aided by her brother, Judge E. L Terrance, former commander in chief of the G. A. R.

"She said she wanted to cast one hundred percent American vote before she crossed the river" Judge Terrance said.

FORD VOTES.

Detroit, Mich., Nov. 4—Henry Ford cast his ballot about 1 30 this afternoon. He made no comment on the election, either national or state, merely greeting old friends at his voting precinct, number one, Dearborn township.

CLAIM CONSPIRACY.

Memphis, Nov. 4—Six precincts election officials were arrested here today on warrants issued by S. E Murray, U. S. district attorney, charging conspiracy to defeat a fair election. Four of the arrests were on complaint made by Republican "watchers" and two by an independent ticket worker. All claimed to have been either rejected from the polls or denied permission to remain at the polling places.

PIANO ACTUALLY USED BY JENNY LIND

This square piano which is a Chickering is over 100 years old and was actually used by Jenny Lind. It will be in the window of the Emerson Piano House tonight, Wednesday until Thursday evening. BALDWIN WILL HEAD CABINET

London, Nov. 4—(AP)—Stanley Baldwin, Conservative leader and former premier, agreed to form a new cabinet today when called to Buckingham Palace by King George. The king had previously accepted the resignation of the cabinet of Ramsay Macdonald, Great Britain's first Labor premier.

DOG POUND SITE NOT LOCATED

Find One Selected Is on I. C. Ground.

After some discussion in the city council meeting Monday regarding the location of the new dog-pound which commissioner Pitner announced he was ready to construct and after the council had somewhat reluctantly agreed that the spot picked out for its location was the only one available at present, but was far from satisfactory, commissioner Pitner ran into further complications Tuesday when he discovered that the much-debated site is on the Illinois Central right of way.

He has communicated with the I. C. on the matter and was told that an engineer for the road would visit the spot Wednesday and look over the situation. It is expected that the I. C. will grant permission to build on its property, since several other structures extend onto its land at that point.

DEATHS

CLARENCE DAYHUFF.

Clarence Leonard Dayhuff died at 5:23 o'clock Monday afternoon at the home of his parents, Mr. and Mrs. Samuel N. Dayhuff, 1526 East William street. He was twenty-six years old last April. His death was caused by heart trouble and dropsy. He had been in failing health for four years and for the last eight weeks had been confined to his bed.

Mr. Dayhuff was born in Brownstown April 19, 1898. The family moved to Decatur a year ago last spring, coming from Macon after a residence there of three years.

Beside his parents he is survived by two brothers, Ernest L. and Lester F. Dayhuff, both of Decatur. He was a member of the Christian church and of Easterly camp, 1626, Modern Woodmen of America. The body was removed to the Moran & Sons undertaking establishment and prepared for burial.

MRS. ISAAC SHOEMAKER.

Mrs. Isaac Shoemaker formerly of Decatur, died at 2 o'clock Tuesday morning at her home in Parsons, Kan., according to a message received by her daughter, Mrs. Donald Weatherby. Mrs. Shoemaker had not been in good health for a long time, and when pneumonia developed a few days ago she was too weak to ward it off.

Mr. and Mrs. Shoemaker have a great many friends in Decatur, where they made their home for many years. Mr. Shoemaker was for years a clerk in the Wabash offices here. The family moved from Decatur about five years ago, going from here to St. Louis, later to Texas, and from there to Kansas, Mr. Shoemaker being engaged in railroad work all the time. Mrs. Shoemaker is survived by her husband and two children, Mrs. Donald Weatherby of Decatur and Charles Shoemaker of Parsons, Kan. She also leaves her mother, Mrs. May Brown of Chicago There is one brother, who lives in Chicago.

The body will arrive in Decatur Wednesday afternoon and will be taken to the Dawson & Wikoff undertaking establishment and prepared for burial.

CLARENCE DAYHUFF.

The funeral of Clarence Dayhuff will be held at 2 o'clock Wednesday afternoon at the new Christian church on Seventh street. The burial will be in Graceland cemetery.

Error in Ballots in Coles County

Square Before Presidential Candidates Names.

Mattoon, Nov. 4—Great interest centers in the election in Coles county today, owing to the fact that all ballots are said to have been printed contrary to the election law, leading to possible confusion and the throwing out of many votes when they are counted by the judges and clerks.

The ballots carry a square in front of the names of the presidential and vice presidential candidates. Attention of County Clerk Elston was called to this error by the Mattoon Journal-Gazette, which offered to reprint the ballots without cost to Coles county, the contract for which had ben let to another printing company. This offer was declined by the county clerk, who said he had been advised from the attorney general's office the error would not invalidate the ballot

LIKELY TO BE CONFUSED.

However, it is pointed out that there is likely to be great confusion in voting as many voters are likely to put a cross in the squares in front of the candidate names, thinking they are voting their choice for president and vice president, instead of in the circle at the head of the ticket thus losing their votes. The newspaper has been printing a warning daily, asking that voters steer clear of the squares in front of the presidential candidates' names

The effect of the error on the election is awaited throughout the county with a great deal of interest

REVERSE GUILT OF B. F. WELTY

Cincinnati, Nov. 4. The conviction of former Congressman B. F. Welty of Lima, Ohio, on the charge of having over-charged a war veteran in a claim case against the veterans bureau was reversed today by the U. S. circuit court of appeals. The case was remanded to the federal district court at Toledo.

FASHIONABLE WOMEN INVITED TO A TEMPTING MILLINERY FEAST! NOTHING LIKE IT BEFORE!

Decatur Store Consummates a Deal That Will Cause Hundreds of Women to Throw Away Their Early Hats and Buy New Ones.

Once in a great while there comes to Decatur women an opportunity so utterly amazing that its details sound almost unbelievable, no matter how conservatively they may be stated

This is one of those occasions

Three of America's foremost creators of ultra-fashionable millinery desired to assist, in a spectacular manner, the celebration of H. S Gebhart Co's 28th Anniversary.

They sent to the Gebhart store hundreds of their loveliest pattern hats at prices almost too ridiculous to name.

Imagine, please, nearly eight hundred distinguished hats—things never shown in Decatur before. Hats of the very costliest velvets, hatter's plush and trimmings. Imposing ostrich trimmed affairs, scintillating bright hats [illegible] with gleaming metallic hats for every woman and for every occasion [illegible] patterns, and flattering facsimiles of rare French imports. Indeed they're just such hats as the most fashionable women pay the very highest prices for

Imagine hats that sell for $15, $17.50 and $20, now only $7.50 Imagine hats that sell for $10 and $12.50 now only $5. And hundreds of $6, $7 and $8 hats now only $3

How can any woman resist the temptation? [illegible] the array

They [illegible] Wednesday morning as an outstanding feature of H. S. Gebhart Co.'s 28th Anniversary.—Adv.

L. HUFF BURNED IN FURNACE EXPLOSION

Forehead and Right Hand Hurt Badly.

Lindley Huff, who was burned last Saturday morning when the oil furnace which he was burning out exploded, is getting along very well. He was burned on the forehead and the right hand. His hand was burned rather deeply, but both burns are healing as quickly as could be expected.

Mr. Huff was burning the soot out of the inside of the furnace when it exploded and he did not have time to get away to avoid being burned.

It is not known yet how soon he will be able to get out of the house.

INJURED GIRL IS GETTING ALONG WELL

Fern Faught Suffers Crushed Foot When Pony Falls.

Fern Faught, whose left foot was seriously broken a week ago last Monday when a pony fell on it and crushed it on the pavement, is getting along as well as could be expected. The seriousness of the injuries has not yet been determined.

The accident happened when Miss Faught went with Cleo Mathews to her home, 740 East Grand avenue, after school a week ago Monday evening. A brother of Cleo Mathews was riding a pony, and Miss Faught asked if she might ride it. She mounted and after riding a short distance down the street, tried to turn the pony around. Upon turning around the animal fell pinning Miss Faught's foot beneath her.

The girl was taken to the St. Mary's hospital.

She is the daughter of Mr. and Mrs. Frank Faught, 1087 West Macon street, and is a senior in the Decatur high school.

LOVINGTON MEN TO JOHNSTON CITY

Lovington, Nov. 4— John Simpson and Al Morgan have gone to Johnston City, where they have employment in the mines. Mr. Simpson will not move his family from Lovington, as he has just completed a handsome new residence here. He will return to Lovington in the early spring to work in his truck patch, which he works on a large scale.

James C. Hostetler, who attends the Illinois State Normal university at Normal spent the week-end here with his parents, Mr. and Mrs. A. L. Hostetler.

MOVES TO TOWN.

Mr. and Mrs. Willis Clark have moved from their farm southwest of Lovington to town and will make their home with their son-in-law, Paul Smith and children.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

SAYS INTELLIGENCE IS REQUIREMENT

Citienship Theme of Talk to Women.

There are two important things to be done as good American citizens, according to Emanuel Rosenburg, in his talk before the members of the Woman's Council Monday afternoon in the Y. W. C. A., and the first is, to get people to vote, and the second, to get them to vote intelligently. The speaker told the women that citizenship required a far more intelligent understanding today than ever before as the duties were more complicated and it is because of this complication that the interest is decreasing instead of increasing as it should.

The issues at hand and the fundamental things for which each candidate stands are demanded to be known by the intelligent voter and citizen and the slogans in old time presidential campaigns are a thing of the past, according to Mr. Rosenberg.

ASK QUESTIONS.

Following the talk the women asked many questions concerning the election and the various issues such as the gateway amendment, banking amendment and the road bond issue.

Mrs. Dan Macknet spoke briefly of the proposed visiting day for Decatur institutions which is to precede the Community Chest drive. She also urged the members to go to the Boys' Opportunity Home which is now in excellent condition since the arrival of the new superintendent.

Mrs. C. H. Patterson, president of the council, appointed the following nominating committee: Mrs. James Henson, Mrs. Thomas Henebry, Mrs. C. H. Robbins, Mrs. Ed Smith and Miss Maria Buckingham.

Mrs. Inez J. Bender asked the financial support of the Woman's Council in providing books for the Americanization work in the night schools. The members voted to give $10 to this purpose.

SAYS INTELLIGENCE IS REQUIREMENT

Citienship Theme of Talk to Women.

There are two important things to be done as good American citizens, according to Emanuel Rosenburg, in his talk before the members of the Woman's Council Monday afternoon in the Y. W. C. A., and the first is, to get people to vote, and the second, to get them to vote intelligently. The speaker told the women that citizenship required a far more intelligent understanding today than ever before as the duties were more complicated and it is because of this complication that the interest is decreasing instead of increasing as it should.

The issues at hand and the fundamental things for which each candidate stands are demanded to be known by the intelligent voter and citizen and the slogans in old time presidential campaigns are a thing of the past, according to Mr. Rosenberg.

ASK QUESTIONS.

Following the talk the women asked many questions concerning the election and the various issues such as the gateway amendment, banking amendment and the road bond issue.

Mrs. Dan Macknet spoke briefly of the proposed visiting day for Decatur institutions which is to precede the Community Chest drive. She also urged the members to go to the Boys' Opportunity Home which is now in excellent condition since the arrival of the new superintendent.

Mrs. C. H. Patterson, president of the council, appointed the following nominating committee: Mrs. James Henson, Mrs. Thomas Henebry, Mrs. C. H. Robbins, Mrs. Ed Smith and Miss Maria Buckingham.

Mrs. Inez J. Bender asked the financial support of the Woman's Council in providing books for the Americanization work in the night schools. The members voted to give $10 to this purpose.

Heads of Tickets Await Vote Total

Davis, Coolidge and La Follette Rest—Demo Chief Plays Golf—Glad Campaign Is Over.

Washington, Nov. 4.—President Coolidge expects a vote in the electoral college of at least 350 and a Republican working majority in the house next session of twenty or more, it was said today at the White House.

New York, Nov. 4—John W. Davis took a holiday today. To visitors who called at his home in Locust Valley, Mr. Davis appeared obviously gratified that the grind of the campaign was over. He expressed confidence in the decision the electorate was making at the polls, but was equally relieved that his personal role had come to an end.

He motored to Glen Cove early in the day to cast his ballot. Then within a short time he was out on the golf course at play.

COOLIDGE WAITS

Washington, Nov. 4—The usual calm of voteless Washington prevailed today at the White House as the nation went to the polls.

President and Mrs. Coolidge made out their votes on absentee voters' ballots and mailed them to Northhampton, Mass., their home, last week and little was left for the president to do today, except to attend to the routine of his office and await the first returns.

LA FOLLETTE "CONFIDENT"

Madison, Wis., Nov. 4—(AP)—Senator Robert M. LaFollette, awaiting at Maple Bluff farm the verdict of the American voters on the presidential campaign he carried to the nation, expressed confidence today that "progress will win."

"There is but one issue before the people," he said in his final statement to the voters. "It is whether the forces of reaction or the forces of progress shall to determine the policies of the government.

"I am confident that progress will win."

Aside from an automobile trip to Madison with members of his family to vote, Mr. LaFollette's program called for a day of ease on the farm.

VOTES STRAIGHT.

Locust Valley, N. Y., Nov 4—J. W. Davis voted in Glen Cove shortly before noon today. His ballot was number 232 and he said when he stepped from the booth it might be safely assumed he had voted the "Democratic ticket straight."

Mrs. Davis accompanied the candidate.

LA FOLLETTE VOTES.

Madison, Wis., Nov. 4—(AP)—Senator R. M. LaFollette, Independent presidential candidate, went to the Dane county court house early today and cast his ballot, accompanied by his sons Robert, Jr., and Phillip. Mr. LaFollette cast his vote at the same place where fourty-four years ago he entered political life as district attorney of Dane county.

Combing Won't Rid Hair of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight and by morning, most if not all, of your dandruff will be gone and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store and it never fails to do the work.

LAFOLLETTE WARD WORKER SLUGGED

Woman Takes Place—Defies Chicago Thugs.

Chicago, Nov. 4—Nathan Feinstone, LaFollette chairman of the forty-sixth ward, was found bleeding in the street near the thirty-first precinct polling place today, the result of having been slugged, Mrs. Englert, a LaFollette worker reported to Cook county headquarters of the LaFollette forces. Mrs. Englert took Feinstone to a hospital and then returned to the polling place to reinforce the only other LaFollette worker there.

"Let them come back. I'm not afraid of the whole gang," Mrs. Englert said.

ILLINOIS VOTERS, 2,600,000, CROWD POLLING PLACES

State Divides Interest in Election.

Chicago, Nov. 4—A record breaking vote was looked for by campaign directors today as Illinois voters under fair skies, crowded to the polls as they opened. More than 2,600,000, with 1,000,000 in Chicago, were registered.

Precautions against any disorders were taken here and in Williamson county, which voted with squads of national guardsmen on duty at polling places. A detective rifle squad was kept ready ehre for instant service and upwards of 70,000 watchers visited the polls.

Interest in the triangular presidential contest was equalled ih the gubernatorial fight between Governor Smal and Judge Norman L. Jones, Democrat, who was supported by two Chicago newspapers which advocated election of the balance of the Republican ticket.

INDIANA HAS KU KLUX KLAN FIGHT

Indianapolis, Nov. 4. — Interest aroused by the injection of the Ku Klux Klan issue into the gubernatorial contest, generally fair and warm weather throughout the state and an approximate registration of 1,665,000 voters were factors that seemed likely to bring out an unprecedented vote in Indiana today.

Klan supporter was conceded to favor Ed Jackson, Republican candidate for governor against D. C. B McCullough, Democratic nominee.

KLANSMEN VISIT NOKOMIS CHURCH

Nokomis, Nov. 4—The Nokomis Methodist Episcopal church, which was the scene of a big dedication service last Sunday morning, was made the scene on Sunday evening of a visit by the Klu Klux Klan. After the congregation had listened to a sermon by Rev. D. V. Gowdy of Stonington, a former pastor of the church, and just as the regular pastor, Rev. O. E. Martin, had passed out the plates preparatory to the collection of the regular evening offering, six members of the hooded order dressed in their usual white robes, wearing the regulation masks, appeared at the church and proceeded to march through the aisle to the altar. On the arrival of the sextette of the Knights of the Fiery Cross at the front altar, they were met by Rev. Mr. Martin and upon his request the brethern knelt while prayers were offered by the pastor. At the conclusion of the prayers the visitors handed an envelope to Rev. Mr. Martin which was supposed to contain money to be used to help defray the expenses on the new church building The pastor accepted the gift announcing the same would be taken the same as from any other society. No announcement was made of the amount of the gift.

DAWES USES OWN PENCIL IN BOOTH

Evanston, Nov. 4—(AP)—Marking his ballot with a lead pencil from his own pocket, instead of the customary blue pencil furnished by election officials, Charles G. Dawes, Republican candidate for vice president, voted shortly before noon today at the polling place of the third precinct of the first ward of Evanston.

The Republican nominee spent a few seconds less than a minute in the election booth and in that time marked a big three foot square ballot used today in Illinois and also on the supplemental ballot calling for an expression on an amendment to the state constitution and on three propositions.

Mrs. Dawes voted at the same time as her husband and almost as quickly.

Sure Way to Get Rid of Blackheads

There is one simple, safe and sure way that never fails to get rid of blackheads, that is to dissolve them. To do this get two ounces of calonite powder from any drug store—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear. Blackheads are a mixture of dust and dirt and secretions that form in the pores of the skin. The calonite powder and the water dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition.

Government to Prosecute Eleven Suspects.

Chicago, Nov. 4—Two hundred and fifty witnesses, said to be the largest number ever called in a criminal trial in the local federal district court, have been summoned to appear Wednesday when the government's case will be opened against eleven alleged robbers implicated in the $2,000,000 Rondout, Ill., train robbery of last June.

TAKE PRECAUTIONS WITH ETHYL GAS

New York, Nov. 4—The tear-ethyl lead, which is dispensed from 10,000 filling stations at present, according to the Standard Oil Company, is diluted about 1,000 times for use in gasoline. The tetra-ethyl lead is sold in its pure form, however, to the garages and filling stations, so that it is handled locally at thousands of places. Elaborate directions and warnings are sent out to those who handle the substance in its concentrated form. It is mixed with a red coloring to serve as a warning of the care necessary in handling and to prevent its use for cleaning and other purposes for which ordinary gasoline is used in the home.

SALES IN MIDWEST.

The resolution of the New York Board of Health, prohibiting the sale of ethylized gasoline in the city, will have no immediate effect, as there have been no sales of the product here, the only deliveries in New York City having been those to three automobile companies which wanted to make tests on their cars according to the Standard Oil Company of New Jersey.

At the offices of the company it was stated that the sale of ethylized gasoline has been more general in other parts of the country, particularly in the Middle West, where the Standard Oil Company of Indiana has been a large distributor through its own service stations. Because of the demand for the product, it was explained supplies have been inadequate to supply the local territory.

OTHERS MARKETING.

A number of other companies have been marketing ethyl fluid in conjunction with gasoline The Standard Oil Company of New Jersey, which is equal owner with the General Motors Company of the Ethyl Gasoline Corporation, owners of the patents on the fluid, has got its marketing well under way in the South Atlantic Coast district in Maryland, Virginia and the District of Columbia. The company is now starting to introduce it at the service stations in New Jersey.

Chicago, Nov. 4—One man was shot and killed and another was probably fatally wounded in a revolver fight near a polling place where voters were balloting.

The proclamation became effective at 7 p. m. and was brought here from Roswell, signed by Governor Hinkle, by Adjutant General Skipwith.

The decision to send troops here was due, it was said, to feeling that has been aroused over the suspension recently by Judge D. J. Leahy of Sheriff Delgado.

In a statement to newspaper men, Governor Hinkle said:

"There is going to be an honest election in San Miguel county," even if troops are necessary to supervise the polls. I mean to see that the people have the opportunity to vote without intimidation."

Washington U. Drills For Millikin–Mizzou

Athletes Come Out of Kansas Game in Fairly Good Shape—Have Board of Strategy.

BY JOHN J. SHERIDAN.

St. Louis, Mo., Nov. 4—Apparently undismayed by their 48-to-0 defeat at the hands of Kansas University Saturday, the Washington university Pikers opened practice yesterday for their game with James Millikin university next Saturday at Francis Field. The initial workout consisted of little more than signal practice for the regulars, punting and returning punts and a light scrimmage for the reserves, who did not take part in Saturday's rout.

The only new development following Saturday's defeat is a change in the policy of coaching. Athletic Director Ry Wimberly will remain in charge of the squad, but he will be assisted from now on by a so-called board of strategy, consisting of Dr. Eber Simpson, "Pops" Lewis, Dr. Al Marquard, "Puff" Martin and Walter Krause, all former Pikeway stars.

PREPARING FOR MISSOURI.

This board probably was instituted primarily for the purpose of throwing the Washington university team into the best possible condition for the game with Missouri university, at Columbia, a week from next Saturday. The Millikin game, Saturday, is not likely to receive a whole lot of attention. The coaches and students are looking forward to the game with the Tigers, for a victory or tie in that game would mean that the Pikeway football schedule will be a complete success.

Last year Washington was having a despondent season. The team met one adverse after another, but, primed and principaled, it counteracted all its previous shortcomings by twisting the Tiger's tail, humiliating the exalted Columbia clan, 13-7, and thus crowned its season with unstinted glory. It was hinted after that contest at Francis Field last year that the Missourians had come to St. Louis minus their regular coach, who was supposed to be scouting the Kansas game, and several players whom the coaches did not deem necessary to use for victory.

WILL EXPERIMENT.

Doubtless the Pikers will be in equally as good shape when they meet the Tigers this year. If they are not, it will not be the fault of the coaches, who, with the Millikin game ahead, will have not only a chance to experiment in practice all week, but in Saturday's contest as well.

There were no serious injuries resulting from the Kansas game last Saturday. A few of the players were buffeted around enough to keep them resting for the greater part of this week, but even these will be able to face James Millikin Saturday if the occasion requires, it was announced yesterday.

IMPROVEMENT EXPECTED.

The Pikers, with the knowledge they are expected to derive from the board of strategy elected yesterday, are expected to be at least 25 per cent stronger when they invade the lair of the Tiger two weeks hence. Each and every member of the special quartet engaged to whip the Wimberlymen into fit shape to cope with the formidable Bengals has been a football star in his day and should be of great aid to the Red and Green machine for its most important struggle of the season.

Although Coach Wimberly will direct most of this week's instructions toward the game with "Ole Mizzou," he does not intend to forget completely Saturday's clash with Millikin, which is reported to be strong and naturally eager to defeat a Missouri Valley Conference team. Don White, an assistant coach at Washington, scouted Millikin's game last week and he gave that team's plays to the Red and Green freshmen yesterday so that they might use them in light scrimmage against the varsity this week.

Tuesday Coach Wimberly plans to stage a scrimmage with the freshmen but it will be of a very light nature. The same will hold forth tomorrow while Thursday and Friday will be devoted more or less to the lighter forms of practice.

JUDGE LANDIS IS QUESTIONED

By Attorney Cannon Before Milwaukee Court.

Milwaukee, Nov. 4—(AP)—There was but one reason why the players of the Chicago club of the American League mentioned in the world series "scandal of 1919," did not receive any of the second place money of the 1920 pennant race, and that was because they had been definitely declared ineligible and were permanently barred from baseball, according to the testimony of Kenesaw Mountain Landis in a hearing here before Court Commissioner Max W. Nohl, under discovery statutes.

The hearing arose out of a case brought against Judge Landis, as commissioner of organized baseball, by Oscar ("Happy") Felsch and Joe ("Shoeless") Jackson for $685 each as their share in such second place money.

Judge Landis declared he was the final judge of the ineligibility of a player and from his decision there was no appeal; that he was convinced that Felsch and Jackson, among others mentioned in the "scandal," were so implicated that there was no other course than to declare them ineligible, which he did.

$4,800 IS HELD UP.

There is in the hands of the executive council of organized baseball an undistributed fund of approximately $4,800, which had been held up from the White Sox players declared ineligible, as shares in second place money, the witness testified. What disposition would be made of this money he was unable to state, but his "guess" was that it would go to the sixteen clubs in the major leagues.

After his entry into his executive capacity in organized baseball, Judge Landis testified, he wrote to President B. B. Johnson of the American League and to President John Heydler of the National League, who made up the executive council, with him, and asked what was their desire in reference to the disposition of the $4,800.

JOHNSON'S IDEA.

To this inquiry Johnson replied the money should be distributed among the players according to the original plan. President Heydler's reply was that the money should go into the regular operating fund of the commission because of expense incurred in investigating the "scandal."

Upon receipt of the replies, Judge Landis sided with Heydler because "his own action was in harmony with Heydler's action," according to the testimony.

Attorney Ray Cannon, representing Felsch and Jackson, tried to bring out from the witness that he was unfriendly toward Mr. Johnson, but was unsuccessful.

TELLS OF POWER.

So far as distribution of money is concerned, the witness said his only powers in that respect were discretionary as to expenses, as governed by the rules. He intimated that he might have authority to withhold from ineligible players money set aside in cases of the kind in question, but he stated he had not exercised this implied authority, but left it to the decision of the executive council and the club owners. At a meeting of the club owners in December, 1922, final action in reference to the players and the money was taken, Judge Landis testified.

"There is no question about the Chicago club of the American League being eligible to share in the final distribution of the fund," the witness said, after an attempt was made by Attorney Cannon to get the witness to say that part of the money "would go back into the pockets of Comiskey."

"Any kind of putting form is good," says Jock Hutchison. "Develop confidence and stick to it."

On College Gridirons

ILLINOIS.

Urbana, Ill., Nov. 4—"Dummy scrimmage" against the seconds garbed in red jerseys comprised the stint of the Illini Monday. Harold Grange worked briefly and apparently will be as good as new with no bad luck this week. Harry Hall was not in a suit and it is going to take several days for him to recover. Realization that Stagg has been pointing his team for Illinois ever since the season started and the fact that the game between the two teams is always tough has cooled off the confident and while the fans think they can win, they do not underestimate the fight that it will take.

NOTRE DAME.

Notre Dame, Ind., Nov. 4—Substitutes, who played the greater portion of the Georgia Tech game, replaced the varsity players on the regular Monday crippled list in the Notre Dame football team. With several of the regulars and the substitutes badly battered, it is imperative that Rockne spend the greater part of the week conditioning his squad for Wisconsin. With the exception of Stuhldreher, no player is injured seriously enough to prevent his playing in the Wisconsin tilt but the majority of the men are in a condition that prohibits the best possible exhibition of football. Rockne expects to have them in good condition before Saturday. Light work was in order, signals and calisthenics forming the nucleus of the drill.

OHIO STATE.

Columbus, O., Nov. 3—A light offensive workout was given the varsity Monday in preparation for the Indiana game. New plays were tried. The stadium field was used instead of the practice gridiron. Schulist, Mackey and Harrison are being groomed for Nichols' place at tackle, the latter being out of the game for the rest of the season owing to a fractured ankle. Mackey played his position Monday. Karow was in uniform for the first time in a week.

INDIANA.

Bloomington, Ind., Nov. 4—While the Indiana freshmen rehearsed Ohio State formations on their own field, the varsity practically loafed Monday. The youngsters will engage the regulars in scrimmage Tuesday, Wednesday and Thursday, and on Friday, the varsity will entrain for the Buckeye camp. A special train carrying 1,500 Hoosier rooters and the 100-piece band will depart Saturday morning for Columbus. Today the regulars limbered up by running through signals for an hour, after which they were excused.

IOWA.

Iowa City, Ia., Nov. 4—With Saturday's disaster a thing of the past and three hard games yet to come, Coach Burt Ingwersen began the task of reassembling his Iowa machine Monday evening. A checkup showed that McIntyre, reserve guard, was done. His ankle was broken. Otherwise the squad is in good shape. The loss of McIntyre, added to the much more serious loss of Fleckenstein, in the Minnesota game, inflames a coaching problem which has been irritating throughout the season. At no time has Iowa had anything like enough reserve line strength and now Ingwerson has games against Butler, Wisconsin and Michigan with but two reserves for his line. Either Raffensperger or Daniels will succeed to the ill-fated guard position left vacant by Fleckenstein and McIntyre, leaving the other to serve as Iowa's sole substitute guard.

PURDUE.

Lafayette, Ind., Nov. 4—The Purdue players who took part in the game at Chicago were given a rest Monday afternoon while the reserve players and the freshman varsity elevens held regular practice.

Capt. Ralph Claypool, center, and Harold Harmeson, halfback, who were hurt in the annual scrap with the Maroons, will be out of uniform for a day or so with injuries.

These two star performers were unable to enter the second half of the Purdue-Chicago game. Purdue's next game is with De Pauw here Saturday, the game to be a part of a Dads' Day program.

Disappointed but not broken in spirit by the defeat at the hands of Coach Stagg's eleven, the Boilermakers are already making preparations for the annual contest with Indiana, November 22, which will be the game at which dedication exercises for the new Ross-Ade stadium at Purdue will be held. Purdue hopes to beat the Crimson eleven and gain a .500 standing in the Big Ten Conference for 1924.

WISCONSIN.

Madison, Wis., Nov. 4—Hoarse voices from members of the coaching staff sent the Badgers through a slashing practice session Monday, in preparation for the battle with Notre Dame next Saturday. Captain Harris furnished the "meat" for Line Coaches Below and Traynor. The doughty leader, who is being broken in as a tackle, plunged through lines of substitutes, and promises to fit in well at the next position. Chances of Harris starting at left tackle were increased by the announcement that Austin Straubel is out for the season with an infection. Assistant Coach Lowman worked the ends repeatedly on blocking and tackling prior to drill on getting down under punts. He remained with Long and Burruss, who were used at left end throughout the drill and scrimmage, giving personal directions on each play. Polaski has right end cinched. Coach Ryan drove the team through a grilling scrimmage against the freshmen.

MINNESOTA.

Minneapolis, Nov. 4—Bill Spaulding indicated Monday when his Gophers returned to practice that a number of regulars will be on the side lines when the team plays a non-conference game next Saturday against Ames. He tried Gordon Fisher at right end Monday and kept Herb Swanback at center throughout a long signal drill. Other changes are promised if the backfield doesn't get over the fumbling shown so prominently last Saturday against Michigan. The varsity spent much time Monday falling on the ball and working with the tackling dummy. The team showed bad tackling and a failure to follow the ball in the Michigan tilt. The Gophers intend to spend much time on a defense for Ames' vaunted aerial attack this week.

PIGSKIN PRIMER

When the ball goes out of bounds how is it customary to put it into play

It is customary to put the ball in play at a point 15 yards from the sidelines at right angles with the spot where the ball was carried out.

How is the ball put in play after a touchback?

The side making the touchback shall put the ball in play by a scrimmage from first down anywhere on its own 20-yard line.

How is the ball put in play after a safety?

The side making the safety shall put the ball in play by scrimmage from first down anywhere on its own 30-yard line.

What happens when a player interferes with another player who has signaled for a fair catch?

If a player is interfered with as he is about to make a fair catch, his side retains possession of the ball whether he completes the catch or not. Incidentally the side interfering is penalized 15 yards.

Nokomis Wins Again.

Nokomis, Ill., Nov. 4—The Nokomis Colts baseball club had rather easy sailing in its game with the Montgomery White Stars, winning 11 to 0. It was the closing game of the season for the locals.

Hard For Rockne.

South Bend, Ind., Nov. 4—Knute Rockne, Notre Dame athletic coach, motored about South Bend Monday in a new automobile which was the gift of the St. Joseph's Valley Notre Dame Alumni Association. The car, which has a limousine body, is equipped with numerous accessories. It was presented to Rockne prior to the Georgia Tech. game Saturday

WATCH OUT FOR STAGG'S ELEVEN

Scribes Say Maroons Have Little Chance.

Chicago, Ill., Nov. 4—Two opposing schools of thought have arisen on the Midway concerning the impending football game between Chicago and Illinois on Saturday. The majority, after prayerful consideration, have arrived at the conclusion that the affair will be nothing short of a landslide for Illinois. A small minority are predicting defeat with honor by something like two or three touchdowns. Coach Stagg and his gang, who have given the matter much thought, are not stopping to debate, but they are not in a panic as yet.

The chief reason why most people are afraid of a big score is the Chicago ends. The fear is that the devastating Grange will gallop around the ends for a lot of yardage and quite a few touchdowns. "But," say the optimists, "Henderson and Gowdy will stop that." It is a cinch, however, that Stagg would be a lot easier in his mind about this game if he were more sure about his ends.

DEVELOP SPIRIT.

With Purdue out of the way there is no excuse now for not thinking about the Illini with whole-hearted concentration. Stagg, who has been thinking plenty on the subject for some weeks, also is permitting the players to think about the game, and the process of "keying" is under way. The Maroon team will put more spirit into this game than in any it has played so far this year.

Stagg had the linemen off in a corner where no one could bother him and the session lasted until the lights were on. He is basing most of his hope of coping with Illinois on the performance of his line. The way in which Grange, Gallivan and Green ripped through the Iowa line added a new worry to the host that the "Old Man" was already toting around about this game. He won't stand for Zuppke stealing his stuff that way and he started out Monday night to prevent that kind of ground gaining.

No longer is the football guard a big husky athlete more or less stationary. In the five and six-man interference now so widely used he becomes an extra halfback, a very essential player.

Ellsworth Augustus of Cleveland is one of the longest drivers in the game, amateur or professional.

ILLINOIS LEADS CHICAGO 6 TO 4

Since Zuppke Took Up Work At State School.

Urbana, Nov. 4—The Zuppke-Stagg duel of thirteen years: Illinois victories under Zup, 6; Chicago victories under Stagg, 4. Games tied, 1.

There's the history of Illinois-Chicago games since 1913 when Bob Zuppke took the helm here.

The first meeting of the two coaches occurred in 1913, Zuppke's first season at the Illini helm. Stagg's men won but "Bob" got back at him the next year when his Big Ten champions defeated the Maroons, 21 to 7. Potsy Clark and Harold Pogue enlivened this encounter with long dashes. Illini won again in 1916, 10 to 0 and tied with Minnesota for the flag. Stagg turned the tables in 1916 and the next game was a scoreless tie. The Illini led the conference again in 1918, and beat Chicago, 29 to 0.

The 1920 set-to ended with Illinois on the long end of a 3 to 0 count, placed there by Ralph Fletcher's talented toe. Chicago triumphed for the first time since 1916 in 1921 when his team won 14 to 6 and again the next year, 9 to 0. But last year "Red" Grange broke loose at the start of the second half to score the only points of the game which ended 7 to 0.

The Illini will not be seen in action in the Memorial Stadium again until the Ohio State encounter Nov. 22. They travel to Minneapolis to take on the Gophers Nov. 15.

Ed Garvey, for four years tackle on Knute Rockne's great Notre Dame elevens, has decided to turn professional boxer. He was a ring star in his college days.

HARRY HALL IS REAL GENERAL

Illinois Quarterback Is Important Cog in Machine.

BY L. H. TOBIN.

Champaign, Ill., Nov. 4—Back in 1911, a cleancut, yellow-haired quarterback called the signals for Illinois against Minnesota in the closing game of the season. The Illini, crippled and concededly inferior in ability, faced the strong Gophers, who had only to beat them to have a clean title to the conference championship. Illinois on paper did not have the slightest kind of a chance.

This isn't the kind of story in which the underdog wins. Minnesota triumphed, but only by a hair.

CHEER LOSERS.

The Illinois rooters carried their players off the field on their shoulders, and they cheered no player more than the blond quarterback, for it was his cool-headed generalship his kicking and his all-round work which had helped to bring victory so near.

On the Illinois stands, a nine-year-old boy, with tears in his eyes, said to his father:

DREAM COMES TRUE.

"I'm going to play quarterback on Illinois some day, just like brother 'Al.'"

"Brother 'Al,'" the quarterback in that 1911 game, was "Swede" Hall in those days. Now he is Attorney Albert L. Hall of Waukegan, Ill.

Childish dreams seldom come true. But today another cleancut, yellow-haired quarterback is calling the signals as the fighting Illini gather in their famous "huddle." His name is Harry Hall and he is the same nine-year-old boy of 1911.

HIGH SCHOOL PLAYER.

Harry Hall was a pretty good player in high school but he created no especial furore on the Illinois freshman team, where he was tried at fullback. His weight was only 155 pounds. Everybody regarded him as just an average player—that is, everybody but Bob Zuppke.

IMPRESSED ZUPPKE.

"Zup" busy as he was with his varsity, out of the corner of his eye saw Hall's possibilities, but not as full or halfback. He made a mental note that this lad was an intelligent player. "Zupp" is deep. When the Illini fans doped out the varsity of 1923, no one mentioned Harry as a possibility for quarterback. But when Illinois opened its stadium in 1923, "Al" Hall, the quarterback of 1911, sat in the great memorial and saw his brother pilot Illinois to victory over Chicago.

And when Illinois overwhelmed Michigan this year, Hall's defensive and all-around playing was declared by more than one critic to be a feature that was only dwarfed by the amazing exploits of Grange.

COACH ZUPPKE'S PRAISE.

"Hall is the kind of player who plays far better in a game than in practice," explains Zuppke. "He is a good quarterback because he is intelligent and cool. He is calm and quiet and this has the effect of steadying the team. He is a great defensive player and unerring in interference. He can carry the ball if I'd let him—not a great back, but good enough to worry 'em. He can pass and kick as well as most players. But these are not his jobs."

Harry Hall has never made the headlines because in the Zuppke scheme he seldom carries the ball. But since the Michigan game, the middle west is talking about him. There is no more valuable quarterback in the Big Ten.

But it took a Zuppke to pry him out of obscurity and develop him into the quarterback of one championship eleven and of another team which is making a strong bid for honors—a Zuppke, plus the dream of a nine-year-old kid.

Catcher Steve O'Neill of the Red Sox started out to be a fighter but was stymied by parental objections.

D. H. S. Letter Men to Banquet Friday Night

Old Red and White Stars Will Mingle With Those of Present Day—Stage Homecoming.

BY HOWARD V. MILLARD.

Old "D" winners of former days will again mingle with the present day athletes again this year. Announcement of a "D" club banquet for Friday evening at the high school has been made by Red and White officials and while the call has only been out since Monday acceptances are coming in at such a rate that the success of the affair is assured.

With Coach Crook's warriors to make the final 1924 appearance at home this Saturday in the contest with University high the game is to be in the nature of a homecoming.

The Red and White grid team has had a successful season to date and victories over Bloomington and Peoria have put a good taste in the mouths of the old grads and a big crowd is expected to witness the U. high game.

ALL ARE INVITED.

While it may be impossible to reach every winner of the "D" the "D" club is anxious to have as many letter men present as possible and besides the invitations sent out is taking this means of issuing a blanket invitation.

The banquet will be at the school library at 6:30 o'clock Friday evening and will be served by the girls of the domestic science department so that it is to be strictly a school affair. Reservations are seventy-five cents each.

EXPECTS GOOD GAME

Coach Crooks is working his men hard this week in anticipation of a tough struggle from the University high eleven. After this contest but two games remain, the Champaign and Springfield tilts to be staged on foreign soil.

Since Champaign is rated as one of the strongest prep teams in the state and that Springfield has a victory over Urbana it appears that Crooks and his men have work cut out for them in the remaining games of the season.

Decatur high has been coming to front in athletics under the Crooks regeme and the old grads will have a chance to sit in with some winners Friday evening.

STAUNTON WILL FOLLOW J. M. U.

Little Illinois Town Plans Trip to St. Louis.

Millikin's undefeated I. I. A. C. grid team will not lack support Saturday when Captain Maxwell and his Blue team trots out on Francis Field to face Washington university.

Staunton the little mining town in Macoupin county has four of its former stars on the Millikin team this season and fully 300 fans are planning to make the trip into St. Louis for the Millikin-Washington U game.

The two Hastings boys, Jess and Glenn, George Oehler and Clifford Steigelmer are former stars of the Staunton High and the fans are anxious to watch them perform on a college team.

HAVE MADE GOOD.

All of the Staunton boys have made good in their first year of college football and it is a very good bet that all will see service in the Washington game.

Coach Johnson expects to take his squad to the Mound City on Friday leaving here in the morning if possible to secure a field to work out on Friday afternoon.

Dan Savage the coach of St. Louis U has been appealed to but with the Michigan Aggies being carded for a game with St. Louis Saturday there is nothing certain about the locals securing that field for a session.

EXCURSION RATES.

The Wabash has announced a $4.50 round trip rate to St. Louis Saturday and a number of Millikin students, alumni and supporters are expecting to make the trip for the Washington game.

Both Washington and Millikin have big games to point for the following week but the contest between one of the best in the I. I. A. C. and a Missouri Valley representative is bound to furnish some good football.

Director Johnson stated this morning that the men were all in good shape and that the work this week will not be as stiff as the early season drill. Johnson must watch his men for after the Washington game comes Knox and then five days later, the big Bradley battle at Peoria.

BAIT — FOR — BUGS

By H. V. Millard

Football had another bad week end Saturday when only 406,000 fans witnessed 14 college contests. Army and Yale led the country with 80,000 at their struggle in the Bowl.

Army vs. Yale	80,000
Penn vs. Lafayette	56,000
Illinois vs. Iowa	45,000
Michigan vs. Minnesota	45,000
Boston College vs. Haskell	30,000
Nebraska vs Missouri	25,000
Notre Dame vs. Georgia Tech.	20,000
Chicago vs. Purdue	20,000
Cornell vs Columbia	18,000
W. and J. vs Detroit	15,000
Fordham vs New York U	15,000
Penn State vs. Navy	15,000
Gettysburg vs. Dickinson	12,000
Syracuse vs. Pittsburgh	10,000

The writer had the pleasure of officiating in a game that provided a great demonstration of self control on the part of the members of a team going down to defeat.

The game in question was the Marquette-Creighton battle at Milwaukee, won by Creighton 21 to 7.

Despite the fact the two schools are great rivals there was no one iota of poor sportsmanship displayed by a single player of either team. It was the hardest blow Marquette men were forced to face in four years. The Milwaukee team had not tasted defeat since 1921 while only a few weeks before they had handed the Navy eleven a 21 to 3 defeat. It was Homecoming at Marquette and the eleven was performing in the wonderful new stadium.

When it was evident that Creighton was sure to win did the Marquette men rough up the contest as has often happened. It was a hard blow but the Murray athletes showed the same sportsmanship as they had at the start of the game.

And some people will say athletics are not worth while.

While it is much easier to be good sports when one is winning the fact remains that the Creighton men under A. A. Schabinger and Chet Wynn also showed wonderful sportsmanship.

We recall on one occasion when one of the star linemen on the Marquette team was out with a twisted ankle that needed taping. The job was not completed when the two minutes were up but the horn had no more than sounded until the Creighton captain rushed up to suggest that the injured player be given the time needed without being charged an additional time out.

When the injured man took his place in the line it was several Creighton men who gave him a pat on the back with the words "Stick it out old fellow, thats the spirit."

It isn't any wonder that both Marquette and Creighton are fast gaining places on the schedules of many of the better class of schools in the country. From the observation of the writer in working athletic events of the two schools the last three years they are entitled to the place they have gained.

It all goes back to the type of men in charge of athletics. If real sportsmen are at the head of college athletic teams you will find real sportsmen on the field and floor. There are exceptions of course but they are rare.

Sure feel sorry for Kyle MacWherter. His Bethany College football team was forced to take a 71 to 6 defeat Saturday at the hands of the West Virginia U eleven. Doc Spears former Kewanee citizen coaches the Mountainers.

Did you ever hear of Upsala College or Cooper Union. Well they staged a game at Newark N. J. last Saturday and Upsale won.

Sure hope Bro Weir doesn't include one of these on the weekly dope sheet.

How many old time Illini men have forgotten the name of Jimmy Cook. Not many. Jimmy is still interested in football and coaches the Soldan High eleven of St. Louis.

It seems like ages ago that the former Illini grid and diamond star was coaching the Peoria Socials.

In those days the big battle at Peoria was the one with the Pekin White Sox on Turkey Day. Such well known Illini as Van Hook, Burroughs, Butzer and others appeared with the Pekin team but the Socials were generally too strong for the Pekin representatives.

The Lincoln High school football team is without a contest for Friday Nov. 14 and is willing to meet any team in the state. Pana, Staunton or Greenfield is most desired, according to Lincoln officials.

What is said to be a world's record for drop kicking goals was established by Peters of the Montana U freshmen Saturday when he booted 17 between the posts against the Billings Poly eleven. The only odd feature is that the score was given out as 64 to 0. Try and figure out 17 drop kicks with such a score.

The boys of New Brunswick N. J. have clean faces at least four or five times a season. The Rutgers College officials admit every boy in the town to the game. His ticket is a pair of clean hands and a clean face.

The fees will certainly have to go up for the grid officials. One was slugged into a hospital at Durant, Okla. last Friday while on Sunday one was killed in Pennsylvania. The official's decision was disputed by the players and the fans took it up. Fearing a riot a policeman arrested the official and when he broke away was shot in the back by the officer.

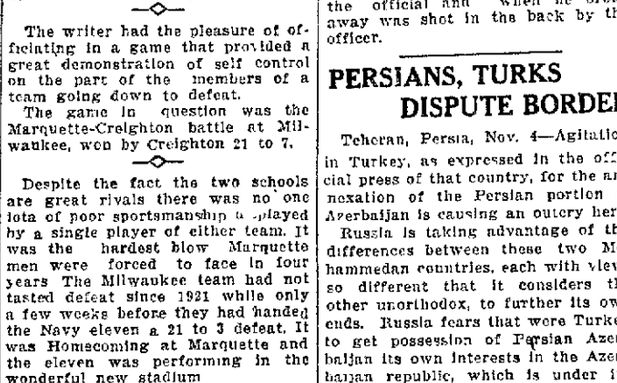

PERSIANS, TURKS DISPUTE BORDER.

Teheran, Persia, Nov. 4—Agitation in Turkey, as expressed in the official press of that country, for the annexation of the Persian portion of Azerbaijan is causing an outcry here.

Russia is taking advantage of the differences between these two Mohammedan countries, each with views so different that it considers the other unorthodox, to further its own ends. Russia fears that were Turkey to get possession of Persian Azerbaijan its own interests in the Azerbaijan republic, which is under its control, would be endangered. And Azerbaijan has some of the richest oil fields in the Caucasus.

Consequently Russia is leaning towards Persia, expecting thereby to get Persia's support in combatting Turkish influence. And Persia realizes that it would be powerless against the aspirations of Turkey without Russian support. The present friction may easily cause serious trouble in the near east.

MIDDLE WEST HAS THE BEST

Illinois and Notre Dame Without Superior.

BY LAWRENCE PERRY
(Copyright 1924)

New York, Nov. 4—Illinois and Notre Dame have improved their positions as the two strongest teams in the country at the present time. California, victor on Saturday over Southern California, might dispute this. But the writer is advised by an easterner who has been scouting in the middle and far west that while California is improving steadily she is not at this date warranted to a place in Illinois' class.

Were Illinois and Notre Dame to play next Saturday what would happen? No one ever can tell what will happen in any football game, breaks and all sorts of things are to prone to occur. This, the writer thinks, however, may be said—it would be a scoring game. Illini would find Layden, Crowley, Miller and Struhldreher very difficult to stop when the opportunity for score was in sight, but the chances are that Grange, McIlwain, Hall and Britton would receive more help from their linemen and thus would score oftener.

ILLINOIS LINE.

In other words the writer who has seen both elevens believes that the forwards of Illinois in the'r blocking and interference would play a more definite role in helping their back than would the South Bend linemen who nevertheless are very good at this themselves.

There is too much of a tendency to give all credit to the backfield of a winning eleven and little if any to the line. But more and more in this modern game of football backs, however good, are not doing a great deal of consistent gaining without the material assistance of their forwards.

Nebraska's backfield has been receiving a great deal of credit for stopping Grange. What stopped Grange in that game more than anything else was a big, powerful, well coached set of forwards. They refused to be put out of the way. Of course Illini's line work then had not developed to its present efficiency but just the same those Nebraska forwards and of course, the men back of the line, should be credited with turning in a masterly piece of work that early October Saturday.

OPEN VERDICT BY CORONER'S JURY

Mrs. Poe's Death "From Automobile Accident."

Shelbyville, Nov. 4— The coroner's jury that inquired into the manner of death of Mrs. W. H. Poe, who was killed Sunday evening in an automobile collision eight miles east of this city, returned an open verdict of "death from an automobile accident." The members of the jury, which was impaneled by Coroner Sam Whiles, were John Smith, Harry Hartsell, Ralph Jackson, E. L. Templeton, Ted Winson and Bruce Garvin.

The funeral of Mrs. Poe was set for Tuesday afternoon at the family home in Windsor, with burial in the Windsor cemetery.

FIRE DAMAGE.

The home of Mr. and Mrs. George B. Rhoads on South First street was slightly damaged by fire about 8 o'clock Monday morning. A small blaze was noticed on the roof by Dr. W. L. White as he was passing. This was reported at once, and Mr. White and Mr. Rhoads succeeded in extinguishing the fire with a small garden hose. The fire department was called but the fire was subdued before it arrived.

The fire department was again called late Sunday evening to the Miller building to pour water on some timber that was still burning. The fire was not serious, only from the damage that might have come from flying sparks.

TOOLE-HUGHES.

Leo M. Toole of Mattoon and Miss Geneva Lee Hughes of Herrick were united in marriage at the Catholic church in this city at 5:30 o'clock Saturday evening by the local pastor, Rev. L. H. Winking. Frances M. Tripp and Miss Virginia Fogel of Herrick were witnesses to the ceremony.

Mr. Toole is a son of Mr. and Mrs. Timothy Toole of Mattoon. His bride is a daughter of Mr. and Mrs. Justin Lee Hughes of Herrick. The couple went to St. Louis for a short honeymoon. They will make their home in Mattoon where Mr. Toole is employed as a machinist.

MIDDLETON-BANNING

Virgil Middleton, Charleston and Mabel Banning, Cowden, were granted a marriage license at Sullivan on Wednesday, Oct. 29.

During the month of October twenty-one marriage licenses were issued by the county clerk's office of Shelbyville. Only eighteen were issued during the same month last year.

Dr. W. T. Moffett of Shelbyville has just been appointed captain in the Medical Section of the Officers Reserve Corps of the army. Dr. Moffett is a World war veteran, having served in the Medical corps as a first lieutenant during the late war.

One new student entered Sparks College here Monday morning. He is Luther Martz, a 1924 graduate of the Shelbyville high school. Mr. Martz will take up the work in the accounting department.

JOHN D. HASN'T ENOUGH GAS TO GET TO HEAVEN

Tarrytown, N. Y., Nov. 4—Nobody enjoys a joke better than John D. Rockefeller and he doesn't mind telling one on himself. This is the latest he is telling to his friends:

"I was up in the central part of the State this Summer to visit some of the spots where I spent my childhood. My car had stopped and I was looking around when an old farmer came up to the car and started to talk to me.

"He didn't know who I was. We chatted together for about five minutes and then he asked me where I was going.

"I'm going to Heaven," I replied with a smile.

"'Get out,' he said, 'you aint got enough gas.'"

Scouting Is Hurting Present Day Football

Well Known Baseball Authority Has Few Words On Great College Sport.

BY JOHN B. FOSTER.

(Copyright 1924.)

New York, Nov. 4—Unless the system of intensive scouting is discontinued soon, the game of football will resolve itself into one so monotonous, so devoid of spirit, so stripped of the element of chance, that it will lose its grip on its followers and turn them into indifferent partisans of the sport.

It is the system of scouting, now so prevalent, which is rapidly tending to transform football into what the late Percy Haughton, in his last talk with the writer, so aptly designated "the game of one play." The scouting method has gone far beyond its original intent, changing football from a pastime of give and take on the first meeting of two teams, to one of pre-understood arrangement and formations which the two teams are attempting to recognize as quickly as possible, and for which they have arranged their defense.

PLAYS ARE KNOWN.

It no longer is a pastime in which two elevens trot on the field ignorant of each other's plans, and try to discover the other's weaknesses and then win. The result is lack of personal initiative—more and more machine-like precision as a coach dominates the eleven more and more, by drilling into it what it must do under every anticipated set of circumstances.

In two games that have been played in the east this year, both of which temporarily had their importance in that they might establish a team rating of the elevens, there is no doubt that effective scouting and thoroughly penetrated the attack of the defeated elevens and that the teams which won knew practically every play they had to cope with.

Had the players obtained that information by experience during the game and then won, that would have been sport. But they didn't. They had received it from "scouts" who had studied the opposition in advance and given them the information.

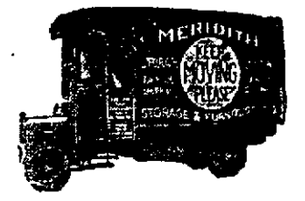

MUST KEEP PACE.

The fact that scouting is as fair for one team as for another has nothing to do with it. The trouble is that over-scouting is putting a blanket on football that is deadening it—and no one was quicker to recognize it than Percy Haughton, although he too, like all the rest, was obliged to use scouts in self-defense.

The head coach of one of the most important western colleges once told the writer that he had a book of information which detailed every play and every move of every individual on all the teams his eleven was to play. He seemed surprised when asked if that was regarded as high class, spontaneous sport, and replied: "They'd do it against you."

That is the big trouble—every coach has to send out his scouts to keep step with his rivals, who in turn send out scouts to keep step with him. And in the meantime football is suffering. There is no sport in that sort of thing. Its plain business, on ihtmgeroonr -Gness, nothing more nor less.

KU KLUX KLAN BIG ISSUE IN KANSAS

Topeka, Kan., Nov. 4.—Animosity aroused over the Ku Klux Klan issue, combined with fair weather and good roads were expected to bring out a heavy vote in Kansas today.

The windup of the campaign added new fuel to the klan controversy with eleventh hour charges by Fred Robertson, Democratic state chairman, that two Democratic campaigners had been suspended from the klan for working against U. S. Senator Capper, Republican candidate for re-election and B. S. Paulen, Republican nominee for governor, countered by a denial from the grand dragon of the Kansas realm.

MICHIGAN'S MILLION VOTERS TO POLLS

Detroit, Nov. 4.—Michigan's more than a million voters had a perfect day for voting today. Two constitutional amendments—one aimed at parochial and private schools, the other to impose a state income tax divided interest with the state and national ticket.

SOUTH IS SEEING TRADE REVIVAL

Atlanta, Nov. 4.—The bank clearings in this city in the last month reflect a tremendous impetus given retail and wholesale trade and manufacture by the largest and most profitable crop grown in the southeast in the last four years. Ginnings in Georgia alone have passed the 700,000 bale mark or 100,000 more than the 1923 total.

State Agricultural Commissioner Brown is negotiating for the establishment of a large calcium arsenate plant on the Georgia seaboard. Consumption of the boll weevil poison increased 500 percent in 1924. Holiday goods are being bought freely by retailers. The cane grinding season is now on in full blast. The crop was hindered by a long drought.

FARMERS BUYING FEW LUXURIES

Chicago, Nov. 4—Farmers are buying few luxuries, and are not expending a great amount of money on necessities, seventy letters from as many farmers in Illinois show. The letters were from "radio reporters," who furnish the information of the Illinois Agricultural association with material for radio programs.

Information obtained from the reporters indicates that the farmers are buying no luxuries, a few autos, practically no silos, a very few homes and barns, and some fencing.

Other information contained in the letters indicates that farmers get the most enjoyment out of radio features that make them think; they prefer "snappy music;" they want radio market reports on time and they prefer their weather reports while they eat dinner; they want "less static and less complaint from politicians of the derilictions of other politicians.

COOLIDGE'S FATHER CASTS HIS VOTE

Plymouth, Vt., Nov. 4—Colonel John Coolidge, father of the president, was the first to cast his vote when the polls opened in this town, the president's birthplace.

Colonel Coolidge refused offers by several persons to drive him in an automobile over the mile of hilly road that separated the Coolidge home from the polling place in Frank H. Moore hall at Plymouth union. He hitched up his horse and buggy and drove to the hall accompanied by his housekeeper, Aurora Pierce. There the two ballots were deposited in boxes improvised from butter pails. It has become a tradition in Plymouth that Colonel Coolidge will cast the first ballot on election day.

Neighbors of the president's father said today that one man had announced his intention of voting for Davis in order that Plymouth might not go solidly for Coolidge.

There are 214 registered voters in the town of whom one-half are women.

Tuscola, Nov. 3—Leon Reinhelmer's clothing store was burglarized Friday night and merchandise amounting in value to about $500 was carried away by the burglars, who left no clue. The store was entered through a rear window, from which part of a pane of glass was broken and a couple of iron bars "jimmied." The aperture was not more than twelve inches square, which would have made it impossible for a large person to have entered that way, and was so high that the first person who entered must have been boosted up by others. The "jimmy" was found in the store.

The loot taken included seven or eight complete suits of clothing, two pairs of men's shoes, two overcoats, a dozen shirts and other articles of clothing. The burglars left by the front door, which was found standing partly open, and there were indications that the thieves changed their clothing at the rear of the Farmers State Bank, where there is a secluded corner almost entirely enclosed by buildings.

QUIETLY MARRIED.

Word leaked out here the last of the week, of the marriage on Thursday in Champaign of Mrs. Effie Belles of this place to J. H. Trogden of near Paris. Both are people of a little past middle age and both have been married before. Mrs. Belles has lived in Tuscola for several years, while here children have attend the Tuscola schools. During the last summer, while her oldest son, Byron was farming a part of their estate, she leased her home in town and went to keep house for Byron on the farm. She is well known here as an estimable woman. Mr. Trogden is not well known here, but comes from a fine family and is reported to be a man of excellent reputation in his community. He owns a fine farm near Paris. While the couple have not made their plans known to the public, it is understood that owing to the fact that Mr. Trogden's farm is rented for the present, they will for a time at least make their home on the land of the Belles estate, southeast of Tuscola.

LARGE CONGREGATIONS.

Good-sized congregations were the rule in the Tuscola churches Sunday, and there were the regular Sunday services in all of them so far as could be learned, except at the North Side Christian. Their pastor is engaged in a revival service at Arthur, and they had no preaching. Their missionary women will meet Friday afternoon with Mrs. Charles Burmeister. On next Sunday at that church they will observe "Birthday Sunday."

"TERIAS" GALORE.

At the Presbyterian church, the Ladies Aid will meet with Mrs. Bierfeldt Friday afternoon. The men's club of the church will serve a supper at the Chamber of Commerce room Thursday evening, beginning at 5:30, as a benefit for their fund. The general public is invited. The affair has been designated as a "Cafeteria," "Pigeteria" and "Goateteria," a calf, pig and goat having been donated by members of the church.

At the South Side Christian church, in addition to the regular program for the week, the missionary women will meet Thursday afternoon at the home of Mrs. James Murphey. Mrs. Ida Timm will be the leader of the lesson study.

At the Baptist church, the regular monthly business meeting will be held Wednesday evening in connection with the mid-week service. The work of remodeling their church building is practically complete, and Sunday, Nov. 16 has been set as the day for the re-dedication.

At the Methodist church, the Young Woman's Home Missionary society will meet Monday evening with Miss Cecil Smith. Sunday school class No. 20 will serve hamburgers and coffee at the C. A. Vest store Tuesday evening. The Junior Missionary Society will hold a pot luck dinner at the home of Mrs. Walter C. Hacket at 1 o'clock Friday afternoon. The dinner will be followed by the regular meeting of the organization at which time Mrs. L. O. Hackett will be the leader of the lesson study. Next Sunday will be observed as "Old Folk' Day," when a special effort will be made to have all of the elderly people in attendance.

BIBLE TRAINING.

A Bible training class has been organized in the town, made up from people of all the churches. The first meeting will be held Monday evening at 7:15 in the Methodist church. All of the meetings for the month of November will be held there. All are invited to join the class. A Miss Daniels, who is a returned worker in the Near East Relief, was here Sunday and made short talks in the various churches in the interest of that work.

WEDDING INVITATIONS OUT.

Mr. and Mrs. Wilmor L. Murphey of this place have issued invitations to the wedding of their daughter Florence, to John Deering Cannon of Chicago. The wedding will take place Saturday evening, Nov. 15, in the South Side Christian church. Joseph Cannon of Chicago, the father of the bridegroom-to-be, in company with Mr. Genung of Urbana, who is his nephew, were callers at the Murphey home Sunday, after having visited the Dad's Day football game in Champaign Saturday.

MANY AT CLUB.

There was a fine attendance at the general meeting of the Tuscola Woman's Club Saturday afternoon, when Mrs. L. Belle Goodman of Champaign was the speaker of the afternoon. Mrs. Goodman's address was on the matter of voting, and instructions on voting at the general election on Tuesday. Music for the meeting was furnished by Mrs. Gladys Rasor who gave piano selections. The members were urged not to forget "Hospital Donation Day" and "Doughnut Sale Day," to be held in connection with the bargain sale day of the merchants Wednesday, Nov. 5. The president suggested that each lady bring a basket filled with articles for the hospital to the Chamber of Commerce rooms, and then take the basket home with them filled with doughnuts. New members taken into the club were Mrs. Ruth Fuller, Mrs. Ella Dearduff, Misses Frances Wilson, Blanche Monger and Edna Silver. The latter three will enter the Business Women's department.

FROM THE HOSPITAL.

The Waddington invalid coach was called into service on Saturday evening to take Mrs. George Coley from the local hospital to her home. Mrs. Coley is suffering from dropsical trouble and has been in the hospital for a few days for observation and treatment. Walter Schaffer, Jr., of this place who recently underwent an operation for relief from appendix trouble, was also taken to his home on Sunday morning.

JOHN T. STIFF BURIED MONDAY

Services At Baptist Church in Hndsboro.

Hindsboro, Nov. 4—The funeral services for John Stiff, whose dead body was found Sunday evening after eleven months' disappearance, were held at 2 o'clock Monday afternoon at the First Baptist church in Hindsboro. Rev. J. A. Modelin officiated. Burial was made in the Van Voorhis cemetery west of the Stiff home, and a short distance north of Hindsboro.

John T. Stiff, son of Wilson S. and Arabella Stiff, both deceased, was born in Morgan township, in Coles county, Ill., on May 1, 1883. He resided in that county and in Sargent township in Douglas county practically all his life. On Dec. 24, 1902, he was united in marriage to Miss Minnie Frantz at her home near Bushton. Three children, all of whom survive, were born. They are Miss Irma Stiff and Lloyd and Orville Stiff, at home. Three brothers, W. Shan Stiff of Charleston, Frank Stiff of Charleston, and W. R. Stiff, of Webster City, Minn., and three sisters, Mrs. R. N. Rankin of Bushton, Mrs. T. Harrell of Greenup, and Mrs. Linnie McGregor of Merkle, Ind., also survive. His mother, Mrs. Arabelle Stiff, passed away on November 23, 1923, just a few weeks previous to the time he was drowned. His father died about twenty years ago.

NEARLY DROWNED AS BABY.

Mr. Stiff, when but two years of age, came near losing his life by drowning, when playing with a bucket and rope at a well on the farm on which they then resided, which was near Bushton. He held to the rope, and in some manner the bucket fell into the deep well, taking him down. His mother, hearing his scream, ran to the well, and with the rope she let herself down to the surface of the water, where she held him safely until assistance arrived. For many days Mrs. Stiff was unable to use her hands because of the severe burns she received in letting herself down the well.

Taylorville, Nov. 4—The voting in Taylorville at noon was moving slowly, though in the second precinct it was picking up a little. Y. W. C. A. SPURNS EDUCATION WEEK

Says Legion and Militarists in Charge.

New York, Nov. 4—Coincident with publication of communications which Commissioner of Education J. J. Tigert, in which it was charged among other things that the promotion of national education week Nov. 17 to 23 had been "turned over to a military organization" (the American Legion) the American Civil Liberties Union announced last night that the national board of the Young Women's Christian association had "declined to participate in the movement."

The announcement was made by Roger N. Baldwin, director of the Union who said the information was conveyed to him in a letter from Mabel Cratty, general secretary of the Y. W. C. A. He said that Miss Cratty wrote him the decision was made "because of certain elements in the announced program inconsistent with the position of the organization's national board in regard to world peace and international co-operation."

"ZR-3" HERO PUTS ONE OVER ON FOLKS

Hinckley, Ill., Nov. 4—Major F. M. Kennedy, only Illinoisan of the three American officers who made the trans-Atlantic flight in the ZR-3 stole a march on the "homefolks" here last night.

Over a thousand of his fellow townsmen and neighbors were at the railroad depot last night to meet the train on which he was expected to arrive from Chicago. It arrived without him and the disappointed crowd began breaking up when he was discovered waiting in an automobile. He had come home unannounced last Saturday and quietly remained at his father's home until last night.

Later at the banquet in his honor, Major Kennedy briefly described the trans-oceanic flight.

LOWDEN WILL NOT SIT IN CABINET

Says He Can Do More Good Outside.

Oregon, Ill., Nov. 4—(AP)— Frank O. Lowden, former governor of Illinois, Monday in replying to farm organizations seeking to recommend him to President Coolidge for the post of secretary of agriculture, stated that because he felt he could be of more help to farmers outside the department than at its head, he should, if the position were tendered him, feel it his duty to decline.

The former governor, who declined to be the Republican nominee for fice president even after it was voted him by the Republican national convention last June, telegraphed his reply to organizations who requested his permission to indorse him to succeed the late Henry O. Wallace.

GRAIN BURNS; BOX CARS DESTROYED

Pittsburgh, Pa., Nov. 4—Fed by hundreds of tons of grain, fire at 1:30 o'clock this morning destroyed the grain elevator and building of the Dwight Hamlin company, burned six box cars on the Allegheny Valley railroad siding and drove six families from their homes.

FRENCH DEPUTIES SUPPORT HERRIOT

Paris, Nov. 4—(AP)—The chamber of deputies today gave Premier Herriot a vote of confidence 410 to 170, when, upon reconvening of parliament, he demanded the indefinite postponement of interpellations, the chief of which was criticism of the government for renewing the Morgan loan to aid France in stabilizing exchange.

Expect Record Vote In Macon County

Lines Form Early In Some City Precincts, While Others Get Slow Start.

A steady stream of voters at practically every precinct in Decatur gave indications early Tuesday that a record vote would be cast in Decatur and Macon county.

It was clear and cool and interest was intense. The apparent closeness of the Small-Jones race for governor was one of the main discussions.

Scratch ballots were freely discussed and predictions were that judges would have a lengthy time counting.

LINES FORM EARLY.

In several precincts a large crowd was on hand early to vote, and long lines were formed. In others, there was no one waiting. Women were not especially numerous; it was expected that most of them would vote in the afternoon.

A heavy vote for Jones was reported in the west end, but the east end appeared to be strong for Small.

SWEARING IN VOTERS.

In some precincts many voters were being sworn in who had not registered. The procedure varied with the individual election judges. Some wrote names of such voters in the registration books without question, if known to them as being residents of the precinct. On the other hand, J. L. McNulty, judge of election in the thirty-fourth precinct, was requiring all unregistered voters to be sworn in with a testimonial by a property owner living in the precinct, and requiring the election judges to sign the declaration. This is the strict interpretation of the law.

There were few challenges of non-registered voters by party workers.

PRECINCT REPORTS.

Reports of voting follow:

Fourteenth precinct, down-town, 389 voted by noon, out of 1100 registered.

Twenty-fourth precinct, Fairview Park, big vote out; 200 by 10 a. m., out of 850 registered.

Twenty-fifth precinct, west end, heavy vote; 425 voted by 10:30, out of 1200 registered.

Fifteenth precinct, west end, had 100 voters by 8 a. m., out of 720 registered. The polls were crowded early. It took one man thirty-five minutes to vote.

Twenty-ninth precinct, east end, 206 voters out of 1560 registered, by 10 a. m., but voters were coming fast. At that time there was a line waiting, fifty feet long. Many men from the shops were driving up in cars.

Twenty-seventh precinct, east end. Vote not large; 230 out of 1030, at 10.30 a. m.

Thirty-second precinct, southeast, fairly heavy vote; 327 out of 1229, at 11 a. m.

Thirty-third precinct, south east, heavy vote; 425 out of 1800, at 11 a. m. They were voting fast, and a line was formed.

Thirty-fourth precinct, south east, light vote; 276 voted by 11:30 a. m., out of registration of 1070. Many were being sworn in.

Judge S. T. Keeler voted in the eighth precinct. He was looking pretty feeble and admitted that he didn't feel very fit. But he couldn't break his record of voting in every election since he's been of age.

The officials were busy until 9:30 with a constant stream of voters in the tenth, and at 10 o'clock 159 had cast their votes.

They were handling them in cafeteria style at the eighth precinct voting place, Buckles' garage, 1700 North Union. It is easy to get around there. Three a minute voted in the first hour. During the first forty minutes, 129 votes were cast. This would seem to indicate straight tickets. Mrs. Lillie White and Mrs. Gertrude Cain were having their first experience as clerks and up to noon were enjoying the experience. Some of the old-timers wondered how they would enjoy it after supper.

The fourth precinct voters found themselves shunted over to Campbell's Sheet Metal Works at 1036 North Water, instead of Cooksey's barber shop, 1033 North Wtaer, where it had been announced the polling place would be. The new place is bigger, and 109 votes had been cast at 9:20 o'clock.

Lots of husbands and wives came together to the sixth, N. E. Davis' garage, 1444 North Water, but they paid no attention to each other after they got inside. Mrs. Mary L. Scott is having her firts experience as a clerk. Mrs. Leona Lilly and Miss Lillian Pollard have had previous experience. Mrs. Ethel Davis is tallying. Making quite a galaxy of fair ladies for the reception of the voters. Up to 9:30, 162 had voted. The small ballots were being voted, not destroyed, as was reported in some precincts.

Somebody called up Myrna Sharlow, who has been a friend of Mr and Mrs. Charles G. Dawes for many years. The question was: "Is either Mr. or Mrs. Dawes a Catholic?" The answer was: "Neither. They are Protestants and Mrs. Dawes is a strong worker in her church at Evanston."

Placards bearing prints of cuts of Jesse L. Deck were on posts rights at the dead-line at each election precinct.

Voting had been good up to noon in the sixteenth, Downey's monument works on Greenwood avenue, with 165 ballots cast. The registration list calls for 450 votes.

There was surprisingly little electioneering going on near the polls Tuesday morning.

Few scratched ballots had been cast up to noon in the northeast part of town. This opinion was borned out by the speed with which the balloting was being done. It doesn't take more than a minute to put a cross in a circle.

Election Notes.

They were voting early and fast at the thirty-third, 206 South Broadway, with 424 ballots cast at 10:45. The registration in this precinct totals around 1800. Twenty-five or thirty were in line when the polls opened, and by 8:20, 110 had been voted. As many women as men were voting.

One hundred and twenty were voted at a stretch, at the opening of the polls in the twenty-seventh precinct, Bain's store, 900 North Lewber. Then there was slower business, with only 200 voted at 10 30.

With a registration around 700, 117 had voted in the thirtieth at 10:40.

Forty-seven were voted immediately after 7 o'clock at the twenty-eighth, the Decatur Pie Company's place, 1050 East Condit. Lots of shopmen went to the polls before going to work. By 10 o'clock 123 had been voted. The judges hoped to get the bulk of the voting done by noon.

Thirty or forty were waiting at the ninth precinct voting place, 1579 North Water. A total of 191 had voted by 10 o'clock

At 10:20, 210 had voted in the twenty-sixth, the No. 4 Garage of the Sinclair Oil company. At that hour five women and children were waiting in line and all the booths filled. More than 1,000 are registered in the twenty-sixth.

One third of the votes in the seventh were being cast by women. The first hour was mighty busy, 144 casting their votes, and 177 had voted at 9:45.

There was a long line waiting for the polls to open at the fifth, 604 East Condit, and by 8 o'clock 99 had voted.

Mrs. E. T. Evans cast the first vote in the nineteenth precinct, Morris' garage.

No waiting line was reported when the third precinct polls opened, but 74 had voted soon after 9 o'clock.

A dozen people were waiting for the beginning of business in the second precinct and at 9 o'clock 76 had voted.

Paper badges bearing the inscription "Vote 'Yes' for Good Roads Issue" were being worn by many voters.

[illegible] 50, 151 votes had been cast in t[illegible] [th]irty-first precinct, 636 West Woo[d] [w]ith about 375 registered voters [illegible] heard from.

When the officials down in fourteenth precinct voting place, 331 North Main street, heard that 424 ballots had been cast in the thirty-third, Bernard Bradley said "We must do better next time. More voters' in the good old fourteenth!"

ALL G. O. P. JUDGES IN 27TH PRECINCT

Democrats Say Treatment Unfair.

CAUSES MUCH FEELING

One Judge Absent Causes Appointment.

A dispute over the Democratic judge of election in the twenty-seventh precinct, on the northeast side, was causing much bitter feeling between Republicans and Democrats Tuesday morning. Charges of unfairness were made against August Pickus, Republican judge of election in the precinct, who, it is alleged, named a Republican to represent the Democrats as the third judge.

The trouble started over the fact that Charles Yobski, who was named by the Democratic central committee before the county clerk to be the Democratic judge in the twenty-seventh precinct, in accordance with the law, was later stated to be a Republican. At any rate, he did not report to the precinct Tuesday morning.

PICK JUDGE.

In the absence of a judge for the Democrats, minority party, the choice depends on the other two judges, Republicans, who are required by law to name a person of the opposing party. August Pickus and Louis Fuhs, the Republican judges, therefore proceeded to name William Besalski, 1613 East Locust street, as the Democratic judge. The latter, in turn, picked his clerk, Herman Bessell, 975 North Jordan street, to represent the Democrats.

SAY THEY ARE G. O. P.

But these two men, Democrats state, are not Democrats. They have never been known to vote the Democratic ticket. V. B. Hoffman, Democratic committeeman for the twenty-seventh precinct, swears that the two men picked by Judge Pickus are Republicans, and not Democrats. This statement is also made by J. E. Reasor, 1331 East Condit street, and Oscar Mier, who lives in the Gebhart addition. They say that Besalski and Bessell never were Democrats.

When it was known that Yobski would not serve as judge, Reasor and Mier were given credentials by the Democratic committee to act as judge and clerk at the precinct. When they appeared at the polling place at 6:00 a. m. Tuesday, however, Pickus refused to recognize them, and appointed Besalski and Bessell instead.

CALL IT INJUSTICE.

"This is a case of absolute injustice," stated J. M. Allen, Democratic county chairman, Tuesday morning. "Mr. Pickus knows that his two men are not Democrats, but he refuses to allow us a Democratic judge and clerk as provided by law.

"Under the law, we have no recourse. When a vacancy occurs as in this case, we have to depend upon the fairness of the two Republican judges to name a man for our judge who is actually a Democrat."

The contention of the Democrats is supported also by the fact that E. Strahle, a La Follette challenger in the twenty-seventh precinct, states that Besalski and Bessell are not and never have been Democrats.

MOTOR CLUBS TO JOIN THE A. A. A.

No Other Alternative Is Left.

Most downstate motor clubs in Illinois will sever their connections with the Illinois state association and join the A. A. A. There is nothing else to do, no other alternative. The A. A. A. and the N. M. A. have merged or rather the A. A. A. has swallowed the N. M. A., but it has barred motor clubs affiliated with the N. M. A. or affiliated with associations that were connected with the N. M. A. Such was the Illinois state association.

MUST QUIT STATE ASSOC'N.

The Decatur Motor Club has stayed out of it through loyalty to the state association. The state association has stayed out of it through loyalty to the component clubs. Now they have reached the parting of the ways. If the individual clubs would become members of a national association they must quit the state association. This will destroy the association, but there is no other way out of it.

The Decatur club has appointed a committee with authority to act in this matter. They have thirty days in which to make up their minds. However, they have only one thing to make up their minds to do and that is to sever their connection with the state association and join the national association.

MORE REGISTER FOR FARM CONTEST

Total Number Pupils Entered Now 127.

Even if essays in the Farm Bureau contest are beginning to come in from among the 119 pupils already registered, there are others who continue to send in their names.

CASNER LIST.

A list received Tuesday from Casner contains eight more pupils who will write in the contest, bringing the total number up to 127. These new ones are Helen Fitzgerald, Doris Greenfield, Harold McDonald, Kenneth Griffith, Glenn Ross, George Hooper, Carl Denson, Lewis Kinser.

The date for the close of the contest is close at hand, Nov. 10, and these pupils expect to be ready by that time.

Sues for Divorce.

Porry Tankersley has filed a bill for divorce from Marie Tankersley. They were married in May, 1917, and lived together till in July, 1922. He charges her with desertion and infidelity.

Election Returns at The Review

Election returns will be given at The Review tonight. A special Associated Press wire will bring to The Review nothing but election returns from the state and nation. The Decatur election bureau will cover Decatur, Macon county and central Illinois and will furnish The Review with its results as soon as obtained.

By stereopticon results will be flashed on a screen in North street away from street car traffic. A blackboard table will keep the precinct results in view in one of The Review's big windows.

A special corps of telephone operators will handle telephone information.

Truck Crashes Into Residence

Tries to Avoid Collision with Ford.

A house, a fire plug, a Ford roadster and a Buick sedan were damaged Tuesday morning in a mix-up on the corner of East William and Illinois streets. In trying to avoid the collision with the Buick, the driver of the Ford hit a fire plug, standing about four feet high, on the southeast corner of William and Illinois. In trying to avoid a collision with the Ford, J. M. Coon, 1075 East Eldorado street, ran up over the curbing, over the walk leading to the house and into the front of the house, which is occupied by Mrs. Lottie Ryder, 1103 East William street.

CARS UNABLE TO STOP.

According to a neighbor who saw the accident, both cars were going too fast to be approaching the corner. Coon was driving south on Illinois, and the Ford, property of the Standard Oil company was going east on William. Both men applied the brakes but were unable to stop. The cars came together just before they came to the curbing and the Ford was pushed into the first plug and a tree which stands a few feet from the plug. The iron casing around the lower part of the plug was broken. The Buick went on up over the curbing, just missing a tree standing in the yard and knocking the top off the stoop on one side of the steps and then into the front of the house, breaking two of the weather boards completely and cracking several others.

The Ford received considerable damage and had to be hauled away, but the Buick received only a broken bumper and a bent fender.

None of the men in the cars were injured J. L. Doolittle was riding with Mr. Coon.

MRS. O'NEIL IS STRUCK BY CAR

Evidently Joyriders Took Parked Auto.

Mrs. Jackliena O'Neil, 2145 North Water street, was struck and injured at the corner of Broadway and East North streets about 7:30 o'clock Monday evening by an automobile said to bear the license number issued to Mrs. Jane Rau, 1030 West North street. In case this was the correct car, then the car was evidently being driven by joyriders at the time.

FOUND CAR IN DIFFERENT PLACE

R. C. Rau took the car about 7 o'clock and parked it along the east side of Water street, just west of the Standard Life Building. He neglected to take the key out of the car. He went from there a block away to buy some cigars and then returned to the office of Attorney H. W. McDavid in the Millikin building. At 8 p. m., he found his car parked over on the west side of Water street, across from where he had left it. It was a Ford sedan.

The car that struck Mrs. O'Neil went on without stopping. People in another car nearby picked up the injured woman and removed her to the Decatur and Macon County hospital, where examination showed her injuries were not of a real serious nature.

Many Protests On Big Precincts

1800 Registered in 33rd, Enough for Three.

Plenty of protests were heard in the big precincts where from 1,000 to 1,800 voters are registered against the stupendous task of counting the ballots.

"We'll be working until tomorrow night," said one clerk in the thirty-third. "It's a shame to have a precinct with 1,800 registered voters. I wish the fellows who put this up to us had to count the ballots."

It was agreed by the officials that 800 votes of the wall-paper-roll variety are enough for one group to count in any election.

KIWANIS CLUB FOR ED WURGLER

M. C. Nelson Makes Masterful Plea.

It looks as if the country will be saved, after all. The Kiwanis club is for Ed Wurgler for sheriff. At the conclusion of a stirring speech in his behalf by M. C. Nelson, at the meeting of the club Tuesday noon, a vote was taken, which showed an overwhelming majority for the popular washing delivery-man. Not a man stood up for Otey Walker.

The event was a successful hoax on the Kiwanians. When President W. H. Wiley announced that Mr. Nelson had something to say on one of the matters being voted on Tuesday, the members sat back back to await a plea for the good roads bond issue, in consideration of his known casual interest in highways.

SOME DIRTY WORK.

"Some dirty work is being done by people in this election," began Mr. Nelson, "that should be repudiated by every good citizen. One of the most important questions is to be decided on today by the people of this country.

"I am going to ask you to vote right, and elect my friend Ed Wurgler. A vote for Otey Walker means that petticoats, and Aunt Peabody will be in power. A vote for Wurgler means the end of such domination. Do your duty."

ARTISTS ENTERTAIN.

When the excitement over this critical affair had diminished somewhat, the Kiwanians were entertained by Victor Young and Helen Davis (Mrs. Victor Young) in a delightful musical program. Helen Davis sang three songs to the accompaniment of Mr. Young at the piano: "The Tea Kettle," "Caterpillar," and "Billy Goat."

Mr. Young made a brief plea for music, recalling the many men in this country, who though busy with afaflrs, were lovers of good music. Among them were George Washington, who was a good flute player; Thomas Jefferson, one of the best violinists of his day; and Benjamin Franklin, who was a keen critic of music and invented two musical instruments. In the present day, Mr. Young mentioned Woodrow Wilson, General Dawes, and Thomas A. Edison as lovers of music.

"Edison concentrates on music as much as on his other interests," said Mr. Young. "Once I played for him six hours without stopping."

Mr. Young concluded the program with a piano medley of old songs, selections on the Ampico, and two folk songs written by him.

FREIGHT ENGINES WILL BE LARGER

Wabash Preparing for Big Business.

NO PAY FOR TIME OFF

Instructions Still Published However.

The fifty new big freight engines purchased by the Wabash from the American Locomotive company for delivery begining next January, are going to be a bigger and heavier engine than the last batch of 2200s that were purchased and which are known as the K-3 type. In fact the new ones will not be so far behind the big 2500s.

These new engines will be known as the K-4 and K-5 type. They will be sixteen inches longer than the K-3s which will provide for future conversion into three cylinder engines. Five of the fifty will come with three cylinders but the other forty-five will be the regulation two-cylinder kind.

The new ones will carry 200 pounds of steam which will give them more tractive effort than the K-3 type. The five new three-cylinder engines will have a tractive power of 66,000 pounds which is almost as great as that of the 2500 or L-1 type and 5,000 pounds greater than the K-3. The new ones will also weigh 250,000 pounds on their drivers which is about 10,000 pounds heavier than the K-3 type on the drivers.

Through a misunderstanding it was printed in The Review Sunday that these engines were to be built by the Lima Locomotive works but they will be built by the American Locomotive Works, probably at the Schenectady plant.

No Pay For Time Off.

The announcement in the political columns Monday that Wabash employes would be allowed two hours off "with pay" for the election caused all kinds of business Tuesday morning for Wabash foremen and officials answering questions. Employes may take time off to vote but they are not allowed pay for the time off.

This has been the case for several years and it is said that the law which provided employes should be paid for time off, has been held unconstitutional. If it has, then whoever is responsible for having printed the regular official instructions for voting places, should revise these instructions. Sheet No. 2 of the printed official instructions still prints a portion of that law which says employes shall be paid for time off.

S. H. Overholt Dead.

The death of S. H. Overholt, an old-time Wabash emloye, in St. Louis Sunday night after a short illness, was announced in a letter just received Monday at Wabash offices from G. B. Lindsay, general baggage agent. Overholt was general baggage agent of the Wabash from 1883 until 1911 and had been connected with the general offices of the company in St. Louis since that time. He was widely known and had many friends on all divisions of the road.

Railroad Notes.

Wabash passenger train No. 1 out of Decatur at 7:30 Monday night for St. Louis, struck an automobile at Madison, near St. Louis, injuring seven men residing in St. Louis and East St. Louis. Reports received here did not say whether any of them were fatally injured or not.

Two of the big Wabash Pacific type passenger engines, 664 and 663 have been transferred from the Decatur division, while the 669 and 690 are being transferred from Decatur to the Detroit division.

Wabash trains between Decatur and Knights southwest of town, were using but one of the main line tracks Tuesday on account of the Decatur Railway and Light company putting in a new crossing at West Main street.

Wabash engines Nos. 507-599-429 and 2501 have just come from the Decatur locomotive shops after an overhauling.

Monday's business on the Decatur division of the Wabash amounted to 2306 loads and 937 empties in sixty-two trains.

Lawrence H. Gleanns, former Wabash clerk, has taken a temporary clerical job in the I. C. freight house office at Decatur. It was necessary to put on this extra clerk for a time at least, owing to heavy business at the freight house.

D. H. S. STUDENTS STAGE ELECTION

Vote On Adoption of Student Constitution.

"Who are you voting for?" was a question which was in circulation at the high school Tuesday. While the citizens of age were voting the students of high school were also staging a vote of their own on the national policies. The students voted on the adoption of the student constitution. The constitution was drawn up by the student body and it will put a great deal of control in the hands of the students.

The students will act through the representatives on any circumstance pertaining to the school. The school is marked off in precincts and the students will vote in three precincts. Three rooms have been arrayed with poll booths and judges, clerks, and vote challengers have been chosen and as soon as the bell for the beginning of the fourth period rings, the judges will take their places and the election will proceed.

A meeting of the governing body or the representatives of the student organization will be held at the close of school. The meeting will be brief and important.

THE DECATUR DAILY REVIEW

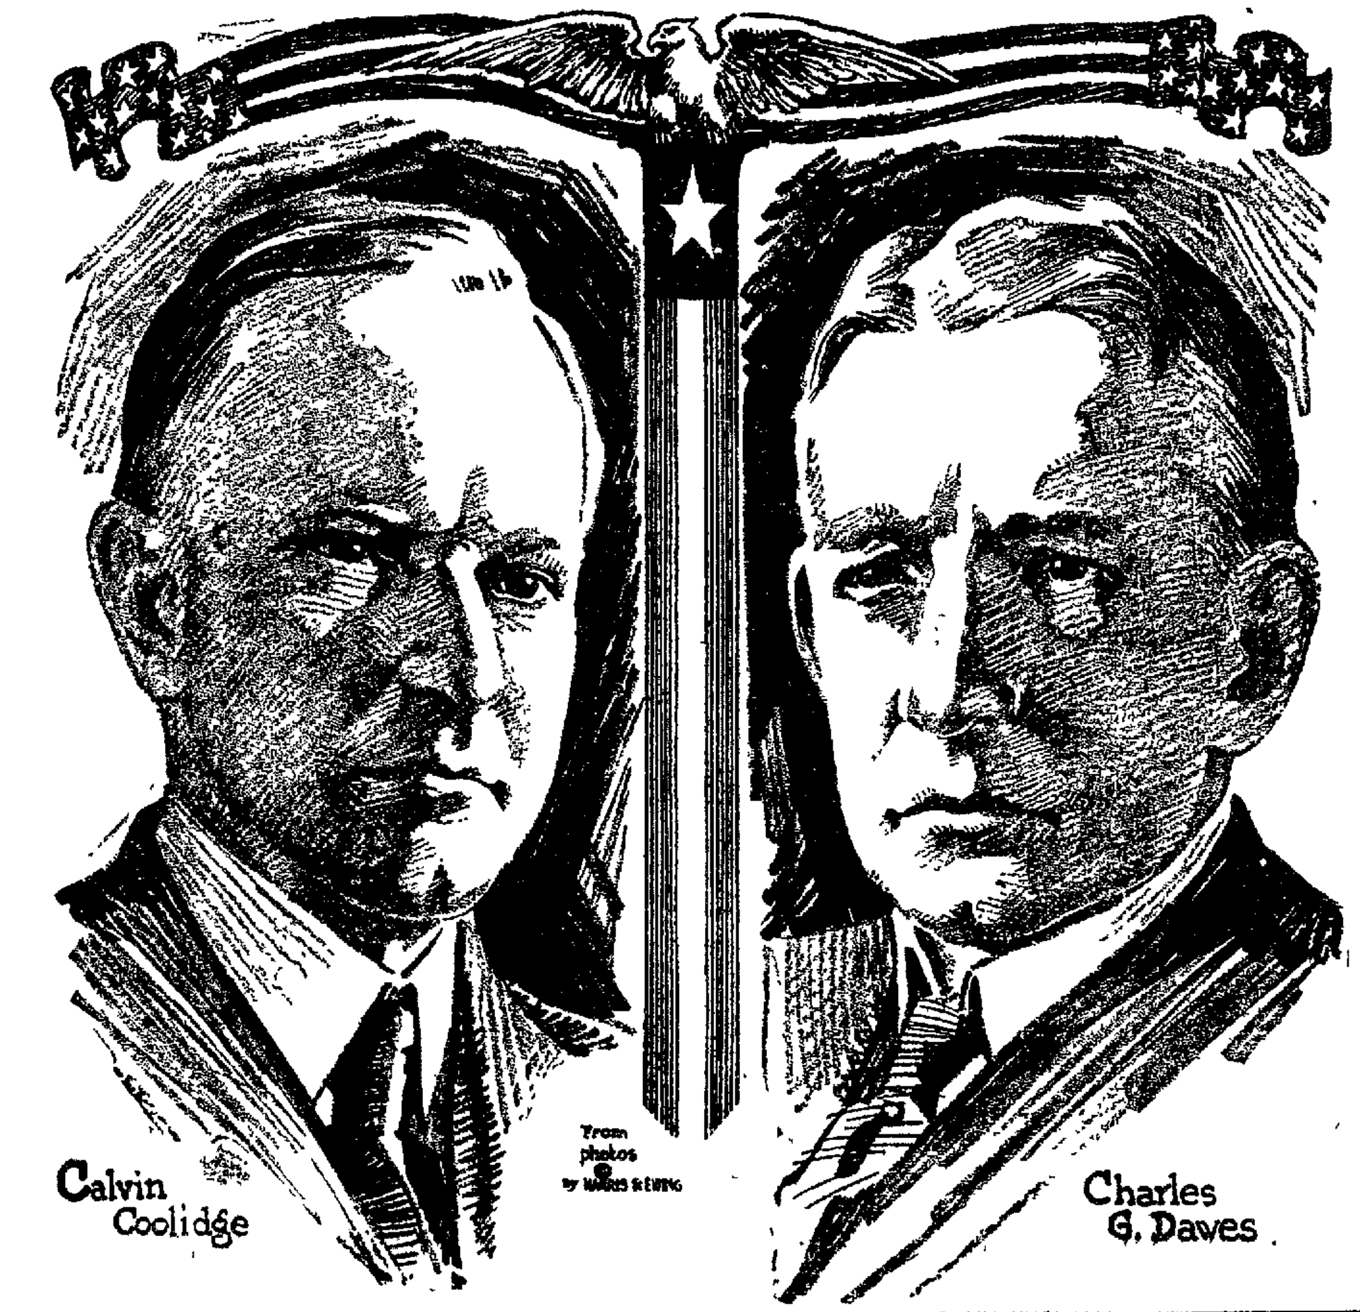

FORTY-FIFTH YEAR—NO. 309. DECATUR, ILLINOIS, TUESDAY, NOVEMBER 4, 1924. 18 PAGES—PRICE THREE CENTS

COOLIDGE IS WINNER

Early returns indicated a landslide for Coolidge. As the returns came from more precincts and states the early lead increased for him.

WURGLER LOSES TO WALKER

Extree Lxtree!

The Wurgler victory is all wrong. He never will assume the honors of the office of sheriff of the Old Home Town

Early returns indicated that Ed Wurgler was elected over Otey Walker by a vote of 1,023 to 735

ED WAS PLEASED.

On the basis of this, Ed counted all his chickens, put on a white tie, and strolled down to the corner grocery to thank his constituents for their loyal support Ed was all puffed up

Later, while passing The Review office, he was saddened by a bulletin announcing THE ELECTION OF OTEY WALKER'

FROM ST JOHANNES

This is how it was brought about Just as the polls were closing, a ballot box was brought in from the St. Johannes School When it was opened, it was found to contain 393 ballots, ALL FOR OTEY WALKER This made the final vote 1,128 to 1,023 in favor of Walker

STUFFED

"It's a fraud'" was Ed's statement 'That ballot box was stuffed. There can't be so many people voting for that loafer, Otey Walker. I have always done my duty running the express wagon for my wife I have obtained one of the best jobs in town for her and deserve the support of the people '

After consultation with his party managers, Ed Wurgler stated that he would contest the election.

AUNT SARAH'S VICTORY

Aunt Sarah Peabody, however, was enthusiastic over the victory for good government.

"This is a great day for the forces of law and order,' she said to a Review reporter 'I want to thank the women especially for their support of the candidate of the Purity League

Jed Hankins who has trouble getting Bruno home every evening, was despondent.

"It means four years rule by a petticoat government," he said "Things are bad enough as it is, but I suppose now all of us have got to go to work. It is a great blow to all good citizens"

OTEY IS FOUND.

Otey Walker was found by a reporter in the cellar of his home, where he had gone for consolation when the first returns indicated his defeat. When apprised of his good fortune, he blurted out his confused thanks

"With the help of the women and school children, one can do anything" was his statement. 'Please thank them all for their kindness, I wish I could go out and do so myself personally but I feel that a man s place is in the home—the lower part of it especially I know that they will understand '

WBZ—Springfield Mass

MANY GROUPS

Groups of people gathered at various places to hear the radio returns including the Decatur Club, the Elks club, the Moose club and E W Bailey Co

The Y M C A held open house at the Annex, where hundreds of people heard the election results Pancake and sausage supper was being conveniently served at the First Presbyterian church a block away and many were alternating between the two places

THE BEST WAY

The radio development, however, did not diminish the number who saw the open air screen returns at The Review, contrary to the prediction of some It seems that the proper election night excitement can be received only by a stroll down the crowded streets of down-town and by mingling with the big crowd before a newspaper office

COOLIDGE TWO TO ONE IN LOGAN

Lincoln, Ill, Nov. 4.—Eleven precincts out of 27 in Logan county give Coolidge 2,150 votes; Davis, 1,161, and LaFollette 313.

Ten precincts give Small 1,592 and Jones 1,485.

LOCAL ELECTION WAS UNEXCITED

Not So Many Voted As Had Been Expected.

Aside from a dispute as to judges of election in the twenty-seventh precinct, on the northeast side, the election in Decatur passed without unusual incident or any sign of disorder All was quiet and in order at all points in the city.

The vote was not as heavy as expected, although it was large In spite of the good weather and the efforts of all parties to get out a large vote, there were many who did not make the trip to the polls By noon about one-third of the registered voters had cast their ballots, and by the closing of the polls at 5 00 p. m. a large percentage had not voted In general about seventy per cent of the maximum possible vote was cast

Women took a prominent part in the election acting as party workers Many drove cars all day, taking voters to the polls

AS TO NUMBERS

Some indication of the number who voted is given by the twenty-fifth precinct, on the southwest side which reported 900 voters at 4 00 p m, out of a total of 1200 registered In the fourteenth precinct 690 out of 1100 had voted one-half hour before the polls closed

Early in the day and at noon time there was considerable congestion at the voting places Many stood in line from a half hour to an hour before getting to vote

NEED RE-DISTRICTING

In commenting on this situation, John W. Evans Republican county chairman said 'The vote of today shows that there must be a re-districting of Decatur township Also we must get away from operating under the general election laws and adopt an election commission. It has reached the point in this city where we can have satisfactory elections only by compulsory registration

'In many precincts today, seventy-five to 100 people were in line waiting one hour before being able to vote This is due to the fact that hundreds of voters had not registered, and had to be sworn in This delayed the vote and took the time of the election officials The only relief is in compulsory registration under an election commission"

The condition described by Mr. Evans was not general, however

In many precincts voters who had not registered were not required to be sworn in, but had their names written in the registration b[illegible] without formality by the election judges

EXTRA

COOLIDGE CARRIES ILLINOIS 800,000

Chicago.—On the basis of 350 precincts reported in Illinois, Coolidge will obtain a plurality of more than 800,000 votes over John W. Davis, the Democratic candidate, if the vote continues to be cast in the same percentage for each candidate in the remaining 5,639 precincts to report.

Hundreds caught on side the [illegible] places benefited by this order

Big Ballot—Slow Count

Chicago—The [illegible] most of Illinois [illegible] polls today to cast their preference in the general election was a factor in slowing up the tabulation of returns Three hours after the [illegible] of the voting booths in Cook county only 100 precincts had been reported in the presidential race, 100 precincts for United States senator and [illegible] precincts on governor These were the principal races of the day

TUSCOLA BUSINESS MAN IS INJURED

Bone Broken and Face and Side Scalded.

Tuscola, Nov. 4—Otis Goodson of this place and who is a partner in the distributing agency for the Minneapolis Treshing Machine company's goods here, was painfully and seriously hurt Monday. He was working with a steam traction engine, when a plug blew out of the boiler and struck him on the arm between the elbow and shoulder, breaking the bone. The escaping steam also scalded the side of his face and body to some extent. He was taken to the Jarman hospital, where an X-ray examination disclosed the broken bones, and where he was given the necessary attention.

WATERS-REEDY

Horace Waters of Tuscola and Miss Ethel B. Reedy, whose home is in Atwood, went to the Methodist parsonage here, and were married by Rev. A. L. Caseley, the pastor, at 9 o'clock Saturday night. The marriage was witnessed by Miss Harriet Reedy and Frank Debolt, both of Atwood, who accompanied the couple to the parsonage. The bridegroom is in the government service, as a mechanic in the army.

M'FALL-WELCH

Another marriage that took place at the Methodist parsonage with Rev. Mr. Caseley officiating, was that of Roy McFall and Miss Ruby Welch, both from near Hindsboro, and which took place Monday afternoon at about 4 o'clock. The couple was accompanied to Tuscola by the mother of the bride, who was one of the witnesses to the marriage. Young Mr. McFall is a son of Mr. and Mrs. Robert McFall and his bride is a daughter of Mr. and Mrs. Charles Welch. They are all farming people of the vicinity of Hindsboro, and the newly married couple will engage in farming.

RETURNS BY RADIO.

Tuscola Township Republican Chairman Harry C. Marsh stated Monday that arrangements had been completed with James L. Bush of the Tuscola Radio Supply company, for having the necessary instruments placed at the Tuscola Chamber of Commerce, to receive the general election returns there by radio Tuesday evening. The bulletins will be read or posted and will be open to the general public.

Mrs. C. Ed Cox, who has been quite sick for the last ten days is improving and hopes to be out again soon.

The Waddington Invalid coach was called into service Sunday afternoon to bring Mrs. Floyd Armstrong whose home is south of Camargo on the Broadus Stock Farm, to the local hospital for examination and perhaps an operation. Mrs. Cecil Goddard of Camargo and her young baby were taken from the hospital to their home at Camargo Monday.

INTO NEW HOME.

Mr. and Mrs. Owen Taylor have moved into their newly rebuilt home on East Scott street. The place is what was formerly known as the old Davis property and for many years was owned by the late Mayor Charles McMasters. It was purchased by the Taylors a few years ago, and during the last summer has been completely remodeled and made modern by them. The house, which is of frame construction, now has the outside walls stuccoed. It is located in a fine grove of hard maples that were planted many years ago, and the place makes a beautiful appearance. The house as rebuilt has hardwood floors throughout, a big fire place for burning wood in the living room, sun parlor on the east, and about everything that could be desired to make an up to date home.

MEALS FUNERAL.

Funeral services were held Sunday afternoon at the home of Mr and Mrs. Charles D. Meats, north east of Tuscola, for their three-months-old daughter, whose death occurred Friday. The service was conducted by the Rev. A. L. Caseley of the Tuscola Methodist church. The singing was by a quartet composed of Mrs. C. E. Helm, Mrs. Frad Rose and Mesrs., John and George Jeffers with Mrs. George Jeffers at the piano. Misses Lois Weatherford, Helen Sturgell, Doris Rose and Lillian Mannon carried the small casket and also had charge of the flowers. The burial was in the Tuscola cemetery.

Ed Wurgler Parade Only Election Eve Excitement

Old Home Town Band Out Leading March; Heavy Vote Being Cast.

Down-town Decatur on election eve would have been shamefully quiet, if it had not been for the exuberance of the campaign managers of Ed Wurgler, candidate for sheriff, who paraded his virtues up and down the streets. Assembling at The Review office, the procession tooted its way down Main street to Lincoln Square, where the Old Home Town band played a classic repertoire, leading off with "There'll be a Hot Time in the Old Town Tonight," and ending with a snappy version of "Wait Till the Sun Shines, Nellie."

Encouraged by the applause of the Transfer House denizens, the crusaders made another stop at the Republican headquarters in the Orlando Hotel. At this point Ed Wurgler (himself) took the stump, or rather the hood of his Ford, to make an impassioned plea for the support of all workingmen.

BLAMES SARAH PEABODY.

"Aunt Sarah Peabody is trying to cheat me out of this election by having everyone send their washing to my wife on Tuesday," he indignantly orated. "But we're going to fool them. I'm going to have her deliver the washing Wednesday. They can't keep me away from the battle ground of patriotism that-a-way."

At this point the Hootstown crowd attempted a bit of dirty tactics by getting the police to ask the paraders if they had a permit. Ed drew himself up to a proud height, however, and overawed the minion of the law.

CONTINUE MARCH.

Continuing up North Water street, the Walker marching club drew cheers. A committee of the Purity League, however, which was picketing for Otey Walker, attempted to tear down the Wurgler banners, but were repelled with the loss of two sun-bonnets.

At the LaFollette headquarters Wurgler descended from his express wagon for another torried outburst. He inveighed particularly against the Hootstown toughs under Boss Burkett.

"I have endeavored to keep this a campaign of dignity, as befits the high office to which I aspire," he shouted. "But if Burkett wants mud, it will be mud for mud and bricks for bricks."

NEAR-ACCIDENT.

A near-accident marred this entry for American Eloquence, when Walter Cloney, who was driving The Review Rolls Rough, set fire to his whiskers while attempting to light a campaign Camel. The blaze was extinguished, however, without the aid of the Old Home Town bucket brigade.

The hand-drawn express wagon, symbol of Ed Wurgler's humble occupation—delivering his wife's washing—was officially adopted as his campaign emblem, and several of them were in line. Ed's cronies from the livery barn, headed by Harold Kirkwood, were also in line in their full costume, with artistic banners and transparencies awakening the voters to the dangers threatening the

Great Republic if Wurgler is not elected sheriff.

The procession made several rounds of the white light district of the city before it was dispersed by the sounding of the curfew, and Bruno "got" for home, happy in the feeling that every dog has his day.

Heavy Vote Cast for Sheriff in Old Home Town

Actual counting of the ballots—by mail—in the Old Home Town election for sheriff began at 7 o'clock Tuesday morning.

Otey Walker was first to arrive on the scene. He admitted that he is sure of election. Aunt Sarah Peabody was right after him.

It was 8 o'clock before Ed Wurgler parked his wagon in front of the livery stable. It was rumored that Mrs. Wurgler was out electioneering against him Monday, stating that she couldn't afford to hire a boy to deliver the wash all over town. She refused Ed's suggestion that he'd assign somebody from the rockpile.

TOO BAD!

Somebody mailed her ballot under a one-cent stamp. Otey Walker paid the "postage due" to Jake Hill, postmaster, but was chagrined to learn the vote was for wurgler.

Ballots came by mail from Clinton, Sullivan, Shelbyville, Monticello, Gibson City, Forsyth, etc.

One vote for Ed Wurgler had written underneath "Aunt Sarah Peabody stickes here nose to much in Polltices."

"Betty's" vote was received.

A vote for Wurgler came in an Association of Commerce envelope, with this written at the bottom: "Otey is under Aunt Sarah's rule! No petticoat government for us! Aunt Sarah will keep us out of smoking tobacco!"

William Schalla, giving his age as 9 years, wrote his vote thus: "For a Clean Town we want Otey Walker elected sheriff."

WURGLER A DEMOCRAT.

This letter came from Sullivan, signed Matt Dedman:

"Enclosed find my marked ballot in the Old Home Town election. You have failed to furnish any information as to the political affiliations of Otey Walker and Ed Wurgler, candidates for sheriff. But I would deduct from the prosperous look of Otey's campaign uniforms, torch lights and everything that he must be a Republican. And as Ed seems a little pinched for funds for necessary propaganda have concluded he must be a staunch Democrat, and as such I must give him my unqualified support, and suggest as our slogan "Work for Wurgler."

Old Man Burkett, of Hootstown, the present sheriff, went fishing this morning, taking the keys to the jail with him. He hesitated out by the dump long enough to remark in a loud voice, "I'll show them two beginners a few things before this election is over." "Boss" Burkett still thinks he's going to be elected in spite of precedent, law, and everything.

Both Ed Wurgler and Otey Walker have asured their friends that they will be at The Review office for the returns tonight.

The vote at the Talbott-Barry Motor company resulted as follows:

Ed Wurgler—27
Otey Walker—8.
Burkett—1.

CAUSTIC.

This letter came from Arcola, signed "Mrs. R. G. S.":

"As this sheriff election is not ruled by our state laws, I am guessing my vote will not invalidate by adding to it some remarks, as I feel so desirous of telling why (womanlike) I vote as I do. Wurgler has proved himself so near worthless I think the proper place for him is in politics. And I know of no office as suiting a worthless man as Sheriff's. Therefore I want Ed where he's best qualified. So I cast my vote for Ed. And let Otey spend his spare time entertaining Aunt Sarah."

PETTY OFFICER M. COOK

His Auto-Intoxication Had Nothing To Do With Volstead

Mr. M Cook of 1236 Pacific Street, Brooklyn, N. Y., says: "I felt 'drunk' most of the time. My head was dizzy, I couldn't think clearly. I paid no attention to it until one day I dropped a coin and when I stooped to get it, I got so dizzy I fell in the middle of the street and was almost run over. I later found out that the cause of this condition was due to a sluggish liver causing FAULTY INTESTINAL ELIMINATION (constipation). This was promptly and effectively overcome by a short course of Carter's Little Liver Pills. They were a life-saver in my case. My appetite has doubled, my dizziness has gone, and my pep is great." Carter's Little Liver Pills have been recommended by druggists everywhere for 67 years. 25c a package.

FINE PROGRAM OF AMERICAN MUSIC

Costumes and Pianos Fit in with Time.

From the quaint old melodies of Colonial days, with the old-fashioned spinet for accompaniment, to the modern day songs sung to the accompaniment of a big grand piano, with the Ampico, Helen Davis, soloist, and Victor Young, pianist, held the delighted attention of their audience at the high school auditorium Monday night, where they appeared under the auspices of the Roosevelt Parent-Teachers association in a program entitled "The Romance of American Music."

Costumes and stage settings added to the effect of the program, each of the four periods of American music being thus represented. The old spinet of Colonial times with its sweet tones was of much interest to the modern day audience. When Miss Davis appeared for the first part of the program ,the songs of Colonial days, she was dressed in complete Colonial costume, as was also Mr. Young, who wore a long black cape and a powdered wig. Several Francis Hopkins songs were included in this part of the program.

USE SQUARE PIANO.

In Group 2 music of the '50s was given, a feature of interest of this period being the old square piano used by the famous singer, Jenny Lind, when she came to America. Hoop skirt and poke bonnet featured the costume worn by the singer when she apeared for this group of songs.

Songs presented in Group 3 were mountain songs of Kentucky, Tennessee and West Virginia. These were exquisite old songs, to the collection of which Mr. Young had devoted much research and care. While singing the songs of this period Miss Davis wore a checked calico, representing the dress of the little mountain girl.

MODERN SONGS.

Group four was made up of modern songs. Miss Davis appeared in a gown of latest fashion for this group. One of her songs was the "Tea Kettle Song" a composition by Mr. Young.

The singer and pianist gave several encores to satisfy the demand of the enthusiastic audience. The charming personality of the two artists ,as well as the marked quality of their work, added to the impression they made on the audience that heard them.

AUDIENCE NOT LARGE.

The audience at the recital was not as large as had been hoped for, and not as large as the worth of the program demanded.

Miss Davis and Mr. Young are appearing again Tuesday afternoon at a matinee recital at the high school auditorium, especially for children.

Following their recitals here, the old instruments used in their programs are to be on exhibition in the window o fthe Emerson Piano house.

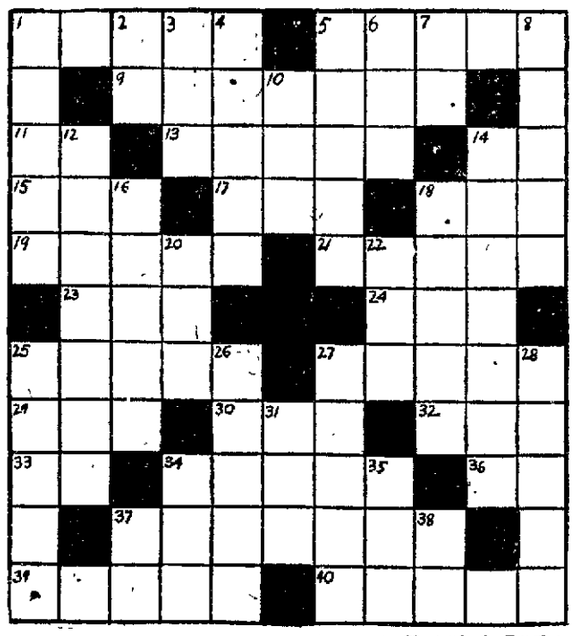

LEGION HAS 200 FLAGS TO SELL

Have Disposed of 800 to Equip Big Drum Corps.

But 200 remain of the 1,000 American flags that are being disposed of by Castle Williams post, American Legion to raise funds with which to equip a drum corps. Workers in Decatur and nearby towns have received a good response to their solicitations and indications are that the entire 1,000 and perhaps more will be sold, assuring the drum corps equipment.

Much interest has been aroused in Decatur over the plans for a drum corps that will be the largest in the United States and it has been indicated from several sources that there will be financial assistance given the project. It takes $15 to equip one man for the corps and it is expected that there will be several contributions from individuals or firms to help out.

CANDY COMPANY SELECTS DECATUR

Mewhinney of Terre Haute Selects City Because of Central Location.

Decatur has been chosen by the Mewhinney Candy Co., of Terre Haute as the location for one of its branches and Carl Kekeisen, formerly of Decatur has been assigned as branch manager and in the near future four salesmen will be put to work under his direction.

The Mewhinney Co. is an old established concern, having been engaged in candy making in Terre Haute for the last forty years. Besides the standard grades of candy that it manufacturers, the company does a jobbing business in bar goods and candy novelties.

The fact that Decatur is the intersection of Routes Two and Ten, giving access to all parts of the state, is the reason that the Mewhinney Co. decided to locate its branch in Decatur, according to Mr. Kekeisen.

CURRENT TOPICS FEATURES TOPEKA

I. P. and L. Magazine Issues Another Rotogravure Section.

The November issue of "Current Topics," the I. P. & L. official magazine is out carrying articles of interest concerning the various cities and divisions in which the company operates. In this issue Topeka, Kan., carries the rotogravure section similar to the one that featured Decatur in the last issue. Other features are the account of the annual meeting of Missouri stockholders, the Danville division picnic and news and pictures from all divisions.

Miss Wysong's Will Filed.

The will of Miss Gertrude Wysong, admitted to probate Monday afternoon, leaves her entire estate to her sister, Miss Grace Wysong, who is also made executrix with bond in the sum of $5,000. The estate consists of an equity in some real estate and personal property valued at $2,500.

WILL PLANT TREE HONORING OGLESBY

Bird and Tree Club Sponsor of Memorial.

The Oglesby school grounds will have a memorial tree in the near future which the Bird and Tree club will place there in memory of Governor Richard Oglesby. The club is doing all possible to foster the plan of planting memorial trees that Decatur and Illinois may have quantity and variety. This tree will be planted in co-operation, it is hoped, with the Fathers and Mothers' clubs of the school.

The exact date has not been chosen but it is to be in a short time, probably about two weeks, and Attorney C. C. LeForgee is to be invited to make the address in memory of the former governor. Details have been left to a committee composed of Henry D Spencer, W. F. Hardy, John W. Sanner, Mrs. G. J Turney and Miss Charline Wood The public will be invited to the ceremony.

A TULIP TREE.

A tulip tree has been chosen for this purpose as it is a long lived tree, a very beautiful one whose large leaves make deep shade and whose blossoms are attractive. It is a native of Illinois and therefore quite worthy of being a memorial representative. It was stated Monday evening that a fine specimen of the tulip is to be seen near the Lincoln marker on the Art Institute grounds.

The ginkgo tree, a naturalized tree from Japan was discussed by Henry D. Spencer. He had some of the beautiful fan-like leaves with him, their shape and delicacy giving the tree the name of maidenhair tree. The tree belongs to the Yew family and brought to the United States has become almost a native. Slow to fruit those that are thirty or forty years old are now fruiting and scattering their seed. It is long lived but has not yet had an opportunity to show the age to which it can live in this climate although Mr. Spencer tells of such a tree in Japan that 700 years ago was big enough to hide a man behind its trunk.

The tree is excellent for city planting and there are a number of them in Decatur. Although, having somewhat the appearance of an evergreen the tree does not belong to that class but holds its leaves until after the first heavy frost when they come down all at once.

TALKS ON BIRDS.

Jim Pettee talked on the subject of bird destruction and listed the enemies of the feathered tribe. It was brought out that the average domestic cat will have 240 birds to her discredit during the year and that crows are especially bad in that they eat the eggs and young birds, one crow's nest being found with as many as 3,000 shells beneath it.

WOMAN SLASHES RIVAL WITH RAZOR

Harriet Ragland In Jail, Mrs. Louise Cook In Hospital.

Harriet Rhgland, 1021 East Cerro Gordo street, is in the county jail charged with assaulting Mrs. Louise Cook with a razor, with intent to kill. Mrs. Cook is in the Decatur and Macon County hospital suffering from cuts that may prove serious.

About 6 o'clock Monday afternoon some one called police headquarters and said that one colored woman had almost cut another colored woman in two with a razor, at the corner of Hickory street and Railroad avenue. Mrs. Cook had been cut in various places about the face and arms and it was said that one gash extended almost across her chest. Moran & Sons ambulance was called and the injured woman was hurried to the hospital.

INQUIRED FOR MAN

According to the story told the police the women quarreled over Pete Winston. Mrs. Cook had been doing Winston's washing. Mrs. Ragland called on Mrs. Cook late Monday afternoon and demanded to see Pete. Mrs. Cook replied that Pete was not there. Mrs. Ragland insisted that he was or that Mrs. Cook knew where he was, and they got into a quarrel that resulted in the cutting. The assault was witnessed by Mrs. Cook's fifteen-year-old daughter.

Besides the cuts on her face and arm, Mrs. Cook received two or three bad gashes in her body, one on the right side was about four inches long and three inches deep. It is thought that she will get well.

Seek Mrs. W. A. Neer.

Mrs. W. A. Neer, of Near, is wanted in Kansas City, Mo. Her son is seriously ill there. A message to that effect was received by the police Monday evening from Mrs. Neer's daughter in Kansas City, asking them to try and locate her mother and deliver the message.

NEW WHEAT NOT SUBJECT TO RUST

Winnepeg, Can., Nov. 4—(AP)—A new variety of wheat which will resist all attacks of rust, a species of Marquis which is said to yield from four to six bushels to the acre more than the ordinary variety, has been developed by Samuel Larcombe, a prominent grain grower of Birtle, Man. The new wheat has been tried out in areas in western Canada infested with rust and came through without damage, according to Larcombe.

Larcombe has been a Manitoba farmer for thirty years and in that time has won 3,000 prizes on wheat at Canadian and American expositions. He won the world's championship for wheat at the Peoria International Fair in 1917 and in 1918 the sweepstakes for the best individual farmer's exhibit as well as for wheat in the dry farming section of the International Soil Products Exposition in Kansas City.

ILLINOIS HIGH SCHOOLS GROW

Springfield, Nov. 4—Growth in high school attendance in the last five years is the most outstanding educational event in the last twenty-five years, a development so unique that no educational leader or seer in all of the history of the profession could have foretold it, Francis G. Blair, state superintendent of public instruction, said in the foreword to a set of standards for recognized high schools in the state, which he has prepared.

"Ten or twelve years ago certain critics of public education were parading the fact that the educational system broke down at the sixth grade; that children beyond the age of fourteen were running the streets or working in factories" Mr. Blair continued "The blame for this was usually laid at the door of the course of study or the quality of the teaching.

The Affair at Flower Acres

By CAROLYN WELLS

©1924 by NEA Service Inc.

BEGIN HERE TODAY.

Douglas Raynor is found shot through the heart in the early evening on the floor of the sun room of Flower Acres, his Long Island home. Standing over the dead man, pistol in hand, is Malcolm Finley, former sweetheart of Raynor's wife, Nancy. Eva Turner, Raynor's nurse, stands by the light switch. In a moment Nancy appears, white-faced and terrified. Orville Kent, Nancy's brother, comes in from the south side of the room. And then Ezra Goddard, friend of Finley; Miss Mattie, Raynor's sister, and others, enter upon the scene. Detective Dobbins heads the police investigation. An autopsy reveals that Raynor also was being systematically poisoned with arsenic. Lionel Raynor, son of Douglas Raynor by first marriage, comes to claim his father's estate. Now Nancy tells Dobbins that she believes Nurse Turner hated Douglas Raynor. "Do you think she shot him?" Nancy asks the detective.

NOW GO ON WITH THE STORY.

"No, Mrs. Raynor, I've not the slightest reason to think that. But I do think—if your story of your drug remedy is a true one—I do think it possible that she was administering the poison pellets."

"My story is true, Mr. Dobbins—oh, please, believe it! I knew my husband was secretly taking drugs—I found that soon it would become an ineradicable habit. Somebody told me of the cure—it was warranted harmless so I tried it on Mr. Raynor. I reasoned that if it didn't cure him, it could do him no harm. And, too—

"THE GIRL'S NAME WAS EFFIE TALCOTT— AND IT MIGHT HAVE BEEN MISS TURNER."

I cannot tell you— I don't want to tell you, how unutterly cruel he was to me because of the drug."

"But I thought," Dobbins watched her closely, "I thought morphine made people merry and happy."

"Yes—but it was when he couldn't get the drug that he was so terrible. I had to hide it from him—and then when he couldn't find it, he— he became almost, like a maniac—he tortured me until I had to give it to him again."

"You poor woman—I don't wonder you wanted to kill him."

If this was a trap, Nan took no notice of it. She went on.

"I gave him the pellets quite regularly for a time—he not knowing it, of course. I could see no marked improvement in the matter of the drug habit, but I was alarmed at noticing symptoms that seemed to indicate that something was radically wrong. He became slightly anemic, was short of breath, and subject to intense thirst. I spoke of these things to Miss Turner, but she said I imagined them and that he was all right.

"I became more alarmed—yet I didn't like to speak to Doctor Saxton about it."

"Why?"

"I think the principal reason was, I feared he would attribute the conditions to the pellets I had been giving him— and I knew those were harmless—for I had had them analyzed by an expert chemist. So— I really don't know how I came to think of poison, but I did, and I bought a little book telling about poisons and their antidotes. As I read it, I became convinced that Mr. Raynor was regularly taking arsenic into his system. I thought first of suicide—then I began to suspect Miss Turner of knowing something about it."

"And that explains, you think, the whole matter of the arsenic poisoning?"

"Don't you think so?"

"Frankly, I do not. I still think—pardon my brutal plainness, that all this is a fabrication of your own. First, poison pellets were found hidden in a vase in your bedroom. Again if either the drug, morphine, or the patent medicine you say you were administering had been found at the autopsy, your story might carry more weight. But no traces of those substances appear in the report of the operating surgeons. If you suspected Miss Turner, why didn't you accuse her at once?"

"As I told you," Nan spoke with difficulty, "I didn't— I don't exactly suspect her—I can only say— I don't entirely trust her. I hoped, if I threw away all the morphine and all the curative pellets, it would never be known that my husband indulged in drugs at all. I am sensitive about his reputation and I don't want the matter known. His sister would be most chagrined and mortified if she knew of it."

"Well, Mrs. Raynor, I can't think this is a time for such punctilious consideration of Miss Raynor's feelings, or even of your husband's weakness. Try to remember that you are under grave suspicion yourself, of having killed your husband, by poison, or by a shot, or both. Try to remember that your explanations and excuses, so far, have no real weight as evidence in your favor, and for heaven's sake, if you know anything definite or truly prejudicial to any one else, tell it—and help your own cause."

Dobbins spoke emphatically.

"Now," he went on, "what I'm getting at is this. If you have enough real doubt of Miss Turner, say so—and I'll go straight and hunt her down and face her with the question."

"I don't know—" and Nan's worried face showed deepest doubt. "It does seem so awful to accuse a poor nurse of crime, with so little to suggest it."

"Maybe I can add a little," and as the short, sharp tones fell on their ears, Miss Mattie glided into the room.

"I've been listening," she said, seating herself. "I make no bones of doing that, in any matter concerning my brother's death. I've heard all you two have said—and I must confess, Nan, I think you're pretty fine. I don't believe, now, you poisoned Douglas—I believe your story of the drugs and the cure—you see I know you better than Mr. Dobbins does. I am shocked, of course, to learn that Douglas hankered after morphine—it's disgraceful— but to my mind, it's a small matter compared with the question of who killed him. Now, I always disliked the Turner woman, and moreover, I always thought there was something between her and Douglas. I mean something that happened before she came here."

"That's what I want to get at," cried Dobbins, eagerly.

"Come to me, then," said Miss Mattie calmly. "Mrs. Raynor is young and trusting—she's really unversed in the ways of women of the world. I don't say she didn't shoot my brother — she suffered. Lord knows! and in a moment of desperation— but that's not the point at present. If Nan didn't give Douglas poison— then Eva Turner did. My brother had a lamentable episode in his life about twenty years ago."

"With Eva Turner?" asked Dobbins, quickly.

"That I don't know. But the girl's name was Effie Talcott — and it might have been Miss Turner, under a different name."

Miss Mattie settled herself in her chair, almost as if prepared to enjoy the recital.

"It was when my brother was perhaps forty years old. He was a widower. Effie Talcott was a chorus girl, and Douglas fell madly in love with her. He had no idea of marrying her, but he lavished every attention on her.

"Well, one night they were driving out somewhere after the theater, and there was a motor accident. Miss Talcott's leg was broken and she went to the hospital. She was there nearly a year, and when she came out she did not exactly limp, but she could never dance again. Of course, this ended her stage career, and she turned to my brother for support.

"This he refused, and she brought a breach of promise suit against him. It was settled out of court, but the girl was not at all satisfied with the arrangements made for her, and she vowed she'd get even with Douglas sooner or later. My brother only laughed at this. But I heard that during her stay in the hospital she had developed an interest in nursing and had an aptitude for it. That is all I know —but, if you put two and two together—"

Miss Mattie paused.

"The Talcott girl would be about forty now, and if she has been a nurse for years, she may be a dietitian as well as any other specialist."

* * *

In consequence of this story of Mattie Raynor's, Detective Dobbins set off at once for New York City, to interview the nurse at the address she had left behind her.

He was greeted in a non-committal fashion by a middle-aged woman carelessly groomed and informally attired.

"Sit down," she said. "What's it about?"

"About Miss Turner," Dobbins replied. "Where is she?"

"Out on a case — I don't know where, exactly."

"I think you can find the address, somehow, can't you?"

"Maybe; when I know what you want her for. Is it a case?"

"Yes; it's a case," and Dobbins smiled inwardly.

"Oh, well, then, I'll give you the address."

"Look here, I want you to tell me something about her—about her early life. I'm—I'm a reporter—I'm getting statistics about the early life of nurses, and how they came to take up their profession."

IT IS ALL HE HEARS.

Nearly always the political manager says his party will win election day. Perhaps it won't do to say that is what he gets for being a fool optimist.

There is something to be said in his behalf, mistaken though he is. During the campaign in which he has been active most of the people he has met are going to vote his way.

Say that a leading candidate for the presidency comes to Decatur. He looks out over a thousand or two thousand voters, and these give signs they are pretty much for him. It is the same in every town he enters; he is permitted to meet only his own supporters, at least for the most part.

After he has been out on the road six weeks, having this experience day after day, perhaps he isn't to be blamed for thinking nearly all the voters are with him. It was the case with those he met.

It is even more so with the big political manager When he comes to town he is received by fellow workers, and they introduce him to others in the same boat. He doesn't get an inkling that anybody takes enough interest in the other side to be working for it.

There may be opposition workers, but as he never gets an eye on them he concludes they must always be over in the next county, like Texas fever in the old days.

As he views the situation, there's only one side.

AND NOW TEN ARE DEAD.

The watchman in the tower at Chicago "had a few drinks"; and in a little while ten dead were scattered about. A freight train crashed into a loaded street car.

The conductor of the street car got off and walked to the farthest track, as the rules command he should, but he saw no freight train approaching. There is no intimation the conductor had anything to drink.

The watchman in the tower could not see the approaching freight train that was almost on the crossing; neither could the conductor see it. And yet it does not take a microscope to see a freight train.

This time the freight was backing onto the crossing. But even this is something that happens every day at that crossing, is almost the regular thing Men who watch there should be able to tell a freight train from rear view as well as head on.

In this case there were plenty rules and precautions to make it safe for passengers in the street car, but they were not saved. It was necessary for two human equations to go wrong at the same instant, but they did it.

And the resulting story tells of ten dead and twice as many seriously wounded.

It may become advisable at that crossing for passengers to get out of the street car and let each have a look for himself.

BOB PLAYED TAG WITH BORAH

Friday last they began to ask Senator Borah if his committee investigating campaign funds, slush and otherwise, would make a report. He was inclined to think one would be made in time for use election day.

Saturday he was not so sure about it; by Sunday he began to fear the report might not be reached. Monday he was sure a report was not to be forthcoming in time for election day.

And that is where the matter rests. The principal memory we have of that investigation is what was set forth in the daily papers from day to day, and this consisted almost entirely of questions asked in cross examination by lawyers who were hired to represent LaFollette.

One begins to suspect this investigation, even though conducted by Senator Borah as chairman, failed to make much of a contribution to the cause of good government.

Bob's crowd was in it from the start to get all the best of the disclosures, and especially the comments to be made thereon. We think they succeeded in this. In the main the investigation was a little sideshow of their own.

We had not been advised and didn't understand that the wool could be pulled over Borah's eyes in this fashion. Some of us are almost afraid that we overrated Borah. Bob, who has known him for years, seems to have sized him up more accurately.

A LITTLE NIGHT LIFE NEXT.

The Illinois Traction System out of this town is planning to treat us with more consideration, beginning Sunday next. We are glad to hear it, and we rejoice accordingly.

The System threatened to drop into the bad habit of running the day's last train out of this town a little after 8 o'clock in the evening. This might be acceptable on the C. I. & W., but we expected a lot more from the traction people.

And they are going to give us more. The new card calls for night trains out of here as late as 11 o'clock. This is more like the hours many of us wish to keep.

What is the use coming to town to see the bright lights if one must depart almost before they are turned on? And our friends outside the corporation can't go to the movies and other shows if they must catch a last train before the curtain goes up.

But all that is something now in the past and can be forgotten. There is a better program just ahead, and now our friends may come and have some promise of being able to view the whole works.

It illustrates what may of us have often said. When the program looks gloomy, stick around a little while and it will brighten up.

HOLD OUT A MEMORANDUM.

There is a request to be made of all election judges and counters tonight; it is that they be sure to make a memorandum of the result before they seal their report on the returns

The ticket is long and in some instances the counting will not be finished until some time tomorrow forenoon. Of course it is expected to hear from the head of the ticket, state and national, long before then, but after this there will be other items of interest.

It has happened heretofore that the final count was completed too late for report that night, and then those in charge forgot to make a notation of what the count showed, Because of this it was necessary to wait for the official count, which comes several days later.

But the good voting public wants to get first flash on all returns tonight or early tomorrow morning. This can be furnished if judges and clerks will only make a notation of the count in their district and send it in at once.

And please let us hear from president and governor as early as possible; there are a lot of people who can't be happy until they have this news. Just a little helpfulness all around and then everybody will be in better humor.

FOOLISH IF THEY TRY IT.

J. C. Royle tells us there is much complaint from Americans in Europe who feel they have been held up by prices asked them in that country. Especially is there complaint from our citizens who formerly lived in foreign countries.

Many will wonder if there is real justification for the indignation reported by Mr. Royle. We have no doubt there is some complaint, for this is something we have with us always, here or abroad.

The shopkeepers in foreign countries are foolish if there is sound basis for the reported complaint. There are a great many of those fellows, and as a rule they are shrewd enough in their line. We take it that demand and supply cut a figure in the foreign shops, which means that if one shop asks too much the business is pretty sure to go to another that takes advantage of the pening.

The situation in Europe, as in other places, is there are more shops than business. This doesn't always insure lowest prices, but at least it does tend to keep them within some reasonable bounds.

For a little while those shopkeepers may have figured that the customer from America is lousy with money, but surely it could not have taken them long to discover their error.

STILL WAITING FOR THAT LIGHT.

Harold Pogue was driving to Decatur from Urbana Saturday night and got into difficulty on account of glaring headlights.

It is the story we have had for many years, and it doesn't seem to grow better. We find some mention of it almost every day in the papers; it is getting to be a regular diet.

All of which reminds us that millions are still waiting for that headlight that doesn't glare.

Now you have done it for another four years, whether you took part or didn't.

They say that Red Grange isn't a bit spoiled by all the worship; if so, it is even a bigger thing than his grand playing.

They tell us this is Apple week, but our weather eye is peeled to see who will knock the persimmon.

The news columns indicate that it is in order again in this town to remark that the driver on the right has the right of way.

Don't accuse us of window shopping if you catch us enraptured; it may be they have some splendid "Mums" on display.

Polls keep open till 5 o'clock this evening, so there may yet be time to say that little piece that no one can say for you.

Just as we wanted to bet a million on Norman L. Jones, it was our hard luck to discover the bank was closed for the day.

You are invited out to get election returns; better get them where static doesn't trouble.

The next stop will be Thanksgiving; two hours for dinner.

Fourteen who were at the Shiloh church dedication were also present for the golden jubilee—the good don't always die young.

In their advertising they neglect to tell us just what Mr. Sousa will attempt in the jazz line.

THINKERS ALL.

You can't find out what a fellow thinks
Where the slag comes up and the metal sinks
In the cupola of a foundry's gloom;
You can't get his thoughts in the crowded room
And the clang and stir of a factory grim;
Then life is too busy and swift for him
To do more than snarl at the dirt and heat;
You can't read his mind on the busy street,
You must wait till you get him somewhere alone,
Then he'll make his dreams and his fancies known.

They are merely men as they walk to work,
Mechanic and foreman and drudge and clerk,
Laughing or frowning, or sad or gay,
Merely a throng as they go their way;
But each of them's bringing a thought to bloom
Which you never will see in a factory's gloom.
Never from seven to five you'll find
The nobler side of the toiler's mind;
But somewhere away from the worlds' harsh tone
He'll tell what he thinks when he's all alone.

Out in the woods, by stream or hill,
When the stars come out and the night is still,
He will turn to you and he'll whisper low
Of the thousand things which he wants to know;
He'll utter his faith in a simple way,
He'll tell what he says when he kneels to pray,
He'll talk of eternal joys to be,—
Oh, a different sort of man you'll see
Than the toiler grim in the furnace hole
When you get him alone and he bares his soul.

Sullivan Studies Future Policies of White House

Recalls 1904 and Roosevelt's Course—Changes Bound To Appear.

BY MARK SULLIVAN.
(Copyright 1924)

Washington, D. C., Nov. 4—Assuming that the outcome of Tuesday's election is what is now generally anticipated, there will spring to the front immediately on Wednesday, four questions:

The first will be: What of Coolidge? In November, 1904, Theodore Roosevelt was in the position that Coolidge will have tomorrow. He had served a period in the White House as the beneficiary of the death of a president, he had then run for the presidency on his own account, and had been elected. Upon hearing the returns that gave him success, Roosevelt turned to Mrs. Roosevelt, according to a narrative recently published, and said, with an emphasis that marked strong determination: "Now, I am president of the United States in my own right!" Thereupon Roosevelt stepped into his full stride, accepted the responsibility of being the spokesman of majority thought, opposed the old leaders of the senate and house, beat them, dominated congress, pushed his own ideas to success in legislation, and became the accepted leader of the country.

WILL FOLLOW.

The discussion about Coolidge's future will follow lines analogous to this. Will history record a change, that there was an old Coolidge who came to the White house by the accident of his predecessor's death, and a new Coolidge who held power by direct and generous franchise from the people: Will Coolidge regard it as his duty to try to impress on congress the leadership he will be entitled to assume from the people's franchise? Will he retain all of his present cabinet? Of the present cabinet, two, Attorney General Stone and Secretary of the Navy Wilbur are Coolidge's own appointees. One more, the successor to Secretary of Agriculture Wallace, will be Coolidge's own appointment. The seven remaining are holdovers from Harding. Of these seven, at least three and perhaps more are believed to reflect Coolidge as much as if they had been his own selections. Coolidge regards himself as having now a franchise to initiate legislation as well as veto it.

APPEAL TO PEOPLE?

Will he make appeals to the people over the heads of congress, as Roosevelt did? Will he feel encouraged to resist the disposition of the senate to encroach on the White House in the field of managing our foreign relations? Many of the old irreconcilables have gone: Brandegee, McCormick, Shields. There will be, during the coming days, much inquiry about Coolidge's temperament, his point of view about the functions and prerogative of the White House, his principles, his program.

The second of the questions that will be widely discussed is: Has a new party been formed? Is the LaFollette movement merely an incident of 1924, as the Progressive party was of 1912? Or is the new party to be permanent.

MINUTE INQUIRY.

The answer to this will call for a searching analysis of the quantity of the new party's vote, relative to that of the two old parties; and even more, a minute inquiry into the sources, geographical and by classes, of the LaFollette party's strength.

Another question will be: What of the Democratic party? Many loyal Democrats will be jolted to see the question put so boldly; but the plain fact, not recognized by Democrats as early as they should have seen it, is that LaFollette has the direct intention of destroying the Democratic party and putting his own in its place as one of the two major parties. Some of the more far-seeing Democratic leaders are already giving thought to what should be done in what they recognize as a crisis. If the Democratic party is to maintain its present position, who is to lead it, and which wing of the party is to dominate? Will it be the leadership of the big cities of the east and north, typified by Governor Smith of New York; or the traditional leadership of the South, or the progressive leadership of the West, typified in McAdoo?

ACUTE QUESTION.

Still another, and a most acute question, is: What of the new state, and house? What will be its prevailing temper as between the extremes broadly expressed as conservative and radical? The answer will depend to some extent on an analysis of the newly acted membership. Even more it will depend on the mood of the new congress.

Will it be impressive by what everybody anticipates as the great majority to be given to Coolidge? Will it regard this vote for Coolidge as meaning that the public endorses the general body of doctrines identified with Coolidge? Will it be awed by the size of the vote for Coolidge: Will it feel itself called on to respond to a more conservative mood among the people? Or will it, on the contrary, be impressed by the size of the vote to be given LaFollette? In short, will the new congress be as insurgent as the present one and as much as disposed to follow the leadership of LaFollette; or will you be awed into conservative and regularity by the vote given to Coolidge?

THE DEADLOCK.

These are the questions that will be to the front, assuming Coolidge is elected, and especially if he is elected rather overwhelmingly. If that assumption should turn out incorrect, and the election should be thrown into congress, in that event, none of these questions will be heard of; and all the head lines and editorials for months to come will deal with the deadlock in congress.

With Voters in Illinois

Galesburg, Nov. 4—A proposal to amend the city laws to make Sunday motion pictures legal, and the proposition of creating a sanitary district that would make it possible to do away with the open sewer which runs through the city, attracted as much interest among Galesburg and Knox county voters today as state and national issues.

The "Sunday movie" question has been voted on several times in the last dozen years. Each time it has failed but by an increasingly small majority. The proposal was fought by ministers and a number of women's organizations who charged that Sunday shows would detract from church attendance and injure the morale of this college town.

The other project would create a sanitary district consisting of Galesburg, part of Galesburg township, and part of Henderson township. If passed, it would be possible to issue bonds to cover Cedar Fork, the open sewer that follows the Santa Fe railway tracks through the city, and build a filtering plant west of the city. It was endorsed by almost every civic group.

Rock Island, Nov. 4—Rock Island county will start construction of a new tuberculosis sanitarium in the near future if a proposition to levy a two mill tax for that proposed was approved in today's election. The sanitarium commission hoped to start the hospital a small scale and enlarge it as funds became available.

Rockford, Nov. 4—Four city projects were voted on in connection with the general election here today. Three bond issues approved by the city council were submitted. They provided for an expenditure of $420,000. They were as follows: new bridge across Rock river at Peach and Jefferson streets, $250,000; new fire station and municipal garage, $120,000; city yard site and equipment, $50,000.

A fourth proposition was the annexation of Welty subdivision, just outside the city limits.

Peoria, Nov. 4—Annexation of new territory to the city was the only local question to be settled today by ballot here. Residents of the proposed addition have sanctioned the move and it was up to the voters of the city to determine whether they wished the strip included in the city limits. The division is a section of Richwoods township.

Eureka, Nov. 4—Voters of Woodford county went to the polls today to decide among other things, whether to recall a tax levied several years ago for the maintenance of a county tuberculosis sanitorium.

Mt. Vernon, Nov. 4—The question of retaining a tax levied for the support of the Jefferson county tuberculosis sanitorium was the only local question on the ballot in today's election.

Murphysboro, Nov. 4—No local propositions were on the ballot here today, but voters will elect a circuit judge for this, the first circuit or the first judicial district. He will succeed the late Judge William M. Butler of Cairo. County Judge A. L. Spiller of Carbondale, Republican, was the only candidate. Judge Spillar resigned to become a candidate and his successor as county judge will be chosen today.

Macomb, Nov. 4—The question of increasing a tax levied for the support of McDonough county's tuberculosis sanitorium was up to the voters today. Those in charge of the hospital declared the present tax must be increased to make the institution efficient.

Springfield, Nov. 4—Whether trolley cars or motor busses should predominate in Springfield, was the question put to voters on the chief of the small ballots in the city. Voters were asked to decide whether the Illinois Power company should be given an exclusive 20-year franchise to operate street cars here. Those against it declared a preference for a competitive motor bus service.

Another small ballot proposed the annexation of territory southeast of Springfield.

Establishment of the Springfield drainage district to be supported by a one-third of one per cent tax levy, and the issuance of a million and a half in bonds, was proposed on two other ballots. Adoption of these proposals would result in construction of a sewage disposal plant here, and relieve the city of the necessity of using streams for that purpose, it was asserted.

FIND MAN SLAIN ON HIS HOUSEBOAT

Peoria, Ill., Nov. 4.—O. F. Radkey, 40, was found beaten to death in his houseboat anchored in a drainage ditch near East Peoria Monday. The slayers used a railroad spike to kill him and later returned and robbed the boat of a large still. The still later was found hidden in a field near the place.

BONUS CLAIMS DUPLICATIONS HINDER BOARD

But More Than 50 Million Has Been Paid to Illinois Veterans.

The work of the Service Recognition board to date has resulted in the approval of 246,368 out of a total of 280,949 claims which have been filed, according to Palmer D. Edmunds, chief clerk, Illinois Service Recognition board. The total amount expended in payment of claims to date is $50,816,333.70, this sum having been paid out since payment of claims began under legislative appropriation in July of last year. The high claim number paid is 278,999 and all claims received have been checked, and are receiving the attention of the office as they come in.

2628 DISALLOWED.

To date, 2,628 claims have been definitely disallowed. The difference between the total number of claims received and the sum of those either approved or disallowed represents the number of claims which have been held up because of questions of legal doubt as to the right of the claimant to the bonus. These latter claims to the number of thirty thousand are being made the object of concentrated attention in the board offices.

FILE IN TWO STATES.

In several thousand cases the men who filed claims with the Illinois board had previously filed with the boards of other states, and with a view to adjusting this type of claim to advantage and arriving at an understanding between the various states involved, a representative of the Service Recognition board, A. W. Blair, has spent some time at other state capitals in conference with representatives of the boards of such states. Mr. Blair has recently returned from such conferences in Ohio and Michigan, in the course of which 1,122 claims of this character were examined. The conference developed the fact that a considerable percentage of the claims which had been held up by this state because as to doubt of their having been paid elsewhere, had in fact actually been paid by these other states, and an effort was being made to defraud the state by claiming the bonus here although payment had in fact been received elsewhere.

HURRY UP!

In the states of Michigan and Ohio it seems that there is no time limit prescribed for filing claims and their work has been drawn out to a greater length than here. It should be borne in mind that the Service Recognition board cannot consider for payment any claims which are not received prior to Jan. 1, 1925, and it therefore behooves every Illinois veteran entitled to a bonus or every beneficiary of a deceased Illinois veteran so entitled to make application without delay.

LITTLE BALLOTS WORRY VOTERS

Illinois Presents Many Issues At Polls.

Springfield, Nov. 4—(AP)—Small ballots today presented a problem for some Illinois voters that took more time and thought than voting for candidates, especially those who wanted to vote "straight."

Every Illinois voter had at least five small ballots handed him today, along with the big one which contained names of nearly three hundred candidates, and ten or twelve parties. In some counties and cities, there also were several other small ballots, calling for a "yes" or "no" on some local project.

THE BIG BALLOT.

The big ballot today was larger than that of two years ago, but not so large as that of the last presidential election. From the standpoint of overhead cost, the most expensive candidate in today's election was Parke Longworth of Chicago, running for United States senator under the caption "Limit Land Manipulations and Rents.' A whole column was given over to this party and his was the only name in it. Thousands of pounds of additional paper were required to make space for this one name, as much paper, in fact, as was required for the entire Republican and Democratic tickets.

The Story of Decatur

50 YEARS AGO TODAY

(As Told By The Daily Republican)

The northeast part of the city is building up fast. New houses may be seen approaching completion in various localities in this part of the city.

—:—

A number of Decatur teamsters make a good living by hauling sand from the sand banks south of the city. Considerable sand is occasionally shipped from here.

—:—

The small addition to the buildings at the gas works is now completed, and gas pipes, fittings and fixtures have been stored therein.

—:—

The new brick culvert on East Prairie street, together with the grades, makes the road at that place much smoother and safer than before.

—:—

There was a lively scrimmage at the first ward polls yesterday between a son of "Ould Ireland" and some other fellow, growing out of some slurring remark made by "Pat" against John Carrigan. Several passes were made and a few hits were given, but bystanders interferred in time to prevent a large flow of flood.

—:—

Charles W. Aiken has been repairing his warehouse containing agricultural implements, on Broadway street.

THIRTY YEARS AGO

(As Told by The Daily Review)

Miss Frances Grimes left for Brooklyn to resume her work as assistant instructor in modeling and painting.

—:—

At the First Baptist church, Rev John Jordon of Kentucky preached morning and evening and made a good impression.

—:—

A number of citizens called up Vice President Stevenson at the residence C. A. Ewing.

TWENTY YEARS AGO

(As Told by The Daily Review)

There was evidence of much improvement in condition of the C. H. and D. railroad under the new management. The betterment of the track and roadbed were the chief marks of advancement.

—:—

Lee Merritt preferred death to working on the rockpile and he took a dose of sugar of lead.

—:—

Owing to the fact that Dr. T. C. Buxton had been going at too fast a clip in his canvass for coroner, his health suddenly failed and a political meeting at Boody was without his presence.

—:—

The railroads through Decatur had made such arrangements for coal that the strike was affecting them but little.

—:—

The men of the Congregational church decided to hold a regular meeting every Sunday morning at 9 30 o'clock to talk over social ethics.

TEN YEARS AGO

(As Told by The Daily Review)

Fully 500 Masons gathered at Eldorado temple to witness the formal institution of the new Stephen Decatur lodge.

—:—

The Decatur postoffice was preparing for Christmas and had already put in an order for $59,000 worth of stamps.

—:—

Two women appeared on the street in what the reporter described as the very latest, up-to-the-minute style. They wore skirts with tunics, large black hats, white fur stocks pinned with a red rose at the throat, black patent leather shoes with cloth tops, white stockings, and their skirts were three inches above the tops of their shoes.

—:—

The city and state had prosecuted scores of local bootleggers, giving them the maximum penalty, and now the government officials were planning to prosecute them.

NO DECISION YET ON CENTRAL PARK

May Remain As Property of City.

Whether Central park may be legally deeded to the park board, or whether it must be retained as city property for a "public square," as is the specification in the old grant from Capt. Allen to the city, is the thing that is still holding up the formal turning over of the parks to the park board by the city.

Although Central park has been considered as a park for years, it is legally a city square. Attorney Lee Bolard said Tuesday that although he believed that the tract could be turned over to the park board legally, he was not ready to express an opinion on it as yet until he was certain. Should it be found later that the city had no right to do this, it might be possible that this very valuable property would revert to heirs of Capt. Allen and be lost by both the city and the park board.

STAY AS PARK.

Mayor Elder said Tuesday that, laying aside all legal questions, he saw no reason why the park could not pass to the board. It has been suggested to him that this land should be retained by the city to be used in the future as the site for a new city hall, but the Mayor does not believe that this is the proper location for such a structure.

"That spot is the only one in the downtown district that can give a resting spot, a place where there is shade and benches and where shoppers may stop for a few moments rest," said the mayor. "I believe that it should be retained for that purpose."

DISTRICT NURSES IN SESSION HERE

Numbers Cut Down By State Meeting.

The meeting of District nurses, held in the Tuberculosis sanatorium, Tuesday afternoon, was cut down in attendance by the fact that the meeting was held on election day, and because many of the nurses in the district attended the State meeting held in Urbana last week. Some came in ahead of time a few hours and visited in the Decatur and Macon County hospital.

The meeting opened about 1 o'clock but some of the nurses were expected to come in later. A short business session was held and at 2 o'clock Dr. W. — Keister talked on "Public Health."

One of the features planned for the latter part of the afternoon is a musical program by Mrs. John Hayes, and the children of the third grade at the Durfee school will have a very interesting little play "Health Windows." A social hour is to follow the meeting.

LITTLE TRADING IN LOCAL STORES

Streets Look Like Sunday Most of Time.

It looked like Sunday on the streets of Decatur Tuesday forenoon. There were few people out, really fewer than the usual Sunday crowd. Stores were open but there was little trade. We would just as well be closed and save light bills," said one merchant. Probably by another national election the stores will follow the precedent established by the banks and close all day.

NEED ADVISERS FOR Y. W. GIRLS' CLUB

Some Clubs Not Without Leaders.

A need for four more advisers for club girls is felt at the Y. W. C. A. The association would like to have them for clubs now without such services. The duties of the advisers are to help with the programs, meet with the clubs, and to act as chaperones. They serve as the go-between for the committee and the girls.

A meeting of the advisors' training school will be held in the association building Wednesday evening. Here the policies of the Girl Reserves will be studied, the planning of programs and all that interests girls in their recreation and other activities gone over.

NEW GROUP.

A new group of girls for the Girl Reserves was organized at the Second United Brethren church Monday evening, under the general direction of Miss Jenna Birks. The group has not yet secured an advisor, but the officers are: President—Miss Esther Witts; secretary and treasurer—Miss Wilma Holl.

The ceremonial which opens the year's work for the Girl Reserves will be given at the annual meeting of the Y. W. C. A. to be held in the auditorium Thursday evening. It is to be given by candle light with all the presidents,advisers of the clubs and two other members included in the work.

TOWN CASTS ITS ENTIRE VOTE BEFORE 6:30 A. M.

The school house at New Ashford, Mass., where the townspeople go at breakfast time on election day to cast their vote. Inserts, left to right: Miss Beatrice Nichols, youngest voter; Warren Baxter, town clerk, and Miss Phoebe Jordan, a pioneer woman suffrage worker.

New Ashford, Mass., Nov. 4—Within a few minutes after 6 o'clock the complete vote of this town was cast. Through its early vote New Ashford has come to be known as the "political barometer of the country," even though it always goes Republican.

Twenty-four votes were cast, twenty for Coolidge and four for Davis.

It was the first town in the pas. two presidential elections to flash its vote to the waiting world. Without telephone, telegraph, postoffice, railroad or trolley, this second smallest town in Massachusetts, has given the news to California, long before its voters were wide awake.

This year for the third time, The Berkshire Evening Eagle, of Pittsfield, fifteen miles from New Ashford, went in the wee small hours, o the doors of lonely farmhouses, gh in the Berkshire hills, over rough mountain roads, ready with automobiles to carry the townspeople to the polling place in time for the opening hour of 6 a. m. Previous arrangements and a willing spirit on ie part of the voters, made the plan greater success than ever.

This year there were only thirty egistered voters; four years ago re Bernard Mackey, Elmer Beach there were thirty-six.

The selectmen in this tiny town and Harry Phelps. The town clerk is Warren Baxter. The oldest voter this year is Walter Smith, seventy-six, who in 1916 could "see no good" in getting out at 6 a. m. to vote and so held up getting the complete return until 10 o'clock. Last election he was at the polls ten minutes before the opening hour. The youngest voter is the school teacher, ..ss Beatrice Nichols.

The town has "gone Republican" for twenty years and the result of the present election, shows that it still sticks to its colors.

DEWITT CORN GOOD BUT STILL MOIST

"As Fine Quality As for Ten Years."

Clinton, Nov. 4—The manager of the Farmers' Elevator at Heyworth reported Tuesday that he had handled only one carload of corn thus far this season, and that while the quality was as fine as any in the last ten years, the moisture content was still very heavy. Shucking and shelling, the manager said, was going forward, though the corn is still moist.

Minor D. Hendricks was the first man to deliver his corn to the Heyworth elevator. This was on Oct. 25, and he was paid $1 a bushel on a contract price fixed some time ago. His corn was Reid's Improved Yellow Dent, planted, May 24.

Several other carloads of corn have been shipped from Dewitt county to the Staley plant at Decatur.

Well upward of a million dollars will be added to the value of the corn crop by excellent weather during the month of October in the delay of frost, according to a statement issued by the Blue Valley Creamery association.

FIRE DESTROYS TAYLORVILLE HOME

Taylorville, Nov. 4— Fire believed to have started from defective wiring, burned the five-room residence of Mrs. Anna Wilson, a widow, between and 8 o'clock Monday night. The structure burned so rapidly that it was past saving when the fire department reached the scene. All the furnishing and other contents, including clothing, were destroyed. The loss is estimated at $3,000.

GOVERNOR AND MRS. BRYAN CAST VOTE

Lincoln, Neb., Nov. 4—(AP)—Governor and Mrs. Bryan appeared at the state capitol building at 11:30 this morning and cast their ballots in the state senate chamber, while movie cameras clicked and a crowd of state house employes looked on.

Five separate ballots were marked by the Democratic vice presidential nominee and his wife.

BLIND WOMAN VOTES.

Minneapolis, Nov. 4—Totally blind, 89 years old and an invalid for 30 years Mrs. Martha Wallace today voted for the first time in her life, aided by her brother, Judge E. L. Terrance, former commander in chief of the G. A. R.

"She said she wanted to cast one hundred percent American vote before she crossed the river" Judge Terrance said.

FORD VOTES.

Detroit, Mich., Nov. 4—Henry Ford cast his ballot about 1:30 this afternoon. He made no comment on the election, either national or state, merely greeting old friends at his voting precinct, number one, Dearborn township.

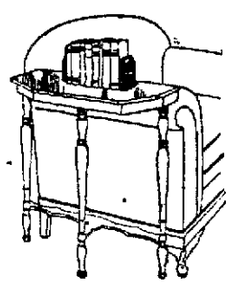

CLAIM CONSPIRACY.

Memphis, Nov. 4—Six precincts election officials were arrested here today on warrants issued by S. E. Murray, U. S. district attorney, charging conspiracy to defeat a fair election. Four of the arrests were on complaint made by Republican "watchers" and two by an Independent ticket worker. All claimed to have been either rejected from the polls or denied permission to remain at the polling places.

BALDWIN WILL HEAD CABINET

DOG POUND SITE NOT LOCATED

Find One Selected Is on I. C. Ground.

After some discussion in the city council meeting Monday regarding the location of the new dog-pound which commissioner Pitner announced he was ready to construct and after the council had somewhat reluctantly agreed that the spot picked out for its location was the only one available at present, but was far from satisfactory, commissioner Pitner ran into further complications Tuesday when he discovered that the much-debated site is on the Illinois Central right of way.

He has communicated with the I. C. on the matter and was told that an engineer for the road would visit the spot Wednesday and look over the situation. It is expected that the I. C. will grant permission to build on its property, since several other structures extend onto its land at that point.

DEATHS

CLARENCE DAYHUFF.

Clarence Leonard Dayhuff died at 5:23 o'clock Monday afternoon at the home of his parents, Mr. and Mrs. Samuel N. Dayhuff, 1526 East William street. He was twenty-six years old last April. His death was caused by heart trouble and dropsy. He had been in failing health for four years and for the last eight weeks had been confined to his bed.

Mr. Dayhuff was born in Brownstown April 19, 1898. The family moved to Decatur a year ago last spring, coming from Macon after a residence there of three years.

Beside his parents he is survived by two brothers, Ernest L. and Lester F. Dayhuff, both of Decatur. He was a member of the Christian church and of Easterly camp, 1626, Modern Woodmen of America. The body was removed to the Moran & Sons undertaking establishment and prepared for burial.

MRS. ISAAC SHOEMAKER.

Mrs. Isaac Shoemaker formerly of Decatur, died at 2 o'clock Tuesday morning at her home in Parsons, Kan., according to a message received by her daughter, Mrs. Donald Weatherby. Mrs Shoemaker had not been in good health for a long time, and when pneumonia developed a few days ago she was too weak to ward it off.

Mr. and Mrs. Shoemaker have a great many friends in Decatur, where they made their home for many years. Mr. Shoemaker was for years a clerk in the Wabash offices here. The family moved from Decatur about five years ago, going from here to St. Louis, later to Texas, and from there to Kansas, Mr. Shoemaker being engaged in railroad work all the time. Mrs. Shoemaker is survived by her husband and two children, Mrs. Donald Weatherby of Decatur and Charles Shoemaker of Parsons, Kan. She also leaves her mother, Mrs May Brown of Chicago. There is one brother, who lives in Chicago.

The body will arrive in Decatur Wednesday afternoon and will be taken to the Dawson & Wikoff undertaking establishment and prepared for burial.

CLARENCE DAYHUFF

The funeral of Clarence Dayhuff will be held at 2 o'clock Wednesday afternoon at the new Christian church on Seventh street. The burial will be in Graceland cemetery.

Error in Ballots in Coles County

Square Before Presidential Candidates Names.

Mattoon, Nov. 4—Great interest centers in the election in Coles county today, owing to the fact that all ballots are said to have been printed contrary to the election law, leading to possible confusion and the throwing out of many votes when they are counted by the judges and clerks.

The ballots carry a square in front of the names of the presidential and vice presidential candidates. Attention of County Clerk Elston was called to this error by the Mattoon Journal-Gazette, which offered to reprint the ballots without cost to Coles county, the contract for which had ben let to another printing company. This offer was declined by the county clerk, who said he had been advised from the attorney general's office the error would not invalidate the ballot.

LIKELY TO BE CONFUSED.

However, it is pointed out that there is likely to be great confusion in voting, as many voters are likely to put a cross in the squares in front of the candidates' names, thinking they are voting their choice for president and vice president, instead of in the circle at the head of the ticket, thus losing their votes. The newspaper has been printing a warning daily, asking that voters steer clear of the squares in front of the presidential candidates' names.

The effect of the error on the election is awaited throughout the county with a great deal of interest.

REVERSE GUILT OF B. F. WELTY

Cincinnati, Nov. 4—The conviction of Former Congressman B. F. Welty, of Lima, Ohio, on the charge of having overcharged a war veteran in a claim case against the veterans bureau, was reversed here by the U. S. circuit court of appeals. The case was remanded to the federal district court at Toledo.

FASHIONABLE WOMEN INVITED TO A TEMPTING MILLINERY FEAST! NOTHING LIKE IT BEFORE!

Decatur Store Consummates a Deal That Will Cause Hundreds of Women to Throw Away Their Early Hats and Buy New Ones.

Once in a great while there comes to Decatur women an opportunity so utterly amazing that its details sound almost unbelievable, no matter how conservatively they may be stated.

This is one of those occasions.

Three of America's foremost creators of ultra-fashionable millinery desired to assist, in a spectacular manner, the celebration of H. S. Gebhart Co.'s 28th Anniversary.

They sent to the Gebhart store hundreds of their loveliest pattern hats at prices almost too ridiculous to name.

Imagine, please, nearly eight hundred distinguished hats—things never shown in Decatur before. Hats of the very costliest velvets, hatter's plush and trimmings. Imposing ostrich trimmed affairs, scintillating bright hats aglow with gleaming metals, hats for every woman and for every occasion. One-of-a-kind patterns and flattering facsimiles of rare French imports. Indeed they're just such hats as the most fashionable women pay the very highest prices for.

Imagine hats that sell for $15, $18 and $20, now only $7.50! Imagine hats that sell for $10 and $12.50, now only $5! And hundreds of $6, $7 and $8 hats, now only $3.

How can any woman resist the temptation? None will who see the array.

They go on sale Wednesday morning as an outstanding feature of H. S. Gebhart Co.'s 28th Anniversary.—Adv.

L. HUFF BURNED IN FURNACE EXPLOSION

Forehead and Right Hand Hurt Badly.

Lindley Huff, who was burned last Saturday morning when the oil furnace which he was burning out exploded, is getting along very well. He was burned on the forehead and the right hand. His hand was burned rather deeply, but both burns are healing as quickly as could be expected.

Mr. Huff was burning the soot out of the inside of the furnace when it exploded and he did not have time to get away to avoid being burned.

It is not known yet how soon he will be able to get out of the house.

INJURED GIRL IS GETTING ALONG WELL

Fern Faught Suffers Crushed Foot When Pony Falls.

Fern Faught, whose left foot was seriously broken a week ago last Monday when a pony fell on it and crushed it on the pavement, is getting along as well as could be expected. The seriousness of the injuries has not yet been determined.

The accident happened when Miss Faught went with Cleo Mathews to her home, 740 East Grand avenue, after school a week ago Monday evening. A brother of Cleo Mathews was riding a pony, and Miss Faught asked if she might ride it. She mounted and after riding a short distance down the street, tried to turn the pony around. Upon turning around the animal fell pinning Miss Faught's foot beneath her.

The girl was taken to the St. Mary's hospital.

She is the daughter of Mr. and Mrs. Frank Faught, 1057 West Macon street, and is a senior in the Decatur high school.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

SAYS INTELLIGENCE IS REQUIREMENT

Citienship Theme of Talk to Women.

There are two important things to be done as good American citizens, according to Emanuel Rosenburg, in his talk before the members of the Woman's Council Monday afternoon in the Y. W. C. A., and the first is, to get people to vote, and the second, to get them to vote intelligently. The speaker told the women that citizenship required a far more intelligent understanding today than ever before as the duties were more complicated and it is because of this complication that the interest is decreasing instead of increasing as it should.

The issues at hand and the fundamental things for which each candidate stands are demanded to be known by the intelligent voter and citizen and the slogans in old time presidential campaigns are a thing of the past, according to Mr. Rosenberg.

ASK QUESTIONS.

Following the talk the women asked many questions concerning the election and the various issues such as the gateway amendment, banking amendment and the road bond issue.

Mrs. Dan Macknet spoke briefly of the proposed visiting day for Decatur institutions which is to precede the Community Chest drive. She also urged the members to go to the Boys' Opportunity Home which is now in excellent condition since the arrival of the new superintendent.

Mrs. C. H. Patterson, president of the council, appointed the following nominating committee: Mrs. James Henson, Mrs. Thomas Henehry, Mrs. C. H. Robbins, Mrs. Ed Smith and Miss Maria Buckingham.

Mrs. Inez J. Bender asked the financial support of the Woman's Council in providing books for the Americanization work in the night schools. The members voted to give $10 to this purpose.

Heads of Tickets Await Vote Total

Davis, Coolidge and La Follette Rest—Demo Chief Plays Golf—Glad Campaign Is Over.

Washington, Nov. 4.—President Coolidge expects a vote in the electoral college of at least 350 and a Republican working majority in the house next session of twenty or more, it was said today at the White House.

New York, Nov. 4—John W. Davis took a holiday today. To visitors who called at his home in Locust Valley, Mr. Davis appeared obviously gratified that the grind of the campaign was over. He expressed confidence in the decision the electorate was making at the polls, but was equally relieved that his personal role had come to an end.

He motored to Glen Cove early in the day to cast his ballot. Then within a short time he was out on the golf course at play.

COOLIDGE WAITS

Washington, Nov. 4—The usual calm of voteless Washington prevailed today at the White House as the nation went to the polls.

President and Mrs. Coolidge made out their votes on absentee voters' ballots and mailed them to Northhampton, Mass., their home, last week and little was left for the president to do today, except to attend to the routine of his office and await the first returns.

LA FOLLETTE "CONFIDENT"

Madison, Wis., Nov. 4—(AP)—Senator Robert M. LaFollette, awaiting at Maple Bluff farm the verdict of the American voters on the presidential campaign he carried to the nation, expressed confidence today that "progress will win."

"There is but one issue before the people," he said in his final statement to the voters. "It is whether the forces of reaction or the forces of progress shall to determine the policies of the government.

"I am confident that progress will win."

Aside from an automobile trip to Madison with members of his family to vote, Mr. LaFollette's program called for a day of ease on the farm.

VOTES STRAIGHT.

Locust Valley, N. Y., Nov. 4—J. W. Davis voted in Glen Cove shortly before noon today. His ballot was number 232 and he said when he stepped from the booth it might be safely assumed he had voted the "Democratic ticket straight."

Mrs. Davis accompanied the candidate.

LA FOLLETTE VOTES.

Madison, Wis., Nov. 4—(AP)—Senator R. M. LaFollette, Independent presidential candidate, went to the Dane county court house early today and cast his ballot, accompanied by his sons Robert, Jr., and Phillip. Mr. LaFollette cast his vote at the same place where fourty-four years ago he entered political life as district attorney of Dane county.

LAFOLLETTE WARD WORKER SLUGGED

Woman Takes Place—Defies Chicago Thugs.

Chicago, Nov. 4—Nathan Feinstone, LaFollette chairman of the forty-sixth ward, was found bleeding in the street near the thirty-first precinct polling place today, the result of having been slugged, Mrs. Englert, a LaFollette worker reported to Cook county headquarters of the LaFollette forces. Mrs. Englert took Feinstone to a hospital and then returned to the polling place to reinforce the only other LaFollette worker there.

"Let them come back. I'm not afraid of the whole gang," Mrs. Englert said.

BUS CRASH TOLL REACHES ELEVEN

Newport News, Va., Nov. 4.—Eleven persons were killed and four others seriously injured Monday afternoon when a bus was struck by a fast Chesapeake and Ohio passenger train at Lee's Crossing, near Hampton, Va.

THREE MAY DIE.

Newport News Nov 4—Only four of the fifteen persons in a bus struck by a Chesapeake and Ohio passenger train late yesterday at a blind crossing in North Hampton remained alive today and only one of these, an infant was thought to have a fair chance to recover. Eight were dead before rescurers arrived, and three others died shortly afterward. Few details of the accident were obtainable during the night.

ILLINOIS VOTERS, 2,600,000, CROWD POLLING PLACES

State Divides Interest in Election.

Chicago, Nov. 4—A record breaking vote was looked for by campaign directors today as Illinois voters under fair skies, crowded to the polls as they opened. More than 2,000,000, with 1,000,000 in Chicago, were registered.

Precautions against any disorders were taken here and in Williamson county, which voted with squads of national guardsmen on duty at polling places. A detective rifle squad was kept ready ehre for instant service and upwards of 70,000 watchers visited the polls.

Interest in the triangular presidential contest was equalled in the gubernatorial fight between Governor Smal and Judge Norman L. Jones, Democrat, who was supported by two Chicago newspapers which advocated election of the balance of the Republican ticket.

INDIANA HAS KU KLUX KLAN FIGHT

Indianapolis, Nov. 4. — Interest aroused by the injection of the Ku Klux Klan issue into the gubernatorial contest, generally fair and warm weather throughout the state and an approximate registration of 1,665,000 voters were factors that seemed likely to bring out an unprecedented vote in Indiana today.

Klan supporter was conceded to favor Ed Jackson, Republican candidate for governor against D. C. B. McCullough, Democratic nominee.

MOLTEN GLASS IS CAUSE OF BLAZE

Terre Haute, Ind., Nov. 4—Fire believed to have originated by the breaking of a pipe filled with molten glass causd a loss of $100,000 at the Root Glass company Monday.

MAN, 90, VOTES 18TH TIME FOR A PRESIDENT

Janesville, Wis., Nov. 4—When William H. Howard, ninety, cast his ballot today for president, it was the eighteenth time he had voted for a president. He began when twenty-two, voting for John C. Fremont in 1856.

Mr. Howard says he does not believe any other man in the country has a longer record of consecutive votes than he.

KLANSMEN VISIT NOKOMIS CHURCH

Nokomis, Nov. 4—The Nokomis Methodist Episcopal church, which was the scene of a big dedication service last Sunday morning, was made the scene on Sunday evening of a visit by the Klu Klux Klan. After the congregation had listened to a sermon by Rev. D. V. Gowdy of Stonington, a former pastor of the church, and just as the regular pastor, Rev. O. E. Martin, had passed out the plates preparatory to the collection of the regular evening offering, six members of the hooded order dressed in their usual white robes, wearing the regulation masks, appeared at the church and proceeded to march through the aisle to the altar. On the arrival of the sextette of the Knights of the Fiery Cross at the front altar, they were met by Rev. Mr. Martin and upon his request the brethern knelt while prayers were offered by the pastor. At the conclusion of the prayers the visitors handed an envelope to Rev. Mr. Martin which was supposed to contain money to be used to help defray the expenses on the new church building. The pastor accepted the gift announcing the same would be taken the same as from any other society. No announcement was made of the amount of the gift.

DAWES USES OWN PENCIL IN BOOTH

Evanston, Nov. 4—(AP)—Marking his ballot with a lead pencil from his own pocket, instead of the customary blue pencil furnished by election officials, Charles G. Dawes, Republican candidate for vice president, voted shortly before noon today at the polling place of the third precinct of the first ward of Evanston.

The Republican nominee spent a few seconds less than a minute in the election booth and in that time marked a big three foot square ballot used today in Illinois and also on the supplemental ballot calling for an expression on an amendment to the state constitution and on three propositions.

Mrs. Dawes voted at the same time as her husband and almost as quickly.

TAKE PRECAUTIONS WITH ETHYL GAS

New York, Nov. 4—The tear-ethyl lead, which is dispensed from 10,000 filling stations at present, according to the Standard Oil Company, is diluted about 1,000 times for use in gasoline. The tetra-ethyl lead is sold in its pure form, however, to the garages and filling stations, so that it is handled locally at thousands of places. Elaborate directions and warnings are sent out to those who handle the substance in its concentrated form. It is mixed with a red coloring to serve as a warning of the care necessary in handling and to prevent its use for cleaning and other purposes for which ordinary gasoline is used in the home.

SALES IN MIDWEST.

The resolution of the New York Board of Health, prohibiting the sale of ethylized gasoline in the city, will have no immediate effect, as there have been no sales of the product here, the only deliveries in New York City having been those to three automobile companies which wanted to make tests on their cars, according to the Standard Oil Company of New Jersey.

At the offices of the company it was stated that the sale of ethylized gasoline has been more general in other parts of the country, particularly in the Middle West, where the Standard Oil Company of Indiana has been a large distributor through its own service stations. Because of the demand for the product, it was explained, supplies have been inadequate to supply the local territory.

OTHERS MARKETING.

A number of other companies have been marketing ethyl fluid in conjunction with gasoline. The Standard Oil Company of New Jersey, which is equal owner with the General Motors Company of the Ethyl Gasoline Corporation, owners of the patents on the fluid, has got its marketing well under way in the South Atlantic Coast district in Maryland, Virginia and the District of Columbia. The company is now starting to introduce it at the service stations in New Jersey.

ONE KILLED IN CHICAGO POLL FIGHT

Another Probably Will Die As Labor Factions Clash.

Chicago, Nov. 4—One man was shot and killed and another was probably fatally wounded in a revolver fight near a polling place where voters were balloting.

Early police reports indicated the shooting was connected with factional troubles of a teamsters' union and the precinct election officials said they knew nothing about it.

HONEST ELECTION.

Las Vegas, N. M., Nov. 4—Despite protests of business men and citizens of Las Vegas, martial law was proclaimed in San Miguel county of which Las Vegas is the county seat, last night. The proclamation became effective at 7 p. m. and was brought here from Roswell, signed by Governor Hinkle, by Adjutant General Skipwith.

The decision to send troops here was due, it was said, to feeling that has been aroused over the suspension recently by Judge D. J. Leahy of Sheriff Delgado.

In a statement to newspaper men, Governor Hinkle said:

"There is going to be an honest election in San Miguel county," even if troops are necessary to supervise the polls. I mean to see that the people have the opportunity to vote without intimidation."

TROUBLE IN N. M.

Albuquerque, N. M., Nov. 4 — San Miguel county which was placed under martial law last night by Governor Hinkle as the result of a political controversy at Las Vegas, the county seat, remained quiet as national guardsmen held their places at the voting booths early today, according to a telephone message received here.

The Las Vegas Optic was prohibited from issuing an extra edition announcing the proclamation of martial law, according to the telephone message which was directed to the Albuquerque Herald.

Tarbes, France, Nov. 4—The highest radio-telephonic station in the world has been opened at the observatory on the Pic du Midi, some ten thousand feet in altitude. The station uses a 350 meter wave length.

San Diego, Cal., Nov. 4—Generator trouble Monday delayed the starting of the flight to Dayton, O., by the six round the world army air men commanded by Lieut. Lowell H. Smith, and the take-off from Rockwell field will not be made until Tuesday.

STATE TROOPS WATCH POLLS AT MARION

Klan Is Issue—Voter Shot Down in Chicago.

Marion, Ill., Nov. 4 — National guardsmen today were stationed at various polling places of Williamson county on request of Sheriff Galligan who announced last night rumors of alleged intimidations of voters had reached him. The issue in the county election is between the Ku Klux Klan and its opponents.

Republican candidates for county offices are known to have been assured the support of the klan, in view of the fact that the Democratic county committee recently adopted a resolution condemning the Klan.

Combing Won't Rid Hair of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight and by morning, most if not all, of your dandruff will be gone and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

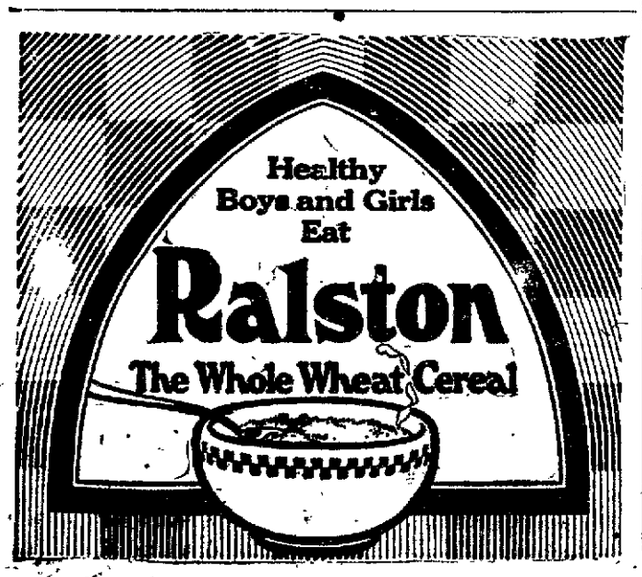

You can get liquid arvon at any drug store and it never fails to do the work.

Poor Aunt Jemima had to mix everything herself. But now you can get her famous pancake recipe ready-mixed.

"I'se in town, Honey!"

AUNT JEMIMA PANCAKE FLOUR

Sure Way to Get Rid of Blackheads

There is one simple, safe and sure way that never fails to get rid of blackheads, that is to dissolve them.

To do this get two ounces of calonite powder from any drug store—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear. Blackheads are a mixture of dust and dirt and secretions that form in the pores of the skin. The calonite powder and the water dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition.

Washington U. Drills For Millikin–Mizzou

Athletes Come Out of Kansas Game in Fairly Good Shape—Have Board of Strategy.

BY JOHN J. SHERIDAN.

St. Louis, Mo., Nov. 4—Apparently undismayed by their 48-to-0 defeat at the hands of Kansas University Saturday, the Washington university Pikers opened practice yesterday for their game with James Millikin university next Saturday at Francis Field. The initial workout consisted of little more than signal practice for the regulars, punting and returning punts and a light scrimmage for the reserves, who did not take part in Saturday's rout.

The only new development following Saturday's defeat is a change in the policy of coaching. Athletic Director By Wimberly will remain in charge of the squad, but he will be assisted from now on by a so-called board of strategy, consisting of Dr. Eber Simpson, "Pops" Lewis, Dr. Al Marquard, "Puff" Martin and Walter Krause, all former Pikeway stars.

PREPARING FOR MISSOURI.

This board probably was instituted primarily for the purpose of throwing the Washington university team into the best possible condition for the game with Missouri university, at Columbia, a week from next Saturday. The Millikin game, Saturday, is not likely to receive a whole lot of attention. The coaches and students are looking forward to the game with the Tigers, for a victory or tie in that game would mean that the Pikeway football schedule will be a complete success.

Last year Washington was having a despondent season. The team met one adverse after another, but, primed and principaled, it counteracted all its previous shortcomings by twisting the Tiger's tail, humiliating the exalted Columbia clan, 13-7, and thus crowned its season with unstinted glory. It was hinted after that contest at Francis Field last year that the Missourians had come to St. Louis minus their regular coach, who was supposed to be scouting the Kansas game, and several players whom the coaches did not deem necessary to use for victory.

WILL EXPERIMENT.

Doubtless the Pikers will be in equally as good shape when they meet the Tigers this year. If they are not, it will not be the fault of the coaches, who, with the Millikin game ahead, will have not only a chance to experiment in practice all week, but in Saturday's contest as well.

There were no serious injuries resulting from the Kansas game last Saturday. A few of the players were buffeted around enough to keep them resting for the greater part of this week, but even these will be able to face James Millikin Saturday if the occasion requires, it was announced yesterday.

IMPROVEMENT EXPECTED.

The Pikers, with the knowledge they are expected to derive from the board of strategy elected yesterday, are expected to be at least 25 per cent stronger when they invade the lair of the Tiger two weeks hence. Each and every member of the special quartet engaged to whip the Wimberlymen into fit shape to compete with the formidable Bengals has been a football star in his day and should be of great aid to the Red and Green machine for its most important struggle of the season.

Although Coach Wimberly will direct most of this week's instructions toward the game with "Ole Mizzou," he does not intend to forget completely Saturday's clash with Millikin, which is reported to be strong and naturally eager to defeat a Missouri Valley Conference team. Don White, an assistant coach at Washington, scouted Millikin's game last week and he gave that team's plays to the Red and Green freshmen yesterday so that they might use them in light scrimmage against the varsity this week.

Tuesday Coach Wimberly plans to stage a scrimmage with the freshmen but it will be of a very light nature. The same will hold forth tomorrow while Thursday and Friday will be devoted more or less to the lighter forms of practice.

JUDGE LANDIS IS QUESTIONED

By Attorney Cannon Before Milwaukee Court.

Milwaukee, Nov. 4—(AP)—There was but one reason why the players of the Chicago club of the American League mentioned in the world series "scandal of 1919," did not receive any of the second place money of the 1920 pennant race, and that was because they had been definitely declared ineligible and were permanently barred from baseball, according to the testimony of Kenesaw Mountain Landis in a hearing here before Court Commissioner Max W. Nohl, under discovery statutes.

The hearing arose out of a case brought against Judge Landis, as commissioner of organized baseball, by Oscar ("Happy") Felsch and Joe ("Shoeless") Jackson for $685 each as their share in such second place money.

Judge Landis declared he was the final judge of the ineligibility of a player and from his decision there was no appeal; that he was convinced that Felsch and Jackson, among others mentioned in the "scandal," were so implicated that there was no other course than to declare them ineligible, which he did.

$4,800 IS HELD UP.

There is in the hands of the executive council of organized baseball an undistributed fund of approximately $4,800, which had been held up from the White Sox players declared ineligible, as shares in second place money, the witness testified. What disposition would be made of this money he was unable to state, but his "guess" was that it would go to the sixteen clubs in the major leagues.

After his entry into his executive capacity in organized baseball, Judge Landis testified, he wrote to President B. B. Johnson of the American League and to President John Heydler of the National League, who made up the executive council, with him, and asked what was their desire in reference to the disposition of the $4,800.

JOHNSON'S IDEA.

To this inquiry Johnson replied the money should be distributed among the players according to the original plan. President Heydler's reply was that the money should go into the regular operating fund of the commission because of expense incurred in investigating the "scandal."

Upon receipt of the replies, Judge Landis sided with Heydler because "his own action was in harmony with Heydler's action," according to the testimony.

Attorney Ray Cannon, representing Felsch and Jackson, tried to bring out from the witness that he was unfriendly toward Mr. Johnson, but was unsuccessful.

TELLS OF POWER.

So far as distribution of money is concerned, the witness said his only powers in that respect were discretionary as to expenses, as governed by the rules. He intimated that he might have authority to withhold from ineligible players money set aside in cases of the kind in question, but he stated he had not exercised this implied authority, but left it to the decision of the executive council and the club owners. At a meeting of the club owners in December, 1922, final action in reference to the players and the money was taken, Judge Landis testified.

"There is no question about the Chicago club of the American League being eligible to share in the final distribution of the fund," the witness said, after an attempt was made by Attorney Cannon to get the witness to say that part of the money "would go back into the pockets of Comiskey."

"A new kind of putting form is good," says Jock Hutchison. "Develop confidence and stick to it."

On College Gridirons

ILLINOIS.

Urbana, Ill., Nov. 4—"Dummy scrimmage" against the seconds garbed in red jerseys comprised the stint of the Illini Monday. Harold Grange worked briefly and apparently will be as good as new with no bad luck this week. Harry Hall was not in a suit and it is going to take several days for him to recover. Realization that Stagg has been pointing his team for Illinois ever since the season started and the fact that the game between the two teams is always tough has cooled off the confident add while the fans think they can win. They do not underestimate the fight that it will take.

NOTRE DAME.

Notre Dame, Ind., Nov. 4—Substitutes, who played the greater portion of the Georgia Tech game, replaced the varsity players on the regular Monday crippled list in the Notre Dame football team. With several of the regulars and the substitutes badly battered, it is imperative that Rockne spend the greater part of the week conditioning his squad for Wisconsin. With the exception of Stuhldreher, no player is injured seriously enough to prevent his playing in the Wisconsin tilt but the majority of the men are in a condition that prohibits the best possible exhibition of football. Rockne expects to have them in good condition before Saturday. Light work was in order, signals and calisthenics forming the nucleus of the drill.

OHIO STATE.

Columbus, O., Nov. 3—A light offensive workout was given the varsity Monday in preparation for the Indiana game. New plays were tried. The stadium field was used instead of the practice gridiron. Schullat, Mackey and Harrison are being groomed for Nichols' place at tackle, the latter being out of the game for the rest of the season owing to a fractured ankle. Mackey played his position Monday, Karow was in uniform for the first time in a week.

INDIANA.

Bloomington, Ind., Nov. 4—While the Indiana freshmen rehearsed Ohio State formations on their own field, the varsity practically loafed Monday. The youngsters will engage the regulars in scrimmage Tuesday, Wednesday and Thursday, and on Friday, the varsity will entrain for the Buckeye camp. A special train carrying 1,500 Hoosier rooters and the 100-piece band will depart Saturday morning for Columbus. Today the regulars limbered up by running through signals for an hour, after which they were excused.

IOWA.

Iowa City, Ia., Nov. 4—With Saturday's disaster a thing of the past and three hard games yet to come, Coach Burt Ingwersen began the task of reassembling his Iowa machine Monday evening. A check-up showed that McIntyre, reserve guard, was done. His ankle was broken. Otherwise the squad is in good shape. The loss of McIntyre, added to the much more serious loss of Fleckenstein, in the Minnesota game, inflames a coaching problem which has been irritating throughout the season. At no time has Iowa had anything like enough reserve line strength and now Ingwersen has games against Butler, Wisconsin and Michigan with but two reserves for his line. Either Raffensperger or Daniels will succeed to the ill-fated guard position left vacant by Fleckenstein and McIntyre, leaving the other to serve as Iowa's sole substitute guard.

PURDUE.

Lafayette, Ind., Nov. 4—The Purdue players who took part in the game at Chicago were given a rest Monday afternoon while the reserve players and the freshman varsity elevens held regular practice.

Capt. Ralph Claypool, center, and Harold Harmeson, halfback, who were hurt in the annual scrap with the Maroons, will be out of uniform for a day or so with injuries.

These two star performers were unable to enter the second half of the Purdue-Chicago game. Purdue's next game is with De Pauw here Saturday, the game to be a part of a Dads' Day program.

Disappointed but not broken in spirit by the defeat at the hands of Coach Stagg's eleven, the Boilermakers are already making preparations for the annual contest with Indiana, November 22, which will be the game at which dedication exercises for the new Ross-Ade stadium at Purdue will be held. Purdue hopes to beat the Crimson eleven and gain a .500 standing in the Big Ten Conference for 1924.

WISCONSIN.

Madison Wis., Nov. 4—Hoarse voices from members of the coaching staff sent the Badgers through a slashing practice session Monday, in preparation for the battle with Notre Dame next Saturday. Captain Harris furnished the "meat" for Line Coaches Below and Traynor. The doughty leader, who is being broken in as a tackle, plunged through lines of substitutes, and promises to fit in well at the next position. Chances of Harris starting at left tackle were increased by the announcement that Austin Straubel is out for the season with an infection. Assistant Coach Lowman worked the ends repeatedly on blocking and tackling prior to drill on getting down under punts. He remained with Long and Burrass, who were used at left end throughout the drill and scrimmage, giving personal directions on each play. Polaski has right end cinched. Coach Ryan drove the team through a grilling scrimmage against the freshmen.

MINNESOTA.

Minneapolis, Nov. 4—Bill Spaulding indicated Monday when his Gophers returned to practice that a number of regulars will be on the side lines when the team plays a non-conference game next Saturday against Ames. He tried Gordon Fisher at right end Monday and kept Herb Swanback at center throughout a long signal drill. Other changes are promised if the backfield doesn't get over the fumbling shown so prominently last Saturday against Michigan. The varsity spent much time Monday falling on the ball and working with the tackling dummy. The team showed bad tackling and a failure to follow the ball in the Michigan tilt. The Gophers intend to spend much time on a defense for Ames' vaunted aerial attack this week.

PIGSKIN PRIMER

When the ball goes out of bounds how is it customary to put it into play

It is customary to put the ball in play at a point 15 yards from the sidelines at right angles with the spot where the ball was carried out.

How is the ball put in play after a touchback?

The side making the touchback shall put the ball in play by a scrimmage from first down anywhere on its own 20-yard line.

How is the ball put in play after a safety?

The side making the safety shall put the ball in play by scrimmage from first down anywhere on its own 30-yard line.

What happens when a player interferes with another player who has signaled for a fair catch?

If a player is interfered with as he is about to make a fair catch, his side retains possession of the ball whether he completes the catch or not. Incidentally the side interfering is penalized 15 yards.

Nokomis Wins Again.

Nokomis, Ill., Nov. 4—The Nokomis Colts baseball club had rather easy sailing in its game with the Montgomery White Stars, winning 11 to 6. It was the closing game of the season for the locals.

Hard For Rockne.

South Bend, Ind., Nov. 4—Knute Rockne, Notre Dame athletic coach, motored about South Bend Monday in a new automobile which was the gift of the St. Joseph's Valley Notre Dame Alumni Association. The car, which has a limousine body, is equipped with numerous accessories. It was presented to Rockne prior to the Georgia Tech. game Saturday

WATCH OUT FOR STAGG'S ELEVEN

Scribes Say Maroons Have Little Chance.

Chicago, Ill., Nov. 4—Two opposing schools of thought have arisen on the Midway concerning the impending football game between Chicago and Illinois on Saturday. The majority, after prayerful consideration, have arrived at the conclusion that the affair will be nothing short of a landslide for Illinois. A small minority are predicting defeat with honor—by something like two or three touchdowns. Coach Stagg and his gang, who have given the matter much thought, are not stopping to debate, but they are not in a panic as yet.

The chief reason why most people are afraid of a big score is the Chicago ends. The fear is that the devastating Grange will gallop around the ends for a lot of yardage and quite a few touchdowns. "But," say the optimists, "Henderson and Gowdy will stop that." It is a cinch, however, that Stagg would be a lot easier in his mind about this game if he were more sure about his ends.

DEVELOP SPIRIT.

With Purdue out of the way there is no excuse now for not thinking about the Illini with whole-hearted concentration. Stagg, who has been thinking plenty on the subject for some weeks, also is permitting the players to think about the game, and the process of "keying" is under way. The Maroon team will put more spirit into this game than in any it has played so far this year.

Stagg had the linemen off in a corner where no one could bother him and the session lasted until the lights were on. He is basing most of his hope of coping with Illinois on the performance of his line. The way in which Grange, Gallivan and Green ripped through the Iowa line added a new worry to the host that the "Old Man" was already toting around about this game. He won't stand for Zuppke stealing his stuff that way and he started out Monday night to prevent that kind of ground gaining.

No longer is the football guard a big husky athlete more or less stationary. In the five and six-man interference now so widely used he becomes an extra halfback, a very essential player.

Ellsworth Augustus of Cleveland is one of the longest drivers in the game, amateur or professional.

ILLINOIS LEADS CHICAGO 6 TO 4

Since Zuppke Took Up Work At State School.

Urbana, Nov. 4—The Zuppke-Stagg duel of thirteen years, Illinois victories under Zup, 6; Chicago victories under Stagg, 4. Games tied, 1.

There's the history of Illinois-Chicago games since 1913 when Bob Zuppke took the helm here.

The first meeting of the two coaches occurred in 1913, Zuppke's first season at the Illini helm. Stagg's men won but "Bob" got back at him the next year when his Big Ten champions defeated the Maroons, 21 to 7. Patsy Clark and Harold Pogue enlivened this encounter with long dashes. Illini won again in 1915, 10 to 0 and tied with Minnesota for the flag. Stagg turned the tables in 1916 and the next game was a scoreless tie. The Illini led the conference again in 1918, and beat Chicago, 29 to 0.

The 1920 set-to ended with Illinois on the long end of a 3 to 0 count, placed there by Ralph Fletcher's talented toe. Chicago triumphed for the first time since 1916 in 1921 when his team won 14 to 6 and again the next year, 9 to 0. But last year "Red" Grange broke loose at the start of the second half to score the only points of the game which ended 7 to 0.

The Illini will not be seen in action in the Memorial Stadium again until the Ohio State encounter Nov. 22. They travel to Minneapolis to take on the Gophers Nov. 15.

Ed Garvey, for four years tackle on Knute Rockne's great Notre Dame elevens, has decided to turn professional boxer. He was a ring star in his college days.

Herb Pennock of the Yankees is easily the most consistent twirler among the American League's long list of southpaws.

HARRY HALL IS REAL GENERAL

Illinois Quarterback Is Important Cog in Machine.

BY L. M. TOBIN.

Champaign, Ill., Nov. 4—Back in 1911, a cleancut, yellow-haired quarterback called the signals for Illinois against Minnesota in the closing game of the season. The Illini, crippled and concededly inferior in ability, faced the strong Gophers, who had only to beat them to have a clean title to the conference championship. Illinois on paper did not have the slightest kind of a chance.

This isn't the kind of story in which the underdog wins. Minnesota triumphed, but only by a hair.

CHEER LOSERS.

The Illinois rooters carried their players off the field on their shoulders, and they cheered no player more than the blond quarterback, for it was his cool-headed generalship his kicking and his all-round work which had helped to bring victory so near.

On the Illinois stands, a nine-year-old boy, with tears in his eyes, said to his father:

DREAM COMES TRUE.

"I'm going to play quarterback on Illinois some day, just like brother 'Al.'"

"Brother 'Al,'" the quarterback in that 1911 game, was "Swede" Hall in those days. Now he is Attorney Albert L. Hall of Waukegan, Ill.

Childish dreams seldom come true. But today another cleancut, yellow-haired quarterback is calling the signals as the fighting Illini gather in their famous "huddle." His name is Harry Hall and he is the same nine-year-old boy of 1911.

HIGH SCHOOL PLAYER.

Harry Hall was a pretty good player in high school but he created no especial furore on the Illinois freshman team, where he was tried at fullback. His weight was only 155 pounds. Everybody regardec him as just an average player—that is, everybody but Bob Zuppke.

IMPRESSED ZUPPKE.

"Zup" busy as he was with his varsity, out of the corner of his eye saw Hall's possibilities, but not as full or halfback. He made a mental note that this lad was an intelligent player. "Zupp" is deep. When the Illini fans doped out the varsity of 1923, no one mentioned Harry as a possibility for quarterback. But when Illinois opened its stadium in 1923, "Al" Hall, the quarterback of 1911, sat in the great memorial and saw his brother pilot Illinois to victory over Chicago.

And when Illinois overwhelmed Michigan this year, Hall's defensive and all-around playing was declared by more than one critic to be a feature that was only dwarfed by the amazing exploits of Grange.

COACH ZUPPKE'S PRAISE.

"Hall is the kind of player who plays far better in a game than in practice," explains Zuppke. "He is a good quarterback because he is intelligent and cool. He is calm and quiet and this has the effect of steadying the team. He is a great defensive player and marring in interference. He can carry the ball if I'd let him—not a great back, but good enough to worry 'em. He can pass and kick as well as most players are. But these are not his jobs."

Harry Hall has never made the headlines because in the Zuppke scheme he sold is carries the ball. But since the Michigan game, the middle west is talking about him. There is no more valuable quarterback in the Big Ten.

But it took a Zuppke to pry him out of obscurity and develop him into the quarterback of one championship eleven and star on their team which is making a strong bid for honors in Zuppke's plus the dream of a nine-year-old kid.

Catcher Steve O'Neill of the Red Sox started out to be a fighter but was stymied by parental objection.

D. H. S. Letter Men to Banquet Friday Night

Old Red and White Stars Will Mingle With Those of Present Day—Stage Homecoming.

BY HOWARD V. HILLARD.

Old "D" winners of former days will again mingle with the present day athletes again this year. Announcement of a "D" club banquet for Friday evening at the high school has been made by Red and White officials and while the call has only been out since Monday acceptances are coming in at such a rate that the success of the affair is assured.

With Coach Crook's warriors to make the final 1924 appearance at home this Saturday in the contest with University high the game is to be in the nature of a homecoming.

The Red and White grid team has had a successful season to date and victories over Bloomington and Peoria have put a good taste in the mouths of the old grads and a big crowd is expected to witness the U. high game.

ALL ARE INVITED.

While it may be impossible to reach every winner of the "D" the "D" club is anxious to have as many letter men present as possible and besides the invitations sent out is taking this means of issuing a blanket invitation.

The banquet will be at the school library at 6:30 o'clock Friday evening and will be served by the girls of the domestic science department so that it is to be strictly a school affair. Reservations are seventy-five cents each.

EXPECTS GOOD GAME.

Coach Crooks is working his men hard this week in anticipation of a tough struggle from the University high eleven. After this contest but two games remain, the Champaign and Springfield tilts to be staged on foreign soil.

Since Champaign is rated as one of the strongest prep teams in the state and that Springfield has a victory over Urbana it appears that Crooks and his men have work cut out for them in the remaining games of the season.

Decatur high has been coming to front in athletics under the Crooks regeme and the old grads will have a chance to sit in with some winners Friday evening.

WOMAN, 104, IN LINE AT POLLS

Jamestown, N. Y., Nov. 4—Among the first voters at the polls in Jamestown today was Amy E. Price, 104 years old. She took her place in the line of voters, waited her turn, asked no help in the manipulation of the voting machine.

The Decatur Socials are going to tackle another strong grid team Sunday to prepare for the Taylorville scrap that is to take place here Armistice Day at Staley Field. Tovey will be the foe Sunday and the mining town has been showing much strength in the grid game the last few years.

New men have been added to the local team for the Tovey and Taylorville game according to the Socials manager and the club will line up as follows:

L.E., Bowman; L.T., Russell; L.G., Wellepp; C., Williams; R.G., Mayes, R.T., Sollars; Q.B., Henry; L.H., Meenling; R.H., Hamilton; F.B., Roche. Harrison, McIntyre, Hyland, Hendrickson and Scott are possible linemen while Barrett, Morris, Bandy and Mattoon are backfield reserves.

Franklin at Purdue.

LaFayette, Ind., Nov. 4—Director of Athletics N. A. Kellogg announced today that the Franklin College basketball team has been scheduled to meet Purdue in Memorial gymnasium on December 19. Purdue has never met Franklin's Wonder Five, which has met and defeated some of the strongest teams in the conference and there is much speculation as to the outcome of their game with the Lambertmen. The clash will be one of the most important of the early games this winter.

POLICE SAY THEY HAVE DOPE KING

Ferguson, Democratic nominee and first woman to receive the gubernatorial nomination in the U. S., waited for returns at her home in Temple.

STAUNTON WILL FOLLOW J. M. U.

Little Illinois Town Plans Trip to St. Louis.

Millikin's undefeated I. I. A. C. grid team will not lack support Saturday when Captain Maxwell and his Blue team trots out on Francis Field to face Washington university.

Staunton the little mining town in Macoupin county has four of its former stars on the Millikin team this season and fully 300 fans are planning to make the trip into St. Louis for the Millikin-Washington U game.

The two Hastings boys, Jess and Glenn, George Oehler and Clifford Steigelmer are former stars of the Staunton High and the fans are anxious to watch them perform on a college team.

HAVE MADE GOOD.

All of the Staunton boys have made good in their first year of college football and it is a very good bet that all will see service in the Washington game.

Coach Johnson expects to take his squad to the Mound City on Friday leaving here in the morning if possible to secure a field to work out on Friday afternoon.

Dan Savage the coach of St. Louis U has been appealed to but with the Michigan Aggies being carded for a game with St. Louis Saturday there is nothing certain about the locals securing that field for a session.

EXCURSION RATES.

The Wabash has announced a $4.30 round trip rate to St. Louis Saturday and a number of Millikin students, alumni and supporters are expecting to make the trip for the Washington game.

Both Washington and Millikin have big games to point for the following week but the contest between one of the best in the I. I. A. C. and a Missouri Valley representative is bound to furnish some good football.

Director Johnson stated this morning that the men were all in good shape and that the work this week will not be as stiff as the early season drill Johnson must watch his men for after the Washington game comes Knox and then five days later, the big Bradley battle at Peoria.

BAIT — FOR — BUGS

By H. V. Millard

Football had another bad week end Saturday when only 406,000 fans witnessed 14 college contests. Army and Yale led the country with 80,000 at their struggle in the Bowl.

Army vs. Yale	80,000
Penn vs. Lafayette	55,000
Illinois vs. Iowa	45,000
Michigan vs. Minnesota	45,000
Boston College vs. Haskell	30,000
Nebraska vs. Missouri	25,000
Notre Dame vs. Georgia Tech.	20,000
Chicago vs. Purdue	20,000
Cornell vs. Columbia	18,000
W. and J. vs. Detroit	15,000
Fordham vs. New York U	15,000
Penn State vs. Navy	15,000
Gettysburg vs. Dickinson	12,000
Syracuse vs. Pittsburgh	10,000

The writer had the pleasure of officiating in a game that provided a great demonstration of self control on the part of the members of a team going down to defeat.

The game in question was the Marquette-Creighton battle at Milwaukee, won by Creighton 21 to 7.

Despite the fact the two schools are great rivals there was no one jota of poor sportsmanship displayed by a single player of either team. It was the hardest blow Marquette men were forced to face in four years. The Milwaukee team had not tasted defeat since 1921 while only a few weeks before they had handed the Navy eleven a 21 to 3 defeat. It was Homecoming at Marquette and the eleven was performing in the wonderful new stadium.

When it was evident that Creighton was sure to win did the Marquette men rough up the contest as has often happened. It was a hard blow but the Murray athletes showed the same sportsmanship as they had at the start of the game.

And some people will say athletics are not worth while.

While it is much easier to be good sports when one is winning the fact remains that the Creighton men under A. A. Schabinger and Chet Wynn also showed wonderful sportsmanship.

We recall on one occasion when one of the star linemen on the Marquette team was out with a twisted ankle that needed taping. The job was not completed when the two minutes were up but the horn had no more than sounded until the Creighton captain rushed up to suggest that the injured player be given the time needed without being charged an additional time out.

When the injured man took his place in the line it was several Creighton men who gave him a pat on the back with the words "Stick it out old fellow, thats the spirit."

It isn't any wonder that both Marquette and Creighton are fast gaining places on the schedules of many of the better class of schools in the country. From the observation of the writer in working athletic events of the two schools the last three years they are entitled to the place they have gained.

It all goes back to the type of men in charge of athletics. If real sportsmen are at the head of college athletic teams you will find real sportsmen on the field and floor. There are exceptions of course but they are rare.

Sure feel sorry for Kyle MacWherter. His Bethany College football team was forced to take a 71 to 6 defeat Saturday at the hands of the West Virginia U eleven. Doc Spears former Kewanee citizen coaches the Mountainers

Did you ever hear of Upsala College or Cooper Union. Well they staged a game at Newark N. J last Saturday and Upsala won

Sure hope Bro. Web doesn't include one of these on the weekly dope sheet.

How many old time Illini men have forgotten the name of Jimmy Cook. Not many. Jimmy is still interested in football and coaches the Soldan High eleven of St. Louis.

It seems like ages ago that the former Illini grid and diamond star was coaching the Peoria Socials.

In those days the big battle at Peoria was the one with the Pekin White Sox on Turkey Day. Such well known Illini as Van Hook, Burroughs, Butzer and others appeared with the Pekin team but the Socials were generally too strong for the Pekin representatives.

The Lincoln High school football team is without a contest for Friday Nov. 14 and is willing to meet any team in the state. Pana, Staunton or Greenfield is most desired, according to Lincoln officials.

What is said to be a world's record for drop kicking goals was established by Peters of the Montana U freshmen Saturday when he booted 17 between the posts against the Billings Poly eleven. The only odd feature is that the score was given out as 54 to 0 Try and figure out 17 drop kicks with such a score.

The boys of New Brunswick N. J. have clean faces at least four or five times a season The Rutgers College officials admit every boy in the town to the game His ticket is a pair of clean hands and a clean face.

The fees will certainly have to go up for the grid officials. One was slugged into a hospital at Durant, Okla. last Friday while on Sunday one was killed in Pennsylvania. The official's decision was disputed by the players and the fans took it up. Fearing a riot a policeman arrested the official and when he broke away was shot in the back by the officer.

PERSIANS, TURKS DISPUTE BORDER

Teheran, Persia, Nov. 4—Agitation in Turkey, as expressed in the official press of that country, for the annexation of the Persian portion of Azerbaijan is causing an outcry here.

Russia is taking advantage of the differences between these two Mohammedan countries, each with views so different that it considers the other unorthodox, to further its own ends. Russia fears that were Turkey to get possession of Persian Azerbaijan its own interests in the Azerbaijan republic, which is under its control, would be endangered. And Azerbaijan has some of the richest oil fields in the Caucasus.

Consequently Russia is leaning towards Persia, expecting thereby to get Persia's support in combatting Turkish influence. And Persia realizes that it would be powerless against the aspirations of Turkey without Russian support. The present friction may easily cause serious trouble in the near east.

MIDDLE WEST HAS THE BEST

Illinois and Notre Dame Without Superior.

BY LAWRENCE PERRY.

(Copyright 1924)

New York, Nov. 4—Illinois and Notre Dame have improved their positions as the two strongest teams in the country at the present time. California, victor on Saturday over Southern California, might dispute this. But the writer is advised by an easterner who has been scouting in the middle and far west that while California is improving steadily she is not at this date warranted to a place in Illinois' class.

Were Illinois and Notre Dame to play next Saturday what would happen? No one ever can tell what will happen in any football game; breaks and all sorts of things are to prone to occur. This, the writer thinks, however, may be said—it would be a scoring game. Illini would find Layden, Crowley, Miller and Struhldreher very difficult to stop when the opportunity for score was in sight, but the chances are that Grange, Mellwain, Hall and Britton would receive more help from their linemen and thus would score oftener.

ILLINOIS LINE.

In other words the writer who has seen both elevens believes that the forwards of Illinois in their blocking and interference would play a more definite role in helping their backfield than would the South Bend linemen who nevertheless are very good at this themselves.

There is too much of a tendency to give all credit to the backfield of a winning eleven and little if any to the line. But more and more in this modern game of football backs however good, are not doing a great deal of consistent gaining without the material assistance of their forwards.

Nebraska's backfield has been receiving a great deal of credit for stopping Grange. What stopped Grange in that game more than anything else was a big, powerful, well coached set of forwards. They refused to be put out of the way. Of course Illini's line work then had not developed to its present efficiency but just the same those Nebraska forwards and of course, the men back of the line, should be credited with turning in a masterly piece of work that early October Saturday.

OPEN VERDICT BY CORONER'S JURY

Mrs. Poe's Death "From Automobile Accident."

Shelbyville, Nov. 4— The coroner's jury that inquired into the manner of death of Mrs. W. H. Poe, who was killed Sunday evening in an automobile collision eight miles east of this city, returned an open verdict of "death from an automobile accident." The members of the jury, which was impaneled by Coroner Sam Whiles, were John Smith, Harry Hartsell, Ralph Jackson, D. L. Pempleton, Ted Winson and Bruce Garvin.

The funeral of Mrs. Poe was set for Tuesday afternoon at the family home in Windsor, with burial in the Windsor cemetery.

FIRE DAMAGE

The home of Mr. and Mrs George D Rhoads on South First street was slightly damaged by fire about 8 o'clock Monday morning. A small blaze was noticed on the roof by Dr W. L. White as he was passing. This was reported at once, and Mr. White and Mr. Rhoads succeeded in extinguishing the fire with a small garden hose. The fire department was called but the fire was subdued before it arrived.

The fire department was again called late Sunday evening to the Miller building to pour water on some timber that was still burning. The fire was not serious, only from the damage that might have come from flying sparks.

TOOLE-HUGHES.

Leo M. Toole of Mattoon and Miss Geneva Lee Hughes of Herrick were united in marriage at the Catholic church in this city at 5:30 o'clock Saturday evening by the local pastor, Rev. L. H. Winking. Frances M. Tripp and Miss Virginia Fogel of Herrick were witnesses to the ceremony.

Mr. Toole is a son of Mr. and Mrs Timothy Toole of Mattoon His bride is a daughter of Mr. and Mrs Justin Lee Hughes of Herrick. The couple went to St. Louis for a short honeymoon. They will make their home in Mattoon where Mr. Toole is employed as a machinist.

MIDDLETON-BANNING.

Virgil Middleton, Charleston and Mabel Banning, Cowden were granted a marriage license at Sullivan on Wednesday, Oct 29.

During the month of October twenty-one marriage licenses were issued by the county clerks of the county at Shelbyville. Only one license was issued during the same month last year.

Dr W T Moffett of Sullivan has just been appointed captain in the Medical Section of the Officers Reserve Corps of the army. Dr. Moffett is a World war veteran having served in the Medical corps as a first lieutenant during the late war.

One new student entered Spurgeon College here Monday morning. He is Luther Martz, a 1924 graduate of the Shelbyville high school. Mr. Martz will take up the work in the accounting department.

JOHN D. HASN'T ENOUGH GAS TO GET TO HEAVEN

Tarrytown, N. Y., Nov. 4—Nobody enjoys a joke better than John D. Rockefeller and he doesn't mind telling one on himself. This is the latest he is telling to his friends:

"I was up in the central part of the State this Summer to visit some of the spots where I spent my childhood. My car had stopped and I was looking around when an old farmer came up to the car and started to talk to me.

"He didn't know who I was. We chatted together for about five minutes and then he asked me where I was going.

"I'm going to Heaven," I replied with a smile.

"Get out," he said, 'you ain't got enough gas!'"

KU KLUX KLAN BIG ISSUE IN KANSAS

Topeka, Kan., Nov. 4.—Animosity aroused over the Ku Klux Klan issue, combined with fair weather and good roads were expected to bring out a heavy vote in Kansas today.

The windup of the campaign added new fuel to the klan controversy with eleventh hour charges by Fred Robertson, Democratic state chairman, that two Democratic campaigners had been suspended from the klan for working against U. S. Senator Capper, Republican candidate for re-election and B. S. Paulen, Republican nominee for governor, countered by a denial from the grand dragon of the Kansas realm.

MICHIGAN'S MILLION VOTERS TO POLLS

Detroit, Nov. 4.—Michigan's more than a million voters had a perfect day for voting today. Two constitutional amendments—one aimed at parochial and private schools, the other to impose a state income tax divided interest with the state and national ticket.

SOUTH IS SEEING TRADE REVIVAL

Atlanta, Nov. 4.—The bank clearings in this city in the last month reflect a tremendous impetus given retail and wholesale trade and manufacture by the largest and most profitable crop grown in the southeast in the last four years. Ginnings in Georgia alone have passed the 700,000 bale mark or 100,000 more than the 1923 total.

State Agricultural Commissioner Brown is negotiating for the establishment of a large calcium arsenate plant on the Georgia seaboard. Consumption of the boll weevil poison increased 500 percent in 1924. Holiday goods are being bought freely by retailers. The cane grinding season is now on in full blast. The crop was hindered by a long drought.

FARMERS BUYING FEW LUXURIES

Chicago, Nov. 4—Farmers are buying few luxuries, and are not expending a great amount of money on necessities, seventy letters from as many farmers in Illinois show. The letters were from "radio reporters," who furnish the information of the Illinois Agricultural association with material for radio programs.

Information obtained from the reporters indicates that the farmers are buying no luxuries, a few autos, practically no silos, a very few homes and barns, and some fencing.

Other information contained in the letters indicates that farmers get the most enjoyment out of radio features that make them think; they prefer "snappy music;" they want radio market reports on time and they prefer their weather reports while they eat dinner; they want "less static and less complaint from politicians of the derilictions of other politicians.

COOLIDGE'S FATHER CASTS HIS VOTE

Plymouth, Vt., Nov. 4—Colonel John Coolidge, father of the president, was the first to cast his vote when the polls opened in this town, the president's birthplace.

Colonel Coolidge refused offers by several persons to drive him in an automobile over the mile of hilly road that separated the Coolidge home from the polling place in Frank H. Moore hall at Plymouth union. He hitched up his horse and buggy and drove to the hall accompanied by his housekeeper, Aurora Pierce. There the two ballots were deposited in boxes improvised from butter pails. It has become a tradition in Plymouth that Colonel Coolidge will cast the first ballot on election day.

Neighbors of the president's father said today that one man had announced his intention of voting for Davis in order that Plymouth might not go solidly for Coolidge.

There are 214 registered voters in the town of whom one-half are women.

TUSCOLA STORE IS BURGLARIZED

Thieves Take $500 Worth of Clothing.

Tuscola, Nov. 3—Leon Reinheimer's clothing store was burglarized Friday night and merchandise amounting in value to about $500 was carried away by the burglars, who left no clue. The store was entered through a rear window, from which part of a pane of glass was broken and a couple of iron bars "jimmied." The aperture was not more than twelve inches square, which would have made it impossible for a large person to have entered that way, and was so high that the first person who entered must have been boosted up by others. The "jimmy" was found in the store.

The loot taken included seven or eight complete suits of clothing, two pairs of men's shoes, two overcoats, a dozen shirts and other articles of clothing. The burglars left by the front door, which was found standing partly open, and there were indications that the thieves changed their clothing at the rear of the Farmers State Bank, where there is a secluded corner almost entirely enclosed by buildings.

QUIETLY MARRIED.

Word leaked out here the last of the week, of the marriage on Thursday in Champaign of Mrs. Effie Belles of this place to J. H. Trogden of near Paris. Both are people of a little past middle age and both have been married before. Mrs. Belles has lived in Tuscola for several years, while here children have attend the Tuscola schools. During the last summer, while her oldest son, Byron was farming a part of their estate, she leased her home in town and went to keep house for Byron on the farm. She is well known here as an estimable woman. Mr. Trogden is not well known here, but comes from a fine family and is reported to be a man of excellent reputation in his community. He owns a fine farm near Paris. While the couple have not made their plans known to the public, it is understood that owing to the fact that Mr. Trogden's farm is rented for the present, they will for a time at least make their home on the land of the Belles estate, southeast of Tuscola.

LARGE CONGREGATIONS.

Good-sized congregations were the rule in the Tuscola churches Sunday, and there were the regular Sunday services in all of them so far as could be learned, except at the North Side Christian. Their pastor is engaged in a revival service at Arthur, and they had no preaching. Their missionary women will meet Friday afternoon with Mrs. Charles Burmeister. On next Sunday at that church they will observe "Birthday Sunday."

"TERIAS" GALORE.

At the Presbyterian church, the Ladies Aid will meet with Mrs. Bierfeldt Friday afternoon. The men's club of the church will serve a supper at the Chamber of Commerce room Thursday evening, beginning at 5 30, as a benefit for their fund. The general public is invited. The affair has been designated as a "Cafeteria," "Pigeteria" and "Goateteria," a calf, pig and goat having been donated by members of the church.

At the South Side Christian church, in addition to the regular program for the week, the missionary women will meet Thursday afternoon at the home of Mrs. James Murphey. Mrs. Ida Timm will be the leader of the lesson study.

At the Baptist church, the regular monthly business meeting will be held Wednesday evening in connection with the mid-week service. The work of remodeling their church building is practically complete, and Sunday, Nov. 16 has been set as the day for the re-dedication.

At the Methodist church, the Young Woman's Home Missionary society will meet Monday evening with Miss Cecil Smith. Sunday school class No. 20 will serve hamburgers and coffee at the C. A. Vest store Tuesday evening. The Junior Missionary Society will hold a pot luck dinner at the home of Mrs. Walter C. Hacket at 1 o'clock Friday afternoon. The dinner will be followed by the regular meeting of the organization at which time Mrs. L. O. Hackett will be the leader of the lesson study. Next Sunday will be observed as "Old Folks Day," when a special effort will be made to have all of the elderly people in attendance.

BIBLE TRAINING.

A Bible training class has been organized in the town, made up from people of all the churches. The first meeting will be held Monday evening at 7:15 in the Methodist church. All of the meetings for the month of November will be held there. All are invited to join the class. A Miss Daniels, who is a returned worker in the Near East Relief, was here Sunday and made short talks in the various churches in the interest of that work.

WEDDING INVITATIONS OUT.

Mr. and Mrs. Wilmer L. Murphey of this place have issued invitations to the wedding of their daughter Florence, to John Deering Cannon of Chicago. The wedding will take place Saturday evening, Nov. 15, in the South Side Christian church. Joseph Cannon of Chicago, the father of the bridegroom-to-be, in company with Mr. Genung of Urbana, who is his nephew, were callers at the Murphey home Sunday, after having visited the Dad's Day football game in Champaign Saturday.

MANY AT CLUB.

There was a fine attendance at the general meeting of the Tuscola Woman's Club Saturday afternoon, when Mrs. L. Belle Goodman of Champaign was the speaker of the afternoon. Mrs. Goodman's address was on the matter of voting, and instructions on voting at the general election on Tuesday. Music for the meeting was furnished by Mrs. Gladys Rasor who gave piano selections. The members were urged not to forget "Hospital Donation Day" and "Doughnut Sale Day," to be held in connection with the bargain sale day of the merchants Wednesday, Nov. 5. The president suggested that each lady bring a basket filled with articles for the hospital to the Chamber of Commerce rooms, and then take the basket home with them filled with doughnuts. New members taken into the club were Mrs. Ruth Fuller, Mrs. Ella Dearduff, Misses Frances Wilson, Blanche Monger and Edna Silver. The latter three will enter the Business Women's department.

FROM THE HOSPITAL.

The Waddington invalid coach was called into service on Saturday evening to take Mrs. George Coley from the local hospital to her home. Mrs. Coley is suffering from dropsical trouble and has been in the hospital for a few days for observation and treatment. Walter Schaffer, Jr., of this place who recently underwent an operation for relief from appendix trouble, was also taken to his home on Sunday morning.

JOHN T. STIFF BURIED MONDAY

Services At Baptist Church in Hndsboro.

Hindsboro. Nov. 4—The funeral services for John Stiff, whose dead body was found Sunday evening after eleven months' disappearance, were held at 2 o'clock Monday afternoon at the First Baptist church in Hindsboro. Rev. J. A. Modelin officiated. Burial was made in the Van Voorhis cemetery west of the Stiff home, and a short distance north of Hindsboro.

John T. Stiff, son of Wilson S. and Arabella Stiff, both deceased, was born in Morgan township, in Coles county, Ill., on May 1, 1884. He resided in that county and in Sargent township in Douglas county practically all his life. On Dec. 24, 1902, he was united in marriage to Miss Minnie Frantz, at her home near Bushton. Three children, all of whom survive, were born. They are Miss Irma Stiff and Lloyd and Orville Stiff, at home. Three brothers, W. Shan Stiff of Charleston, Frank Stiff of Charleston, and W. R. Stiff, of Webster City, Minn., and three sisters, Mrs. R. N. Rankin of Bushton, Mrs. T. Harrell of Greenup, and Mrs. Linnie McGregor of Merkle, Ind., also survive. His mother, Mrs. Arabelle Stiff, passed away on November 23, 1923, just a few weeks previous to the time he was drowned. His father died about twenty years ago.

NEARLY DROWNED AS BABY.

Mr. Stiff, when but two years of age, came near losing his life by drowning, when playing with a bucket and rope at a well on the farm on which they then resided, which was near Bushton. He held to the rope, and in some manner the bucket fell into the deep well, taking him down. His mother, hearing his scream, ran to the well, and with the rope she let herself down to the surface of the water, where she held him safely until assistance arrived. For many days Mrs. Stiff was unable to use her hands because of the severe burns she received in letting herself down the well.

Springfield, Ill., Nov. 4—Exceeding the record vote cast when Harding was elected president, Voters in Springfield today will cast a ninety five percent vote, or more than 30,000 ballots, political observers declared at noon. NO BIG RUSH AT TAYLORVILLE

Taylorville, Nov. 4—The voting in Taylorville at noon was moving slowly, though in the second precinct it was picking up a little. In the third precinct, which is said to be the largest in Christian county, only two or three voters were at the polling place at one time. No special interest is apparent.

Y. W. C. A. SPURNS EDUCATION WEEK

Says Legion and Militarists in Charge.

New York, Nov. 4—Coincident with publication of communications which Commissioner of Education J. J. Tigert, in which it was charged among other things that the promotion of national education week Nov. 17 to 23 had been "turned over to a military organization" (the American Legion) the American Civil Liberties Union announced last night that the national board of the Young Women's Christian association had "declined to participate in the movement."

The announcement was made by Roger N. Baldwin, director of the Union who said the information was conveyed to him in a letter from Mabel Cratty, general secretary of the Y. W. C. A. He said that Miss Cratty wrote him the decision was made "because of certain elements in the announced program inconsistent with the position of the organization's national board in regard to world peace and international co-operation."

"ZR-3" HERO PUTS ONE OVER ON FOLKS

Hinckley, Ill., Nov. 4—Major F. M. Kennedy, only Illinoisan of the three American officers who made the trans-Atlantic flight in the ZR-3 stole a march on the "homefolks" here last night.

Over a thousand of his fellow townsmen and neighbors were at the railroad depot last night to meet the train on which he was expected to arrive from Chicago. It arrived without him and the disappointed crowd began breaking up when he was discovered waiting in an automobile. He had come home unannounced last Saturday and quietly remained at his father's home until last night.

Later at the banquet in his honor, Major Kennedy briefly described the trans-oceanic flight.

LOWDEN WILL NOT SIT IN CABINET

Says He Can Do More Good Outside.

Oregon, Ill., Nov. 4—(AP)— Frank O. Lowden, former governor of Illinois, Monday in replying to farm organizations seeking to recommend him to President Coolidge for the post of secretary of agriculture, stated that because he felt he could be of more help to farmers outside the department than at its head, he should, if the position were tendered him, feel it his duty to decline.

The former governor, who declined to be the Republican nominee for vice president even after it was voted him by the Republican national convention last June, telegraphed his reply to organizations who requested his permission to indorse him to succeed the late Henry C. Wallace.

GRAIN BURNS; BOX CARS DESTROYED

Pittsburgh, Pa, Nov. 4—Fed by hundreds of tons of grain, fire at 1:30 o'clock this morning destroyed the grain elevator and building of the Dwight Hamlin company, burned six box cars on the Allegheny Valley railroad siding and drove six families from their homes.

FRENCH DEPUTIES SUPPORT HERRIOT

Paris, Nov. 4—(AP)—The chamber of deputies today gave Premier Herriot a vote of confidence 410 to 170, when, upon reconvening of parliament, he demanded the indefinite postponement of interpellations, the chief of which was criticism of the government for renewing the Morgan loan to aid France in stabilizing exchange.

All for Satisfaction—and Satisfaction for All

Don't think of The Review's A-B-C Classified Section as a medium of benefit to but one group of people.

It satisfies everybody!

With its well-regulated columns brought to the very last degree of scientific and systematic efficiency—it benefits, in equal measure, the working man, the professional man, the business executive, the housekeeper—and so on.

And classified service also is equally beneficial to both the advertiser and the answerer.

It is simplicity itself to understand why this is so. You have something I want—and I have something you want. We swap. We both profit.

We're both satisfied.

And that's what classified advertising service is —all for satisfaction and satisfaction for all.

Expect Record Vote In Macon County

Lines Form Early In Some City Precincts, While Others Get Slow Start.

A steady stream of voters at practically every precinct in Decatur gave indications early Tuesday that a record vote would be cast in Decatur and Macon county.

It was clear and cool and interest was intense. The apparent closeness of the Small-Jones race for governor was one of the main discussions.

Scratch ballots were freely discussed and predictions were that judges would have a lengthy time counting.

LINES FORM EARLY.

In several precincts a large crowd was on hand early to vote, and long lines were formed. In others, there was no one waiting. Women were not especially numerous; it was expected that most of them would vote in the afternoon.

A heavy vote for Jones was reported in the west end, but the east end appeared to be strong for Small.

SWEARING IN VOTERS.

In some precincts many voters were being sworn in who had not registered. The procedure varied with the individual election judges. Some wrote names of such voters in the registration books without question, if known to them as being residents of the precinct. On the other hand, J. L. McNulty, judge of election in the thirty-fourth precinct, was requiring all unregistered voters to be sworn in with a testimonial by a property owner living in the precinct, and requiring the election judges to sign the declaration. This is the strict interpretation of the law.

There were few challenges of non-registered voters by party workers.

PRECINCT REPORTS.

Reports of voting follow:

Fourteenth precinct, down-town, 789 voted by noon, out of 1100 registered.

Twenty-fourth precinct, Fairview Park, big vote out; 200 by 10 a. m., out of 850 registered.

Twenty-fifth precinct, west end, heavy vote: 425 voted by 10:30, out of 1200 registered.

Fifteenth precinct, west end, had 160 voters by 8 a. m., out of 720 registered. The polls were crowded early. It took one man thirty-five minutes to vote.

Twenty-ninth precinct, east end, 206 voters out of 1560 registered, by 10 a. m., but voters were coming fast. At that time there was a line waiting, fifty feet long. Many men from the shops were driving up in cars.

Twenty-seventh precinct, east end. Vote not large: 220 out of 1030, at 10:30 a. m.

Thirty-second precinct, southeast, fairly heavy vote: 327 out of 1229, at 11 a. m.

Thirty-third precinct, south east, heavy vote; 425 out of 1800, at 11 a. m. They were voting fast, and a line was formed.

Thirty-fourth precinct, south east, light vote: 276 voted by 11:30 a. m., out of registration of 1070. Many were being sworn in.

Election Notes.

They were voting early and fast at the thirty-third, 206 South Broadway, with 424 ballots cast at 10:15. The registration in this precinct totals around 1800. Twenty-five or thirty were in line when the polls opened, and by 8:20, 110 had been voted. As many women as men were voting.

One hundred and twenty were voted at a stretch, at the opening of the polls in the twenty-seventh precinct, Fain's store, 900 North Lewber. Then there was slower business, with only 200 voted at 10:30.

With a registration around 700, 117 had voted in the thirtieth at 10:40.

Forty-seven were voted immediately after 7 o'clock at the twenty-eighth, the Decatur Pie Company's place, 1050 East Condit. Lots of shopmen went to the polls before going to work. By 10 o'clock 123 had been voted. The judges hoped to get the bulk of the voting done by noon.

Thirty or forty were waiting at the ninth precinct voting place, 1579 North Water. A total of 191 had voted by 10 o'clock.

At 10:20, 210 had voted in the twenty-sixth, the No. 4 Garage of the Sinclair Oil company. At that hour five women and children were waiting in line and all the booths filled. More than 1,000 are registered in the twenty-sixth.

One third of the votes in the seventh were being cast by women. The first hour was mighty busy, 144 casting their votes, and 177 had voted at 9:45.

There was a long line waiting for the polls to open at the fifth, 604 East Condit, and by 8 o'clock 99 had voted.

Mrs. E. T. Evans cast the first vote in the nineteenth precinct, Morris' garage.

No waiting line was reported when the third precinct polls opened, but 74 had voted soon after 9 o'clock.

A dozen people were waiting for the beginning of business in the second precinct and at 9 o'clock 76 had voted.

Paper badges bearing the inscription "Vote 'Yes' for Good Roads Issue" were being worn by many voters.

... 0, 151 votes had been cast in t... thirty-first precinct, 636 West Woo... ith about 375 registered voters ... heard from.

When the officials down in fourteenth precinct voting place, 331 North Main street, heard that 424 ballots had been cast in the thirty-third, Bernard Bradley said "We must do better next time. More voters' in the good old fourteenth!"

Judge S. T. Keeler voted in the eighth precinct. He was looking pretty feeble and admitted that he didn't feel very fit. But he couldn't break his record of voting in every election since he's been of age.

The officials were busy until 9:30 with a constant stream of voters in the tenth, and at 10 o'clock 159 had cast their votes.

They were handling them in cafeteria style at the eighth precinct voting place, Buckles' garage, 1700 North Union. It is easy to get around there. Three a minute voted in the first hour. During the first forty minutes, 120 votes were cast. This would seem to indicate straight tickets. Mrs. Lillie White and Mrs. Gertrude Cain were having their first experience as clerks and up to noon were enjoying the experience. Some of the old-timers wondered how they would enjoy it after supper.

The fourth precinct voters found themselves shunted over to Campbell's Sheet Metal Works at 1086 North Water, instead of Cooksey's barber shop, 1033 North Water, where it had been announced the polling place would be. The new place is bigger, and 109 votes had been cast at 9:20 o'clock.

Lots of husbands and wives came together to the sixth, N. E. Davis' garage, 1444 North Water, but they paid no attention to each other after they got inside. Mrs. Mary L. Scott is having her firts experience as a clerk. Mrs. Leona Lilly and Miss Lillian Pollard have had previous experience. Mrs. Ethel Davis is tallying. Making quite a galaxy of fair ladies for the reception of the voters. Up to 9:30, 162 had voted. The small ballots were being voted, not destroyed, as was reported in some precincts.

Somebody called up Myrna Sharlow, who has been a friend of Mr. and Mrs. Charles G. Dawes for many years. The question was: "Is either Mr. or Mrs. Dawes a Catholic?" The answer was: "Neither. They are Protestants and Mrs. Dawes is a strong worker in her church at Evanston."

Placards bearing prints of cuts of Jesse L. Deck were on posts rights at the dead-line at each election precinct.

Voting had been good up to noon in the sixteenth, Downey's monument works on Greenwood avenue, with 165 ballots cast. The registration list calls for 450 votes.

There was surprisingly little electioneering going on near the polls Tuesday morning.

Few scratched ballots had been cast up to noon in the northeast part of town. This opinion was borned out by the speed with which the balloting was being done. It doesn't take more than a minute to put a cross in a circle.

MOTOR CLUBS TO JOIN THE A. A. A.

No Other Alternative Is Left.

Most downstate motor clubs in Illinois will sever their connections with the Illinois state association and join the A. A. A. There is nothing else to do, no other alternative. The A. A. A. and the N. M. A. have merged or rather the A. A. A. has swallowed the N. M. A., but it has barred motor clubs affiliated with the N. M. A. or affiliated with associations that were connected with the N. M. A. Such was the Illinois state association.

MUST QUIT STATE ASSOC'N.

The Decatur Motor Club has stayed out of it through loyalty to the state association. The state association has stayed out of it through loyalty to the component clubs. Now they have reached the parting of the ways. If the individual clubs would become members of a national association they must quit the state association. This will destroy the association, but there is no other way out of it.

The Decatur club has appointed a committee with authority to act in this matter. They have thirty days in which to make up their minds. However, they have only one thing to make up their minds to do and that is to sever their connection with the state association and join the national association.

MORE REGISTER FOR FARM CONTEST

Total Number Pupils Entered Now 127.

Even if essays in the Farm Bureau contest are beginning to come in from among the 119 pupils already registered, there are others who continue to send in their names.

CASNER LIST.

A list received Tuesday from Casner contains eight more pupils who will write in the contest, bringing the total number up to 127. These new ones are Helen Fitzgerald, Doris Greenfield, Harold McDonald, Kenneth Griffith, Glenn Ross, George Hooper, Carl Denson, Lewis Kinser.

The date for the close of the contest is close at hand, Nov. 10, and these pupils expect to be ready by that time.

Sues for Divorce.

Perry Tankersley has filed a bill for divorce from Marie Tankersley. They were married in May, 1917, and lived together till in July, 1922. He charges her with desertion and infidelity.

ALL G. O. P. JUDGES IN 27TH PRECINCT

Democrats Say Treatment Unfair.

CAUSES MUCH FEELING

One Judge Absent Causes Appointment.

A dispute over the Democratic judge of election in the twenty-seventh precinct, on the northeast side, was causing much bitter feeling between Republicans and Democrats Tuesday morning. Charges of unfairness were made against August Pickus, Republican judge of election in the precinct, who, it is alleged, named a Republican to represent the Democrats as the third judge.

The trouble started over the fact that Charles Yobski, who was named by the Democratic central committee before the county clerk to be the Democratic judge in the twenty-seventh precinct, in accordance with the law, was later stated to be a Republican. At any rate, he did not report to the precinct Tuesday morning.

PICK JUDGE.

In the absence of a judge for the Democrats, minority party, the choice depends on the other two judges, Republicans, who are required by law to name a person of the opposing party. August Pickus and Louis Fuhs, the Republican judges, therefore proceeded to name William Besalski, 1613 East Locust street, as the Democratic judge. The latter, in turn, picked his clerk, Herman Bessell, 975 North Jordan street, to represent the Democrats.

SAY THEY ARE G. O. P.

But these two men, Democrats state, are not Democrats. They have never been known to vote the Democratic ticket. V. E. Hoffman, Democratic committeeman for the twenty-seventh precinct, swears that the two men picked by Judge Pickus are Republicans, and not Democrats. This statement is also made by J. E. Reasor, 1331 East Condit street, and Oscar Mier, who lives in the Gebhart addition. They say that Besalski and Bessell never were Democrats.

When it was known that Yobski would not serve as judge, Reasor and Mier were given credentials by the Democratic committee to act as judge and clerk at the precinct. When they appeared at the polling place at 6:00 a. m. Tuesday, however, Pickus refused to recognize them, and appointed Besalski and Bessell instead.

CALL IT INJUSTICE.

"This is a case of absolute injustice," stated J. M. Allen, Democratic county chairman, Tuesday morning. "Mr. Pickus knows that his two men are not Democrats, but he refuses to allow us a Democratic judge and clerk as provided by law.

"Under the law, we have no recourse. When a vacancy occurs as in this case, we have to depend upon the fairness of the two Republican judges to name a man for our judge who is actually a Democrat."

The contention of the Democrats is supported also by the fact that E. Strahle, a La Follette challenger in the twenty-seventh precinct, states that Besalski and Bessell are not and never have been Democrats.

Many Protests On Big Precincts

1800 Registered in 33rd, Enough for Three.

Plenty of protests were heard in the big precincts where from 1,000 to 1,800 voters are registered against the stupendous task of counting the ballots.

"We'll be working until tomorrow night," said one clerk in the thirty-third. "It's a shame to have a precinct with 1,800 registered voters. I wish the fellows who put this up to us had to count the ballots."

It was agreed by the officials that 800 votes of the wall-paper-roll variety are enough for one group to count in any election.

THEATERS BOOST RED CROSS DRIVE

Slides To Be Shown During Campaign This Month.

Every motion picture theater in the country is to be supplied with slides encouraging membership in the Red Cross. These slides will be used during the annual drive which opens Tuesday, Nov. 11. The Motion Picture Theaters of America pledged the unanimous support of the organization and its individual members to the cause at its annual convention.

The taking of memberships in Decatur will begin on that date although there will be no actual drive for this purpose in the city. Memberships will be taken with pleasure and should be taken or sent to the Red Cross office in the Citizens National Bank building.

Truck Crashes Into Residence

Tries to Avoid Collision with Ford.

A house, a fire plug, a Ford roadster and a Buick sedan were damaged Tuesday morning in a mix-up on the corner of East William and Illinois streets. In trying to avoid the collision with the Buick, the driver of the Ford hit a fire plug, standing about four feet high, on the southeast corner of William and Illinois. In trying to avoid a collision with the Ford, J. M. Coon, 1075 East Eldorado street, ran up over the curbing, over the walk leading to the house and into the front of the house, which is occupied by Mrs. Lottie Ryder, 1103 East William street.

CARS UNABLE TO STOP.

According to a neighbor who saw the accident, both cars were going too fast to be approaching the corner. Coon was driving south on Illinois, and the Ford, property of the Standard Oil company was going east on William. Both men applied the brakes but were unable to stop. The cars came together just before they came to the curbing and the Ford was pushed into the first plug and a tree which stands a few feet from the plug. The iron casing around the lower part of the plug was broken. The Buick went on up over the curbing, just missing a tree standing in the yard and knocking the top off the stoop on one side of the steps and then into the front of the house, breaking two of the weather boards completely and cracking several others.

The Ford received considerable damage and had to be hauled away, but the Buick received only a broken bumper and a bent fender.

None of the men in the cars were injured. J. L. Doolittle was riding with Mr. Coon.

MRS. O'NEIL IS STRUCK BY CAR

Evidently Joyriders Took Parked Auto.

Mrs. Jackliena O'Neil, 2145 North Water street, was struck and injured at the corner of Broadway and East North streets about 7:30 o'clock Monday evening by an automobile said to bear the license number issued to Mrs. Jane Rau, 1030 West North street. In case this was the correct car, then the car was evidently being driven by joyriders at the time.

FOUND CAR IN DIFFERENT PLACE

R. C. Rau took the car about 7 o'clock and parked it along the east side of Water street, just west of the Standard Life Building. He neglected to take the key out of the car. He went from there a block away to buy some cigars and then returned to the office of Attorney H. W. McDavid in the Millikin building. At 8 p. m., he found his car parked over on the west side of Water street, across from where he had left it. It was a Ford sedan.

The car that struck Mrs. O'Neil went on without stopping. People in another car nearby picked up the injured woman and removed her to the Decatur and Macon County hospital, where examination showed her injuries were not of a real serious nature.

KIWANIS CLUB FOR ED WURGLER

M. C. Nelson Makes Masterful Plea.

It looks as if the country will be saved, after all. The Kiwanis club is for Ed Wurgler for sheriff. At the conclusion of a stirring speech in his behalf by M. C. Nelson, at the meeting of the club Tuesday noon, a vote was taken, which showed an overwhelming majority for the popular washing delivery-man. Not a man stood up for Otey Walker.

The event was a successful hoax on the Kiwanians. When President W. H. Wiley announced that Mr. Nelson had something to say on one of the matters being voted on Tuesday, the members sat back back to await a plea for the good roads bond issue, in consideration of his known casual interest in highways.

SOME DIRTY WORK.

"Some dirty work is being done by people in this election," began Mr. Nelson, "that should be repudiated by every good citizen. One of the most important questions is to be decided on today by the people of this country.

"I am going to ask you to vote right, and elect my friend Ed Wurgler. A vote for Otey Walker means that petticoats, and Aunt Peabody will be in power. A vote for Wurgler means the end of such domination. Do your duty."

ARTISTS ENTERTAIN.

When the excitement over this critical affair had diminished somewhat, the Kiwanians were entertained by Victor Young and Helen Davis (Mrs. Victor Young) in a delightful musical program. Helen Davis sang three songs to the accompaniment of Mr. Young at the piano: "The Tea Kettle," "Caterpillar," and "Billy Goat."

Mr. Young made a brief plea for music, recalling the many men in this country, who though busy with affairs, were lovers of good music. Among them were George Washington, who was a good flute player; Thomas Jefferson, one of the best violinists of his day; and Benjamin Franklin, who was a keen critic of music and invented two musical instruments. In the present day, Mr. Young mentioned Woodrow Wilson, General Dawes, and Thomas A. Edison as lovers of music.

"Edison concentrates on music as much as on his other interests," said Mr. Young. "Once I played for him six hours without stopping."

Mr. Young concluded the program with a piano medley of old songs, selections on the Ampico, and two folk songs written by him.

FREIGHT ENGINES WILL BE LARGER

Wabash Preparing for Big Business.

NO PAY FOR TIME OFF

Instructions Still Published However.

The fifty new big freight engines purchased by the Wabash from the American Locomotive company for delivery begining next January, are going to be a bigger and heavier engine than the last batch of 2200s that were purchased and which are known as the K-3 type. In fact the new ones will not be so far behind the big 2500s.

These new engines will be known as the K-4 and K-5 type. They will be sixteen inches longer than the K-3s which will provide for future conversion into three cylinder engines. Five of the fifty will come with three cylinders but the other forty-five will be the regulation two-cylinder kind.

The new ones will carry 200 pounds of steam which will give them more tractive effort than the K-3 type. The five new three-cylinder engines will have a tractive power of 66,000 pounds which is almost as great as that of the 2500 or L-1 type and 5,000 pounds greater than the K-3. The new ones will also weigh 250,000 pounds on their drivers which is about 10,000 pounds heavier than the K-3 type on the drivers.

Through a misunderstanding it was printed in The Review Sunday that these engines were to be built by the Lima Locomotive works but they will be built by the American Locomotive Works, probably at the Schenectady plant.

No Pay For Time Off.

The announcement in the political columns Monday that Wabash employes would be allowed two hours off "with pay" for the election caused all kinds of business Tuesday morning for Wabash foremen and officials answering questions. Employes may take time off to vote but they are not allowed pay for the time off.

This has been the case for several years and it is said that the law which provided employes should be paid for time off, has been held unconstitutional. If it has, then whoever is responsible for having printed the regular official instructions for voting places, should revise these instructions. Sheet No. 2 of the printed official instructions still prints a portion of that law which says employes shall be paid for time off.

S. H. Overholt Dead.

The death of S. H. Overholt, an old-time Wabash emloye, in St. Louis Sunday night after a short illness, was announced in a letter just received Monday at Wabash offices from G. B. Lindsay, general baggage agent. Overholt was general baggage agent of the Wabash from 1883 until 1911 and had been connected with the general offices of the company in St. Louis since that time. He was widely known and had many friends on all divisions of the road.

Railroad Notes.

Wabash passenger train No. 1 out of Decatur at 7:30 Monday night for St. Louis, struck an automobile at Madison, near St. Louis, injuring seven men residing in St. Louis and East St. Louis. Reports received here did not say whether any of them were fatally injured or not.

Two of the big Wabash Pacific type passenger engines, 664 and 663 have been transferred from the Decatur division, while the 669 and 690 are being transferred from Decatur to the Detroit division.

Wabash trains between Decatur and Knights southwest of town, were using but one of the main line tracks Tuesday on account of the Decatur Railway and Light company putting in a new crossing at West Main street.

Wabash engines Nos. 507-599-429 and 2501 have just come from the Decatur locomotive shops after an overhauling.

Monday's business on the Decatur division of the Wabash amounted to 2306 loads and 987 empties in sixty-two trains.

Lawrence H. Glenns, former Wabash clerk, has taken a temporary clerical job in the I. C. freight house office at Decatur. It was necessary to put on this extra clerk for a time at least, owing to heavy business at the freight house.

The constitution was drawn up by the student body and it will put a great deal of control in the hands of the students.

The students will act through the representatives on any circumstance pertaining to the school. The school is marked off in precincts and the students will vote in three precincts. Three rooms have been arrayed with poll booths and judges, clerks, and vote challengers have been chosen and as soon as the bell for the beginning of the fourth period rings, the judges will take their places and the election will proceed.

At the Hell-McClimans store Tuesday morning there was no word of censure for the young man. "We are just sorry that it happened," was the statement. "It is simply a case where the temptation was too great and he yielded to it. We hope he will be able to live it down. We thought a lot of him here."

In between concerts Mr. Sousa was given a birthday dinner at the Congress hotel, and was presented a loving cup in bronze, modeled after a sixteenth century ship. Frederick A. Stock, conductor of the Chicago Symphony orchestra, made the presentation. Mr. Sousa spoke at the dinner of the time he first came to Chicago, in 1867, when he appeared at the world's fair.

That the band is better than ever than ever before is the comment which is being made this season after concerts by the band, everywhere it appears. Chicago critics, after the concerts there Sunday, said that never has the band been so fine. The performance of Richard Strauss' "Don Juan" is especially commented upon as being an astonishment to orchestra followers.

SOLOISTS PRAISED

The soloists, Nora Fauchald the soprano, and John Dolan, cornetist, come in for their share of praise. Their solo work is up to the standard of the band music, and adds much to the concert program.
